

FY2002 Boilerplate Report 422(4)
(P.A. 60 of 2001)
As of February 1, 2002

The department is to support pilot projects by CMHSPs to control and manage psychotropic drug costs associated with the managed specialty services and support programs. The department has recently received a proposal from Lifeways which is currently under review. The results of the department's review will be included in the next quarterly report due in May, 2002.
