

***Independent Citizens Redistricting Commission
October 17, 2020 Meeting Public Comment***

Date of Submission: October 5, 2020

Method of Submission: Email To <Redistricting@Michigan.gov>

Name: Lisa Nguyen

Subject: Data Driven Analytics for Redistricting

Hello,

My name is Lisa Nguyen and I am a data scientist at Omnium. I have just moved to Michigan in August and was not able to sign up for the independent citizens redistricting committee, but I believe that I am a qualified member given my skill set. I want to know about volunteer opportunities in aiding the independent citizens redistricting committee. I would like to contribute my expertise to any project and would love to help in any way that I can.

I fundamentally believe in a data driven approach to this problem and think that is the only way in which to redistrict without any bias. If there is anything that I can do in my capacity, please let me know.

Best Regards,
Lisa Nguyen
