

**REPORT DESCRIPTION  
EXPENDITURES BY POLITICAL AND  
INDEPENDENT COMMITTEES**

**-- INTRODUCTION --**

This report shows expenditures by political and independent committees for the purpose of influencing the election of state and local candidates. This includes candidates for state senate and state representative, all state wide candidates, all judicial candidates, and all local candidates in Michigan. It does not include federal candidates.

This report covers the 1996 election cycle, as the information was taken from the 1993 July Triannual Campaign Statement and all subsequent reports filed up to and including the January Triannual Campaign Statement due January 31, 1997.

Only expenditures to influence the election of candidates were used. Therefore, the report does not include expenditures to influence ballot issues, contributions to other independent, political, or political party committees, or the administrative expenses of the independent or political committees.

Every attempt has been made to provide accurate and complete information on these expenditures. Any question about a particular entry should be checked against the committee's actual file.

**-- REPORT DESCRIPTION --**

This report comes in four major sections. They are "Committee Name," "Primary/Convention Expenditures," "General Expenditures" and "Overall Expenditures." The following describes each section of the report and the information it contains.

**COMMITTEE NAME**

**Committee Name** - This is the name of the committee from which the expenditure information was taken. All political and independent committees formed on or before December 31, 1996 that were active during all or part of the 1996 election cycle are listed.

**Committee Identification Number** - This is the committee's identification number assigned by this office.

**Committee Type** - This shows whether the committee is a political committee (POL) or an independent committee (IND).

## **PRIMARY EXPENDITURES**

This shows the total expenditures reported by the committee for the 1996 primary (or convention) elections. The expenditures from the 1995 July Triannual Campaign Statement, 1995 October Triannual Campaign Statement, 1996 April Triannual Campaign Statement and 1996 July Triannual Campaign Statement are totaled together in this column. Dashes (---) indicate that no reports were filed by the committee for that period of time.

## **GENERAL EXPENDITURES**

This shows the total expenditures reported by the committee for the 1996 general election. The expenditures from the 1996 October Triannual Campaign Statement and the 1997 January Triannual Campaign Statement are totaled together in this column. Dashes (---) indicate that no reports were filed by the committee for that period of time.

## **OVERALL EXPENDITURES**

This adds the totals of the "Primary Expenditures" section and the "General Expenditures" section together. Dashes (---) indicate that no reports were filed by the committee.
