

APPENDIX D-6A EXPIRATION OF DRIVER SKILLS TEST CERTIFICATES

The validity period for *Driver Skills Test Certificate* (IPT-010) was shortened to 60 days in anticipation of technology upgrades to the department's driver license issuance process. ExpressSOS was introduced, but the changes associated with the skills test certificates have been tentatively rescheduled for a later date.

Until the tentative status of that date is changed to definite, the department has decided to return to a one-year validity period for driver skills test certificates.

ENTERING THE EXPIRATION DATE ON A CERTIFICATE

The latest printing of certificates has a blank area for the examiner to enter the expiration date. The examiner should write in a date one year from the date of issuance (Figure 1).

Figure 1. Example of skills test certificate issued on August 1, 2012 and expiring one year from date of issuance.
