

Surety Bond Information

Applicants for a notary public commission are required to obtain a \$10,000 surety bond and file it at the office of the county clerk in the county where the applicant resides. The company from which you receive the surety bond must be licensed to do business in Michigan. Licensed attorneys are exempt from filing a surety bond; however, they must file an oath at the office of the county clerk in the county where the applicant resides.

Out of state applicants may be eligible for a Michigan notary public commission if they are required to perform notarial acts as defined in 2003 PA 238, as amended, MCL 55.265 (5)(d)(i) and demonstrates their principal place of business is in Michigan.

A link to licensed surety bond companies in Michigan is available at: www.Michigan.gov/DIFS. The cost of surety bonds varies — generally between \$50 and \$100.

A surety bond protects the public from a notaries public misconduct or negligence. A surety bond does not protect the notary public. "Liability" or "errors and omissions" insurance may be purchased to protect an individual notary.

Oath of Office

The oath of office is an oral or written statement taken at the county clerk's office when you file your bond or oath (licensed attorneys only). For Michigan residents, this must be in your county of residence. Out-

of-state applicants appear in the county of their principal place of business in Michigan. After the oath is administered, the clerk will attest to administering the oath and filing your bond by completing information at the top of the application. The clerk will return the application to you to mail to the Secretary of State for processing along with a \$10.00 processing fee.

Length of Appointment

Notary public commissions expire not less than six (6) years and not more than seven (7) years from your next birthday at the time of commission issuance.

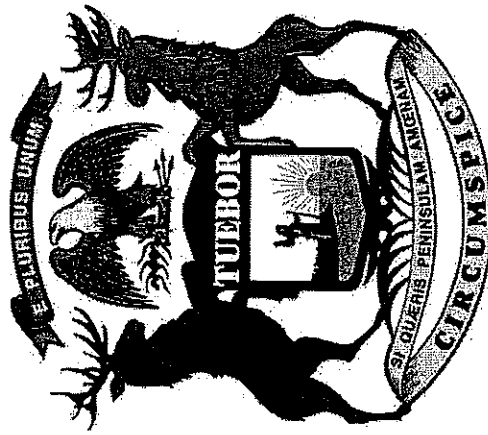

Renewing Your Commission

There is no automatic renewal process. You must apply for a new commission when your current commission expires. It is your responsibility to apply for a new commission no more than 60 days prior to the expiration date of your present commission. If you are currently a licensed attorney in Michigan, you will receive a reappointment application form approximately 90 days prior to your commission expiration date.
