Frequently Asked Questions
Regarding Secretary of State services during the coronavirus outbreak

To slow the spread of the coronavirus, all Secretary of State offices are temporarily closed as of Tuesday, March 24, until further notice. In coordination with Governor Whitmer’s administration, we will continue to rely on the guidance of public health officials to determine when we can reopen Secretary of State offices. Many transactions can be completed without a branch visit by going online. Late fees will be waived during this period.
