Michigan Independent Citizens Redistricting Commission Application

Why do you want to serve on the Michigan Independent Citizens Redistricting Commission?

I am a geographer who will retire at the end of this academic year. As a healthy retiree I have the time and interest in serving on the committee. As a geographer, the problem of developing a redistricting plan which is compact, based on explicit explainable criteria which will be understandable to the public at large, accepted by both parties, and fairly represent all segments of Michigan's population is an interesting and challenging one.

I suspect that there is no single perfect answer to the problem. As a committee member I would work to develop alternative solutions and try to be clear about the advantages and disadvantages of each, so that the political process might work to find the most broadly acceptable imperfect solution.

Describe why or how you affiliate with either the Democratic Party, Republican Party, or why you don't affiliate with either.

I affiliate with Democrats because I believe that government in a democracy is essential in order to address large complex societal problems. I also believe, and am friends with (and relatives of) many principled, reasonable Republicans. I value the two party system.

I am also a pragmatist and a centrist. I am a social liberal and an environmentalist. I am also a fiscal conservative and believer in the importance of a strong military. I volunteered for service in the Army during the Vietnam War, largely because I felt it was my responsibility to serve. I served for two years, entirely in the United States, and am proud of my service.

I believe in the Constitution as living document and in the power and importance of a functioning democracy. Development of a redistricting plan which best serves the population of the state is something I would be proud to work on.
