Why do you want to serve on the Michigan Independent Citizens Redistricting Commission?

I believe our populace here in the U.S.A in general and here in Michigan in particular has very polarized and dis-engaged. People tend to get their information and opinions from sound-bytes on radio or T.V. or via social media rather than doing the work of reading and investigating to determine the facts for themselves. We need to work to put aside preconceptions, naivety and prejudices to consider other points of view or opinions that may not always agree with our own so that there can be negotiation, consensus and a little give and take as life is imperfect and you have to try and make the best of it for as many people as you can. As a society it is easier to complain and castigate and much harder to work and find solutions to problems. I prefer to solve problems.

Describe why or how you affiliate with either the Democratic Party, Republican Party, or why you don't affiliate with either.

Michigan has a closed primary system and in previous primaries i have voted in one or the other (Republican/Democratic) primary based upon the various candidates that have run at different times. I tend to investigate issues and opinions then try to vote for the persons that i feel will perform to the best of their abilities for the greatest good of all of Michigan citizens or to help fix the issues that vex our state. As i have moved through my life from single man to married man to father and hopefully someday, grandfather; the only certainty is that nothing is black or white but lots of shades of gray so i think you can be conservative fiscally and socially, or liberal in your attitudes and those thoughts will always change based upon the circumstances at hand. A little flexibility goes a long way.
