

CarFit®

HOW DOES YOUR CAR FIT?

NEW SAFETY PROGRAM CHECKS HOW WELL MATURE OPERATORS AND THEIR VEHICLES WORK TOGETHER

WHAT: Be part of this **FREE** program that could make a lifesaving difference. Developed through collaboration among the American Occupational Therapy Association (AOTA), AAA and AARP, *CarFit®* is the first program to offer older adults the opportunity to check how their personal cars “fit” them.

Trained professionals will lead you through a 15-minute, 12-point checklist with your vehicle, recommend vehicle adjustments and adaptations and offer community specific resources and activities that could make your vehicle “fit” better and enhance your safety. Occupational therapists will be on hand to provide information on how to better adapt your vehicle to your driving profile.

The *CarFit®* program values your privacy and no personal information is shared with anyone outside of the *CarFit®* evaluation staff.

WHY: People over 65 are the fastest-growing population in the United States. By 2030, one in five drivers will be age 65 or older, which means there will be more than 30 million older drivers on our roads. Our shared goal is to keep seniors driving safely for as long as possible.

WHO: The group targeted for this *CarFit®* program is licensed drivers age 65 and older who own a registered vehicle. If you fit these criteria, we hope you will consider participating in this event hosted by AAA Michigan, AARP, and AOTA.

WHEN / WHERE: See schedule on back of flyer

CONTACT: AAA Michigan at 1-800-646-4222 to schedule an appointment

2007 CarFit Schedule

**All events are from 1 – 4 p.m. by appointment only
