

DRIVER EDUCATION RESOURCES

MAY 2017

The Secretary of State's website, www.Michigan.gov/teendrivers, is an excellent resource for students and parents as they navigate through the Graduated Driver License process. This document lists many other resources that are available to providers to supplement instruction in the classroom, behind-the-wheel, and on the range. Also included are links to other resources to share with students and parents.

If you have a resource that would benefit Michigan's driver education program, please email it to DriverEd@Michigan.gov to have it considered for addition to the list.
