- A United States citizen.
- At least 18 years of age (when you vote).

You may only register to vote in one place. If you have more than one place of residence, you may register to vote in the place where you are currently located or the place you intend to return. For example, students attending college may register in their hometown or at their campus address, and temporary in-patient residents of nursing homes may register at their home address or at the medical facility.

If you would prefer to receive mail related to your voter registration or driver’s license/state identification card at an address other than your residential address (ex. PO Box), you may provide a mailing address where indicated on the form. If you provide a mailing address, it won’t appear on your voter information card or driver’s license/state identification card.

criminal convictions and registering to vote

If you have a past criminal conviction and are no longer in jail or prison, you can register and vote. You also can register and vote if you are in jail and awaiting trial or sentencing. If you are currently serving a sentence in jail or prison you can’t register or vote.

registering by mail – special requirements for first-time voters

Are you registering to vote in Michigan for the first time?

If you have never voted in Michigan and choose to submit this form by mail or through a voter registration drive, you must meet the federal identification requirement as explained below.

federal requirement – provide identification

To comply with the identification requirement, you must:

1. Enter your Michigan-issued driver’s license number or Michigan-issued state ID card number where requested on this form.

or

2. If you do not have a Michigan-issued driver’s license or Michigan-issued state ID card, provide the last four digits of your Social Security number.

or

3. Send one of the following forms of identification when mailing this form to your county, city or township clerk: a COPY of a current and valid photo identification (such as a driver’s license or state ID card from any state) or a COPY of a paycheck stub, utility bill, bank statement or a government document that lists your name and address.

***DO NOT SEND ORIGINAL ID DOCUMENTS BY MAIL***

If this requirement applies to you and you don’t provide the information identified above, you must provide an acceptable form of identification before you vote in the first election in which you wish to participate.

Note: The identification requirement doesn’t apply if you: (1) personally hand-deliver this form to your county, city or township clerk’s office instead of mailing this form or submitting it through a voter registration drive, (2) are disabled or (3) are eligible to vote under the federal Uniformed and Overseas Citizens Absentee Voting Act.

questions?

Contact your city or township clerk if you have any questions.

Your application isn’t valid until accepted by your city or township clerk. If your application is accepted, your clerk will mail you a voter information card within 3 weeks. You can verify your voter registration status by going to Michigan.gov/Vote.

Track your registration status, find your city/township clerk, view your polling location, and more at Michigan.gov/Vote.

Procedure for Handling Ballots Rejected in the Polls

It is improper for an election official or any member of a board of election inspectors to view a voter’s marked ballot if the identity of the voter is known. Issues regarding ballot secrecy typically involve the mishandling of ballots that are rejected by the tabulator. To ensure the secrecy of all marked ballots, the election inspector assigned to monitor the tabulator must remain at least 10 feet away from the tabulator whenever it is in use. This policy is referred to as the “10-foot rule.”

In addition, it is important that the instructions and options that are offered to a voter whose ballot is rejected by the tabulator are accurate and consistent. The following scripts are offered to ensure uniformity in the interactions that take place between election inspectors and voters whose ballots have been rejected by the tabulator. The script is designed to be read to any voter who experiences the rejection of his or her ballot due to a voting error.

Once the rejected ballot is secure in a secrecy sleeve, the election inspector may approach the tabulator to give the following instructions.

STEP I: An election inspector reads one of the following statements to a voter whose ballot has been rejected by the tabulator due to a voting error:

Overvoted Statement – The voter has overvoted one or more offices or proposals on the ballot:
- The tabulator has rejected your ballot because it is improperly marked. According to the tabulator, you have cast more votes for an office or proposal than allowed.
- If you wish to correct this error, we will be happy to provide you with a replacement ballot.
- If you do not wish to correct this error, your ballot may be accepted as presented. Please be aware, however, that any invalid marks on your ballot will not be counted.

Crossover Statement – The voter has crossover voted in a partisan primary:
- The tabulator has rejected your ballot because it is improperly marked. According to the tabulator, you have cast votes for candidates of more than one political party.
- If you wish to correct this error, we will be happy to provide you with a replacement ballot.
- If you do not wish to correct this error, your ballot may be accepted as presented. Please be aware, however, that any invalid marks on your ballot will not be counted.

Blank Ballot Statement – The voter has not cast any votes (blank ballot):
- The tabulator has rejected your ballot because it appears that you did not cast any votes.
- If you wish to re-mark your ballot, you may return to the voting station. Instructions on the voting process will be provided upon your request.
- If you do not wish to re-mark your ballot, your ballot may be accepted as presented. Please be aware, however, that no votes will count.

Ambiguous Mark Statement – The voter has not made complete marks:
- The tabulator has rejected your ballot because it does not fully detect all the votes on the ballot.
- You must return to the voting station and fill the ovals in completely. Instructions on the voting process will be provided upon your request.

STEP II: If the voter requests that his or her ballot be accepted as presented (this is not an option for ambiguous marks), the election inspector should re-emphasize that one or more votes will not be counted and offer the voter a second opportunity to obtain a replacement ballot:

Overvoted Statement – The voter has overvoted one or more offices or proposals on the ballot:
- If your ballot is accepted as marked, no votes cast for any office or proposal that is overvoted will count. Are you certain that you do not wish to receive a replacement ballot?

Crossover Statement – The voter has crossover voted (voted for candidates of more than one political party):
- If your ballot is accepted as marked, no votes which appear in the partisan section of your ballot will count. Are you certain that you do not wish to receive a replacement ballot?

Blank Ballot Statement – The voter has not cast any votes (blank ballot):
- If your ballot is accepted as marked, no votes will count for any offices or proposals. Are you certain that you do not wish to return to the voting station?

NOTICE TO VOTERS WHO DO NOT APPEAR ON THE PRECINCT'S REGISTRATION LIST
(Notice must be issued to any voter who 1) does not appear on the precinct’s registration list 2) completed the attached Provisional Ballot Form and 3) was issued a provisional ballot.)

As explained by the election workers, special procedures were followed when issuing you a ballot as your name did not appear on the registration list where you offered to vote. Please be advised of the following:

• If the election workers directed you to place your ballot in the precinct’s tabulator, all valid votes appearing on your ballot will count. You have voted!

• If the election workers directed you to place your ballot in a Provisional Ballot Form envelope, the clerk will determine if your ballot can be counted within six calendar days after the election. If your ballot can be counted, all valid votes appearing on your ballot will count. If your ballot cannot be counted, no votes appearing on your ballot will count.

IMPORTANT: MAKING SURE YOUR BALLOT COUNTS

If the election workers placed your ballot in a Provisional Ballot Form envelope because you were unable to satisfy the identification and/or residency verification steps, your ballot will be counted if you provide your local city or township clerk with required document(s) no later than the sixth calendar day after the election. You can appear in person in your city or township clerk’s office to show the document(s), fax the document(s) to the clerk or mail a copy of the document(s) to the clerk. If you do not satisfy the identification requirement and/or the residency verification requirement within six calendar days after the election, your ballot will not count. The following lists the types of documents you can use to satisfy the requirements:

Documents which satisfy identification requirement: A Michigan Driver License; a Michigan Personal Identification Card; any other type of government issued identification card which shows your picture; or an identification card issued by a Michigan university or college which shows your picture.

Documents which satisfy residency requirement: A Michigan Driver License; A Michigan Personal Identification Card; government issued picture identification card; picture identification issued by a Michigan university or college; current utility bill; current bank statement; current paycheck or government check; or any other government document. The document must show your name and your address. The address shown on the document must be in the precinct where you voted.

NEED MORE INFORMATION?

For additional information, contact your city or township clerk’s office in person or by phone. If your ballot cannot be counted, the clerk will explain why. Contact information:

Contact your local city or township clerk if you wish to obtain information on the government documents which can be used to satisfy the requirement.
Check applicable box below:

☑ As questions over your identity remained after an inspection of the picture identification you produced to satisfy Michigan’s voter identification requirement, special procedures were followed when issuing you a ballot.

☑ As you are subject to the federal voter identification requirement and have not satisfied the requirement to date, special procedures were followed when issuing you a ballot. The federal voter identification requirement applies to voters who 1) have never previously voted in Michigan 2) registered to vote by mail and 3) are not exempted from the ID requirement under federal law.

IMPORTANT: MAKING SURE YOUR BALLOT COUNTS

To ensure that your ballot counts, you must provide your local city or township clerk with an appropriate identification document no later than the sixth calendar day after the election. Except as noted below, you can appear in person in your city or township clerk’s office to show the document, fax the document to the clerk or mail a copy of the document to the clerk. If you do not satisfy the identification requirement within six calendar days after the election, your ballot will not count. The following lists the types of documents you can use to satisfy the identification requirement:

- **Documents which satisfy federal voter identification requirement imposed on first-time mail registrants who have never previously voted in Michigan:** A copy of any current and valid picture identification or a copy of a paycheck, government check, utility bill, bank statement or a government document* which lists your name and address.

- **Documents which satisfy Michigan voter identification requirement imposed on all voters who attend the polls to vote:** A Michigan Driver License; a Michigan Personal Identification Card; driver’s license or personal identification card issued by another state; a federal or state government issued picture identification; a U.S. passport; a military identification card with picture; a student identification with picture from a high school or an accredited institution of higher education; or a tribal identification with picture. In all cases, the picture identification must be current. To satisfy the Michigan voter identification requirement, you must appear in person in your city or township clerk’s office.

NEED MORE INFORMATION?

For additional information, contact your city or township clerk’s office in person or by phone. If your ballot cannot be counted, the clerk will explain why. Contact information:

* Contact your local city or township clerk if you wish to obtain information on the government documents which can be used to satisfy the requirement.
Within 6 days after the election, the city or township clerk must evaluate each Provisional Envelope ballot voted by the jurisdiction’s voters to determine if the ballot can be counted. When making this determination, the city or township clerk is not permitted to open the Provisional Ballot Form envelope holding the ballot.

I. MISSING REGISTRATION: Determining the validity of a Provisional Envelope ballot issued to an elector whose name did not appear in the ePollbook or on the QVF Precinct List

All of the information needed to determine the validity of a Provisional Envelope ballot issued to such an elector is recorded on the Provisional Ballot Form completed by the precinct board.

THE PROVISIONAL ENVELOPE BALLOT CAN BE COUNTED IF:

- A valid voter registration application for the elector is located and the registration application was submitted by the elector on or before the “close of registration” for the election at hand;

  OR

- The elector completed the Provisional Ballot Form properly by:
  - Signing the affidavit and confirming registration prior to the close of registration
  - Completing a the voter registration form portion of the Provisional Ballot Form
  - Showing an acceptable form of photo ID\(^1\)
  - Showing an acceptable form of proof of residency\(^2\)

In either case, ensure that the Provisional Envelope ballot was voted in the proper precinct. Only Provisional Envelope ballots processed in the proper precinct are valid.

Submission of picture ID and residence confirmation document during 6-day evaluation period permitted.

---

1 Acceptable IDENTIFICATION documents include: Michigan Driver’s License, Michigan Personal Identification Card, other government-issued photo identification card or a photo identification card issued by a Michigan university or college.

2 Acceptable proof of RESIDENCY documents include: Any of the above identification documents OR a current utility bill, current bank statement, current paycheck or government check or any other government document.
In an instance where the elector was unable to identify him or herself with acceptable form of picture ID and/or an acceptable form of proof of residency (see above), the ballot can be counted if the voter is able to produce the required document(s) during the 6-day evaluation period. The voter can appear in person in the city or township clerk’s office to show the document(s), fax the document(s) to the clerk or mail a copy of the document(s) to the clerk. The document(s) must reach the city or township clerk no later than the sixth calendar day after the date of the election.

In any instance where a Provisional Envelope ballot is counted because the voter was able to produce the required picture ID and/or residence confirmation document(s) during the 6-day evaluation period, the clerk must enter a notation on the Provisional Ballot Form completed when the voter was issued the Provisional Envelope ballot in the polls.

THE PROVISIONAL ENVELOPE BALLOT CANNOT BE COUNTED IF:

- The elector was unable to identify him or herself at the polls or during the 6-day evaluation period by showing an acceptable form of picture ID and/or an acceptable form of proof of residency. Both ID and residency must be verified before a Provisional Envelope ballot can be counted.

IMPORTANT NOTE REGARDING ELECTORS WHO VOTED IN WRONG PRECINCT:

In any situation where a Provisional Envelope ballot has been issued to a voter who 1) appeared to vote in the wrong precinct and 2) declined to travel to his or her proper precinct to vote, you must make every effort to accurately confirm that the voter did, in fact, vote in the wrong precinct before rejecting the Provisional Envelope ballot as invalid. The evaluation must include a check of the QVF street index to verify that the voter was not assigned to the wrong precinct in error. If a check of the street index reveals that a voter in this situation actually voted in the proper precinct, the Provisional Envelope ballot must be counted.

II. FEDERAL ID REQUIREMENT: Determining the validity of a Provisional Envelope ballot issued to an elector subject to the federal identification requirement

- The Provisional Envelope ballot can be counted if during the 6-day Provisional Envelope ballot evaluation period the elector provides an acceptable form of picture ID OR an acceptable form of proof of residency (see above). Only one of these forms is necessary to meet the federal ID requirement. The voter can appear in person in the city or township clerk’s office to show the required ID, fax the required ID to the clerk or mail a copy of the required ID to the clerk. In an instance where a Provisional Envelope ballot is counted because the voter was able to produce the required ID during the 6-day evaluation period, the clerk must enter a notation on the Provisional Ballot Form.

- The Provisional Envelope ballot cannot be counted if the voter fails to provide the proper identification to satisfy the federal ID requirement during the 6-day evaluation period.
III. MICHIGAN VOTER IDENTIFICATION REQUIREMENT: Determining the validity of a Provisional Envelope ballot issued to a voter because questions over the voter’s identity remained after an inspection of the picture identification produced by the voter

- The Provisional Envelope ballot can be counted if the elector appears in person and provides a Michigan Driver’s License or a Michigan Personal Identification Card during the 6-day evaluation period. Voters can also show any of the following forms of picture identification as long as they are current: a driver’s license or personal identification card issued by another state; a federal or state-government issued photo identification; a U.S. passport; a military identification card with photo; a student identification with photo from a high school or an accredited institution of higher education; or a tribal identification with photo. In all cases, the picture identification must resolve the questions over the voter’s identity which prompted the issuance of a Provisional Envelope ballot to the voter.

- The Provisional Envelope ballot cannot be counted if the voter fails to personally appear in the clerk’s office during the 6-day evaluation period and provide an acceptable form of picture ID.

IV. PROCESSING & TABULATING OF VALID PROVISIONAL ENVELOPE BALLOTS

Using two people of differing political parties:

- If the Provisional Envelope ballot can be counted, remove the ballot from the Provisional Ballot Form and remove the stub from the ballot. Do not remove the ballot from its secrecy sleeve during this step.

- Place the ballot in a ballot container.

- After you have placed all of the valid Provisional Envelope ballots that can be counted in the container, remove the ballots and count the valid votes on the ballots.

- After counting the valid votes on the ballots, document the votes cast using a tally sheet. After completing the tally sheet, submit it to the county canvassing board. The form must be transmitted to the canvassing board no later than the 7th day after the election so the valid votes can be added to the canvass.

- After recording the valid votes on the ballots that can be counted, seal the counted ballots into an approved ballot container, attaching a ballot tag to the seal which indicates that the container holds the provisional envelope ballots returned after the election which were determined valid and counted. Retain the Provisional Ballot Forms in a separate secure place in your office.

- Register each voter who completed a Provisional Ballot Form regardless if the ballot was determined valid or invalid, envelope or affidavit, and associate voter history as necessary.
PROVISIONAL BALLOT / NOT IN POSSESSION of ID WORKSHEET

Use this worksheet as a tool to help gather your data before typing into the online form in the Elections eLearning Center. County offices have immediate access through the eLearning Center to the reports submitted online.

Within 7 days after the election, cities and townships must report totals by precinct of voters appearing at the poll who:
- were not listed in the ePollbook or Precinct List and completed a Provisional Ballot Form
- signed the Affidavit of Voter Not in Possession of Picture ID (back of the Application to Vote)
- No Absentee Ballots are included in this report

**NOTE** - This report is different from the actual vote totals of provisional envelope ballots determined to be valid after the election. Those still need to be sent to your county office to be included in the canvass.

Picture Identification in the Polls: Questions and Answers

Revised: June 2013

Background: In 2007, the Michigan Supreme Court ruled that a provision of Michigan election law which requires voters to either present picture identification or sign an affidavit if they do not have picture identification with them is constitutional and enforceable. (See MCL 168.523 for picture identification requirement.) While this requirement was originally enacted by the State Legislature in 1996, the requirement was not implemented until 2007 due to a prior ruling issued through the Attorney General’s office. Instructions for the administration of the picture identification requirement are provided below.

1) What does the 2007 Supreme Court ruling mean for Michigan’s election officials and voters?

Every Michigan voter who offers to vote at the polls must show picture identification or sign an affidavit attesting that he or she is not in possession of picture identification. (A copy of the affidavit form is attached for reference.)

2) How must the picture identification requirement be administered?

The election inspector responsible for administering the requirement will ask each voter who completes an Application to Vote to show picture identification. If the voter states that he or she does not have picture identification, the election inspector will give the voter an affidavit to sign attesting that he or she is not in possession of picture identification. A ballot cannot be issued to the voter unless the voter displays picture identification or signs the affidavit.

3) What type of check is the election inspector required to perform when viewing a voter’s picture identification?

The election inspector will check the photo and name appearing on the identification to verify the voter’s identity. As a part of this check, the election inspector will confirm that the name appearing on the picture identification matches the name entered by the voter on the Application to Vote.
4) **Does the name appearing on the picture identification have to exactly match the name entered by the voter on the Application to Vote or the manner in which the voter’s name appears on the precinct’s QVF list?**

No – however, the names must be similar enough to verify the voter’s identity. For example, commonly used abbreviated names are acceptable such as Bill for William, Kathy for Kathryn. Initials that are representative of the voter’s first name are also acceptable.

5) **What types of picture identification can voters display to satisfy the requirement?**

Voters can satisfy the picture identification requirement by showing a Michigan driver’s license or a Michigan personal identification card.

Voters who do not possess either document may show any of the following forms of picture identification as long as they are current:

- Driver’s license or personal identification card issued by another state.
- Federal or state government-issued photo identification.
- U.S. passport.
- Military identification card with photo.
- Student identification with photo – from a high school or an accredited institution of higher education.
- Tribal identification card with photo.

6) **What actions should an election inspector take if the photo appearing on the picture identification displayed by a voter does not resemble the voter closely enough to verify the voter’s identity?**

As a first step, the election inspector should take into account the age of the photo and any explanations the voter may wish to offer (weight gain or loss, hair style or facial hair alterations, different eyeglass frames, etc.). If such considerations resolve the matter, the election inspector should issue a ballot to the voter. If questions over the voter’s identity remain, the election inspector should ask to view any other acceptable forms of picture identification that the voter may have in his or her possession. If the matter cannot be resolved with a second piece of picture identification or if the voter is unable to produce a second piece of picture identification, the election inspector should issue a provisional ballot to the voter and contact the clerk.

When issuing a provisional ballot in such a situation, the election inspector must preserve the provisional ballot as an “envelope” ballot. In addition, the completion of the Four-Step Procedure Form is not necessary. (The completion of the Four-Step Procedure Form is only necessary in instances where a voter’s name does not appear on the precinct’s QVF list.)
7) **Does the identification displayed by the voter have to show the voter’s residential address?**

   No. A picture identification card that does not show the voter’s residential address is acceptable.

8) **What happens if a voter offering to vote states that he or she has picture identification – but did not bring it to the polls?**

   Such voters can vote by signing the Affidavit of Voter Not in Possession of Picture Identification form. The affidavit can be used by 1) voters who do not have acceptable picture identification and 2) voters who have picture identification – but do not bring it to the polls.

9) **Where can election officials obtain the affidavit form?**

   The Affidavit of Voter Not in Possession of Picture Identification form can be found on the Bureau of Elections website (www.michigan.gov/elections; under Information for Election Administrators; Voter Identification Requirements). A direct link to the form is below:
   - Affidavit of Voter Not in Possession of Picture Identification

   The form is also available through commercial vendors who market election-related forms. The affidavit form is also attached to this document.

   An adequate quantity of the forms must be supplied in every precinct supply kit. We recommend that the affidavit be printed on the reverse side of the Application to Vote. Below is a link to a combined Application to Vote / Affidavit of Voter not in Possession of Picture Identification form, also available on the Bureau of Elections website:
   - Application to Vote - Poll List

10) **What happens to the affidavit forms which are completed and submitted by voters?**

    The completed affidavit forms must be secured by the precinct board and forwarded to the clerk after the polls close. The clerk must retain the completed affidavit forms for a period of six years.

11) **Are there any other records associated with the picture identification requirement that Michigan election administrators need to create or maintain?**

    Yes. City and township clerks must report the number of voters that signed an Affidavit of Voter Not in Possession of Picture Identification to the County Clerk within 7 days after the election. Counties must report these totals to the Secretary of State within 14 days after the election. Provisional Ballot Report forms now include a column for reporting these totals.

12) **Can a challenger or an election inspector challenge a voter just because he or she does not have picture identification or did not bring it to the polls and signs an affidavit?**
No. A voter cannot be challenged just because he or she is not in possession of picture identification or did not bring picture identification to the polls and signs the affidavit in order to vote. Of course, as is the case with any voter, a voter who is unable to show picture identification can be challenged if a challenger or an election inspector has “good reason to believe” that the person is not qualified to vote in the precinct.

13) Under what circumstances can a challenge related to the picture identification requirement be issued?

As a challenger may challenge election procedures that are not being properly performed, a challenge may be made if an election inspector attempts to issue a ballot to a voter who has not shown picture identification or signed an affidavit. Also, a challenger may challenge the ballot of a voter if the challenger has “good reason to believe” the person is not properly registered. Consequently, a challenge may be issued if a voter provides picture identification with an address that is different than the address on the precinct’s QVF list.

14) Does the picture identification requirement impact the absentee voting process in any way?

Yes. As a result of legislation enacted in 2012 (PA 523 of 2012), voters who obtain an absent voter ballot in person are also required to comply with the picture identification requirement. If these voters are not in possession of picture ID, they may sign the same affidavit of Voter not in Possession of Picture Identification form that is used in the polls on Election Day. AV ballots from voters that obtain ballots in person, do not provide picture identification and sign the affidavit form must be processed as a challenged ballot on Election Day.

15) What actions should a precinct board take if a voter who does not possess picture identification refuses to sign the affidavit form? Would such a voter be eligible to receive a provisional ballot?

A voter not in possession of picture identification who refuses to sign the affidavit form cannot vote and should be referred to the local clerk. This is the same procedure used for voters who refuse to complete an Application to Vote: no ballot is issued. Such a voter would not be eligible for a provisional ballot.

16) What actions should a precinct board take if a voter claims to have picture identification but refuses to show it? Should such a voter be offered the opportunity to sign the affidavit form? Would such a voter be eligible to receive a provisional ballot?

A voter who claims to have picture identification but refuses to show it cannot vote and should be referred to the local clerk. The voter does not have the option of signing the affidavit form as the affidavit is designed for voters not in possession of picture identification. Such a voter would not be eligible for a provisional ballot.

17) Does picture identification have to be requested in an instance where the voter is well known to the election inspector handling the picture identification requirement?
Yes. The consistent application of the picture identification requirement is important to avoid any appearance that the requirement is being selectively enforced. In addition, the law makes no exceptions for such situations.

18) Does a voter well known to the election inspector handling the picture identification requirement have to sign the affidavit if the voter is not in possession of picture identification?

Yes. As noted above, any practice which would make it appear that the picture identification requirement is being selectively enforced must be avoided. Also, the law makes no exceptions for such situations.

19) How does the picture identification requirement impact the federal identification requirement imposed under the Help America Vote Act (HAVA) on new Michigan voters who register to vote by mail?

If a voter subject to the federal identification requirement did not meet the requirement when registering to vote, the voter must present one of the following documents before voting in the first election in which he or she wishes to participate: 1) an acceptable form of picture identification or 2) a paycheck, government check, utility bill, bank statement or a government document which lists the voter’s name and address.

Given the above, three situations could emerge when a voter is subject to the federal identification requirement:

- **Voter displays picture identification:** Satisfies both the federal identification requirement and Michigan’s picture identification requirement.

- **Voter displays paycheck, government check, utility bill, bank statement or a government document which lists his or her name and address:** Satisfies the federal identification requirement. Voter must display picture identification to satisfy Michigan’s picture identification requirement. If voter does not possess picture identification, he or she must sign the affidavit form developed for voters who do not possess picture identification before voting.

- **Voter does not possess picture identification and is unable to produce a paycheck, government check, utility bill, bank statement or a government document which lists his or her name and address:** Voter must sign the Affidavit of Voter Not in Possession of Picture Identification form. As the voter is unable to satisfy the federal identification requirement, the voter must be issued a provisional ballot as provided under current procedure. The required provisional balloting notices must be given to the voter with the ballot. After the voter has completed the voting process, the provisional ballot must be secured as an “envelope” ballot. The voter is then extended a 6-day period to satisfy the federal identification requirement. If the voter fails to satisfy the federal identification requirement during the 6-day period, the ballot is not counted.

Receiving Boards

Introduction
A Receiving Board is an independent board established to ensure the recountability of election precincts. The Election Commission of a jurisdiction must establish the Receiving Board by resolution and must appoint the Receiving Board inspectors. Members must be qualified election inspectors and the board must have an equal number of Receiving Board inspectors from each major political party. As of August 15, 2012, Receiving Boards are required by Michigan election law, MCL 168.679a.

Appointment
The Receiving Board must be established by resolution of a jurisdiction’s Election Commission. The resolution may establish the Receiving Board one time for all future elections.

The Receiving Board inspectors must be appointed by the jurisdiction’s Election Commission. Each inspector must be qualified to be an election inspector and have an election inspector application on file. Inspectors appointed to serve in an Election Day precinct or absent voter counting board may be appointed to serve as Receiving Board inspectors as well.

Responsibilities
Under oath, the Receiving Board inspectors receive the sealed ballot container, the Poll Book and the Statement of Votes from each precinct after the polls close. Two election inspectors (one from each major political party) deliver those items properly sealed to the Receiving Board inspectors after their closing duties have been completed. Election inspectors must remain present until Receiving Board inspectors have completed the verification.

The Receiving Board inspectors verify:
- the Poll Book and/or Statement of Votes are not sealed into the ballot container
- the ballot container is properly sealed and the seal number is accurately recorded
- the number of names entered in the Poll Book balances with the number of ballots counted

After verifying these items, the Receiving Board inspectors put the Poll Book and Statement of Votes back into the appropriate envelopes and reseal with a red paper seal, initialing and dating the seal.

Corrective Action
If the Receiving Board inspectors find the Poll Book and/or Statement of Votes sealed in the ballot container or the ballot container improperly sealed and/or recorded, they should direct the election inspectors to take necessary actions to correct the mistake and fully document those actions in the Remarks section of the Poll Book. The remarks must be signed by both the election and Receiving Board inspectors.

If the number of names entered into the Poll Book does not balance with the number of ballots counted by the tabulator, a full explanation must be recorded in the Remarks section of the Poll Book. If an explanation was provided, the Receiving Board inspectors should assist the election inspectors in determining the cause of the imbalance and instruct the election inspectors to fully document the cause in the Remarks section of the Poll Book. The remarks must be signed by both the election and Receiving Board inspectors.

e-Pollbook
Receiving Board inspectors may be utilized to print the final reports of the precinct and assist the election inspectors in completing the Poll Book and Statement of Votes. The Receiving Board inspectors would print the List of Voters, Ballot Summary and the Remarks Reports from the encrypted flash drive.
Frequently Asked Questions

1. Can the Clerk serve as a Receiving Board inspector?
   The Clerk serves on the Election Commission and is thus responsible for the appointment of election inspectors. This presents a conflict of interest and thus prevents the Clerk from being an appointed Receiving Board inspector. Other Clerk’s office staff members may be appointed as Receiving Board inspectors, as long as they are a qualified election inspector and have an election inspector application on file.

2. Can the Receiving Board inspectors count, handle, or retabulate ballots?
   No. The Receiving Board inspectors may not count, handle or retabulate the ballots.

3. Can the Receiving Board perform other administrative tasks like checking in supplies and reviewing the Poll Book?
   Yes, the Receiving Board inspectors may perform other tasks assigned by the Clerk. However, it’s important to place priority on those items listed under Responsibilities as those items will ensure a precinct is recountable.

4. How many inspectors must the Receiving Board have?
   At least two inspectors must be appointed to the Receiving Board, one from each major political party. Larger jurisdictions may want to appoint additional multiples of two to accommodate the larger volume of precincts to be received.

5. What if election inspectors sealed other supplies inside the ballot container, may they open it under the direction of the Receiving Board inspectors?
   The ballot container should only be opened in a case where the container was not sealed properly or the Poll Book and/or Statement of Votes was sealed inside.

6. What if the Container Certificate was not included under seal with the ballot container?
   The ballot container should only be opened in a case where the container was not sealed properly or the Poll Book and/or Statement of Votes was sealed inside.

7. What if no explanation can be found to account for an imbalance between the number of names in the Poll Book and the number of ballots processed by the tabulator?
   A remark should be made by the election and Receiving Board inspectors to alert the County Board of Canvassers.

8. Do the Poll Book and Statement of Votes still have to be delivered to the County Clerk on election night?
   Yes, the Poll Book and Statement of Votes must be delivered to the County Clerk on election night. For State and Federal elections another copy of the Statement of Votes must be delivered to Probate Judge on election night. For other elections these documents shall be delivered by 11 a.m. the following day.

9. Can the Receiving Board inspectors place Poll Books and Statement of Votes for multiple precincts in a single envelope?
   Yes, if permitted by the County Clerk, the Poll Book and Statement of Votes for more than one precinct may be included and delivered in a single sealed envelope.
