

**PROPOSAL 12-3**

**A PROPOSAL TO AMEND THE STATE CONSTITUTION  
TO ESTABLISH A STANDARD FOR RENEWABLE ENERGY**

This proposal would:

- Require electric utilities to provide at least 25% of their annual retail sales of electricity from renewable energy sources, which are wind, solar, biomass, and hydropower, by 2025.
- Limit to not more than 1% per year electric utility rate increases charged to consumers only to achieve compliance with the renewable energy standard.
- Allow annual extensions of the deadline to meet the 25% standard in order to prevent rate increases over the 1% limit.
- Require the legislature to enact additional laws to encourage the use of Michigan made equipment and employment of Michigan residents.

Should this proposal be approved?
