ASE CERTIFICATION AUTOMATIC UPDATE DISCONTINUANCE

DATE: May 22, 2014
TO: Michigan Repair Facilities and Mechanics
FROM: Michigan Department of State
Business Licensing and Regulation Division
SUBJECT: ASE Test Results - State of Michigan Mechanic Certification
Automatic Update Discontinued

Historically, the National Institute for Automotive Service Excellence [ASE] has provided the Michigan Department of State, Business Licensing and Regulation Division with individuals test results in the three (3) categories, which required re-certification testing as follows:

Auto and Light Truck – Engine Tune-Up/Performance
Auto and Light Truck – Electrical Systems
Auto and Light Truck – Brakes and Braking Systems

The Department of State, upon receiving ASE test results automatically updated an individual's State of Michigan mechanics certificate in accordance to those results.

Beginning in 2013, ASE discontinued providing the State of Michigan with those results, which requires the individual enrolled in the ASE program to individually provide the State of Michigan with verification from ASE to obtain the update.

Those affected may mail, fax or email BLRD@Michigan.gov a copy of a valid ASE certificate or verification letter from ASE for updating their State of Michigan Mechanic Certification. Once updated, a new certificate will be mailed to the address of record at no charge.
