

MICHIGAN Letter of Intent to Participate in E-File and Substitute Forms Programs

All software developers that anticipate producing Michigan Department of Treasury (Treasury) computer-generated forms and/or tax preparation software must complete this form to participate in E-File and Substitute Forms Programs.

INSTRUCTIONS: Complete Parts 1, 2 and 3. Complete Part 4 by indicating which taxes you will support on the following pages. Software developers with limitations are required to provide PDF's or spreadsheets providing alternate test answers prior to testing. Submit completed form to **MIFormsEfile@michigan.gov**.

PART 1: GENERAL INFORMATION			
Company Name		Company FEIN	
Software Name		Software Developer Code (for Substitute Forms Only)	
Physical Address	City	State	ZIP Code
PART 2: AGREEMENT			
<p>Software companies submitting this application agree to the following:</p> <ol style="list-style-type: none"> 1. This company and its employees will comply with all publications and requirements specified by Treasury. 2. To NOT release draft tax forms to the public (includes release of draft forms on a company Web site). 3. Fully cooperate with Treasury, after notification, to promptly correct software program errors identified after completing e-file and forms testing, and to substantiate to Treasury that the errors were corrected, software was updated, and customers were notified. 4. Accept Treasury's decision as to whether a developer may continue to use the software program during the filing season. 5. Notify Treasury of any critical software problems identified by the developer after releasing products to customers. 6. Notify customers or clients of e-file mandates, if applicable. 7. Notify customers or clients of the computer hardware requirements, including printers, printer fonts, paper weight, etc., necessary to produce substitute tax forms. 8. Communicate with Treasury all software limitations — and receive approval of those limitations — before testing. <p>Software companies should be aware that violation of these terms could result in being prevented from participating in the early release and approval of tax forms and/or rejection of Michigan tax returns (e-file and paper) generated by their software and filed by their customers.</p> <p>This Letter of Intent (LOI) also incorporates all of the terms, requirements, and standards set forth in the Tax Software Provider National Standards Letter of Intent maintained by the Federation of Tax Administrators. Agreement and adherence to the national standards are required as a prerequisite to approval.</p> <p>Failure to meet any of the standards or requirements set forth in the national letter of intent or in this specific LOI may result in the denial of your application or the removal of your organization as an approved software provider, and the rejection of all electronic or paper returns submitted using your products.</p> <p>As the representative of the above named organization, I agree, on behalf of the organization, to comply with all requirements listed above. The State of Michigan reserves the right to revoke approval acceptance of any company and thereby refuse to accept any additional returns from such software company that does not adhere to above stated requirements.</p> <p>As an approved State of Michigan provider, I agree to provide true, accurate, current, and complete information about my company. I understand that if I provide any information that is untrue, inaccurate, obsolete, or incomplete, the State of Michigan has the right to deny, suspend, or terminate my account.</p>
