7. Compensation and director fees of officers from Form 4577, line 4 .....	7.		00
8. Adjusted Business Income. Add lines 5 through 7 .....	8.		00

**Small Business Alternative Credit Calculation**

9. Small Business Alternative Tax. Multiply line 8 by 1.8% (0.018). If less than zero, enter zero .....	9.		00
10. <b>Small Business Alternative Credit.</b> Subtract line 9 from line 1. If less than zero, enter zero .....	10.		00
11. Allocated income/distributive share of income used for reduction (see instructions) .. 11.	11.		00
12. Reduction percentage from Reduced Credit Table on page 2 (based on amount from line 11) .....	12.		%
13. <b>Reduced Credit.</b> Multiply line 12 by line 10. If gross receipts from Form 4567, line 12, are less than \$19,000,000, carry amount to Form 4568, line 7 (see instructions) .....	13.		00
14. Tax After Small Business Alternative Credit. Subtract line 13 from line 1.....	14.		00

**Reduction Based on Gross Receipts**

Complete this section if gross receipts are more than \$19,000,000 but not more than \$20,000,000.

15. Gross receipts from Form 4567, line 12 (see instructions).....	15.		00
16. Excess gross receipts. Subtract \$19,000,000 from line 15 .....	16.		00
17. Excess percentage. Divide line 16 by \$1,000,000.....	17.		%
18. Allowable percentage. Subtract line 17 from 100%.....	18.		%
19. <b>Small Business Alternative Credit.</b> Multiply percentage on line 18 by the credit on line 13. Carry amount to Form 4568, line 7.....	19.		00
20. Tax After Small Business Alternative Credit. Subtract line 19 from line 1.....	20.		00

**PART 2: GROSS RECEIPTS FILING THRESHOLD CREDIT**

Complete this section if apportioned gross receipts are equal to or greater than \$350,000 but less than \$700,000.  
See instructions for tax years less than 12 months.

21. Tax before credit from line 1, 14 or 20, whichever applies .....	21.		00
22. Threshold Ceiling .....	22.	700,000	00
23. Gross Receipts from Form 4567, line 12 (see instructions) .....	23.		00
24. Apportioned Gross Receipts. Multiply line 23 by percentage from Form 4567, line 11c .....	24.		00
25. Excess Gross Receipts. Subtract line 24 from line 22. If negative, enter zero on line 27 (no credit allowed).....	25.		00
26. Gross Receipts Filing Threshold Credit Percentage. Divide line 25 by \$350,000 .....	26.		%
27. <b>Gross Receipts Filing Threshold Credit.</b> Multiply line 26 by line 21. Carry amount to Form 4568, line 8.....	27.		00
28. Tax After Gross Receipts Filing Threshold Credit. Subtract line 27 from line 21. (This line must be equal to Form 4568, line 9.) .....	28.		00

<b>REDUCED CREDIT TABLE</b>	
<u>If allocated* income is:</u>	<u>The reduced credit is:</u>
\$0 - \$160,000 .....	100% of the Small Business Alternative Credit
\$160,001 - \$164,999 .....	80% of the Small Business Alternative Credit
\$165,000 - \$169,999 .....	60% of the Small Business Alternative Credit
\$170,000 - \$174,999 .....	40% of the Small Business Alternative Credit
\$175,000 - \$180,000 .....	20% of the Small Business Alternative Credit
* See instructions for tax years less than 12 months.	

# Instructions for Form 4571

## Michigan Business Tax (MBT) Common Credits for Small Businesses

---

### Purpose

---

To allow taxpayers to calculate the Small Business Alternative Credit and the Gross Receipts Filing Threshold Credit. Credits are calculated here and then carried to the *MBT Nonrefundable Credits Summary* (Form 4568).

A taxpayer is disqualified for the Small Business Alternative Credit under certain circumstances, which are detailed below.

A taxpayer must file a return if allocated or apportioned gross receipts to Michigan are \$350,000 or more. However, a taxpayer with allocated or apportioned gross receipts to Michigan equal to or greater than \$350,000, but less than \$700,000, may claim a Gross Receipts Filing Threshold Credit.

**Unitary Business Groups (UBGs):** Taxpayers that are part of a UBG must use the gross receipts for the entire group before eliminations to determine if the allocated or apportioned gross receipts are between \$350,000 and \$700,000.

**NOTE:** A member of a Limited Liability Company (LLC) is characterized for MBT purposes as a partner, shareholder, or owner, based on the federal tax classification of the LLC. An LLC taxed as a Partnership for federal purposes is required to file as a Partnership for MBT. Similarly, an LLC taxed as a C Corporation or an S Corporation for federal purposes must file under that same status for MBT.

---

### Eligibility

---

#### Tax Years Less Than 12 Months

If the reported tax year is less than 12 months, gross receipts, adjusted business income, and partners' and shareholders' or officers' share of business income must be annualized to determine eligibility and to compute the Small Business Alternative Credit. If annualized gross receipts exceed \$19,000,000 but do not exceed \$20,000,000, annualize figures to compute the Reduction Based on Gross Receipts, lines 15 through 20. Part-year partners or shareholders must annualize the taxpayer's share of business income to determine eligibility.

**NOTE:** Taxpayers leasing employees from professional employer organizations must include the compensation of officers (of the operating company) and shareholders who receive compensation in determining the eligibility for Small Business Alternative Credit even though their compensation is paid by the professional employer organization.

Taxpayers are not eligible for the Small Business Alternative Credit if any of the following conditions exist:

- Gross receipts exceed \$20,000,000.
- Adjusted business income after loss adjustment exceeds:
  - \$1,329,900 for Corporations or Partnerships (and LLCs federally taxed as such).
  - \$180,000 for Individuals (including a single member, disregarded LLC owned by an Individual) or Fiduciaries.
- Any shareholder or officer has allocated income after loss adjustment of over \$180,000 or any partner has distributive

share of income after loss adjustment of over \$180,000, as determined on the *MBT Schedule of Shareholders and Officers* (Form 4577) or the *MBT Schedule of Partners* (Form 4578).

- In addition, the Small Business Alternative Credit is reduced if an Individual, a partner in a Partnership, a shareholder of a Corporation, or an officer of a C Corporation has allocated income (or distributive share of income, for a partner) after loss adjustment of more than \$160,000. This reduction is based on the individual/partner/officer/shareholder with the largest allocated or distributive share of income.

A taxpayer cannot use this form if filing the *MBT Simplified Return* (Form 4583).

### C Corporations

Allocated income for C Corporations is either:

- (a) Shareholders' or officers' compensation and director fees from Form 4577, column L, or
- (b) Shareholders' compensation, director fees, and share of business income (or loss), after loss adjustment, from Form 4577, column N.

If either (a) or (b) is greater than \$180,000, the Corporation is not eligible for the Small Business Alternative Credit. In addition, if either (a) or (b) is more than \$160,000 but not more than \$180,000, the Corporation must reduce the Small Business Alternative Credit based on the officer or shareholder with the largest allocated income.

### S Corporations

Allocated income for S Corporations is shareholders' compensation, director fees, and share of business income (or loss), after loss adjustment, from Form 4577, column N.

**NOTE:** Individuals and Fiduciaries filing as Individuals do not need to file Forms 4577 and 4578.

### Loss Adjustment

If taxpayers are not eligible for the full Small Business Alternative Credit due to an adjusted business income or allocated income disqualifier, they may benefit from the *MBT Loss Adjustment Worksheet for the Small Business Alternative Credit* (Form 4575). If the adjusted business income was less than zero in any of the five years immediately preceding the tax year for which a taxpayer is claiming a credit and a Small Business Credit or Small Business Alternative Credit was received for that same year, the taxpayer may be able to adjust the current year's adjusted business income or allocated income amounts by the loss. See Form 4575 for more details.

A loss adjustment will not affect a reduction to the Small Business Alternative Credit based on gross receipts that exceed \$19,000,000. It will also not change the amount of compensation on Form 4577, column L, for a C Corporation.

---

### Special Instructions for UBGs

---

UBGs calculate the gross receipts and adjusted business income disqualifiers at the UBG level without eliminating intercompany

transactions. Each member of the UBG must file Form 4577 or Form 4578, whichever is applicable. The disqualifier that is based on compensation and/or share of business income attributable to an owner or officer is applied on a separate entity basis using a pro forma calculation for business income and is not a combined amount received from all members of a UBG. See the “Supplemental Instructions for Standard Members in UBGs” on page 141.

A disqualifier applies to a UBG if such disqualifier applies to any member of that UBG. For example, a UBG is disqualified from taking the Small Business Alternative Credit if that UBG includes a member that is a Partnership and any one partner of that Partnership receives more than \$180,000 as a distributive share of the adjusted business income minus loss adjustment of the Partnership.

Similarly, the reduction percentages apply to a taxpayer that is a UBG if such reduction percentages apply to any member of that UBG. For example, the Small Business Alternative Credit of a taxpayer is reduced by 20 percent if the taxpayer is a UBG that includes a member that is a C Corporation, and the compensation and directors’ fees of an officer of that member C Corporation exceed \$160,000, but are less than \$165,000.

---

## Line-by-Line Instructions

---

*Lines not listed are explained on the form.*

**Name and Account Number:** Enter name and account number as reported on page 1 of the *MBT Annual Return* (Form 4567).

**UBGs:** Complete one form for the group. Enter the Designated Member (DM) name in the Taxpayer Name field and the DM account number in the Federal Employer Identification Number (FEIN) field.

### PART 1: SMALL BUSINESS ALTERNATIVE CREDIT

Skip to Part 2 of this form if not claiming a Small Business Alternative Credit.

Business income is adjusted by federal net operating loss carryforwards and carrybacks from Form 4567, line 32. It is also adjusted by compensation and director fees of active shareholders and officers from Form 4577 and by capital losses.

#### Adjusted Business Income

**Line 2:** Enter business income from Form 4567, line 28. If not subject to Business Income Tax, enter business income from the *Business Income Worksheet* (Form 4746) on page 149. Attach this worksheet to the return.

**UBGs:** Enter the business income before eliminations from Form 4580, Part 2B, line 29A.

**Line 3:** Enter all capital losses that were used federally to offset capital gain. This is not the net figure found on the Schedule D lines identified below. It is the amount of capital losses that were used in reaching the net figure on the federal return lines. If filing a U.S. Form 1040 or 1041, include the capital loss amount that the Individual or Fiduciary was able to use against the capital gain and the capital loss amount that the Individual or Fiduciary was permitted to deduct from ordinary income (\$3,000 or less). Use both long-term and short-term capital losses here.

Identify the capital losses used in calculating the net figure using “Net short-term capital gain or (loss)” and “Net long-term capital gain or (loss)” from Schedule D of federal Forms 1040, 1041, 1065, 1120 and 1120S as applicable.

#### Small Business Alternative Credit Calculation

**Line 11:** The Small Business Alternative Credit is reduced if an Individual, a partner in a Partnership, a shareholder of a Corporation, or an officer of a C Corporation has allocated income (or distributive share of income, for a partner) after loss adjustment of more than \$160,000. This reduction is based on the individual/partner/officer/shareholder with the largest allocated or distributive share of income. Enter the allocated income of the shareholder or officer with the highest allocated income after loss adjustment or the highest distributive share of income assigned to a partner or individual.

**Line 12:** For a taxpayer whose owners or officers all have allocated or distributive share of income of \$160,000 or less, enter 100 percent.

**Line 13:** All taxpayers must complete this line.

If gross receipts from Form 4567, line 12, are less than \$19,000,000, carry amount to Form 4568, line 7. For tax periods less than 12 months, use annualized gross receipts.

**UBGs:** For the purpose of calculating the credit reduction based on gross receipts, the UBG combined gross receipts must reflect the sum of every member’s gross receipts on a 12-month basis, before eliminations. Therefore, if no members of the UBG are short-year filers, use the amount from the *MBT Unitary Business Group Combined Filing Schedule for Standard Members* (Form 4580), Part 2B, line 16A. Otherwise, for all short-year members of the group, annualize their gross receipts amount from Form 4580, Part 2A, line 16, and then combine the annualized amounts with the gross receipts (Form 4580, Part 2A, line 16) for the remaining group members.

#### Reduction Based on Gross Receipts

**Line 15:** For tax periods less than 12 months, enter annualized gross receipts to see if annualized gross receipts are between \$19,000,000 and \$20,000,000.

**UBGs:** To calculate the entry for this line, see the UBG guidance under line 13. Enter the sum of all members’ 12-month basis gross receipts, before eliminations, on line 15 of this form.

### PART 2: GROSS RECEIPTS FILING THRESHOLD CREDIT

Complete Part 2 if apportioned gross receipts are equal to or greater than \$350,000 but less than \$700,000.

**Line 23:** For tax periods less than 12 months, enter annualized gross receipts.

**UBGs:** To calculate the entry for this line, see the UBG guidance under line 13. Enter the sum of all members’ 12-month basis gross receipts, before eliminations, on line 23 of this form.

**Include completed Form 4571 as part of the tax return filing.**
