

# Application for Extension of Time to File City Corporate Income Tax Return

## Important Information

**An extension of time to file is not an extension of time to pay.** The form and payment must be postmarked on or before the original due date of the return.

City Corporate Income Tax filers must use this form to request an extension and must file it even if the Internal Revenue Service has approved a federal extension and/or the Michigan Department of Treasury has approved a state business tax extension.

Do not send a copy of the federal extension or state extension. Retain a copy for your records.

An extension of time to file is not an extension of time to pay. If there will be a business tax liability, payment must be included with this form. Penalty and interest will accrue on the unpaid tax from the original due date of the return.

An extension is granted if Form 5301 is properly prepared, the request is postmarked before the due date of the return, AND the taxpayer has also paid at least 70% of the current or prior year tax liability (whichever is less). An extension is for six months beyond the original due date.

Taxpayers will be notified whether an extension request is approved or denied.

## Line-by-Line Instructions

**Taxpayer Name and Address:** The address entered here is the address that will be used for correspondence regarding this extension request.

**Tax Year Ending:** Enter the month and year your tax year ends, **NOT** the date you are making the payment.

**Federal Employer Identification Number (FEIN):** Use the FEIN used when filing the *City of Detroit Corporate Income Tax Quarterly Voucher* (Form 5300). This is the FEIN that should be used when

filing the *City of Detroit Corporate Income Tax Return* (Form 5297).

## Penalty and Interest

If the tax due is underestimated and sufficient payment is not paid with the application for extension, penalty and interest will be due on the unpaid or underpaid amount.

The penalty rate is 1 percent per month or a fraction thereof up to a maximum of 25 percent.

The interest rate is 1 percent above the adjusted prime rate and is adjusted on January 1 and July 1. Interest is charged from the original due date of the return to the date the balance of the tax is paid.
