

Form 5278 Filing Checklist

Key items to remember when filing Form 5278:

1. Eligible taxpayers should file Form 5278 and not Form 632. Form 5278 contains everything required to claim the exemption, file for ad valorem personal property taxes for personal property placed in service from 2006 through 2012 and file the ESA Statement.
2. A separate Form 5278 must be filed for each personal property parcel number.
3. Review in detail the instructions contained within Form 5278. These instructions provide line by line information on how to fill out the form.
4. As indicated in the certification statement on Part 1, a duly authorized agent of the owner, lessee or occupant may sign the form as long as the agent attaches a letter of authority. An authorized agent may be internal or external to the business filing for the exemption.
5. Form 5278 must be filled out in its entirety. In its entirety means filling out all of Part 1 and any sections of Part 2 and Part 3 that are applicable to the taxpayer claiming the exemption. Any section not applicable may be left blank.
6. Part 2 of the Form should be filled out in the same manner as Form 632, the personal property statement, was filled out by the taxpayer in prior years.
7. Form 5278 is filed with the local unit where the personal property is located by February 22, 2016, postmark is not acceptable.
8. It is critical that the FEIN be included in the filing and be double checked for accuracy. This will be important when the electronic ESA Statement is created by the Department of Treasury.
9. In Part 3 of the Form, taxpayers are to report 100% of Eligible Personal Property's fair market value at the time of acquisition by the first owner for all years. The cost of freight, sales tax and installation must be included. There is a rebuttable presumption that the acquisition price paid by the first owner for personal property, and any costs of freight, sales tax, and installation and other capitalized costs, except capitalized interest, reflect the acquisition cost.
10. In Part 2 of the Form, standard tooling section H has been eliminated. Standard tooling is reported in the appropriate personal property table for personal property placed in service between 2006 and 2012 and is included in Part 3 for ESA.
11. Review ESA Topics on the ESA Webpage, they contain specific information on IFT's, PA 328 Exemptions, Leased Equipment and Renaissance Zones.
12. Once an eligible claimant has properly claimed the personal property tax exemption by filing Form 5278, the assessor will transmit the information contained in Form 5278 to

the Michigan Department of Treasury by April 1. The Department of Treasury will then create an *Electronic ESA Statement (Statement)* from the information contained in Form 5278 and will make that *Statement* available through Michigan Treasury Online (MTO) not later than May 1. Eligible claimants must submit a certified *Statement* either through MTO or through e-file (paper *Statements* are not accepted).
