- ✓ Was the correct amount of annual rent reported?
 - Yes, continue to next topic.
 - No, recalculate your homestead property tax credit using the correct amount of annual rent. If you still disagree with the adjustments made, submit a copy of your lease agreement(s), for the year in question, to Michigan Department of Treasury for review. Be sure to include a daytime phone number.
- ✓ Did you receive Family Independence Program /Michigan Department of Health and Human Services (FIP/MDHHS) benefits?
 - Yes, verify your calculations are correct. If 100% of your income is received from the MDHH, you do not qualify for a homestead property tax credit. If you received FIP/MDHHS benefits you must prorate your credit based on this income to [total household resources](#). Use [Worksheet 3](#) for FIP/MDHHS Benefits in the MI-1040 instruction book. If you still disagree with the adjustments made, submit a copy of your lease agreement(s), for the year in question, and documentation to verify your income to Michigan Department of Treasury for review. Be sure to include a daytime phone number.
 - No, continue to next topic
- ✓ Do you live in Service Fee Housing?

Service Fee Housing – Service Fee Housing is a program where there is an agreement between a municipality and a rental property owner (private or public) to pay a service fee instead of property taxes. You can find out if a property is subject to Service Fee Housing by contacting the city/township/county office. Often, the Service Fee Housing is low income or senior citizen housing that can include apartment occupancy or the rental of a single family home.

- Yes, complete Part 5 on page 3 of the MI-1040CR and recalculate the credit using the correct percentage of rent. Note: No matter how much rent was paid, the Income Tax Act provides that a renter living in Service Fee housing must calculate the homestead property tax credit using only 10% of rent paid.
- No, and your adjustment letter indicates that this is the reason for the adjustment to your homestead property tax credit. Submit proof from the property owner or the local assessor that taxes (not service fees) are paid for the years in question to Michigan Department of Treasury for review. Be sure to include a daytime phone number.

If you still disagree with the adjustment, please respond in writing, along with a copy of your lease agreement(s), for the year in question, and documentation to verify your income for the tax year of claim, a daytime phone number and a copy of the adjustment message/letter you received from Michigan Department of Treasury to:
