## NOTICE TO MOTOR FUEL TAX LICENSEES REGARDING IMPLEMENTATION OF A NEW TAX RETURN SYSTEM

August 2017

The Michigan Department of Treasury will be implementing a new tax return processing system for Motor Fuel taxes over the next several months. Treasury's goal is to create a modern system with a new look and feel to make filing tax returns easier, quicker and more efficient.

Treasury will provide additional information and training regarding filing Motor Fuel tax returns under the new system prior to the rollout of the new system. In the meantime, please continue to file returns using your current filing method while the new system is being developed.

Treasury will work diligently to ensure this transition is as smooth and seamless as possible.
