FINANCIAL STATEMENTS
For the Fiscal Year Ended March 31, 2007

Auditing Procedures Report

Issued under P.A. 2 of 1968, as amended and P.A. 71 of 1919, as amended.

Local Unit of Government Type <input type="checkbox"/> County <input type="checkbox"/> City <input checked="" type="checkbox"/> Twp <input type="checkbox"/> Village <input type="checkbox"/> Other		Local Unit Name Wilson	County Alpena
Fiscal Year End 3/31/07	Opinion Date 12/21/07	Date Audit Report Submitted to State 1/15/08	

We affirm that:

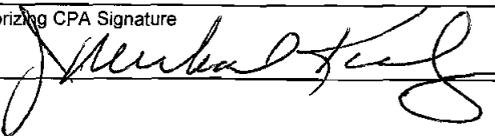

We are certified public accountants licensed to practice in Michigan.

We further affirm the following material, "no" responses have been disclosed in the financial statements, including the notes, or in the Management Letter (report of comments and recommendations).

- YES NO **Check each applicable box below.** (See instructions for further detail.)
- All required component units/funds/agencies of the local unit are included in the financial statements and/or disclosed in the reporting entity notes to the financial statements as necessary.
 - There are no accumulated deficits in one or more of this unit's unreserved fund balances/unrestricted net assets (P.A. 275 of 1980) or the local unit has not exceeded its budget for expenditures.
 - The local unit is in compliance with the Uniform Chart of Accounts issued by the Department of Treasury.
 - The local unit has adopted a budget for all required funds.
 - A public hearing on the budget was held in accordance with State statute.
 - The local unit has not violated the Municipal Finance Act, an order issued under the Emergency Municipal Loan Act, or other guidance as issued by the Local Audit and Finance Division.
 - The local unit has not been delinquent in distributing tax revenues that were collected for another taxing unit.
 - The local unit only holds deposits/investments that comply with statutory requirements.
 - The local unit has no illegal or unauthorized expenditures that came to our attention as defined in the *Bulletin for Audits of Local Units of Government in Michigan*, as revised (see Appendix H of Bulletin).
 - There are no indications of defalcation, fraud or embezzlement, which came to our attention during the course of our audit that have not been previously communicated to the Local Audit and Finance Division (LAFD). If there is such activity that has not been communicated, please submit a separate report under separate cover.
 - The local unit is free of repeated comments from previous years.
 - The audit opinion is UNQUALIFIED.
 - The local unit has complied with GASB 34 or GASB 34 as modified by MCGAA Statement #7 and other generally accepted accounting principles (GAAP).
 - The board or council approves all invoices prior to payment as required by charter or statute.
 - To our knowledge, bank reconciliations that were reviewed were performed timely.

If a local unit of government (authorities and commissions included) is operating within the boundaries of the audited entity and is not included in this or any other audit report, nor do they obtain a stand-alone audit, please enclose the name(s), address(es), and a description(s) of the authority and/or commission.

I, the undersigned, certify that this statement is complete and accurate in all respects.

INDEPENDENT AUDITORS' REPORT

To the Township Board
Township of Wilson
Alpena County

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Township of Wilson as of and for the year ended March 31, 2007, which collectively comprise the Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Township of Wilson's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Township of Wilson, as of March 31, 2007, and the respective changes in financial position, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The budgetary comparison schedule, as identified in the table of contents, is not a required part of the basic financial statements but is supplemental information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the required supplemental information. However, we did not audit the information and express no opinion on it.

Van Massenhove, Kearly, Taphouse & Faulman PC

TOWNSHIP OF WILSON
Alpena County, Michigan
MANAGEMENT'S DISCUSSION & ANALYSIS
For the Year Ended March 31, 2007

Our discussion and analysis of the Township of Wilson's financial performance provides an overview of the Township of Wilson's financial activities for the fiscal year ended March 31, 2007.

Using this Annual Financial Report

This annual financial report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Township of Wilson financially as a whole. The *Financial Statements* provide information about the activities of the whole Township of Wilson presenting both an aggregate view of the Township of Wilson finances and a longer-term view of those finances. The fund financial statements provide the next level of detail. For Government activities, these statements tell how services were financed in the short-term as well as what remains for future spending.

The fund financial statements look at the Township of Wilson's operations in more detail than the Township of Wilson wide financial statements by providing information about the Township of Wilson's most significant fund – the General fund. Proprietary fund statements provide both long-term and short-term financial information consistent with the focus provided by the Township of Wilson's financial statements for the Township of Wilson's internet operation.

The following summarizes the presentation included in this annual financial report.

Management's Discussion and Analysis (MD&A) (Required Supplemental Information)

Basic Financial Statements

- Government-wide Financial Statements
- Fund Financial Statements
- Notes to the Basic Financial Statements

Budgetary Information for the General Fund (Required supplemental Information)

MANAGEMENT'S DISCUSSION & ANALYSIS
For the Year Ended March 31, 2007

Reporting the Township of Wilson as a Whole

The Statement of Net Assets and Statement of Activities

One of the most important questions asked about the Township of Wilson's finances is, "is the Township of Wilson better or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about the Township of Wilson as a whole and about its activities in a manner that helps to answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by private sector corporations. All of the current year's revenues and expenses are taken into consideration regardless of when cash is received or paid.

These two statements report the Township of Wilson's net assets as a way to measure the Township of Wilson's financial position. The change in net assets provides the reader a tool to assist in determining whether the Township of Wilson's financial health is improving or deteriorating. The reader will need to consider other nonfinancial factors such as facility conditions in arriving at their conclusion regarding the overall health of the Township of Wilson.

Reporting the Township of Wilson's Most Significant Funds

Governmental Funds

All of the Township of Wilson's activities are reported in Governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can readily be converted to cash. The Governmental fund statements provide a detailed short-term view of the Township of Wilson's general operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources available to spend in the near future to finance the Township of Wilson's programs. The relationship (or differences) between Governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and Governmental funds is reconciled in the basic financial statements.

TOWNSHIP OF WILSON
Alpena County, Michigan
MANAGEMENT'S DISCUSSION & ANALYSIS
For the Year Ended March 31, 2007

Township of Wilson Wide Financial Analysis

Financial position – The statement of net assets provides the perspective of the Township of Wilson as a whole. Exhibit A provides a summary of the Township of Wilson's net assets as of March 31, 2007.

Exhibit A

<u>Assets</u>	<u>Governmental Activities</u>
Cash and Investments	\$ 426,658
Receivables	5,377
Capital Assets Less Accumulated Depreciation	<u>240,625</u>
Total Assets	<u>\$ 672,660</u>
<u>Net Assets</u>	
Investment in Capital Assets	\$ 240,625
Unrestricted	<u>432,035</u>
Total Net Assets	<u>\$ 672,660</u>

Exhibit A focuses on net assets. The Township of Wilson's total net assets were \$672,660 at March 31, 2007. Capital assets net of related debt, totaling \$240,625 compares the original costs, less depreciation.

The \$432,035 of unrestricted net assets of Governmental and business-type activities represents the *accumulated* results of all past years' operations. The operating results of the General and Capital Projects will have a significant impact on the change in unrestricted net assets from year to year.

TOWNSHIP OF WILSON
Alpena County, Michigan
MANAGEMENT'S DISCUSSION & ANALYSIS
For the Year Ended March 31, 2007

Results of operations – The results of this year's operations for the Township of Wilson as a whole are reported in the statement of activities, which shows the changes in net assets for the year ended March 31, 2007. Exhibit B provides a summary of the Township of Wilson operations for the year. Revenue and expense comparison to fiscal year 2006 is not available.

Governmental Business-Type

<u>Exhibit B</u>	Governmental Activities
Revenue	
Property Taxes	\$ 73,366
State Revenue Sharing	141,511
Charges for Services	29,057
Interest	18,006

Function & Program Expenses	
General Government	130,259
Public Safety	68,094
Public Works	45,645
Total Function & Program Expenses	243,998
Increase (Decrease) in Net Assets	\$ 32,767

TOWNSHIP OF WILSON
Alpena County, Michigan
MANAGEMENT'S DISCUSSION & ANALYSIS
For the Year Ended March 31, 2007

As reported in the statement of activities, the cost of all of our *Governmental and business-type* activities this year was \$243,998. Certain activities were partially funded by \$29,057 from those who benefited from the programs. We paid for the remaining "public benefit" portion of our Governmental with State revenue sharing, property tax, interest, miscellaneous income and our other revenues, such as interest, grants and contributions

The Township of Wilson experienced an increase (decrease) in net assets of \$32,767, mainly due to Interest Income being greater than anticipated. There were no significant revenue increases this year. The increase (decrease) in net assets differs from the change in fund balances and a reconciliation appears in the financial statements.

General Fund Budgetary Highlights

Over the course of the year, the Township of Wilson revises its budget to reflect changes in revenues and expenditures. State law requires that the budget be amended to ensure that expenditures do not exceed appropriations. A schedule showing the Township of Wilson's original and final budget amounts compared with amounts actually paid and received is provided in required supplemental information of these financial statements. Changes to the General Fund original budget were as follows:

- Actual expenditures for the year were \$283,645 less than anticipated.
- Actual revenues for the year were \$75,265 greater than anticipated.

Factors Expected to Have an Effect on Future Operations

We expect to see a decline in state revenue sharing next year as the State of Michigan continues to face challenges in balancing its budget. We will need to adjust Township of Wilson expenditures in response to any revenue shortfall.

Contacting The Township of Wilson

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the Township of Wilson's finances and to show the Township of Wilson's accountability for the money it receives. If you have questions about this report or need additional information, contact the Township of Wilson at 6368 Herron Rd., Herron, MI 49744.

NOTES TO FINANCIAL STATEMENTS
March 31, 2007

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Township of Wilson conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the significant accounting policies:

Reporting Entity:

As required by accounting principles generally accepted in the United States of America, the financial statements of the reporting entity include those of the Township and its component units, if any. In evaluating the Township as a reporting entity, management has addressed all potential component units (traditionally separate reporting entities) for which the Township may be financially accountable and, as such, should be included within the Township's financial statements. The Township (the primary government) is financially accountable if it appoints a voting majority of the organization's governing board and it is able to impose its will on the organization or there is a potential for the organization to provide specific financial burden on the Township. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. There are no component units included in the Township's reporting entity.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation:

The accounts of the Township are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

TOWNSHIP OF WILSON
Alpena County, Michigan

NOTES TO FINANCIAL STATEMENTS
March 31, 2007

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Government-wide Financial Statements:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the propriety fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The statement of net assets and the statement of activities report information on all of the nonfiduciary activities of the governmental activities.

The statement of net assets presents governmental activities on a consolidated basis, using the economic resources measurement focus and accrual basis of accounting. This method recognizes all long-term assets and receivables as well as long-term debt and obligations. The Township's net assets are reported in three parts: invested in capital assets, restricted net assets, if any, and unrestricted net assets. The Township first utilizes restricted resources to finance qualifying activities.

The statement of activities reports both the gross and net cost of each of the Township's functions. The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary (either operating or capital) grants.

The net costs (by function) are normally covered by general revenue (property taxes, state sources and federal sources, interest income, etc.). The Township does not allocate indirect costs.

The government-wide focus is on the sustainability of the Township as an entity and the changes in the Township's net assets resulting from current year activities.

TOWNSHIP OF WILSON
Alpena County, Michigan

NOTES TO FINANCIAL STATEMENTS
March 31, 2007

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Financial Statements:

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise fees, license, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. Expenditure-driven grants are recognized as revenues when the qualifying expenditures have been incurred and all other grant requirements have been met. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. All other revenue items are considered to be measurable and available only when cash is received by the government.

Fiduciary funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The fiduciary funds are accounted for on a spending or economic resources measurement focus and the accrual basis of accounting as are the propriety funds.

The Township reports the following major government funds:

The **General Fund** is the primary operating fund of the Township. It is used to account for all financial resources, except for those required to be accounted for in another fund.

TOWNSHIP OF WILSON
Alpena County, Michigan

NOTES TO FINANCIAL STATEMENTS
March 31, 2007

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, Liabilities and Equity:

Deposits and Investments – Cash and cash equivalents include cash on hand, demand deposits, certificates of deposit and short term investments with a maturity of three months or less when acquired. Investments, if any, are stated at fair value.

Inventories and Prepaid Items – Inventories of governmental funds are recorded as expenditures when purchased rather than when consumed. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets – Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair market value at the date of donation. The Township defines capital assets as assets with an initial individual cost in excess of \$500. Cost of normal repair and maintenance that do not add to the value or materially extend asset lives are not capitalized. Public domain (infrastructure) assets (e.g., roads, bridges, sidewalks and other assets that are immovable and of value only to the government) are capitalized if acquired after April 1, 2004. Capital assets are depreciated using the straight-line method over the following useful lives:

Buildings and improvements	40 years
Equipment	4-7 years

Long-term Obligations – In the government-wide financial statements, long-term debt and other long-term obligations, if any, are reported as liabilities in the governmental activities statement of net assets.

Fund Equity – In the fund financial statements, governmental funds report reservation of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

TOWNSHIP OF WILSON
Alpena County, Michigan

NOTES TO FINANCIAL STATEMENTS
March 31, 2007

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Property Taxes:

Properties are assessed as of December 31. The related property taxes become a lien on December 1 of the following year. These taxes are due February 14 with the final collection date of February 28 before they are added to the county tax rolls.

The delinquent real property taxes of the Township are purchased by Alpena County. The delinquent real property taxes are received soon enough after year end to be recorded as revenue in the current year.

NOTE 2: STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information:

The Township follows these procedures in establishing the budgetary data reflected in the financial statements.

1. The Township Clerk submits to the Township Board a proposed operating budget by fund for each year. The operating budget includes proposed expenditures and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments.
3. Prior to April 1, the budget is legally enacted by adoption of the Township Board.
4. Any revision that alters the total expenditures of any fund must be approved by the Township.
5. Formal budgetary integration is employed as a management control device during the year for all funds.

TOWNSHIP OF WILSON
Alpena County, Michigan

NOTES TO FINANCIAL STATEMENTS
March 31, 2007

NOTE 2: STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (continued)

6. Governmental fund budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. A comparison of actual results of operations to the General Fund budget as originally adopted and amended by the Township Board is included in the required supplemental information.
7. All annual appropriations lapse at fiscal year end.

Excess of Expenditures over Appropriations in Budgeted Funds;

During the year, the Township did not incur expenditures that were in excess of the amounts budgeted.

NOTE 3: DEPOSITS AND INVESTMENTS

The Township's deposits of \$426,658.33 at March 31, 2007 are included in the statement of net assets under cash and cash equivalents.

The deposits of the governmental activities were reflected in the accounts of financial institutions (without recognition of checks written but not yet cleared or deposits in transit) at \$426,826.33, of which \$316,242.56 is covered by federal depository insurance and the remainder was uninsured and uncollateralized. The Township believes that due to the dollar amount of cash deposits and the limits of the FDIC insurance, it is impractical to insure all bank deposits. As a result, the Township evaluates each financial institution with which it deposits Township funds and assesses the level of risk for each institution; only those institutions with an acceptable estimated risk level are used as depositories. Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments. Investments are stated at fair value.

Investments:

State statutes authorize the Township to invest surplus funds in certificates of deposit, savings accounts and deposit accounts with banks and savings and loan associations which are members of FDIC, credit unions which are insured by NCUA, bonds, bills or notes of the U.S., commercial paper rated within the 3 highest classifications established, U.S. or federal agency obligation repurchase agreements, bankers' acceptances and mutual funds composed entirely of the aforementioned investments that are legal for direct investment by a Township.

TOWNSHIP OF WILSON
Alpena County, Michigan

NOTES TO FINANCIAL STATEMENTS
March 31, 2007

NOTE 3: DEPOSITS AND INVESTMENTS (continued)

Investments are categorized into these three categories of credit risk:

Category 1 – Insured or registered, or securities held by the Township or its agent in the Township’s name;

Category 2 – Uninsured and unregistered, with securities held by the counterparty’s trust department or agent in the Township’s name; and

Category 3 – Uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the Township’s name.

At year end, the Township had no investments.

NOTE 4: CAPITAL ASSETS

Governmental capital asset activity for the year ended March 31, 2007 was as follows:

	Beginning Balance	Additions	Retirements	Ending Balance
Governmental activities:				
Nondepreciable capital assets:				
Land	\$ 2,000.00	\$ -0-	\$ -0-	\$ 2,000.00
Depreciable capital assets:				
Buildings and improvements	322,109.00	-0-	-0-	322,109.00
Equipment	481,615.50	5,432.53	-0-	487,048.03
Total depreciable capital assets	803,724.50	5,432.53	-0-	809,157.03
Accumulated depreciation	(553,766.00)	(16,766.00)	-0-	(570,532.00)
Depreciable capital assets, net	249,958.50	(11,333.47)	-0-	238,625.03
Governmental activities, Capital assets, net	<u>\$251,958.50</u>	<u>\$ (11,333.47)</u>	<u>\$ -0-</u>	<u>\$240,625.03</u>

TOWNSHIP OF WILSON
Alpena County, Michigan

NOTES TO FINANCIAL STATEMENTS
March 31, 2007

NOTE 4: CAPITAL ASSETS (continued)

Depreciation expense was charged to functions as follows:

Governmental activities:	
General government	\$ 4,127.00
Public safety	<u>12,639.00</u>
 Total governmental activities	 <u>\$ 16,766.00</u>

NOTE 5: DEFERRED REVENUE

Governmental funds report deferred revenue in connection with receivables for revenue that is not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received but not yet earned.

At year end, the Township had no deferred revenue.

NOTE 6: LONG-TERM LIABILITIES

The Township may issue bonds, notes, and other contractual commitments to provide for the acquisition and construction of major capital facilities and the acquisition of certain equipment.

At year end, the Township had no long-term liabilities.

TOWNSHIP OF WILSON
Alpena County, Michigan

NOTES TO FINANCIAL STATEMENTS
March 31, 2007

NOTE 7: AGGREGATED RECEIVABLES

Receivables as of year end for the Township's governmental activities in the aggregate are as follows:

	Governmental Activities
Receivables:	
Taxes	<u>\$ 5,377.33</u>

NOTE 8: RISK MANAGEMENT

The Township is exposed to various risks of loss related to property loss, torts, errors and omission, and employee injuries (workers' compensation). The Township has purchased commercial insurance for these risks. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in the past three fiscal years.

NOTE 9: EMPLOYEE RETIREMENT AND BENEFIT SYSTEMS

Defined Contribution Plan:

The Township has a retirement plan that covers all employees except election workers. Under the plan, the Township contributes a percentage of the employees' annual earnings. The Township's contributions amounted to \$5,142.72 for the year ended March 31, 2007. The plan is administered by Travelers Insurance Company.

NOTE 9: EMPLOYEE RETIREMENT AND BENEFIT SYSTEMS (continued)

The Township provides no post employment benefits on deferred compensation.

Deferred Compensation Plan:

The Township provides no deferred compensation plan.

December 21, 2007

To the Township Board
Wilson Township
Alpena County, Michigan

We have audited the financial statements of Wilson Township for the year ended March 31, 2007, and have issued our report thereon dated December 21, 2007. Professional standards require that we provide you with the following information related to our audit.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a deficiency in internal control over financial reporting that we consider to be a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control over financial reporting. We consider the following deficiency to be a significant deficiency in internal control over financial reporting.

Finding 1 – Preparation of Financial Statements in Accordance with Accounting Principles Generally Accepted in the United States of America

- Criteria:** All Michigan governments are required to prepare financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP). This is a responsibility of the Township's management. The preparation of financial statements in accordance with GAAP requires internal controls over both (1) recording, processing, and summarizing accounting data (i.e., maintaining internal books and records), and (2) reporting government-wide and fund financial statements, including the related footnotes (i.e., external financial reporting.)
- Condition:** As is the case with many smaller and medium-sized entities, the Township has historically relied on its independent external auditors to assist in the preparation of the government-wide financial statements and footnotes as part of its external financial reporting process. Accordingly, the Township's ability to prepare financial statements in accordance with GAAP is based, in part, on its reliance on its *external* auditors, who cannot by definition be considered a part of the Township's *internal* controls.
- Cause:** This condition was caused by the Township's decision that it is more cost effective to outsource the preparation of its annual financial statements to the auditors than to incur the time and expense of obtaining the necessary training and expertise required for the Township to perform this task internally.
- Effect:** As a result of this condition, the Township lacks internal controls over the preparation of financial statements in accordance with GAAP, and instead relies, in part, on its external auditors for assistance with this task.
- View of Responsible Officials:** The Township has evaluated the cost vs. benefit of establishing internal controls over the preparation of financial statements in accordance with GAAP, and determined that it is in the best interests of the Township to outsource this task to its external auditors, and to carefully review the draft financial statements and notes prior to approving them and accepting responsibility for their content and presentation.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control. Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that the significant deficiency described above is not a material weakness.

This report is intended solely for the information and use of Wilson Township Board, Michigan Department of Treasury, Management, and others within the government unit and is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit the distribution of this report, which upon acceptance by Wilson Township, is a matter of public record.

We appreciate the opportunity to serve Wilson Township. If you have any questions, or if we can be of further services, please do not hesitate to contact us.
