We affirm that:

We are certified public accountants licensed to practice in Michigan.

We further affirm the following material, "no" responses have been disclosed in the financial statements, including the notes, or in the Management Letter (report of comments and recommendations).

YES NO

Check each applicable box below. (See instructions for further detail.)

1. All required component units/funds/agencies of the local unit are included in the financial statements and/or disclosed in the reporting entity notes to the financial statements as necessary.
2. There are no accumulated deficits in one or more of this unit's unreserved fund balances/unrestricted net assets (P.A. 275 of 1980) or the local unit has not exceeded its budget for expenditures.
3. The local unit is in compliance with the Uniform Chart of Accounts issued by the Department of Treasury.
4. The local unit has adopted a budget for all required funds.
5. A public hearing on the budget was held in accordance with State statute.
6. The local unit has not violated the Municipal Finance Act, an order issued under the Emergency Municipal Loan Act, or other guidance as issued by the Local Audit and Finance Division.
7. The local unit has not been delinquent in distributing tax revenues that were collected for another taxing unit.
8. The local unit only holds deposits/investments that comply with statutory requirements.
9. The local unit has no illegal or unauthorized expenditures that came to our attention as defined in the *Bulletin for Audits of Local Units of Government in Michigan*, as revised (see Appendix H of Bulletin).
10. There are no indications of defalcation, fraud or embezzlement, which came to our attention during the course of our audit that have not been previously communicated to the Local Audit and Finance Division (LAFD). If there is such activity that has not been communicated, please submit a separate report under separate cover.
11. The local unit is free of repeated comments from previous years.
12. The audit opinion is UNQUALIFIED.
13. The local unit has complied with GASB 34 or GASB 34 as modified by MCGAA Statement #7 and other generally accepted accounting principles (GAAP).
14. The board or council approves all invoices prior to payment as required by charter or statute.
15. To our knowledge, bank reconciliations that were reviewed were performed timely.

If a local unit of government (authorities and commissions included) is operating within the boundaries of the audited entity and is not included in this or any other audit report, nor do they obtain a stand-alone audit, please enclose the name(s), address(es), and a description(s) of the authority and/or commission.

I, the undersigned, certify that this statement is complete and accurate in all respects.

INDEPENDENT AUDITORS' REPORT

Township Board
Township of Olive
St. Johns, Michigan

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of Olive, Michigan as of and for the year ended March 31, 2007, which collectively comprise the Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of the Township of Olive, Michigan. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of Olive, Michigan as of March 31, 2007, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

The management's discussion and analysis and the required supplementary information on pages 3 through 5 and page 23 are not a required part of the basic financial statement but are supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted primarily of inquires of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Township of Olive, Michigan's basic financial statements. The accompanying introductory section and the supplemental financial information are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplemental financial information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated June 30, 2007 on our consideration of the Township of Olive, Michigan's internal control over financial reporting and our tests of its compliance with certain laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report considering the results of our audit.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management for the Township of Olive, we offer readers of the Township of Olive financial statement and this overview of the financial activities of the Township of Olive for the fiscal year ended March 31, 2007.

All Funds indicated herein show our current balances as of March 31, 2007

Financial Highlights

The Township remains in a strong financial position. Net assets at March 31, 2007 are \$153,814, an increase of \$30,800 over the prior year.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Township of Olive's basic financial statements. The Township of Olive basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Township's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on the Township of Olive's assets and liabilities, with the difference between the two reported as net assets.

The statement of revenue, expenditures, and changes present the Township's activities and changes during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenditures are reported in this statement for some items that will only result in cash flows in the future fiscal year.

Both the government-wide financial statements distinguish functions of the Township of Olive that are principally supported by taxes and intergovernmental revenues. The governmental activities of the Township of Olive include legislative, general government, public safety, public works, and cultural.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Township of Olive, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Township of Olive are governmental funds and agency funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS - Continued

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statement. However, unlike the government-wide financial statement, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources.

The Township of Olive Authority adopts an annual budget each fiscal year that is also approved by the Township Board. During the reported fiscal year, no amendments were made to the annual budget.

Overview of Governmental Funds

The following overview of the Governmental Funds for the Township of Olive is a condensed financial overview of the assets, capital assets, revenues, and expenditures of the reported fiscal year. This overview is to be a comparative with the previous fiscal year, however, the previous years amounts were unaudited.

TOWNSHIP OF OLIVE
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2007

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Township operates under an elected Township Board, which consists of five members. The Township provides services to its more than 2,500 residents in many areas including fire protection and emergency medical services.

A. Reporting Entity

All funds and account groups under direct control of the Township are included in this report. These funds and account groups are those which meet the criteria established by Governmental Accounting Standards Board Statement No. 14, The Financial Reporting Entity, and Statement on Michigan Governmental Accounting and Auditing No.5.

The criteria established by GASB for determining which of the Township's various organizations and activities are to be included in the reporting entity's financial statements include oversight responsibility, scope of public service, and special financial relationships. On this basis, the financial statements of certain other governmental organizations are not included in the financial statements of the Township.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e. the statements of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government of the Township of Olive and its component units. For the most part, the effect of interfund activities has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent on fees and charges for services.

The statement of activities demonstrates the degree to which the direct expenses of a function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** – Continued

C. Measurement Focus, Basis of Accounting, and Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. In the individual fund statements and schedules, the proprietary funds and fiduciary fund financial statements are also reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are reported when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures and compensated absences, and claims and judgments are recorded only when payment is due.

Property taxes, franchise fees, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the Township of Olive.

The Township of Olive reports the following major governmental funds:

The General Fund is the Township's primary operating fund. It accounts for all financial resources of the general government, except those to be accounted for in another fund.

The Cemetery Trust Fund is used to account for resources legally held in trust to be used for cemetery perpetual care. All resources of the fund, including any earnings on invested resources, may be used to support the organization's activities.

Additionally, the Township reports the following fund type.

The Agency Fund is used to account for the property taxes collected and distributed throughout the year.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The Township of Olive has elected not to follow subsequent private-sector guidance.

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** – Continued

C. Measurement Focus, Basis of Accounting, and Financial Statements - Concluded

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this rule are charges between the tax fund.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services and privileges provided 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. All taxes are reported as general revenue.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from provided services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expense for enterprise funds and internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. The Township has no proprietary funds.

When both restricted and unrestricted resources are available for use, it is the Township of Olive's policy to use restricted resources first. Unrestricted resources are used as they are needed.

D. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g. streets, bridges, and sidewalks), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Township of Olive as assets with an initial, individual cost of \$200 or more and an estimated useful life in excess of one year.

All capital assets are valued at historical cost or estimated historical cost if actual cost is not available. Donated capital assets are recorded at estimated fair market value on the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend assets lives are not capitalized.

Depreciation of all exhaustible capital assets used is charged as an expense against their operations in government-wide statements and all proprietary financial statements. Accumulated depreciation is reported on government-wide and proprietary statement of net assets. The straight-line depreciation method is applied over the estimated useful life of fixed assets.

The straight-line depreciation method is used for all depreciable capital assets. The estimated useful lives for capital assets are displayed in the table below:

ASSET CLASS	DEPRECIABLE LIFE
Land	n/a
Land improvements	10-20 years
Buildings	10-40 years
Equipment	5-20 years
Vehicles	3-10 years
Utility systems	10-40 years
Streets	20-25 years
Bridges	20-25 years
Sidewalks	20-25 years

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Concluded**

E. Cash and Investments

The Township's cash is considered to be cash on hand, demand deposits, and non-negotiable certificates of deposit with an original maturity of 3 months or less.

All investments are stated at cost or amortized cost.

F. Budgets and Budgetary Accounting

The Township follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to March 31, the Township holds a special meeting to develop the budget for the General Fund for the following fiscal year. Public hearings are conducted to obtain taxpayer comments before the budget is formally adopted.
2. Any revision to the budget must be approved by the Township Board.
3. Budgeted amounts are as originally adopted or amended by the Township Board during the year. Individual amendments were not material in relation to the original appropriations which were amended.
4. All annual appropriations lapse at year end.

G. Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2: **PROPERTY TAXES**

The Township is authorized by State Statute and the Township Charter to levy taxes up to \$1.00 per \$1,000 of assessed valuation for general governmental operating purposes. The combined tax rate to finance governmental services for the year ended March 31, 2007, was .9727 per \$1,000. The total taxable value for the 2006 levy was \$76,964,074

Pertinent tax dates are as follows:

Lien date	12/01/06
Levy date	12/01/06
Due date without penalty	02/14/07
Collection date	07/01/06 – 02/28/07

NOTE 3: **CASH AND INVESTMENTS**

The captions on the combined balance sheet relating to cash and investments are as follows:

Cash	\$ 103,278
Investments	<u>1,107</u>
	<u>\$ 104,385</u>

A summary by type are:

Deposits	
Cash in demand accounts	\$ 498
Cash in savings accounts/ money market	102,780
Investments	
Certificates of deposit	<u>1,107</u>
	<u>\$ 104,385</u>

Deposits

At March 31, 2007, the banks were carrying a cash balance of \$103,278 - not including any pooled investment funds.

General Fund deposits were insured up to \$100,000, leaving a balance of \$3,278 uninsured.

Investments

Act 196, P. A. 1997, authorizes the Township to deposit and invest in the following:

- (a) Bonds, securities and other direct obligations of the United States or its agencies.
- (b) Certificates of deposit, savings accounts, deposit accounts, or depository receipts of federally insured banks, insured savings and loan associations or credit unions insured by the national credit union administration that are eligible to be depository of surplus money belonging to the State under section 5 or 6 of Act 105, P.A. 1855, as amended (MCL 21.145 and 21.146).
- (c) Commercial paper rated at time of purchase within the two highest classifications established by not less than two standard rating services. Maturity cannot be more than 270 days after the date of purchase.
- (d) Repurchase agreements consisting of instruments listed in subdivision (a).
- (e) Bankers' acceptance of United States banks.
- (f) Obligation of Michigan or any of its political subdivisions that at the time of purchase are rated as investment grade by not less than one standard rating service.
- (g) Certain mutual funds as defined in the Act.

NOTE 3: **CASH AND INVESTMENTS** – Concluded

Investments - Concluded

Investments of the Township are in accordance with statutory authority.

There are three levels of risk by which investments are classified. Category 1 includes investments that are insured or registered or for which the securities are held by the Township or its agent in the Township’s name. Category 2 includes uninsured and unregistered investments for which the securities are held by the broker’s or dealer’s trust department or agent in the Township’s name. Category 3 includes uninsured and unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent, but not in the Township’s name.

At March 31, 2007, the Township’s investments were classified as follows:

Category 1 (insured)	\$ <u>1,107</u>
Category 2 (uninsured)	\$ <u> </u>

The Township has adopted a formal investment policy, as required by Act 20, P.A. 1943 as amended, that complies with State law.

NOTE 4: **CAPITAL ASSETS**

A summary of changes in governmental capital assets including internal service fund assets are as follows:

	APRIL 1, 2006	ADDITIONS	DELETIONS	MARCH 31, 2007
Capital assets being depreciated				
Land and buildings	\$ 77,040	\$	\$	\$ 77,040
Equipment	<u>18,630</u>	<u>7,150</u>	<u> </u>	<u>25,780</u>
Total Capital assets being depreciated	<u>95,670</u>	<u>7,150</u>	<u> </u>	<u>102,820</u>
Less: Accumulated depreciation				
Buildings	39,958	2,872		42,830
Equipment	<u>6,780</u>	<u>3,781</u>	<u> </u>	<u>10,561</u>
Total Accumulated Depreciation	<u>46,738</u>	<u>6,653</u>	<u> </u>	<u>53,391</u>
NET CAPITAL ASSETS	\$ <u>48,932</u>	\$ <u>497</u>	\$ <u> </u>	\$ <u>49,429</u>

Depreciation expense for the governmental activities was charged to the following functions and activities of the primary government:

GOVERNMENTAL ACTIVITY	AMOUNT
General government	\$ <u>6,653</u>

NOTE 5: EXCESS OF EXPENDITURES OVER APPROPRIATIONS IN INDIVIDUAL FUNDS

P.A. 621 of 1978 provides that local units of government shall not incur expenditures in excess of the amounts appropriated in the formal budget document adopted by the Township Board. P.A. 493 of 2003 removed debt service funds as funds requiring a budget. During the year ended March 31, 2007, Olive Township incurred expenditures in excess of appropriations as follows:

	BUDGET	ACTUAL	UNFAVORABLE VARIANCE
GENERAL FUND			
General government			
Clerk	\$ 18,000	\$ 18,156	\$(156)
Treasurer	18,700	19,452	(752)
Miscellaneous		3,603	(3,603)

NOTE 6: RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. It is the policy of the Township to purchase commercial insurance for most risks of loss to which it is exposed.

NOTE 7: INTERUND RECEIVABLES / PAYABLE

DUE FROM		DUE TO	
General	\$ <u>161</u>	Tax	\$ <u>161</u>

This is for interest earned on tax account.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Township Board
Township of Olive
St. Johns, Michigan

We have audited the financial statements of the Township of Olive as of and for the year ended March 31, 2007, and have issued our report thereon dated September 6, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township of Olive's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township of Olive's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies described in the accompanying schedule of findings and responses to be significant deficiencies in internal control over financial reporting.

2007-1- It is a requirement of GAAP, that all entities have on staff at least one individual that can prepare their financial statements and notes to financial statements. The Township has decided it is more cost effective to outsource the preparation of its annual financial statements to the auditors rather than incur the time and expense of obtaining the necessary training and expertise required to prepare them internally. They are not in accordance with principles generally accepted in the United States.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that none of the significant deficiencies described above is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township of Olive's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests did not disclose any instances of noncompliance.

We noted certain matters that we reported to management of the Township of Olive in a separate letter dated September 6, 2007.

This report is intended solely for the information and use of management, the Township Board and others within the entity, and is not intended to be and should not be used by anyone other than these specified parties.

We have examined the financial statements of the Township of Olive, Michigan, for the year ended March 31, 2007, and have issued our report on those statements. As part of the audit process, we tested and evaluated the system of internal accounting control and the procedures used to record the financial transactions of the Township of Olive. These tests and evaluations are important to the audit process because they serve as the basis for our opinion on the reliability and accuracy of the financial statements.

The management of the Township of Olive is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with U.S. generally accepted accounting principles. Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our tests of the internal control procedures included evaluations of randomly selected samples of transactions from payroll, cash disbursements and cash receipts. Although we did not observe any material errors or weaknesses in accounting or financial management, the following recommendations are intended to improve the efficiency and effectiveness of control procedures:

PRIOR YEAR RECOMMENDATIONS

CASH DISBURSEMENT PROCEDURES

Currently, the Treasurer is receiving the bank statements and reconciling the accounts. We recommend that someone other than the Treasurer receive and open the bank statements to ensure better control over cash. **This has not been implemented.**

PRIOR YEAR RECOMMENDATIONS - Concluded

CASH RECEIPTS

Someone other than the Treasurer should reconcile the total tax deposits for the year to the total amount deposited to help ensure proper receipting of cash. **This has not been implemented.**

PAYROLL

The W-2's do not appear correct. For example, if the Township paid the election workers share of FICA and medicare the amount paid was added to taxable wages for federal income taxes but not taxable FICA and medicare wages. In many other instances the taxable wages on federal income taxes does not agree with taxable wages for medicare and FICA. We recommend that the Township review these with the payroll company. **This has been implemented.**

CURRENT YEAR RECOMMENDATIONS

CASH DISBURSEMENTS

During our audit, we noted that the receipts for reimbursement expenses were not always identifiable with the person requesting the reimbursement. Receipts paid with the same check were only noted as such on a scrap of paper placed in the monthly file. We recommend that a request for reimbursement form be used and all receipts be attached to the form before reimbursements are made. This will improve control over cash disbursements.

We also noticed that a check was issued without receipt of the invoice that had been requested. We recommend that the Township obtain proper invoices before issuing payments. This will ensure that the Township issues checks for the correct amounts, preventing unnecessary check voiding and reissuing.

We are grateful to the Township employees for their assistance and cooperation extended to us during the audit.

Very truly yours,

Certified Public Accountants
