INDEPENDENT AUDITORS' REPORT

Board of Commissioners
Iron River Housing Commission
Iron River, Michigan

We have audited the accompanying basic financial statements of the business-type activities of the Iron River Housing Commission as of and for the year ended December 31, 2007 as listed in the Table of Contents. These basic financial statements are the responsibility of the Commission's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Iron River Housing Commission as of December 31, 2007, and the respective changes in financial position and cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 26, 2008 on our consideration of the Iron River Housing Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

MANAGEMENT DISCUSSION AND ANALYSIS (UNAUDITED)

Our discussion and analysis of the Iron River Housing Commission's financial performance provides an overview of the financial activities for the year ended December 31, 2007. Please read it in conjunction with the Commission's financial statements, which begin on page 9.

FINANCIAL HIGHLIGHTS

- Net assets for the entire Commission were \$591,818 for the year ended December 31, 2007 compared to \$525,820 for the year ended December 31, 2006.
- The Commission's total revenues totaled \$217,259 for the year ended December 31, 2007 and \$143,274 for the year ended December 31, 2006, while operating expenses totaled \$151,261 for the year ended December 31, 2007 and \$149,009 for the year ended December 31, 2006.

USING THIS REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets, Statement of Activities, Statement of Revenues, Expenses and Change in Net Assets, and the Statement of Cash Flows (on pages 9 to 12) provide information about the activities of the Commission as a whole and present a longer-term view of the Commission's finances.

REPORTING THE COMMISSION AS A WHOLE

Our analysis of the Commission as a whole begins on page 9. One of the most important questions asked about the Commission's finances is "Is the Commission, as a whole, better off or worse off as a result of the year's activities"? The Statement of Net Assets, Statement of Activities, Statement of Revenues, Expenses, and Change in Net Assets, and the Statement of Cash Flows report information about the Commission as a whole and about its activities in a way that helps answer this question. These statements include *all* assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the Commission's *net assets* and changes in them. You can think of the Commission's net assets – the difference between assets and liabilities – as one way to measure the Commission's financial health, or *financial position*. Over time, *increases or decreases* in the Commission's net assets are one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the population of low income and elderly individuals.

In the Statement of Net Assets, Statement of Activities, Statement of Revenues, Expenses, and Change in Net Assets, and the Statement of Cash Flows the Commission's activities are reported as business-type activities:

- Business-type activities – The Commission charges rent to tenants to help cover all or most of the costs of services it provides.

REPORTING THE COMMISSION'S MOST SIGNIFICANT FUNDS

Our analysis of the Commission's major activities begins on page 9. The financial statements provide detailed information on all of the Commission's activities. The Commission uses proprietary funds to account for its activities. The method of accounting for proprietary funds is explained below.

- *Proprietary funds* – The Commission charges tenants rent for the housing services it provides and these services are reported in a proprietary fund. Proprietary funds are reported in the same way for its activities and are reported in the Statement of Net Assets and the Statement of Revenues, Expenses, and Change in Net Assets.

THE COMMISSION AS A WHOLE

The Commission's combined net assets for the year ended December 31, 2007 increased \$65,998 from the year ended December 31, 2006.

Table 1

NET ASSETS

	December 31,	
	2007	2006
Assets		
Current assets	\$ 259,157	\$ 227,527
Capital assets (net)	<u>352,723</u>	<u>312,883</u>
Total assets	<u>611,880</u>	<u>540,410</u>
Liabilities		
Current liabilities	<u>20,062</u>	<u>14,590</u>
Total liabilities	<u>20,062</u>	<u>14,590</u>
Net Assets		
Invested in capital assets, net of related debt	352,723	312,883
Unrestricted	<u>239,095</u>	<u>212,937</u>
Net Assets	<u>\$ 591,818</u>	<u>\$ 525,820</u>

Net assets of the Commission stood at \$591,818 for the year ended December 31, 2007 compared to \$525,820 for the year ended December 31, 2006. Unrestricted net business assets were \$239,095 for the year ended December 31, 2007 compared to \$212,937 for the year ended December 31, 2006. In general, the Commission's unrestricted net assets are used to fund operations of the Commission. The increase in current assets was due to a \$23,729 increase in cash and equivalents and \$7,903 increase in investments. The increase in current liabilities was primarily due to a \$5,377 increase in accounts payable.

Table 2

CHANGE IN NET ASSETS

	Year Ended December 31,	
	2007	2006
Revenues:		
Program revenues:		
Charges for services	\$ 91,163	\$ 88,037
Program grants and subsidies	117,506	47,184
General revenues:		
Other revenues	114	465
Unrestricted investment earnings	<u>8,476</u>	<u>7,588</u>
Total revenues	217,259	143,274
Program Expenses:		
Operating expenses	<u>151,261</u>	<u>149,009</u>
Change in net assets	65,998	(5,735)
Net assets - beginning of period	<u>525,820</u>	<u>531,555</u>
Net assets - end of period	<u>\$ 591,818</u>	<u>\$ 525,820</u>

BUSINESS – TYPE ACTIVITIES

Revenues for the Commission totaled \$217,259 for the year ended December 31, 2007 compared to \$143,274 for the year ended December 31, 2006. The Commission's average unit months leased on a monthly basis had increased during the current year. In addition, HUD operating funds and capital funding grants had also increased during the current year. The Commission depends on HUD operating and capital grants to assist in covering its operating expenses. The increase in operating expenses was primarily due to a \$3,000 increase in administrative expenses.

CAPTIAL ASSETS

Capital Assets

The Commission had \$1,092,127 invested in a variety of capital assets including land, equipment and buildings for the year ended December 31, 2007 compared to \$1,016,717 for the year ended December 31, 2006.

Table 3

CAPITAL ASSETS Business - Type Activity

	December 31,	
	2007	2006
Land	\$ 35,604	\$ 35,604
Land improvements	20,410	20,410
Building and improvements	990,135	914,725
Equipment	45,978	45,978
Total	1,092,127	1,016,717
Less accumulated depreciation	(739,404)	(703,834)
NET CAPITAL ASSETS	\$ 352,723	\$ 312,883

The Commission invested \$75,410 in capital assets during the year ended December 31, 2007.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Commission's appointed officials considered many factors when setting the budget for the calendar year 2008. The current availability of low income and elderly tenants has been a major contributing factor in establishing the budgeted amounts. In the upcoming year, we do not anticipate any significant change in the occupancy rate and availability of new tenants that will provide any substantial increase in revenues. There continues to be a variety of inflationary cost and expense issues out of the control of the Commission. All of these were taken into consideration during the 2008 budget process.

CONTACTING THE COMMISSION'S FINANCIAL MANAGEMENT

This financial report is designed to provide the readers with a general overview of the Commission's finances and to show the Commission's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Commission's Executive Director, Jane Gustafson, at 236 N. 3rd Avenue, Iron River, Michigan 49935, or call 906-265-4398.

The Management's Discussion and Analysis on pages 5 through 8 is not a required part of the financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Iron River Housing Commission's basic financial statements. The Financial Data Schedule is presented for the purpose of additional analysis as required by the U.S. Department of Urban Housing and Development and is not a required part of the basic financial statements. The Financial Data Schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

IRON RIVER HOUSING COMMISSION

NOTES TO FINANCIAL STATEMENTS

December 31, 2007

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

THE REPORTING ENTITY

The Iron River Housing Commission (Commission) was formed by the City of Iron River, Michigan under Public Act 18 of 1933 of the State of Michigan. The Commission operates under a Board of Commissioners appointed by the City of Iron River.

The Commission manages 31 units of low rent public housing units of which, for financial reporting purposes, includes all of the activities relevant to its operations.

Component Unit

In evaluating how to define the Commission for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement #14, *The Financial Reporting Entity* and as amended by GASB Statement #39.

The criteria established by the Governmental Accounting Standards Board for determining the various governmental organizations to be include in the reporting entity's financial statements include budget adoption, taxing authority, funding, appointment of the respective governing board, and scope of public service.

Based on the foregoing criteria, it was determined that there are no component units of the Iron River Housing Commission, but the Iron River Housing Commission is a component unit of the City of Iron River, Michigan.

The accounting policies of the Commission conform to accounting principles generally accepted in the United States of America. The following is a summary of such significant policies.

BASIS OF PRESENTATION

The Commission presents its financial statements in accordance with Governmental Accounting Standards Board (GASB) Statement No. 34.

Government-Wide Financial Statements:

The Statement of Net Assets, Statement of Activities, Statement of Revenues, Expenses and Change in Net Assets, and the Statement of Cash Flows display information about the Commission as a whole. They include all business-type activities of the Commission. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

IRON RIVER HOUSING COMMISSION

NOTES TO FINANCIAL STATEMENTS

December 31, 2007

(Continued)

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

BASIS OF PRESENTATION (Continued)

Proprietary Fund

Proprietary Funds are used to account for operations, (a) which are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus:

The government-wide Statement of Net Assets, Statement of Activities, Statement of Revenues, Expenses and Change in Net Assets, and the Statement of Cash Flows are presented using the economic resource measurement focus as defined below.

- a. The Commission utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets, financial position and cash flows. All assets and liabilities, whether current or noncurrent, associated with their activities are reported.

Basis of Accounting:

The Statement of Net Assets, Statement of Activities, Statement of Revenues, Expenses and Change in Net Assets, and the Statement of Cash Flows are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

As allowed by GASB Statement No. 20, the Commission's business-type activity follows all GASB pronouncements and FASB Statements and Interpretations that were issued on or after November 30, 1989, except those that conflict with a GASB pronouncement.

IRON RIVER HOUSING COMMISSION

NOTES TO FINANCIAL STATEMENTS

December 31, 2007

(Continued)

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ASSETS, LIABILITIES AND NET ASSETS

- a. Cash and Equivalents – The Commission’s cash and cash equivalents, as reported in the Statement of Cash Flows and the Statement of Net Assets, are considered to be cash on hand, demand deposits, and short-term investments with maturities of three months or less.
- b. Receivables – All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.
- c. Due to and Due From Other Programs – Interprogram receivables and payables arise from interprogram transactions and are recorded by all funds affected in the period in which transactions are executed.
- d. Capital Assets – Capital assets purchased or acquired are capitalized at historical cost or estimated historical cost. Donated capital assets are valued at their estimated fair market value on the date received.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets.

Depreciation on all assets is provided on the straight-line basis over the estimated useful lives as follows:

Buildings and improvements	10-40 years
Furniture and other equipment	5-10 years

The Commission has adopted a capitalization policy for capital assets of \$500 per item.

- e. Compensated Absences - It is the Commission’s policy to permit employees to accumulate a limited amount of earned but unused sick leave and vacation days, which will be paid to employees upon separation from the Commission. The cost of vested sick leave and vacation days are recognized as an expense as earned by the employees.
- f. Equity Classification

Government-Wide Statements:

Equity is classified as net assets and displayed in two components:

- 1. Invested in capital assets – Consists of capital assets, net of accumulated depreciation.

IRON RIVER HOUSING COMMISSION

NOTES TO FINANCIAL STATEMENTS

December 31, 2007

(Continued)

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ASSETS, LIABILITIES AND NET ASSETS (Continued)

2. Unrestricted net assets -- All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

REVENUES AND EXPENSES

Operating revenues and expenses are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, noncapital financing, or investing activities. Expenses are classified by operating and nonoperating and are subclassified by function, such as salaries, supplies, and contracted services.

OTHER SIGNIFICANT ACCOUNTING POLICIES

Interprogram Activity:

As a general rule, the effect of activity between programs has been eliminated from the government-wide statements.

The transfers of cash between the various Authority programs are reported separately from revenues and expenses as operating transfers in or (out), unless they represent temporary advances that are to be repaid, in which case, they are carried as assets and liabilities of the advancing or borrowing program.

Interprogram receivables and payables are eliminated from the Statement of Net Assets.

Budgets and Budgetary Accounting:

Budgets are adopted on a basis prescribed or permitted by the Department of Housing and Urban Development. All annual appropriations lapse at fiscal year end. The Commission follows these procedures in establishing the budgetary date reflected in the financial statements:

1. The Director submits to the Board a proposed operating budget for the fiscal year commencing on January 1st. The operating budget includes proposed expenses and the means of financing them. Prior to December 31st, the budget is legally adopted by Board resolution.
2. Formal budgetary integration is employed as a management control device during the year.
3. The budget has been amended. Supplemental appropriations were made during the year with the last one approved prior to December 31st.

IRON RIVER HOUSING COMMISSION

NOTES TO FINANCIAL STATEMENTS

December 31, 2007

(Continued)

NOTE B - CASH AND INVESTMENTS

Cash and Equivalents

The Commission's cash and equivalents, as reported in the Statement of Net Assets, consisted of the following:

Petty cash	\$	50
Checking accounts		67,058
Savings accounts		<u>8,213</u>
TOTAL	\$	<u>75,321</u>

Custodial Credit Risk. Custodial credit risk is the risk that in the event of a bank failure, the Commission's deposits may not be returned. State law does not require, and the Commission does not have a policy for deposit custodial credit risk. As of December 31, 2007, the Commission's cash and equivalents were not exposed to credit risk due to them being fully insured.

Investments

The Commission's investments, as reported in the Statement of Net Assets, consisted of the following:

<u>Investment Type</u>	<u>Fair Value</u>	<u>(Investment Maturities in Years)</u>
		<u>Less Than 1 Year</u>
Certificates of Deposit	<u>\$178,060</u>	<u>\$178,060</u>

Investments are recorded at fair market value, which is based on quoted market prices.

Michigan statutes authorize the Commission to invest in bonds, other direct obligations and repurchase agreements of the United States, certificates of deposit, savings accounts, deposit accounts or receipts of a bank which is a member of the FDIC, commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and matures within 270 days of date of purchase, bankers' acceptances of United States banks, obligations of the State of Michigan and its political subdivisions, external investment pools, and certain mutual funds.

Custodial Credit Risk. Custodial credit risk is the risk that in the event of a bank failure, the Commission's investments may not be returned. As of December 31, 2007, the Commission held investments in excess of FDIC insurance limits in the amount of \$12,596 which were uninsured and uncollateralized.

IRON RIVER HOUSING COMMISSION

NOTES TO FINANCIAL STATEMENTS

December 31, 2007

(Continued)

NOTE B - CASH AND INVESTMENTS (Continued)

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the Commission's investments. State law limits the allowable investments as described above. The Commission does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. Credit risk is the risk that an issuer or other party to an investment will not fulfill its obligations. The Commission has no investment policy limiting its investments in excess of state law on investment credit. Ratings are not required for the Commission's investments outlined above. The Commission's investments are in accordance with statutory authority.

Concentration of Credit Risk. The Commission places no limit on the amount the Commission may invest in one issuer. However, the Commission is required to have all funds in excess of insured amounts to be collateralized. The Commission's investments and balances are with the following financial institutions:

Miners State Bank, Iron River, MI	\$ 87,414
Citizens Bank, Iron River, MI	30,000
CoVantage Credit Union, Antigo, WI	<u>60,646</u>
Total	<u>\$178,060</u>

NOTE C - CAPITAL ASSETS

A summary of capital assets for the year ended December 31, 2007 is as follows:

	Balance 1-1-07	Additions	Deletions	Balance 12-31-07
Land	\$ 35,604	\$ -	\$ -	\$ 35,604
Land improvements	20,410	-	-	20,410
Building and improvements	914,725	75,410	-	990,135
Equipment	<u>45,978</u>	<u>-</u>	<u>-</u>	<u>45,978</u>
	1,016,717	<u>\$ 75,410</u>	<u>\$ -</u>	1,092,127
Accumulated depreciation	<u>(703,834)</u>	<u>\$ (35,570)</u>	<u>\$ -</u>	<u>(739,404)</u>
Net capital assets	<u>\$ 312,883</u>			<u>\$ 352,723</u>

Depreciation expense for the year was \$35,570.

IRON RIVER HOUSING COMMISSION

NOTES TO FINANCIAL STATEMENTS

December 31, 2007

(Continued)

NOTE D - RISK MANAGEMENT

The Commission is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Commission maintains commercial insurance covering each of these risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Commission. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

NOTE E - USE OF ESTIMATES

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE F - VULNERABILITY DUE TO CERTAIN CONCENTRATIONS

The Commission is dependent upon the Department of Housing and Urban Development (HUD) to fund its operations through operating subsidies and capital funding grants. Total revenues for the year ended December 31, 2007 totaled \$217,259 of which \$117,506 or 54.1% was from HUD subsidies and grants.

The operations of the project are subject to rules and regulations of HUD. These rules and regulations are subject to change. Such changes may occur with short notice and could create a lack of funding to pay for operational related costs, including the additional administrative burden to comply with the changes.

NOTE G - PENSION PLAN

The Commission adopted a Simple IRA plan during calendar year 2007 in which the Commission contributes 8% of qualified wages. To be eligible, an employee must have twelve continuous months of service. The Commission contributions to the Plan during the year amounted to \$410.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Commissioners
Iron River Housing Commission
Iron River, Michigan

We have audited the financial statements of Iron River Housing Commission as of and for the year ended December 31, 2007, and have issued our report thereon dated September 26, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Iron River Housing Commission's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Iron River Housing Commission's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Iron River Housing Commission's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies described in the accompanying Schedule of Findings and Responses as item 2007-1 to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weakness. We did not identify any deficiencies in internal control over financial reporting that we consider to be a material weakness, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Iron River Housing Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

(Continued)

This report is intended solely for the information of the Board of Commissioners, management and the Department of Housing and Urban Development and is not intended to be and should not be used by anyone other than those specified parties.

IRON RIVER HOUSING COMMISSION

SCHEDULE OF FINDINGS AND RESPONSES

For the Year Ended December 31, 2007

FINDINGS – FINANCIAL STATEMENT AUDIT

SIGNIFICANT DEFICIENCIES

Finding 2007-1

Reportable Condition:

It was noted during the audit that due to the size of operations, the Commission did not have adequate segregation of duties.

Criteria:

24 CFR 85.20 requires the Commission to have effective internal controls and accountability must be maintained for all funds. To ensure effectiveness of internal control, adequate segregation of duties should exist among those who perform accounting procedures and internal control activities over assets of the Commission. Although segregation of duties is the most difficult to achieve in a Commissions of your size, it still must be considered and addressed in an effective manner.

Condition:

Although the Commission did not have proper segregation of duties, we noted that mitigating or compensating controls were not designed to reduce the risk of errors or irregularities.

Questioned Costs:

None

Effect:

The existence of adequate segregation of duties would reduce the risk of errors and irregularities that could affect the financial statements or custody of assets.

Cause:

The size of the Commission was the reason for the lack of segregation of duties.

Recommendation:

The Commission's management along with its Board should design a system of internal controls that would contain mitigating controls that would attempt to address the lack of segregation of duties.

Management's Response:

Management recognizes the importance of effective internal controls and the segregation of duties, but is limited due to the size of the Commission. Management along with the Board will attempt to design mitigating controls where it feels the cost will out way the benefit.
