MSU is an affirmative-action. equal-opportunity employer. Michigan State University Extension programs and materials are open to all without regard to race, color, national origin, sex, gender, gender identity, religion, age, height, weight, disability, political beliefs, sexual orientation, marital status, family status or veteran status.

n accordance with Federal law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, disability, and reprisal or retaliation for prior civil rights activity. (Not all prohibited bases apply to all programs.)

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, and American Sign Language) should contact the responsible State or local Agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a complainant should complete a Form AD 3027, USDA Program Discrimination Complaint Form, which can be obtained online, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410; or

(833) 256-1665 or (202) 690-7442;

program, intake@usda.gov.

This institution is an equal opportunity provider.

onforme a la ley federal y las políticas y regulaciones de derechos civiles del Departamento de Agricultura de los Estados Unidos (USDA), esta institución tiene prohibido discriminar por motivos de raza, color, origen nacional, sexo, edad. discapacidad, venganza o represalia por actividades realizadas en el pasado relacionadas con los derechos civiles (no todos los principios de prohibición aplican a todos los programas)

La información del programa puede estar disponible en otros idiomas además del inglés. Las personas con discapacidades que requieran medios de comunicación alternativos para obtener información sobre el programa (por ejemplo, Braille, letra agrandada, grabación de audio y lenguaie de señas americano) deben comunicarse con la agencia estatal o local responsable que administra el programa o con el TARGET Center del USDA al (202) 720-2600 (voz y TTY) o comunicarse con el USDA a través del Servicio Federal de Transmisión de Información al (800) 877-8339.

Para presentar una que a por discriminación en el programa, el reclamante debe completar un formulario AD 3027. Formulario de queia por discriminación del programa del USDA, que se puede obtener en linea, en cualquier oficina del USDA, llamando al (866) 632-9992. o escribiendo una carta dirigida al USDA. La carta debe contener el nombre, la dirección y el número de teléfono del reclamante, y una déscripción escrito de la supuesta acción discriminatoria con suficiente detalle para informar al Subsecretario de Derechos Civiles (ASCR. por sus siglas en inglés) sobre la naturaleza y la fecha de la presunta violación de los derechos civiles. La carta o el formulario AD-3027 completado debe enviarse al USDA por medio de:

correo postal:

Instructions for Webinar Participation

Getting Started: Fiscal Sustainability will start at

- The webinar will begin at (add time).
- Audio is through your computer speakers or headset: You may not hear sound until webinar begins.
- Use the Audio Settings option to do a sound check.
- During the webinar if you do not hear audio, make sure your sound is turned on then contact the Help Desk.

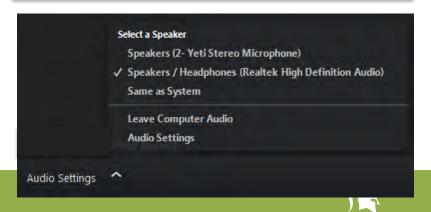

Send Message Ask Questions Sound Check

How to Ask Questions

- 1.Click on the Q&A icon to submit a question to the presenters.
- 2. Type your question in the box and click the Send button.

Help Desk

Call the Distance Learning Help Desk (800) 500-1554 for technical support.

Fiscally Sustainable Government

A government that can pay its bills now and in the long term

- I) without placing an undue burden on taxpayers;
 - 2) while still ensuring the health, safety and welfare of its residents

Fiscal Health

- Can be short-term or long-term
- **Solvency**: Does the government have the means available to cover its existing obligations in the long run?

Cash solvency

Budgetary solvency

Long-term solvency

Service solvency

Fiscal sustainability = long term fiscal health

The Fiscal Equation

Revenues = Spending

- Over what time period?
- What sources of revenue?
- Changes in spending pressures?

Fiscal Gap: Revenue < Spending

Can be short-term (cash insolvency) or long-term

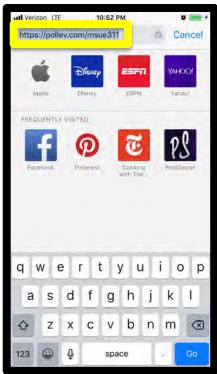

Budget Planning

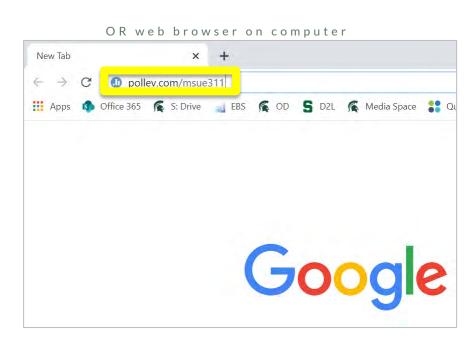

- Frame the process around strategic plans and priorities
- Get comfortable with uncertainty
 - Use the best information you have, look at prior experience, plan for multiple scenarios

CONNECT TO POLL EVERYWHERE

OR text message

In one word, describe the purpose of a budget

The Budget Is...

- A financial plan
- A policy document

The most important document local governments produce each year

When faced with a decision on a specific budget item, what key factors influence your decision?

Key Questions When Putting Together a Budget

- What is the rationale for public provision of the service?
- If cuts are necessary how do you implement them?
 - Across the board or targeted?
- What are the results of downsizing or eliminating a service?
- How do you measure success?

Budget as Policy

Treat your budget as a set of strategies and tactics to address problems identified in your community.

- Evaluate options compared to each other
 - Cost/Benefit Analysis
 - "Social" Cost/Benefit Analysis
 - Trade-offs
 - Public Input

A "Fiscally Sustainable" Budgeting Process

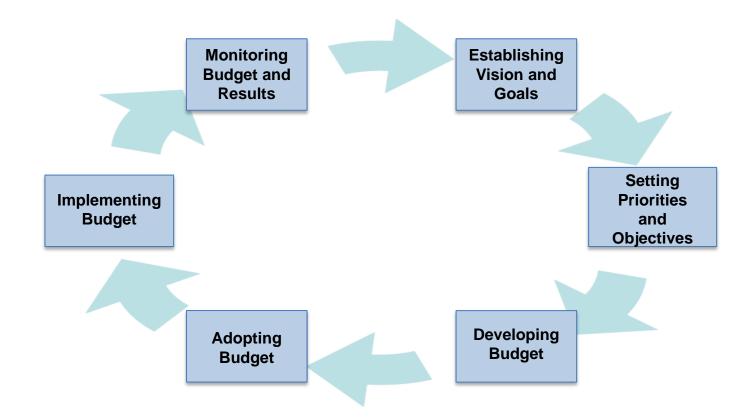

- Is multi-year in nature
- Addresses capital costs, legacy costs and reserves along operating costs
- Works at a strategic level rather than line-items (performance measures included)
- Is part of an overall strategic planning process

Best Practices for a Fiscally Sustainable Budget Process

- Assess Community Needs, Priorities, Challenges and Opportunities (needs assessment)
- **Establish** Broad Goals to Guide Governmental Decision Making (strategic plan)
- Evaluate policy options in addressing broad goals
- Adopt Financial Policies including multi-year budgeting and forecasting
- Compare actual to expected performance

Challenges to Strategic Planning

- Tendency to focus on outputs
- Poorly written outcomes
- Lack of political will to make decisions based on data from measures
- Strong desire to revert to incremental budgeting and decision-making

Effective Budgeting, Four Principles

- From the National Advisory Council on State and Local Budgeting (NACSLB)
 - Set broad goals to guide decisions,
 - Develop strategies and financial policies to achieve goals,
 - · Design a budget consistent with strategies and goals, and,
 - Continually evaluate performance and make adjustments toward achieving goals.

NATIONAL ADVISORY COUNCIL ON STATE AND LOCAL BUDGETING

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Effective Budgeting, Five Features

- A good budget process:
 - Incorporates a long term perspective
 - Establishes linkages to broad organizational goals
 - Focuses budget decisions on results and outcomes
 - Involves and promotes effective communication with stakeholders
 - Provides incentives to government management and employees.

 NATIONAL ADVISORY COUNCIL
 ON STATE AND LOCAL BURGETS

ON STATE AND LOCAL BUDGETING

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Budgeting When Facing Uncertainty

Before making expenditure decisions:

- Understand your financial position and clearly articulate the goal of any budget cuts or changes
- Examine rainy day fund
- Look for ways to involve the public

Planning for Reduced Operating Expenses

- Consider long-term impacts of spending cuts
- Avoid across the board cuts that take funds away from higher priority programs and services
- Prioritize cuts that have a short time-to-benefit, are not complex, and are easily reversible

What are things your local units have done in response to financial uncertainty recently?

Proven Strategies

- Act quickly
- Take a long-term view
- Focus on core mission
- Foster creativity
- Manage revenue as carefully as expenditures
- Look for areas of consistent surplus in prior budgets

Evaluation!

Fiscally Ready Communities Budgeting for Fiscal Sustainability

Eric Cline, Community Services Division

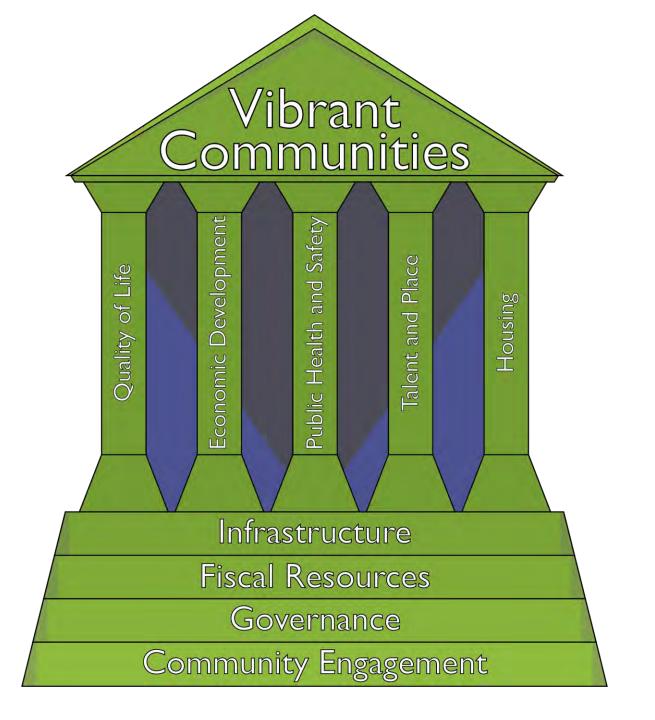

Kayla Rosen, Community Engagement and Finance Division

Roxanne Foster, Community Engagement and Finance Division

October 27, 2020

Goals of the Fiscally Ready Communities Trainings

- Building resilient communities through strong operational and financial policies.
 - oProviding guidance on operational and financial best practices.
 - Olncreasing educational fluency.
- Providing technical assistance.

Topics For Today's Training

- Process and Pitfalls
- Communication
- Design
- Budgeting for Tough Decisions in a Changing Economy
- How to Approve Budget
- Budget Performance, Review and Amendments
- Multi-year Forecasting
- Resources

Budget Process and Pitfalls

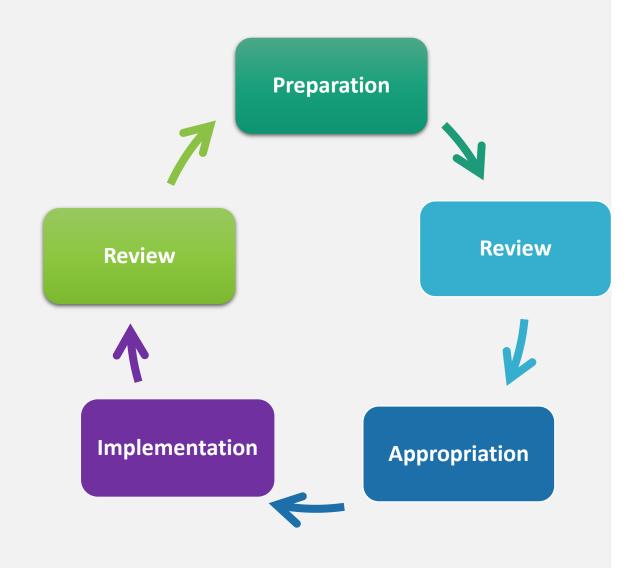

The Budget!

- More than a spreadsheet of numbers, it is:
 - A policy document
 - An operations guide
 - A financial plan
 - A communications device
- A plan that balances your immediate and long-term needs

Developing a Budget Document

- Charter and internal requirements
- Legal requirements
- Have a budget calendar
- Have a document to explain the budget
- Involve staff in draft developments
- Have workshops with the elected body
- Develop a balanced budget

Preparing for Your Budget

- When to start and what is the timeline
 - Create a check list
- Who to include internally
- Why and how to include the public
 - o Citizen engagement is critical
- How to get feedback
 - Surveys, open hours, workshops, newsletters, budget summaries, using social media
- How to plan for future needs
- Tie to capital improvement plan (CIP), other plans and board organizational goals

Preparing: Questions to Ask Yourself

- How do you make decisions?
 - Who is making the decisions? (elected officials, department heads, committees, citizen input, combination, or all of these)

- How often do you review your process?
 - We recommend reviewing your process before each cycle starts.

- How often do you review your budget?
 - At a minimum quarterly.

Other Preparation Points:

- What is your local government's budget process?
 - It is important to identify who is involved in what steps, such as department heads (at a minimum)
 - Have separate timelines for the current and upcoming fiscal years (they will overlap)
- What are your local government's goals?
 - O What are you trying to accomplish?
 - O Are you trying to maximize your revenue, cut your expenditures this year, or just continue to provide key services?
- What factors affect your budget?
 - O Do you have any labor negotiations for contracts?
 - Did/do you change staff work hours/lay-off staff?

Guidance on Adopting a Budget

- Provide enough time for review of the final draft
- Required notification times
- A public hearing
- Have a formal presentation
- Budget/Appropriations resolutions
- Distribute copies after approval

Common Budgeting Pitfalls

- Starting with no goals or strategy of what to accomplish
- Failing to forecast your revenue during the budgeting process
- Failing to include information from other sources (Capital Improvements Plan (CIP), Tax Increment Finance (TIF), Recreation Plan, etc.)
- Failing to account for changes such as new Collective Bargaining Agreements (CBA), debt payments, grants or one-time revenue
- Not reviewing/updating your fee schedule annually

Other Budgeting Pitfalls

Rushing or having no timeline at all

Having poor or no data on how past budgets performed

 Not educating or including elected officials in the budget process or in what is included in the draft budget

Not involving staff in the development phase

Even More Budgeting Pitfalls

- Not providing a draft copy for public inspection
- Not holding a public hearing and/or failing to follow a proper adoption process
- Not adopting a budget resolution and an appropriations resolution

 Budgeting alone, without reaching out/reviewing to your neighboring communities

Benefits of Good Processes

• Help to reduce the risk of inefficiencies and fraud

Allow regular review of your financial position

Allow you to adapt to changing circumstances

Minimize violations of Public Act 2 of 1968, as amended

Communication

Communicating the Purpose of Your Budget

- What is the purpose of a budget?
 - Not just adopting a spending plan but it tells the history
 - It is a plan for the future
 - A communication tool

Communicating the Purpose of Your Budget

- As communities face difficult decisions this year, it will be important that community leadership provide information to their communities and get feedback on those decisions.
 - Ask for public comment/public hearings
 - Take surveys
 - Interactive activities for public engagement

 Actively engaging residents up-front can minimize tension when difficult decisions must be made.

Budget Design

Designing Your Budget

Your budget should follow:

- Your budget policy
- Any Charter requirements
- State law
- Why is it important?
- Deciding what to include in your budget?
 - o Minimum requirements under state law
 - o More comprehensive budget document going above and beyond
- Certain funds require a budget governmental funds
 - o General fund, special revenue funds
- It is recommended that funds have a budget for management purposes
 - Enterprise funds, internal service

Minimum Requirements for a Budget Document

- For Prior Fiscal Years:
 - The amount of accumulated surplus or deficit (ending fund balance)
- From the Prior Fiscal Year:
 - Actual expenditures and revenue data
- For the Current Fiscal Year:
 - Estimated expenditures and revenues
 - Estimate of expected surplus or deficit

- For the Next Fiscal Year:
 - Estimate of required expenditures
 - Estimate of revenues (by revenue source)
 - Estimate of amounts
 needed for deficiency
 - Estimate for contingent or emergency purposes
 - Estimate of expected surplus

Minimum Budget Requirements

- The prior fiscal year
- The current fiscal year
- The next fiscal year
- The accumulated surplus or deficit from the prior fiscal years (fund balance).

CAPITAL IMPROVEMENT PLAN	

Budgeting for Tough Decisions in a Changing Economy

Making Hard Decisions!

- Why make tough decisions today?
 - o Proactively address concerns and issues before they compound
- How to compare decisions?
 - You need a clear, defined way to evaluate your decisions and communicate how you made them
- Focus on outcomes
 - Follow your plans (budget cut plan, CIP, goals), this will help support your local government when you do have to make cuts
 - While there is flexibility in this, it is important to have a plan on how you will make cuts
 - Evaluate potential cuts based on the outcome they will have

Adapting Your Budget

- Be conservative for your revenue and expenditures
 - This way you are prepared for unexpected events
- Ensure transparency with employees and the public
 - Talk about what revenue areas might decrease and which expenditures will increase
- Use forecasting and update on a regular basis

Ensuring You Have Money for a Rainy Day

- It is important to build a fund balance and have cash reserves while the economy is good
 - Here are the approximate fiscal year 2019 median unrestricted general fund balances by government type (unrestricted fund balance as a percentage of general fund revenue excluding other financing sources)
 - Townships 152%
 - Charter Townships 103%
 - Villages 81%
 - Cities 42%
 - Counties 36%
 - It is important to plan ahead of cash needs (debt payments, utility bills, payroll, etc.)

What Projects/Expenditures Do You Prioritize?

- Debt payments
- Pension/OPEB required costs
- Payroll
- Utility payments
- Planned capital improvements

What Is Your Plan for Capital Projects?

- What is coming up in your approved schedule?
 - What projects can you delay? And what is the cost of delaying these projects?
 - Will this affect your partners that you are coordinating projects with?
 - OWhat if the projections take a turn for the worse?
- What is critical/mandatory and must be done?
 - OGrant projects, federal or state requirements
- What is your process to update your capital project schedule as changes occur?
- *Note: A 6-year CIP is required under the Planning and Enabling Act

Budget Approval

Approving Your Budget

- What level is your budget approved?
 - Activity or line item level
 - Activity level gives you more flexibility to reallocate within the activity
 - Line item allows for a more detailed look into individual revenue and expenditures
- You need to have a balanced budget
 - It is important to note that your budgeted expenditures
 CANNOT be higher than your budgeted revenue plus your fund balance
 - Therefore, it is important to include your fund balance in your budget

Required Actions for Budget Adoption

- The chief administrative officer:
 - Has the final responsibility for budget preparation and controls expenditures under the budget
 - Presents the recommended budget to the elected body before the start of the budget year. A timeline shall be followed to allow adequate time for review and adoption
 - Provides the elected body with information it requires for proper consideration of the recommended budget
 - Includes with the recommended budget a draft general appropriation act to implement the budget

Required Actions for Budget Adoption

- The elected body:
 - o Considers the recommended budget provided by the chief administrative officer.
 - Holds a public hearing as required by the Budget Hearings Act (1963 (2nd Ex Sess) PA 43), and the Open Meetings Act, (1976 PA 267), before final adoption of a general appropriations act.

At least 6 days notice should be given of the hearing by publication in a newspaper of general circulation within the local unit. The notice **shall** include the time and place of the hearing and **shall** state the place where a copy of the budget is available for public inspection. The notice **shall** also include the following statement printed in 11-point boldfaced type: "The property tax millage rate proposed to be levied to support the proposed budget will be a subject of this hearing."

A Sample Budget Timeline to Prepare to Pass Your Budget

Please review all charter requirements and state laws prior to passing your budget

Minimum time before your fiscal year end (FYE)	Step
4 months before your FYE	Chief administrative officer or fiscal officer asks department heads to compile budget requests for the coming fiscal year
3 months before your FYE	Department heads submit budget requests for the coming fiscal year
2 month before your FYE	Chief administrative officer presents the proposed budget to the legislative body
I months before your FYE	Council review completed; revisions made; union negotiations completed, etc.
3 weeks before your FYE	If necessary, council adopts a resolution on the proposed additional millage rate for the coming fiscal year
2 weeks before your FYE	Publish notice of public hearing on proposed budget (6 days prior to hearing), including time, place, and where a copy of the budget is available for public inspection. The notice shall also include the following statement printed in 11-point boldfaced type MCL 141.412): "The property tax millage rate proposed to be levied to support the proposed budget will be a subject of this hearing."
I week before your FYE	Public hearing on budget; budget adopted

Preparing to Amend Your Budget

Review your revenue and expenditure report monthly

Amend your budget not less than quarterly if necessary—this should include all the same people as passing your budget.

 The governing body should approve any revenue or expenditures that have changed or expect to be changed. Budget
Performance,
Review, and
Amendments

Measuring Your Budget Success

- How often do you monitor your budget?
- What do you look for?
- When do you amend it?

Multi-year Forecasting

How to Begin Implementing Multi-Year Forecasting

- Be proactive!
- Best Practices:
 - 5-year forecast;
 - 2-year budget adopted annually.
- How to begin:
 - Start with a 2-year forecast and build complexity over time.
 - The first year should be the current fiscal year budget.
 - Update the forecast on a rolling basis, adopted with your budget annually.
- Link your forecast to your strategic plan and goals.
- Involve your staff in the forecasting process.

Multi-year Forecasting

- How do you do it?
 - Develop a rolling projection that becomes more accurate as the specific year gets closer
 - Process of multi-year forecasting runs concurrently with the budget process
 - Update on a rolling basis
- Revenue: conservative estimates
- Expenditures: realistic estimates
 - Prioritize required expenditures such as debt, payroll, pension & OPEB costs, etc.

Multi-year Forecasting

- What sources of information do you use?
 - Debt payment schedules
 - Capital improvements plan
 - Actuarial valuations for pension and OPEB
 - General ledger Trial balances
- How do you project the unknown?
 - Identify costs that are fixed debt payments, planned projects, payroll assumptions, healthcare, etc.
 - Three to five-year historical average for revenue and expenses.
