

State Tax Commission February 10, 2010 Tip (3)
Topic: New Entry Level Educational Program

Dear STaCy,

I really want to become a certified assessor in Michigan and I'm excited about the new class to receive my Michigan Certified Assessing Officer Certificate. Do you know when the classes will start and will they only be offered once a year or once every two years?

Respectfully,
Wanna Bee

Dear Ms. Bee:

We are glad you like the idea behind the new educational program. We are working, even today, to start the process for the development of the written material that will be used in the classes. We are hopeful that we will be able to start offering the class later this fall. It is our intent to offer the entry level class twice a year. Thanks for asking and good luck on obtaining your certification.

Sincerely,
STaCy
