**Receipts and Distribution of Indian Casino Revenue
by Local Revenue Sharing Boards Report
2009**

Section 971 (5) of Public Act 128 of 2009 requires Treasury to report to the House and Senate Appropriations Committees and the State Budget Director on the receipts and distribution of Indian Casino revenues by local revenue sharing boards (local government units).

Under the Consent Judgment, the seven tribes who signed the August 1993 Tribal-State Gaming Compact are required to pay 2 percent of their net win to local units of government in the immediate vicinity of each tribal casino, where net win is defined as the total amount wagered on each electronic game of chance, minus the total amount paid to players for winning wagers at said electronic machines.

Under the December 1998 Compact agreement, the four tribes who gained the right to open a casino in Michigan (Little River Band of Ottawa, Little Traverse Bay Band of Odawa, Nottawaseppi Huron Band of Potawatomi, and Pokagon Band of Potawatomi) are required to pay 2 percent of their net win to the Local Revenue Sharing Board (LRSB). The LRSB's sole function is to determine and make allocations of the tribal payments to all local units of government that incur costs for hosting the casinos.

In 2009, eleven tribes operated casinos in Michigan, under either the 1993 or 1998 Compact. Historical data on the 2 percent payment made by these tribes to their respective local units of government was obtained from the Michigan Gaming Control Board (MGCB) website (http://www.michigan.gov/documents/2_percent_Payments_76617_7.pdf, 03/18/2010 release).

From 1994 through 2009, Native American Tribes operating casinos in Michigan have made total payments of \$234.6 million to local units of government. In 2009, those payments totaled \$23.9 million.
