Each petition must include calculations showing how the proposed revision in value was calculated. This may include a requirement that calculations be submitted to support a recalculation of the taxable value from the later of the following dates:

- I. January I, 1995.
- 2. The assessment year following the year of the last transfer of ownership.
- 3. The assessment year that an omitted improvement should have been added to taxable value.

All boxes on the petition form MUST be completed, including the assessed and taxable value.
