#### STORM REPORTING (810) 441-0898

- 1 Pontiac, Michigan
- 2 Tuesday, August 26, 2014
- 3 12:59 p.m.
- 4 THE CHAIRPERSON: Okay. I'm going to call
- 5 the August meeting of the Receivership Transition
- 6 Advisory Board for Pontiac to order.
- 7 And let's have roll call.
- 8 MR. CLINE: All right. Robert Burgess.
- 9 MR. BURGESS: Here.
- 10 MR. CLINE: Keith Sawdon.
- 11 MR. SAWDON: Here.
- MR. CLINE: Louis Schimmel.
- 13 THE CHAIRPERSON: Here.
- MR. CLINE: Mr. Koryzno is excused for today
- due to a family incident but we do have a quorum.
- 16 THE CHAIRPERSON: Right. And so I'll be
- sitting in, running the meeting in his absence. And
- 18 I'd like to remind everybody here that, if they don't
- 19 have an agenda, there's one in the back. And, also, if
- 20 they'd like to speak to the Board for two minutes at

| 21 | the end, they may do so but they need to sign up now,  |
|----|--|
| 22 | not at the end. So if anyone would like to speak, they |
| 23 | should sign up now.                                    |
| 24 | I'd entertain a motion for the approval of             |
| 25 | the agenda.  |
|    | STORM REPORTING<br>(810) 441-0898                      |
|    | 4  |
|    |  |
| 1  | MR. CLINE: One thing, just for the record, I           |
| 2  | just noticed that the on the top of the agenda, the    |
| 3  | date says Wednesday, the 26th as opposed to Tuesday.   |
| 4  | So I just wanted to make note of that.                 |
| 5  | THE CHAIRPERSON: All right.                            |
| 6  | MR. SAWDON: I'll make that motion with the             |
| 7  | change.  |
| 8  | MR. BURGESS: I second.                                 |
| 9  | THE CHAIRPERSON: All those in favor, say               |
| 10 | "Aye".   |
| 11 | BOARD MEMBERS: Aye.                                    |
| 12 | THE CHAIRPERSON: Motion carries.                       |
| 13 | Back to the approval oh, the well, is                  |
| 14 | that the agenda as well; is that what we just did?     |
| 15 | MR. CLINE: Yes.  |
| 16 | THE CHAIRPERSON: All right. So then we'll              |
| 17 | have the approval of the minutes of the July 16, 2014  |

TAB meeting with the following amendments attached, and

| 19 | you all have a copy of the amendments that were        |
|----|--|
| 20 | attached.  |
| 21 | MR. SAWDON: I'll make that motion but I did            |
| 22 | find one other item that needed to be adjusted. It's   |
| 23 | on Page 36, Line 6. I didn't see it in the in the      |
| 24 | list. It reads "that you", it should be "thank you".   |
| 25 | Small small change.                                    |
|    | STORM REPORTING<br>(810) 441-0898                      |
|    | 5  |
|    |  |
| 1  | THE CHAIRPERSON: Well, let's entertain a               |
| 2  | motion and put that in as well.                        |
| 3  | MR. BURGESS: Second.                                   |
| 4  | THE CHAIRPERSON: Okay. All in favor, say               |
| 5  | "Aye".   |
| 6  | BOARD MEMBERS: Aye.                                    |
| 7  | THE CHAIRPERSON: That is approved.                     |
| 8  | Under Old Business, Mr. Cline, maybe you               |
| 9  | could comment on this.                                 |
| 10 | MR. CLINE: Yes. You have a report that I               |
| 11 | put together regarding the status of the GER           |
| 12 | recommended GERS ordinance amendments and the proposed |
| 13 | 420 transfer and, as we have gotten more information   |
| 14 | from the City and the GERS Board, the whole issue,     |
| 15 | really, kind of breaks down into three different       |

topics:

| 17 | One is the preservation of the tax exempt               |
|----|---|
| 18 | status for the plan. The second is the 420 transfer     |
| 19 | and the third is this voluntary correction program      |
| 20 | component.  |
| 21 | We did receive some information from the                |
| 22 | City. They had directly spoken with the IRS. And what   |
| 23 | they relayed to us was that the IRS was the agency that |
| 24 | linked the 420 transfer and the tax exempt status       |
| 25 | together because, per their regulations, an application |
|    | STORM REPORTING<br>(810) 441-0898                       |
|    | 6   |
|    |   |
| 1  | for a 420 transfer cannot stand alone, it has to be     |
| 2  | linked to something. So they typically link it to a     |
| 3  | tax-exempt status and it runs for five years.           |
| 4  | Now, what has happened is that the IRS                  |
| 5  | indicated to City officials that they have extended the |
| 6  | tax-exempt status of the plan through December 31st,    |
| 7  | 2019. And they did this back in November of 2013. So    |
| 8  | I am not at all clear why that part of this hasn't been |
| 9  | communicated to this Board before now.                  |
| 10 | But apparently, as best I can determine, that           |
| 11 | particular issue is now cleared up and we don't have to |
| 12 | worry about that. So what I consider to be the most     |
| 13 | expedient portion that we have to be concerned with is  |
|    |   |

now off the table.

| 15 | The second component is the 420 transfer,               |
|----|---|
| 16 | which although the IRS has given the City their         |
| 17 | approval to engage in 420 transfer through 2021, when   |
| 18 | the entire option for a 420 transfer expires, the City  |
| 19 | would still be required to comply with all of the other |
| 20 | requirements, such as recommended by by the GERS        |
| 21 | attorney to acquire an AG's opinion on resolving IRS    |
| 22 | law regulations with State law, in the special          |
| 23 | actuarial variation or evaluations, making sure that    |
| 24 | all employees that need to be vested are and and the    |
| 25 | end list of the requirements.                           |

| l  | As we determined, I believe at the last                 |
|----|---|
| 2  | meeting, the City has not met these requirements so     |
| 3  | they cannot, at this time, engage in a 420 transfer if  |
| 4  | they wanted to. And they also did not have any real     |
| 5  | funding plan in place to adequately utilize this        |
| 6  | transfer.   |
| 7  | The final component is this voluntary                   |
| 8  | compliance program and, to be completely candid about   |
| 9  | it, I still haven't been able to get enough information |
| 10 | to clearly determine how that component fits into the   |
| 11 | rest of this. So I guess the simplest way to say it is  |
| 12 | I don't really know what to recommend for that, other   |

| 13 | than it's sort of there but I don't think we have to    |
|----|---|
| 14 | take any immediate action on it.                        |
| 15 | So in light of all this, what I am                      |
| 16 | recommending is that the RTAB should continue to engage |
| 17 | with the City and the GERS Board on addressing all of   |
| 18 | these comprehensive issues. But I believe that the      |
| 19 | RTAB should postpone the the GERS ordinance             |
| 20 | amendments until such time that the City and the GERS   |
| 21 | Board come together with a collective recommendation as |
| 22 | to what we need to do going forward. So that is the     |
| 23 | recommendation of staff.                                |
| 24 | THE CHAIRPERSON: I believe it's in a                    |
| 25 | postponed state now. And if I understand your           |
|    | STORM REPORTING<br>(810) 441-0898                       |
| 1  | recommendation, we'll just leave it in that state until |
| 2  | something comes back that is                            |
| 3  | MR. CLINE: I can't remember our specific                |
| 4  | motion at the last meeting, if we postponed it only     |
| 5  | until this meeting. But I believe it would not hurt     |
| 6  | anything if another motion was made to just postpone it |
| 7  | until new information or a new recommendation from the  |
| 8  | City is available.                                      |
| 9  | MR. SAWDON: Yeah, I'll make that motion to              |
| 10 | postpone until we have a comprehensive plan. I think    |

| 11 | that's one thing that's really been bothering me the  |
|----|---|
| 12 | most is there's really not a well, thought-out plan.  |
| 13 | And a lot of the questions I had have not been        |
| 14 | answered. So I'm going to postpone it until we have a |
| 15 | comprehensive plan in front of us that really can     |
| 16 | address this issue.                                   |
| 17 | MR. BURGESS: I second.                                |
| 18 | THE CHAIRPERSON: All right. So it's been              |
| 19 | moved that we postpone it until a comprehensive plan  |
| 20 | comes forward. And that's been moved and seconded.    |
| 21 | All those in favor, say "Aye".                        |
| 22 | BOARD MEMBERS: Aye.                                   |
| 23 | THE CHAIRPERSON: Motion passed.                       |
| 24 | The second and final item under Old Business          |
| 25 | is the Senior Citizen Reorganization. This had been   |
|    | STORM REPORTING<br>(810) 441-0898                     |
|    | 9   |
| N  |   |
| 1  | postponed, as I recall, and now there is a            |
| 2  | recommendation that seems to be along the lines that  |
| 3  | matters have been cleared up.                         |
| 4  | Mr. Cline, do you want to comment on that as          |
| 5  | well?   |
| 6  | MR. CLINE: Yes. The City had made a                   |
| 7  | recommendation to adjust their staffing levels at the |
| 8  | senior centers from two full-time and two part-time   |

| 9  | employees to three full-time employees. Their           |
|----|---|
| 10 | projections show that this this would give them         |
| 11 | sufficient operating hours to man the senior centers,   |
| 12 | as they need to, yet eliminating one position and       |
| 13 | making the other one full time would actually, over the |
| 14 | course of time, generate a cost savings, they           |
| 15 | estimated, at approximately \$24,000 per year.          |
| 16 | They did have an alternate proposal to remain           |
| 17 | at two full-time and two part-time employees but reduce |
| 18 | the part-time staffing from 29 hours per week to 20     |
| 19 | hours per week. However, their primary preference       |
| 20 | would be for three full-time employees.                 |
| 21 | After reviewing this, I don't believe that              |
| 22 | staff has any serious concerns over doing this and      |
| 23 | we're recommending approval begin. And I believe that   |
| 24 | the City also had a position description for this which |
| 25 | we believe is adequate and I think that the budget      |
|    |   |

| 1 | has has sufficient capacity in it to account for     |
|---|--|
| 2 | this. So I think we're all set, if the Board agrees  |
| 3 | with our recommendation. So                          |
| 4 | THE CHAIRPERSON: All right.                          |
| 5 | MR. CLINE: And I think if if there is any            |
| 6 | other additional questions, I'm sure that Mr. Sobota |

| 7  | could address those as well.                            |
|----|---|
| 8  | MR. SAWDON: Well, I'll motion approval. I               |
| 9  | did look through the documents, in particular the job   |
| 10 | description. I was satisfied with it so I would         |
| 11 | recommend going from two full-, two part- to three      |
| 12 | full  |
| 13 | MR. BURGESS: Second.                                    |
| 14 | THE CHAIRPERSON: Moved and seconded.                    |
| 15 | All those in favor, say "Aye".                          |
| 16 | BOARD MEMBERS: Aye.                                     |
| 17 | THE CHAIRPERSON: That item passes as well               |
| 18 | Under New Business, the first item is the               |
| 19 | approval of the resolutions and ordinances for the City |
| 20 | Council meeting of July 10, 2014. Do you want to        |
| 21 | comment on these or should we just go through them?     |
| 22 | MR. CLINE: Well, just very briefly, if I                |
| 23 | may. We looked at this as mostly just some routine      |
| 24 | business; approval of minutes, an appointment to an     |
| 25 | internal committee and receipt of a committee report.   |
|    | STORM REPORTING   |

# (810) 441-0898

- So we're recommending approval and we had no other 1 2 concerns with this. So --
- MR. BURGESS: I so move. 3
- MR. SAWDON: Second. 4

| 5  | THE CHAIRPERSON: Moved and supported. All               |  |  |  |
|----|---|--|--|--|
| 6  | those in favor, say "Aye".                              |  |  |  |
| 7  | BOARD MEMBERS: Aye.                                     |  |  |  |
| 8  | THE CHAIRPERSON: Item 2 under A is the                  |  |  |  |
| 9  | meeting of July 17th, 2014.                             |  |  |  |
| 10 | Mr. Cline.  |  |  |  |
| 11 | MR. CLINE: All right. Again, basically, we              |  |  |  |
| 12 | had no no concerns with this. One thing that I did      |  |  |  |
| 13 | want to note, there was an Application for a Charitable |  |  |  |
| 14 | Gaming License in there for the Bound Together          |  |  |  |
| 15 | organization, which is a a Local 501(c)(3) that         |  |  |  |
| 16 | works to improve local children in the area of          |  |  |  |
| 17 | academics and everything.                               |  |  |  |
| 18 | We reviewed this, have no concerns about it             |  |  |  |
| 19 | and, therefore, we're recommending approval of all the  |  |  |  |
| 20 | items from that meeting.                                |  |  |  |
| 21 | MR. BURGESS: I make that motion.                        |  |  |  |
| 22 | MR. SAWDON: Second.                                     |  |  |  |
| 23 | THE CHAIRPERSON: All those in favor, say                |  |  |  |
| 24 | "Aye".  |  |  |  |
| 25 | BOARD MEMBERS: Aye.                                     |  |  |  |
|    | STORM REPORTING<br>(810) 441-0898                       |  |  |  |

meeting, regular meeting.

1

2

THE CHAIRPERSON: Item 3 is the July 24, '14

| 3  | MR. CLINE: Again, staff is recommending                 |
|----|---|
| 4  | approval of all items. There was one item in there      |
| 5  | that was approval of a right-of-way easement for the    |
| 6  | golf course, the Links at Crystal Lake, which is one of |
| 7  | the old municipal courses. We reviewed the information  |
| 8  | provided by the City and all the parameters of that and |
| 9  | it would grant a right-of-way easement that would allow |
| 10 | the facility to reacquire a liquor license, based upon  |
| 11 | ownership and making the parcels, basically, contiguous |
| 12 | through this right-of-way easement. So we didn't have   |
| 13 | any serious concerns with that so we're recommending    |
| 14 | approval of all resolutions from this meeting.          |
| 15 | MR. SAWDON: I make that motion.                         |
| 16 | MR. BURGESS: Second.                                    |
| 17 | THE CHAIRPERSON: Moved and supported. All               |
| 18 | those in favor, say "Aye".                              |
| 19 | BOARD MEMBERS: Aye.                                     |
| 20 | THE CHAIRPERSON: And the meeting of July 3              |
| 21 | 2014.   |
| 22 | MR. CLINE: We had no issues with this                   |
| 23 | meeting. I did note that, basically, the action that    |
| 24 | the City Council took was to postpone all items until   |
| 25 | their subsequent meeting, which I found a tad unusual.  |

| I had never encountered that before but it's perfectly    |
|---|
| 2 permissible and so, as such, staff is fine with that.   |
| 3 MR. SAWDON: I'll  |
| 4 MR. BURGESS: I'll                                       |
| 5 MR. SAWDON: make  |
| 6 MR. BURGESS: make that motion.                          |
| 7 MR. SAWDON: I'll second.                                |
| 8 THE CHAIRPERSON: It was a tie. Moved,                   |
| 9 supported. And all those in favor, say "Aye".           |
| BOARD MEMBERS: Aye.                                       |
| 11 THE CHAIRPERSON: Do you want to know who won           |
| the tie? But I guess we'll give it to Keith.              |
| 13 MR. BURGESS: Yeah.                                     |
| 14 THE CHAIRPERSON: All right. The August 7.              |
| MR, CLINE: All right. We did have an                      |
| opportunity to review this. There was some initial        |
| concern that the City's delay of renewing their Blue      |
| 18 Cross/Blue Shield insurance rates would have them kick |
| in before the RTAB could review it. But the subsequent    |
| 20 meeting ended up being reviewed for for this RTAB      |
| 21 meeting so that became a nonissue. So we're            |
| recommending approval of all the items from the           |
| 23 August 7th meeting.                                    |
| MR. BURGESS: I make that motion.                          |
| 25 MR. SAWDON: Support it.                                |
|   |

| 1  | THE CHAIRPERSON: Moved and supported. All               |  |  |  |  |
|----|---|--|--|--|--|
| 2  | in favor?   |  |  |  |  |
| 3  | BOARD MEMBERS: Aye.                                     |  |  |  |  |
| 4  | THE CHAIRPERSON: August 14 regular meeting.             |  |  |  |  |
| 5  | MR. CLINE: August 14th, regular meeting.                |  |  |  |  |
| 6  | Again, pretty much routine business items.              |  |  |  |  |
| 7  | There was one approval of the industrial development    |  |  |  |  |
| 8  | district and that was for the General Motors that made  |  |  |  |  |
| 9  | that request and this was to include all contiguous     |  |  |  |  |
| 10 | City-owned parcels that weren't included in their       |  |  |  |  |
| 11 | original industrial development district back from the  |  |  |  |  |
| 12 | 1970's. The actual economic impact on the City is a     |  |  |  |  |
| 13 | little bit unclear but staff doesn't have any immediate |  |  |  |  |
| 14 | concerns over this issue so, therefore, we are          |  |  |  |  |
| 15 | recommending approval.                                  |  |  |  |  |
| 16 | However, if the RTAB did have some additional           |  |  |  |  |
| 17 | questions or something, they could approve all other    |  |  |  |  |
| 18 | actions from this meeting and, subsequently, postpone   |  |  |  |  |
| 19 | this one so I guess                                     |  |  |  |  |
| 20 | MR. SAWDON: Well, that raised a question I              |  |  |  |  |
| 21 | had is why why are we adjusting the district now        |  |  |  |  |
| 22 | rather versus what was done in 1977? What's the         |  |  |  |  |
| 23 | compelling reason to do that? Can you give some         |  |  |  |  |
| 24 | information.  |  |  |  |  |
| 25 | MR. SOBOTA: Although nothing has been                   |  |  |  |  |

| 1  | publicly announced, General Motors is considering      |
|----|--|
| 2  | expanding the existing facility. And the expansion is  |
| 3  | going to occur in an area that is outside the existing |
| 4  | district boundaries. So I fully anticipate, if this    |
| 5  | district amendment is approved today, that tomorrow    |
| 6  | General Motors will be in here with an application for |
| 7  | an Act 198, an abatement which the City and the TAB    |
| 8  | must approve by October 31st because that's the        |
| 9  | deadline set by law for approval for that type of      |
| 10 | request.   |
| 11 | MR. SAWDON: Okay. Thank you. Do you have               |
| 12 | the do you have a feel for what impact that has on     |
| 13 | your tax roll?   |
| 14 | MR. SOBOTA: We will not until such time that           |
| 15 | the application is actually received; that's when they |
| 16 | supply all of the information concerning value of      |
| 17 | construction, number of jobs. Like I said, nothing has |
| 18 | been officially announced by General Motors but we     |
| 19 | fully anticipate that some application will be         |
| 20 | forthcoming relatively soon, possibly as early as      |
| 21 | tomorrow, especially since I received a telephone call |
| 22 | today wondering if GM should be present at the meeting |
| 23 | MR. SAWDON: Will that be information that              |

MR. SOBOTA: Actually, the application will

# STORM REPORTING (810) 441-0898

16

| 1  | require a public hearing and action by City Council, |  |  |  |  |
|----|--|--|--|--|--|
| 2  | the normal tax abatement procedure. It's just not    |  |  |  |  |
| 3  | it's ineligible at the present time.                 |  |  |  |  |
| 4  | MR. SAWDON: Got you. I'll make the motion            |  |  |  |  |
| 5  | to approve.  |  |  |  |  |
| 6  | MR. BURGESS: I recuse myself from this               |  |  |  |  |
| 7  | motion.  |  |  |  |  |
| 8  | THE CHAIRPERSON: GM guy. Procedurally                |  |  |  |  |
| 9  | MR. CLINE: Okay. I think we still yes,               |  |  |  |  |
| 10 | you can still vote.                                  |  |  |  |  |
| 11 | THE CHAIRPERSON: Can I?                              |  |  |  |  |
| 12 | MR. CLINE: Yes.                                      |  |  |  |  |
| 13 | THE CHAIRPERSON: Can I second it?                    |  |  |  |  |
| 14 | MR. CLINE: I believe so, yes.                        |  |  |  |  |
| 15 | THE CHAIRPERSON: All right. I vote                   |  |  |  |  |
| 16 | support it and will                                  |  |  |  |  |
| 17 | MR. CLINE: So we're taking a unanimous.              |  |  |  |  |
| 18 | THE CHAIRPERSON: A vote of two, zero and one         |  |  |  |  |
| 19 | absent. Would that pass it?                          |  |  |  |  |
| 20 | MR. CLINE: I believe so, yes.                        |  |  |  |  |
|    |  |  |  |  |  |

THE CHAIRPERSON: Okay. All right. Based on

| 23 | those in favor, say "Aye".                               |  |  |  |  |
|----|--|--|--|--|--|
| 24 | BOARD MEMBERS: Aye.                                      |  |  |  |  |
| 25 | THE CHAIRPERSON: Keith and myself and a no               |  |  |  |  |
|    | STORM REPORTING<br>(810) 441-0898                        |  |  |  |  |
|    | 17   |  |  |  |  |
| .1 | t. Olver No rete All right Co motion                     |  |  |  |  |
| 1  | vote. Okay. No vote. All right. So motion                |  |  |  |  |
| 2  | MR. CLINE: All right.                                    |  |  |  |  |
| 3  | THE CHAIRPERSON: then passes.                            |  |  |  |  |
| 4  | And that concludes the approval of the                   |  |  |  |  |
| 5  | minutes of the various City Council meetings. Item B     |  |  |  |  |
| 6  | are City Administrator Items and we start out with the   |  |  |  |  |
| 7  | income tax collection issue. Mr. Sobota.                 |  |  |  |  |
| 8  | MR. SOBOTA: As we speak, our income tax                  |  |  |  |  |
| 9  | provider, service provider, is in the process of         |  |  |  |  |
| 10 | printing over 38,000 invoices, totaling \$8.6 million,   |  |  |  |  |
| 11 | representing the tax income taxes owed to the City       |  |  |  |  |
| 12 | of Pontiac by individuals who filed their incomes tax    |  |  |  |  |
| 13 | returns with the State of Michigan in the years 2010     |  |  |  |  |
| 14 | through 2012 but failed to file an income tax return in  |  |  |  |  |
| 15 | the City of Pontiac.                                     |  |  |  |  |
| 16 | That 8.6 million added to the \$5.3 million              |  |  |  |  |
| 17 | that we presently demonstrate on our balance sheet       |  |  |  |  |
| 18 | demonstrates, at that time, City of Pontiac is owed      |  |  |  |  |
| 10 | just under \$14 million in income tax, majority of which |  |  |  |  |

that, the motion has been made, I supported it. All

| 20 | is from individuals.                                    |  |  |  |
|----|---|--|--|--|
| 21 | The \$8.6 million does not include any income           |  |  |  |
| 22 | tax owed by corporations or partnerships because there  |  |  |  |
| 23 | is not a non-filer program that is available between    |  |  |  |
| 24 | the state and local units of government.                |  |  |  |
| 25 | Presently, according to our records and in              |  |  |  |
|    | STORM REPORTING<br>(810) 441-0898                       |  |  |  |
|    | 18  |  |  |  |
|    |   |  |  |  |
| 1  | the July report, you will note that there are 470       |  |  |  |
| 2  | corporate tax returns that are filed in the City of     |  |  |  |
| 3  | Pontiac. We have lists that identify between 2,000 and  |  |  |  |
| 4  | 2,500 businesses operating in the City of Pontiac.      |  |  |  |
| 5  | These figures demonstrate that there is a               |  |  |  |
| 6  | serious lack of compliance with the income tax          |  |  |  |
| 7  | ordinance in the City of Pontiac and these figures      |  |  |  |
| 8  | seriously demonstrate how much additional revenue that  |  |  |  |
| 9  | the City of Pontiac is potentially losing on an annual  |  |  |  |
| 10 | basis and cumulatively for failing to having a strong,  |  |  |  |
| 11 | fair income tax collection program and also a fair,     |  |  |  |
| 12 | strong program to identify individuals and corporations |  |  |  |
| 13 | that have not filed income tax returns with the City of |  |  |  |
| 14 | Pontiac.  |  |  |  |
| 15 | In the proposed two-year budget that                    |  |  |  |
| 16 | Mr. Schimmel left, he provided for \$100,000 to be used |  |  |  |

for this program to be implemented and that \$100,000

| 18 | expenditure was offset by a \$100,000 offset and        |  |  |  |
|----|---|--|--|--|
| 19 | increase in revenue. Despite the fact that last fiscal  |  |  |  |
| 20 | year we did not have any sort of program regarding      |  |  |  |
| 21 | delinquent income tax collections, we still managed to  |  |  |  |
| 22 | collect just under the projected regular income tax     |  |  |  |
| 23 | collections and the \$100,000 delinquent collections as |  |  |  |
| 24 | we had identified in the budget.                        |  |  |  |
| 25 | Income tax is a rather interesting program.             |  |  |  |
|    | STORM REPORTING<br>(810) 441-0898                       |  |  |  |
|    | 19  |  |  |  |
|    |   |  |  |  |
| 1  | There are very few communities in the State of Michigan |  |  |  |
| 2  | that have a local income tax. The method to collect     |  |  |  |
| 3  | income tax is a lot different than property taxes. You  |  |  |  |
| 4  | can't turn it over to the county treasurer, you can't   |  |  |  |
| 5  | seize property and sell it. There aren't firms in the   |  |  |  |
| 6  | State of Michigan or nationally that, to the best of    |  |  |  |
| 7  | our ability, knowledge and research that specialize in  |  |  |  |
| 8  | delinquent income tax collections.                      |  |  |  |
| 9  | There is a provision in the law that                    |  |  |  |
| 10 | indicates that failing to pay, failing to file is a     |  |  |  |
| 11 | misdemeanor subject to the normal criminal prosecutions |  |  |  |
| 12 | in the local District Court.                            |  |  |  |
| 13 | Fortunately in Pontiac, we have a gentleman             |  |  |  |
| 14 | on staff who is quite familiar with the collection      |  |  |  |

methods of a local income tax. This gentleman is quite

| 16 | knowledgeable and has the expertise of nearly a decade, |  |  |  |
|----|---|--|--|--|
| 17 | if not more, in that particular field, specifically.    |  |  |  |
| 18 | That is our finance director, Mr. Nazarko,              |  |  |  |
| 19 | which is one of the reasons that we were glad to have   |  |  |  |
| 20 | him agree to take on the position of Finance Director   |  |  |  |
| 21 | here in Pontiac.  |  |  |  |
| 22 | Anecdotally, yes, Mr. Nazarko was head of the           |  |  |  |
| 23 | State Income Tax Directors Association, has run the     |  |  |  |
| 24 | program. But I can honestly say that I havé seen a      |  |  |  |
| 25 | good collection program implemented and that program    |  |  |  |
|    | STORM REPORTING<br>(810) 441-0898                       |  |  |  |
|    | 20  |  |  |  |
|    |   |  |  |  |
| 1  | resulted in a 25 percent increase in income tax         |  |  |  |
| 2  | collections in the City of Hamtramck over a decade ago. |  |  |  |
| 3  | I don't recall if Mr. Schimmel was there at             |  |  |  |
| 4  | that time. This may have been just before his arrival   |  |  |  |
| 5  | but we did see a dramatic increase in income tax        |  |  |  |
| 6  | collections.  |  |  |  |
| 7  | That being said, we have tried to identify              |  |  |  |
| 8  | various ways to engage in an income tax collection      |  |  |  |
| 9  | program and there are three options that were           |  |  |  |
| 10 | considered.   |  |  |  |
| 11 | The first option was to hire a full-time                |  |  |  |
| 12 | employee dedicated to income tax collection and         |  |  |  |
| 13 | enforcement activities. This person's responsibilities  |  |  |  |

|                  | would primarily be two-fold; number one, to initiate   |  |  |  |  |
|------------------|--|--|--|--|--|
| 15               | the case and represent the City in the District Court  |  |  |  |  |
| 16               | for those violators who have already been identified.  |  |  |  |  |
| 17               | We know how much they owe us and they just refuse to   |  |  |  |  |
| 18               | respond.   |  |  |  |  |
| 19               | And second is to perform field work and  |  |  |  |  |
| 20               | audit, visit businesses on the commercial side. So   |  |  |  |  |
| 21               | that is one possibility. A second possibility is to  |  |  |  |  |
| 22               | amend the existing agreement that we have with our   |  |  |  |  |
| 23               | income tax servicing provider to take on an additional   |  |  |  |  |
| 24               | duty of income tax collection and enforcement.   |  |  |  |  |
| 25               | And the third option, which I mentioned  |  |  |  |  |
|                  |  |  |  |  |  |
|                  | STORM REPORTING<br>(810) 441-0898  |  |  |  |  |

| 2<br>3<br>4<br>5 | earlier, was to contract with a collection agency.  We have evaluated all three options and I will go through each one in reverse.  Contracting with a collection agency. There is no evidence that we were able to determine that |  |  |  |  |

10

11

proceedings in regards to this issue, we really don't

successfully implement a program because, yes, they'll

know how a collection agency would be able to

| 12 | send | out | notices. |
|----|------|-----|----------|
|    |      |     |          |

23

24

25

the City.

Well, our vendor sends out notices. But when a normal collection agency is given an account to 14 collect, it's essentially sold off to them. Well, an 15 income tax a person can pay at any point in time so 16 there needs to be some sort of interaction between 17 18 either the City or the current vendor that processes 19 our income tax returns. And generally, these collection agencies 20 usually charge a percentage of collections. Let's say 21 you take 20 percent of 8.5 million, \$14 million, that 22

seems a little bit high and we want to see if we could

find a way to increase collections at a lower cost to

STORM REPORTING (810) 441-0898

| 1 | Another option was to amend the contract with          |
|---|--|
| 2 | the current vendor. We have been working with a vendor |
| 3 | unofficially, probably for the last two years and,     |
| 4 | really, in earnest, for the past several months. And   |
| 5 | in the last months we really have been pushing the     |
| 6 | vendor to present to us a proposal to contract with us |
| 7 | to engage in that enforcement activity.                |
| 8 | We had given the vendor the deadline that we           |
| 9 | needed to submit this agenda packet for consideration. |

| 10 | The deadline came and went and we had not received that |
|----|---|
| 11 | proposal from our vendor. The following Monday the      |
| 12 | proposal did come in and the proposal indicated a       |
| 13 | \$120,000 for this particular service.                  |
| 14 | Mr. Nazarko and I are both concerned that it            |
| 15 | took the vendor over a month to develop a proposal,     |
| 16 | which leads us to believe that either he is not         |
| 17 | prepared to engage in this type of activity or he       |
| 18 | really doesn't want the job. We don't know what it is.  |
| 19 | But the nonresponsiveness on this end was               |
| 20 | rather troubling and we've had some other issues        |
| 21 | obtaining the information that we need to identify the  |
| 22 | actual amount of income tax that's owed from the 2010   |
| 23 | through 2012 year. We were not satisfied with the       |
| 24 | vendor's performance on this particular issue. What I   |
| 25 | had failed to indicate is that, although we collected   |

. 23

| 1 | the 2010 through 2012 non-filer tapes, we lost the 2017 |
|---|---|
| 2 | through 2009 non-filer tapes because those requests     |
| 3 | were not made at the appropriate time.                  |
| 4 | So, essentially, the City could have lost,              |
| 5 | potentially, another \$8.6 million of potential income  |
| 6 | tax collections, assuming that's the same amount of     |
| 7 | money, a three-year period of time.                     |

| 8  | The option that both Mr. Nazarko and I are              |
|----|---|
| 9  | both familiar with is having an employee dedicated to   |
| 10 | this particular program. We had an employee in the      |
| 11 | Treasurer's office who we were training to engage in at |
| 12 | least representing the City in court on these issues    |
| 13 | but that employee has resigned and we presently have a  |
| 14 | vacancy in the staff of the Treasurer's office.         |
| 15 | However, even though that employee was being trained in |
| 16 | this particular field, that wasn't the employee's main  |
| 17 | training and expertise.                                 |
| 18 | So Mr. Nazarko has developed a job                      |
| 19 | description, it was shared with the Mayor and the City  |
| 20 | Council. I have reviewed it. That is presented to you   |
| 21 | this afternoon for consideration. And we believe that   |
| 22 | we will be able to attract a qualified candidate to the |
| 23 | City of Pontiac to engage in this activity with for     |
| 24 | an expected total compensation between 60- and \$70,000 |
| 25 | If you recall, we have \$100,000 set aside.             |
|    |   |

- 1 There will be some additional processing costs, for
- 2 example, mailing 38,000 notices is a good example that
- 3 Innovative will be incurring. So we fully believe
- 4 that, within the authorized budget, the proposal that
- 5 we are presenting is feasible.

| 6  | Now, in terms of timing and I'm going to                |
|----|---|
| 7  | make an analogy here. You have a ten-year-old who       |
| 8  | leaves his toys in the middle of the room and a         |
| 9  | ten-year-old ought to know better. So then the parent   |
| 10 | comes and says, "You better pick up your toys. If not,  |
| 11 | you're going to be punished." Well, the that day        |
| 12 | ends and the ten-year-old leaves his toys there and     |
| 13 | he's not punished. A month later, the toys are still    |
| 14 | there and the parents say, "You better up pick up those |
| 15 | toys. You're going to be punished." And that day ends   |
| 16 | and the toys are still there and we're looking at       |
| 17 | another three months down the line and the same toys    |
| 18 | are there and, once again, "There's going to be         |
| 19 | consequences if you don't pick up those toys."          |
| 20 | Well, in the procedure that we're doing with            |
| 21 | the income tax, it's not we're sending out a Notice     |
| 22 | and that's it, we're ready to move to court. There's a  |
| 23 | series of invoices and warnings that are sent out to    |
| 24 | give the delinquent taxpayer adequate time to address   |
| 25 | the issue with the City, either by paying or entering   |

- 1 into an agreement. And that's really what the income
- 2 tax vendor has been doing over the past several years.
- 3 However, there have not been any consequences to those

| 1  | taxpayers who have just blatantly ignored the City.     |
|----|---|
| 5  | And based on this mass mailing of 38,000                |
| 5  | invoices and the timing that it would take to bring on  |
| 7  | a new staff member, we fully believe that, if we        |
| 8  | receive approval today to for this position, which      |
| 9  | will allow us to begin the hiring process, the time     |
| 0  | that generally it would be when the taxpayer would      |
| 1  | essentially receive their last warning, the City then   |
| 12 | would be able to step in and begin actual enforcement   |
| 13 | in 50th District Court.                                 |
| 14 | Mr. Nazarko has had discussions with the                |
| 15 | Chief Judge. This is a program they have never done in  |
| 16 | the history of the City of Pontiac through their income |
| 17 | tax program. She is very open and receptive to this     |
| 18 | particular program. We believe that the revenue that    |
| 19 | is out there, just the first mailing alone, Mr. Nazarko |
| 20 | believes that we will receive a significant sum with at |
| 21 | least the first round of mailing. But the follow-up,    |
| 22 | the collection and the enforcement is key.              |
| 23 | In addition, the businesses, 470 are filing             |
| 24 | returns, there could be anywhere's between 2,000 and    |
| 25 | 2 500 out there. I don't think they're all sole         |

26

1 proprietorships. We need to be fair and equitable with

| 2   | everyone so we need to have someone who has time to go   |
|-----|--|
| 3   | out there on the road and do the site-to-site visits.    |
| 4   | So that is my plea to you this afternoon to              |
| 5   | approve this particular request. The sooner that we      |
| 6   | begin collecting, the better idea we will have what the  |
| 7   | City's revenue projections will be for the '15/'16 and   |
| 8   | subsequent fiscal years.                                 |
| 9   | We believe that if we are able to have the               |
| 10  | people start paying now, they'll learn once and, in the  |
| 11  | future, that they will file their returns. The other     |
| 12  | concern that we have is that the longer you wait before  |
| 13  | you start billing and collecting, people either die,     |
| 14  | move away, are more difficult to track down. So the      |
| 15  | longer we wait, the greater potential is that we will    |
| 16  | not be able to collect as much of the money as           |
| 17  | possible.  |
| 18  | Mr. Nazarko will be working with the                     |
| 19. | accountants to determine exactly what portion of this    |
| 20  | we believe will be collectible and it will be recorded   |
| 21  | in the financial statements for year ending June 30th.   |
| 22  | However, we know of at least an additional \$8.6 million |
| 23  | in assets that will be added, to be determined as the    |
| 24  | amount that will be booked as deferred revenue. And if   |
| 25  | you have any other specific questions regarding this,    |

| 1  | I'd like to defer those to Mr. Nazarko.                  |
|----|--|
| 2  | THE CHAIRPERSON: Very good summary. A huge               |
| 3  | item for the City.                                       |
| 4  | Comments?  |
| 5  | MR. SAWDON: Well, I want to make sure I                  |
| 6  | understand. Are you proposing to fill the vacant         |
| 7  | treasury position with an income tax collector/treasury  |
| 8  | person?  |
| 9  | MR. NAZARKO: No, this will be a different                |
| 10 | position, in addition to what staff we have in the       |
| 11 | Treasurer  |
| 12 | MR. SAWDON: So this is a new cost to the                 |
| 13 | budget of 70,000?  |
| 14 | MR. NAZARKO: Correct. However, as                        |
| 15 | Mr. Sobota indicated, we do have an additional \$100,000 |
| 16 | left in Mr. Schimmel's budget. That is offset by an      |
| 17 | additional \$100,000 worth of revenue so neutral effect. |
| 18 | MR. SAWDON: How much time did you spend or               |
| 19 | reviewing a collection agency alternative? Because,      |
| 20 | you know, that's a percentage of those dollars           |
| 21 | collected. There's a lot of incentive there. I just      |
| 22 | wondered how extensive a review you spent on a           |
| 23 | collection agency.                                       |
| 24 | MR. NAZARKO: Collection agencies, we did not             |
| 25 | spend a considerable amount of time. However, I have     |

# STORM REPORTING

| 1   | been approached by one collection agency on unrelated,  |
|-----|---|
| 2 . | not income tax. Because as Mr. Sobota indicated,        |
| 3   | income tax is bound by different confidentiality rules  |
| 4   | that not all collection agencies can obey to. And we    |
| 5   | can have potential the State of Michigan is very        |
| 6   | strict in enforcing the confidentiality agreement and   |
| 7   | rules when it comes to the income tax collection. As a  |
| 8   | matter of fact, we have a review coming up with our     |
| 9   | current vendor to that effect.                          |
| 10  | So the short answer is that I have not spent            |
| 11  | a good amount of time for two reasons, again,           |
| 12  | confidentiality being the one and the other one the     |
| 13  | cost. Because most of those collection agencies are in  |
| 14  | the neighborhood of 30 to 40 percent they want to take  |
| 15  | of the profits of the collections. And that seems a     |
| 16  | large amount of money to pay if we can do it cheaper.   |
| 17  | MR. BURGESS: Are you familiar with                      |
| 18  | Hamtramck's current effort?                             |
| 19  | MR. NAZARKO: I don't think I am. However, I             |
| 20  | can tell you that that effort has declined considerably |
| 21  | the last few years.                                     |
| 22  | MR. BURGESS: I think they just hired a                  |
| 23  | collection firm.  |

MR. NAZARKO: To collect the delinquencies?

| 1  | MR. NAZARKO: Okay.                                      |
|----|---|
| 2  | MR. BURGESS: You may just check it out.                 |
| 3  | MR. NAZARKO: Okay.                                      |
| 4  | THE CHAIRPERSON: Well, I would just like to             |
| 5  | reiterate what Mr. Sobota said. I obviously was very    |
| 6  | familiar with Mr. Nazarko in Hamtramck in my days there |
| 7  | and I think we do have somewhat of a unique situation   |
| 8  | here, in that he's here and I don't think there's       |
| 9  | anybody that could tell you differently that he he      |
| 10 | is an expert at this sort of thing and I think maybe we |
| 11 | should take advantage of it and give him help if he     |
| 12 | needs it.   |
| 13 | Kind of my feeling, but Mayor                           |
| 14 | MAYOR WATERMAN: May I can recognized on this            |
| 15 | topic?  |
| 16 | THE CHAIRPERSON: You may.                               |
| 17 | MAYOR WATERMAN: Of whatever concern it is to            |
| 18 | the TAB Board, I'm just hearing for the first time, at  |
| 19 | this meeting today, that this has been the primary      |
| 20 | decision regarding handling this particular matter.     |
| 21 | As late as the department head meeting on               |
| 22 | Friday, which we routinely held, I understood at that   |

| 23 | time that our first choice would be to look at the   |
|----|--|
| 24 | income tax collection agency. So, to the extent that |
| 25 | you're trying to make a decision today that is a     |
|    | ·  |

| 1  | concern to you all, I haven't have a chance to revisit, |
|----|---|
| 2  | you know, what the pros and cons of these various       |
| 3  | options may be.   |
| 4  | And I particularly am interested in knowing             |
| 5  | what the what the decision is based upon. Because       |
| 6  | of the fact, in another matter, one of the things I was |
| 7  | told was that we have excess capacity in Treasury right |
| 8  | now and that they were going to be able to handle       |
| 9  | another matter, which is waiting for parking because of |
| 10 | the fact we have excess capacity.                       |
| 11 | So in terms of allocation, as we are limiting           |
| 12 | recurrent to plan the City with 24 people, of course we |
| 13 | want to make sure that we have the correct allocation   |
| 14 | division among departments. So I don't know if you      |
| 15 | have enough information but I'm just telling you, at    |
| 16 | this point, I have not had enough information to decide |
| 17 | that that is the best option of the ones that were      |
| 18 | presented to me.  |
| 19 | MR. SAWDON: Yeah, I'd like to go ahead and              |
| 20 | make a motion to postpone until at least the collection |

- agency option has been explored a little bit further.
  And I would like to find out a little bit more
- 23 information about can the position between Treasury and
- 24 Income Tax Collection be somewhat combined, since you
- 25 have an opportunity right now with the vacancies, I

31

| 1  | just I would motion a postponement until at least       |
|----|---|
| 2  | those two items are a little bit further examined.      |
| 3  | MR. BURGESS: I second that.                             |
| 4  | THE CHAIRPERSON: Moved by Mr. Sawdon and                |
| 5  | seconded by Mr. Burgess that we postpone this item to a |
| 6  | date or until the next meeting.                         |
| 7  | MR. SAWDON: The next meeting will be fine.              |
| 8  | THE CHAIRPERSON: Until the next meeting.                |
| 9  | All those in favor, say "Aye".                          |
| 10 | BOARD MEMBERS: Aye.                                     |
| 11 | THE CHAIRPERSON: Opposed against?                       |
| 12 | Aye.  |
| 13 | Woops. You need a majority to pass.                     |
| 14 | MR. CLINE: We have a majority of those                  |
| 15 | present.  |
| 16 | MR. SAWDON: Present.                                    |
| 17 | THE CHAIRPERSON: Okay. All right. So that,              |

I don't want to hold -- hold up.

| 19                              | All right. Thank you for the presentation.  |
|---------------------------------|---|
| 20                              | Thank you, Mayor, for your comments as well.  |
| 21                              | The next item on our agenda I'm lost.   |
| 22                              | MR. CLINE: It would be Nonaction.   |
| 23                              | THE CHAIRPERSON: Nonaction items.   |
| 24                              | Mr. Nazarko, you're up with the monthly   |
| 25                              | financial report.   |
|                                 | STORM REPORTING<br>(810) 441-0898   |
|                                 |   |
| 1                               | MR. NAZARKO: Yes. As presented to you, the  |
| 1 2                             | MR. NAZARKO: Yes. As presented to you, the financial reports for the month of July 2014 for the   |
|                                 | •   |

| 2                               | financial reports for the month of July 2014 for the month ending July 31, 2014 show the balance, there is  |
| 2<br>3<br>4                     | financial reports for the month of July 2014 for the month ending July 31, 2014 show the balance, there is balances in our respective funds. And items of   |
| 2<br>3<br>4<br>5                | financial reports for the month of July 2014 for the month ending July 31, 2014 show the balance, there is balances in our respective funds. And items of importance are the fact that we are, as we have   |
| 2<br>3<br>4<br>5<br>6           | financial reports for the month of July 2014 for the month ending July 31, 2014 show the balance, there is balances in our respective funds. And items of importance are the fact that we are, as we have indicated before, anticipating to end the fiscal year   |
| 2<br>3<br>4<br>5<br>6<br>7      | financial reports for the month of July 2014 for the month ending July 31, 2014 show the balance, there is balances in our respective funds. And items of importance are the fact that we are, as we have indicated before, anticipating to end the fiscal year 2013/14 in a with a positive fund balance of                              |
| 2<br>3<br>4<br>5<br>6<br>7<br>8 | financial reports for the month of July 2014 for the month ending July 31, 2014 show the balance, there is balances in our respective funds. And items of importance are the fact that we are, as we have indicated before, anticipating to end the fiscal year 2013/14 in a with a positive fund balance of approximately \$4.5 million. |

However, the balance, the fund balance as of

7-31-2014 in the general fund is a little bit skewed,

so to speak, from the previous years. It's now

extensive above \$9 million because this year we first

started accruing the property tax revenue, as they

should be, based on GASB pronouncements, to reflect the

entire roll to be accrewed at the beginning of the year

because the tax is collectible, estimate-able and all

- that. So before we did not do that.
- We -- the practice of the City of Pontiac has
- been that we booked the property tax revenue as they
- 20 came in, month in and month out. So this year we
- 21 changed that as a result of the fund balance. It will
- 22 be a little bit skewed in the month of July. However,
- 23 it will even out during the next 12 months. And again,
- 24 no harm or no misleading financials, so to speak, if
- you are aware of the fact that I just mentioned.

| 1  | Another positive item that's shown in the               |
|----|---|
| 2  | reports is that, since we are going to have a healthy   |
| 3  | fund balance or a positive fund balance in line with    |
| 4  | the target that has been kind of put in place           |
| 5  | unofficially and will be put in place with the new fund |
| 6  | balance policy that has been presented by myself to the |
| 7  | City Administrator and the Mayor and will be presented  |
| 8  | to the Board once I incorporate their recommendations.  |
| 9  | So the fund balance policy forthcoming                  |
| 10 | mandates, basically, a 15 percent fund balance in the   |
| 11 | general fund that's the fund at this point that I'm a   |
| 12 | little bit you know, more concerned, obviously, for     |
| 13 | obvious reasons. However, we believe that that target   |
| 14 | is doable and we, as a matter of fact, met that target  |

- 15 this year.
- But more importantly, this Board has been
- 17 presented with cash flow statements in the past year
- and a half and we will continue to present cash flow
- statements quarterly, as requested by the Emergency
- 20 Manager's order. However, I'm happy to say that, in
- 21 the next 12 months, I do not see a problem with the
- 22 cash flows to meet the obligations of the general fund,
- as a result, again, with the fund balance and the
- 24 expected revenue that we have budged accordingly.
- 25 Therefore, like I said, you know, it's

- 1 important that this Board and the City Council and the
- 2 Mayor have the information on the cash flow but we have
- 3 not -- I do not anticipate a situation like we had back
- 4 in March, where I asked for authorization to borrow
- 5 from other funds temporarily to meet the needs of
- 6 the -- meet the obligations of the general fund. So
- 7 that is another positive item. We have done a lot of
- 8 good things in the last few months.
- 9 The income tax, as Mr. Sobota mentioned, is
- one. It's a sizable amount of cash that is sitting out
- there that, in last six years, we have failed to
- 12 collect. However, as we know that we can use any dime

| 13 | that is out there legally owing to the City of Pontiac. |
|----|---|
| 14 | So looking forward to collect to collect a portion      |
| 15 | of that revenue.  |
| 16 | We have been looking, account by account,               |
| 17 | going with tooth/comb to various accounts to make sure  |
| 18 | that what is presented in the financial statements is   |
| 19 | the are the correct numbers and they are not            |
| 20 | misleading in any way, shape or form. We did another    |
| 21 | good thing that we escrowed actually, escheated         |
| 22 | through the State of Michigan.                          |
| 23 | As we are required to do so by law, the                 |
| 24 | cash the checks that were not cashed that are in our    |
| 25 | possession sent to various vendors and they're not      |
|    |   |

| 1  | cashed within a year, we are mandated by the State of   |
|----|---|
| 2  | Michigan to send them, to escheat them, to the State to |
| 3  | Unclaimed Property Division. We did that two months     |
| 4  | ago, I believe, or three months ago and I'm not sure if |
| 5  | I mentioned that in the previous reports but that's one |
| 6  | item that I'm happy to report that we got it right.     |
| 7  | Because in the past I don't believe it was one of the   |
| 8  | items that we handled accordingly.                      |
| 9  | We have made up the balance due as you                  |
| 10 | know, we collect the dog license, animal license fees   |

| 11 | on behalf of Oakland County because they do our animal  |
|----|---|
| 12 | control. That's another item that we cleared off the    |
| 13 | books. We're approximately a year and a half that we    |
| 14 | have not paid collected but not paid. Oakland           |
| 15 | County got their share of the money and I believe that  |
| 16 | my directions has been that, you know, at least         |
| 17 | quarterly, if not monthly, we are going to supply that  |
| 18 | amount of money to them because we owe it to them.      |
| 19 | Property tax collections, the roll tax                  |
| 20 | bills went out timely. The collections came in during   |
| 21 | the month of July, as indicated in this report,         |
| 22 | standing at 60 almost 63 percent of the total roll      |
| 23 | in one month and Pontiac is one of those rare           |
| 24 | municipalities that the deadline to pay property        |
| 25 | summer property taxes is within a month that we receive |

| 1 | the tax bill. So July 31st is in our town.              |
|---|---|
| 2 | And again, it's a short you know, aside                 |
| 3 | from the subject, it's a short time to collect, to give |
| 4 | the residents to pay their income tax their property    |
| 5 | tax, I'm sorry. I believe August 31st is more           |
| 6 | commonly, however, September 14th has been a lot of     |
| 7 | them as well. This is the same way that, when the       |
| 8 | proposed the Charter Commission approached me with      |

| 9  | my recommendation or my suggestions on the finance side |
|----|---|
| 10 | of the Charter and this was one of the recommendations  |
| 11 | I gave them, told them that I think it does a lot of    |
| 12 | good, you know, to help the taxpayers to extend this    |
| 13 | deadline at least until August 31st.                    |
| 14 | And I believe they took that and, you know,             |
| 15 | I'm not sure where the Charter is going but, you know,  |
| 16 | just to give you the heads up that this is one of the   |
| 17 | items that, although it kind of like looks it hurts the |
| 18 | cash flow, I don't think I don't think it does, you     |
| 19 | know, any harm to the financials, if that is            |
| 20 | recommended.  |
| 21 | Other receivables that we have in our books,            |
| 22 | again, we are looking closely to make sure that what is |
| 23 | presented there is actually due and owing to the City   |
| 24 | of Pontiac. You will have a better picture with the     |
| 25 | reports that come next month because, as you know,      |

| 1 | monthly the July and August, we do a lot of work      |
|---|---|
| 2 | with the Accounting Department to straighten out the  |
| 3 | balances, to clear out the receivables, to book back  |
| 4 | the items that were due from last fiscal year. But I  |
| 5 | believe we have compared to last year, we are in a    |
| 6 | much, much better position, aside from the receivable |

| 7  | from receivable from the Pontiac Public Schools, all    |
|----|---|
| 8  | others are are basically either closed or to a          |
| 9  | situation that we are managing it very well.            |
| 10 | The one item that is hanging out there and              |
| 11 | Item E and probably the Mayor will mention this item in |
| 12 | her reports, the healthcare funding for retirees. I     |
| 13 | did give the Mayor some preliminary numbers that the    |
| 14 | Mayor and myself have met with a restruction (sic)      |
| 15 | firm, I believe it is, Conway MacKenzie representatives |
| 16 | to see what other solutions are out there, that, you    |
| 17 | know, we can work that thing out.                       |
| 18 | However, where I come in as a finance                   |
| 19 | director, again, I have given the Mayor preliminary     |
| 20 | numbers and I have been closely working with her and    |
| 21 | the representatives from the Conway MacKenzie to make   |
| 22 | sure that they have all the information they need from  |
| 23 | that are acceptable to the                              |
| 2  | A Let Marsh on well                                     |
|    | 5 So more information on that is forthcoming.           |
|    | STORM REPORTING   |

# (810) 441-0898

- And the last item, two more items actually, one that, 1
- you know, I'd like to let you know that we are working 2
- with the accounting department and the auditors, we 3
- started communication, you know, work papers and 4

| 5    | whatnot, meeting with them next month. Actually, they   |
|------|---|
| 6    | come in next month to do the interim audit, ahead of    |
| 7    | schedule, ahead of time from last year.                 |
| 8    | I'm hoping that to wrap that up and, as I               |
| 9    | promised before, to have the financial statements in    |
| 10   | the audited format, ready to go to the State much       |
| 11   | sooner than last year. Let's leave it at that.          |
| 12   | And last item I am recommending, and this is            |
| 13 · | in the report, Item G on the second page, that we       |
| 14   | should start I'm recommending to the Mayor and to       |
| 15   | the City Administrator that we should start discussion  |
| 16   | with the Oakland County Sheriff's office about the      |
| 17   | expiring the police contract that would expire next     |
| 18   | year, actually, December 31st, 2015.                    |
| 19   | However, given the complexity of that                   |
| 20   | contract, the size of that contract and other items     |
| 2    | that are involved, it's I don't think we are too        |
| 2    | early to start talking and negotiating and look, you    |
| 2    | know, what direction, you know, that we will take that, |
| 2    | you know, as far as the finance side, for certain.      |
| ,    | 25 Because it's a sizable amount of our general fund    |

- budget and we will try to keep it that way.
- 2 So those are my major items and I'm open for

| 3  | any questions, if you have any financial questions.     |
|----|---|
| 4  | MR. SAWDON: When do you think you'll have               |
| 5  | your audit done?  |
| 6  | MR. NAZARKO: I'm expecting by mid-November              |
| 7  | or late.  |
| 8  | THE CHAIRPERSON: That would be a record.                |
| 9  | MR. NAZARKO: I I'm hoping so.                           |
| 10 | MR. SAWDON: Thank you.                                  |
| 11 | THE CHAIRPERSON: Any other questions for                |
| 12 | Mr. Nazarko?  |
| 13 | MR. SAWDON: None.                                       |
| 14 | THE CHAIRPERSON: Or the report?                         |
| 15 | Thank you so much.                                      |
| 16 | Mayor?  |
| 17 | MAYOR WATERMAN: Good afternoon, Gentlemen.              |
| 18 | I'm happy to add to the reports that have been given to |
| 19 | you by the City's Administrator and by our Finance      |
| 20 | Director, Mr. Sobota and Mr. Nazarko. I'd like to       |
| 21 | start off with just some reports about the economic     |
| 22 | development within the City, some good news.            |
| 23 | We've had some announcements regarding the              |
| 24 | City. And I think that reflects the potential for       |
| 25 | opportunity for economic development that surely is one |

| 1      | of the greatest ways we have of getting into financials   |
|--------|---|
| 2      | and growing our revenue in the City, such things as the   |
| 3      | M1 concourse, which is the novel idea about a car condo   |
| 4      | and other related car activities, which finished their    |
| 5      | financing and had their first opening event a couple      |
| 6      | weeks ago. And that's right at the entry of Pontiac.      |
| 7      | The other thing that one of the other                     |
| 8      | things that's happening is that we've had a front-page    |
| 9      | Crain's article, Business Bible of the of a Michigan      |
| 10     | Community about the downtown development from Core        |
| 11     | Partners, a group they've assembled that has some         |
| 12     | forecast of doing \$40 million of development in our      |
| 13     | downtown. So that was that was great news as well.        |
| 14     | And in addition to the fact that you all know             |
| 15     | about the RACER Trust properties, we've had a number of   |
| 16     | properties within the City of Pontiac that some of them   |
| <br>1' | which have gone foul. And we've even had competitive      |
| . 1    | bids now on a couple of the major properties that are     |
| 1      | 9 here. So those are all good news, in terms of           |
| 2      | development within the City of Pontiac.                   |
| 2      | In addition to the fact that we are now, as I             |
| ,      | think I said previously, one of the recognized and        |
|        | certified communities with the One Stop Ready Program     |
|        | 24 that has been sponsored by Oakland County. In fact, as |
|        | one of those certified cities, we were invited to         |
|        |   |

present at Oakland County's first developer showcase, 1 which we did and we developed for that and I think this 2 was a novel approach. Amongst the six cities that 3 presented, we presented a video that explored the 4 opportunities and assets within Pontiac that we have 5 yet to develop with statements of testimony from CEOs 6 and presidents of various organizations that had done 7 building projects within Pontiac and spoke to the 8 efficiency and reduced bureaucracy in our Building and 9 Safety Department. 10 So those are all the things we're doing to 11 not only change the narrative about where Pontiac 12 stands, in terms of economic development but also to 13 clarify and expand upon the opportunities which exist 14 within this community. 15 One other thing that I would like to 16 highlight, I'm kind of proud of at this point, and I 17 think our City Administrator and Finance Director hit 18 upon this. But I want to put an exclamation point 19 behind it. You know, as I asked in the beginning, what 20 were the bench marks for Pontiae getting out of 21 receivership. Because I see that as an important part 22 of what I was elected to do, to help to lead us at 23 least on a plan to get out of receivership. 24

25

And two of the bench marks I think we have

| achieved, the first one, of course, is that             |
|---|
| 2 collaboration between the upper levels of government  |
| 3 that with our City Council having adopted very        |
| 4 professional rules, and those are being followed, as  |
| well as the collaboration I've had with City Council,   |
| 6 in terms of various parameters and policies that we   |
| 7 have worked collectively on. So I think that's one.   |
| 8 But, number two, which is the financial one,          |
| 9 and that is the fact that we were to achieve a        |
| 10 15 percent surplus revenue funds. And I think you    |
| 11 heard the our Finance Director say that we did       |
| 12 achieve that as of 6-30-14. It looks like we have a  |
| 13 TIFA marked at 4.5 million. So I know he said that   |
| within that report but I want to put double exclamation |
| points behind that to tell people that we have achieved |
| that and, very rightly so, that we can explain that     |
| 17 that is another benchmark that we have achieved, and |
| then sustaining that, of course, we have to do that     |
| 19 going forward and we are aware of that.              |
| Now, I would like to update you on some of              |
| the more specific task areas that I have been assigned. |
| The first of which was the Phoenix Center litigation,   |
| and that is proceeding. The condemnation litigation is  |

| 24 | proceeding. In the meantime, Phoenix Center, of        |
|----|--|
| 25 | course, is that topic that excites everybody's interes |

| and that I must get more questions about what's going     |
|---|
| 2 to happen with that whole property here, what is the    |
| 3 plan. And I must say that, in light of the fact that I  |
| 4 felt this responsibility when I was elected to make     |
| 5 sure that our government was transparent and that       |
| 6 answered questions related to the assets.               |
| 7 So, to because I get deluged with so many               |
| 8 questions and to which I don't necessarily have all the |
| 9 answers, I'm still looking for some of those, one of    |
| 10 the ways I thought to be informative to the public and |
| useful to the public was to engage a group to have a      |
| 12 Town Hall Meeting, in which these questions could be   |
| answered and, you know, what we knew and the              |
| information we had could be shared with the general       |
| 15 public to which I am responsible.                      |
| 16 And my requirement for such a Town Hall                |
| 17 Meeting were, number one, that it be information       |
| sharing, you know, not axe burning or grinding but to     |
| be information sharing. I think that's what we owe the    |
| 20 voting public. So transparency was important.          |
| The other thing was that it be expository,                |

|                                   | ·   |  |  |
|-----------------------------------|---|--|--|
| 22                                | you know, not argumentative, not state your claim but   |  |  |
| 23                                | expository about what we know and what we need to know. |  |  |
| 24                                | So to that extent, I have engaged a some                |  |  |
| 25                                | reliable volunteer citizens who have worked with my     |  |  |
| STORM REPORTING<br>(810) 441-0898 |   |  |  |
|                                   | 44  |  |  |

| 1   | transition committee as well as we had engaged                |  |  |  |
|-----|---|--|--|--|
| 2   | Premasevita (sp), which some of you may be familiar           |  |  |  |
| 3   | with, the Lansing non-profit group that helps                 |  |  |  |
| 4   | communities explore issues. And that we do plan to            |  |  |  |
| 5   | have this Town Hall in the near future with a                 |  |  |  |
| 6   | participation from both elements of the county as well        |  |  |  |
| 7   | as other other entities who can share information to          |  |  |  |
| 8   | bring people up to date so that we're not talking about       |  |  |  |
| 9   | just hearsay, that we're talking about real                   |  |  |  |
| :10 | information. And I think that's important for any             |  |  |  |
| 11  | community to that we're having people deal with real          |  |  |  |
| 12  | the section of the  |  |  |  |
| 13  | 13 controversy.   |  |  |  |
| 14  | A So that is in here. We will tell you more                   |  |  |  |
| 15  | residence about that as that residents plan develops. I think |  |  |  |
| 10  | a the Table poods to do. In any                               |  |  |  |
| 1'  | of the communities that have been successful in going         |  |  |  |
| 1   | from where we have previously been termed as being            |  |  |  |
| 1   | 9 overwhelmed to a community that can transformative with     |  |  |  |

| 20 | which sometimes we are compared, that one of the things |  |
|----|---|--|
| 21 | that is common amongst those communities that have      |  |
| 22 | done, that made that transformation, is the fact they   |  |
| 23 | come up with a plan, you know, a development plan.      |  |
| 24 | So among those steps, as we outline, that to            |  |
| 25 | take, one of the things, the first step we can avail is |  |

25

| i  | to come up with a master plan, that I told you about    |  |
|----|---|--|
| 2  | has been revised with a lot of community input as well  |  |
| 3  | as expertise. And so we're just waiting for that        |  |
| 4  | comment period to end from which that's adopted by the  |  |
| 5  | Planning Commission.                                    |  |
| 6  | The other part of that is to develop an                 |  |
| 7  | economic plan. And I think I've also talked to you      |  |
| 8  | about the fact that, along with Oakland County and with |  |
| 9  | the help of the EDA grant, that we obtained with the    |  |
| 10 | help of Oakland County, that Dan Hunter and I are       |  |
| 11 | co-chairing an economic recovery plan, in which we have |  |
| 12 | the steering committee and a large stakeholder group.   |  |
| 13 | And we are now in the process of choosing a consultant  |  |
| 14 | for that with plans to begin to do those deliberations  |  |
| 15 | and meetings, so that the final report is due to the    |  |
| 16 | EDA. The draft is due in April of next year so we plan  |  |
| 17 | to work expeditiously.                                  |  |

Once we have a shared vision, you know, 18 through these various, you know, documents, then that 19 will help us to develop a plan, a plan that we can take 20 to funding, a plan that we can show investors and 21 developers who want to know where is this City going, 22 how are you going to get there. And that is the route 23 we've chosen to take regarding a methodical way. So 24 just to bring you up to date on that. 25

#### STORM REPORTING. (810) 441-0898

| l  | The next issue, of course, is retiree health.           |
|----|---|
| 2  | The newest development, I don't know if Mr. Cline       |
| 3  | shared with you. But Police and Fire have dropped       |
| 4  | their suit to add the pre-1996 retirees to their plan.  |
| 5  | So that is one of the contentious issues that seems to  |
| 6  | have been resolved.                                     |
| 7  | The information that Mr. Cline's already                |
| 8  | presented to you about the fact that Mr. Nazarko had    |
| 9  | presented me with a report of his conversation with the |
| 10 | IRS and the question we were concerned about was        |
| 11 | whether the retiree replan had tax exempt status that   |
| 12 | has been resolved now, as you've heard. And I've asked  |
| 13 | for time on the agenda for the Retiree Board meeting    |
| 14 | tomorrow to be able to share with them that             |
| 15 | information.  |

| 16 | So we are, as you've heard, been able to               |  |
|----|--|--|
| 17 | engage some outside help to be able to flush out the   |  |
| 18 | pros and cons of the various other settlement options. |  |
| 19 | Since we wanted to do negotiation with the Retirement  |  |
| 20 | Board, in terms of seeing if we could settle this      |  |
| 21 | healthcare retiree issues outside of the courts, that  |  |
| 22 | one of the things we had to do was to gather the       |  |
| 23 | information and the pros and cons of these issues and  |  |
| 24 | what how the City would benefit or not benefit and     |  |
| 25 | what position that would put us in.                    |  |

| 1  | So we were able to engage that and we just              |  |
|----|---|--|
| 2  | need we really need some help in terms of getting       |  |
| 3  | the actuarial information so we can have some realtime  |  |
| 4  | real data information to be able to flush out those     |  |
| 5  | those options.  |  |
| 6  | As regards to blight, we have expedited some            |  |
| 7  | of the processes toward handling the whole demolition.  |  |
| 8  | Those are ongoing, signing contracts and now we're just |  |
| 9  | trying to move the demolition contractors along. We     |  |
| 10 | had to release one demolition contractor from the       |  |
| 11 | contract because of the fact they had not moved forward |  |
| 12 | within the 30-day period. We're being less tolerant of  |  |
| 13 | contractors who accept the contracts and then don't     |  |

| 14 | follow through on their assignments. So that's going    |  |  |
|----|---|--|--|
| 15 | on.   |  |  |
| 16 | We also are fully engaged with the Pulte                |  |  |
| 17 | organization and are following along with their         |  |  |
| 18 | suggestion that one of the things we need to do is just |  |  |
| 19 | a whole survey of the blight situation in Pontiac. We   |  |  |
| 20 | haven't had that since 2012. And a lot of that data is  |  |  |
| 21 | outdated. So we're going to start with a certain pilot  |  |  |
| 22 | area. We have funding from that. So that's not a City   |  |  |
| 23 | budget's concern. And along with demolition, as I have  |  |  |

contended, that it's not just getting rid of abandoned

properties for our neighborhoods, we also need to see

24

25

| 1  | the properties that can be renovated or rehabilitated.  |  |
|----|---|--|
| 2  | And there's also certain other workforce                |  |
| 3  | issues that we can also help to at least make a dent in |  |
| 4  | by this demolition project. And, for that, I have a     |  |
| 5  | deconstruction subcommittee that's looking to form a    |  |
| 6  | process by which we can also train both undergrad       |  |
| 7  | students, vocational students, as well as unemployed    |  |
| 8  | workers to give them experience and certification so    |  |
| 9  | they are then hireable and have a workable skill. And   |  |
| 10 | this, certainly, is something that we can use to help   |  |
| 11 | to reduce this minimum 20 percent unemployment rate     |  |

| 12 | higher in some sectors according to some experts. And   |  |
|----|---|--|
| 13 | I think that's another check box we can help to         |  |
| 14 | accomplish.   |  |
| 15 | There's a lot of moving parts in doing this             |  |
| 16 | deconstruction. We've had help by a number of           |  |
| 17 | different experts. We've got a pretty large blight      |  |
| 18 | authority commission but that is starting and we        |  |
| 19 | begin plan to begin that survey very shortly. We'll     |  |
| 20 | have realtime information, we have software that has    |  |
| 21 | been introduced and we have funding for that software   |  |
| 22 | Now, as I've been doing all these things,               |  |
| 23 | I've been acutely aware that I have limited staff to be |  |
| 24 | able to work with, in fact. So the Deputy Mayor         |  |
| 25 | position, the one person that I have who will report    |  |

49

and work directly with me, everybody else is on paper, 1 you know, on the hierarchy that this Board has approved 2 reports to the City Administrator. So I am glad to 3 tell you that that process is underway. Through the 4 Michigan Municipal League, the Treasury has helped us 5 to afford the expense of doing that executive search. 6 We have had some credible candidates. We just reviewed 7 the list that was brought down by -- in the mail 8 yesterday and plan to do some interviews in the near

| 1 | 0 | future. |
|---|---|---------|
| L | v | Tuturo. |

| 11 | I understand that I'm bound by the Job                  |
|----|---|
| 12 | description that we negotiated with Treasury because of |
| 13 | the fact that we both agreed that it would most benefit |
| 14 | this community if we had somebody with professional     |
| 15 | background and standards to be able to fill that        |
| 16 | position. So I am acutely aware of that. We'll          |
| 17 | bound abide by that but with the understanding that     |
| 18 | this is the only person that I have to work with        |
| 19 | that you know, work directly. So it's very              |
| 20 | important, in all these responsibilities that I have,   |
| 21 | that I have competent help to help with that and that   |
| 22 | there are some intangible assets, too, that I think     |
| 23 | this person needs to needs to have in addition to       |
| 24 | the ones that are on paper. And those are a good fit    |
| 25 | for this community.                                     |

| 1 | So as I transact the responsibilities I have,         |
|---|---|
| 2 | I want to make sure that that Deputy Mayor position   |
| 3 | also fills those intangible qualities. And so that    |
| 4 | will help to guide my decision as well. But I'm happy |
| 5 | that you're making this my decision. You know, it's   |
| 6 | been eight eight months since I've been in office.    |
| 7 | So I've been as I said running as fast as I can. So   |

| 8  | it's either getting some help or cloning myself. So,       |
|----|--|
| 9  | with this Deputy Mayor, I won't have to do the later: latk |
| 10 | A couple of things that I'm going to share                 |
| 11 | with you, as I've gone through and realized the            |
| 12 | situation that we're in here in Pontiac and, you know,     |
| 13 | as I talked to other mayors and share experience and       |
| 14 | tell them, you know, I'm we're running the City now        |
| 15 | with 24 employees and they look at me and say, "Are you    |
| 16 | serious?"  |
| 17 | And I say, "No, we are actually doing that."               |
| 18 | So it's important that we have the most effective use      |
| 19 | and the most effective allocation of staff. And that's     |
| 20 | why, when I heard about this Treasury position, I'm        |
| 21 | saying, "Well, wait. There's some other things, you        |
| 22 | know, I think we need to take into consideration." I       |
| 23 | just want to make sure that the staff that we have and     |
| 24 | the capacity that we have is distributed effectively.      |
| 25 | Because as I look in trying to do the whole blight         |
|    |  |

- program and actually doing that project with staff
  who's only here actually in the office physically about
  a day and a half a week, so that's quite incredible for
  a project that's as big and as important to the
- 5 community.

| 5   | And just access to data. You know, just to              |
|-----|---|
| 7   | let you know, some of the issues that I'm being         |
| 8   | confronted and to the extent that you can put your wise |
| 9 - | heads around some of these issues. We talked about      |
| 10  | promoting Pontiac business, you know, with these        |
| 11  | businesses that we have.                                |
| 12  | Incredibly enough, as we were trying to do a            |
| 13  | business directory, I asked could I have a list of the  |
| 14  | Pontiac businesses that were licensed, only to be told, |
| 15  | "We don't have such a list." And I thought that was     |
| 16  | incredible. You know, any business owner with a, you    |
| 17  | know, used computer, with generate a list of their      |
| 18  | clients or clientele or whatever.                       |
| 19  | So actually, we went to Lansing that those              |
| 20  | 28 that list of 2,500 businesses is something that      |
| 21  | we the Transition Committee went to Lansing and get     |
| 22  | and said, "Give us a list of the businesses in          |
| 23  | Pontiac." And they did that. So right now, what we're   |
| 24  | trying to do with a list is to make sure that all those |
| 2   | are active businesses. But that's just access to data.  |
|     |   |

| 1 | But in terms of what I need to do on a                 |
|---|--|
| 2 | day-to-day basis is a factor. The fact that one of the |
| 3 | things in the demolition in the blight process is      |

| 4 | that it's not only structural blight that we want to be |
|---|---|
|   |   |

- 5 concerned about but also the nonstructural blight. And
- 6 that's the lots with overgrown grass and weeds and
- 7 refuse, debris and dumping and all those kinds of
- 8 factors.
- 9 And I have -- one of the ways we had
- 10 leverage, you know, in our limited budget is to go out
- and get volunteers, nonprofit groups that are willing
- 12 to help us. I have nonprofit groups that are lined up
- to help with this nonstructural blight. I can't get a
- list of the lots we have that are vacant that we have
- grass to mow. I mean, that's incredible to me.
- 16 So as we talk about allocation of staff, I
- think that's something I need to ask for your support
- 18 but work with the City Administrator in making sure the
- 19 necessary things get done so I can work effectively and
- 20 efficiently to help the City in the areas that you've
- 21 given me responsibility for. Thank you.
- 22 THE CHAIRPERSON: Okay. Thank you, Mayor.
- 23 You had your time.
- 24 MR. NAZARKO: Oh.
- 25 THE CHAIRPERSON: No, no. I'm kidding. Go

53

1 ahead.

| 2  | MR. NAZARKO: I just wanted to clarify                         |
|----|---|
| 3  | something for the Board that I hear the Mayor saying          |
| 4  | that the allocation of staff and it looks like we are         |
| 5  | asking for additional staff. Let me be perfectly              |
| 6  | clear. This is not an additional staff that we're             |
| 7  | asking for. We're asking to perform a function that           |
| 8  | has been neglected for the last umpteen years, 20 years       |
| 9  | at least but completely ignored the last six.                 |
| 10 | Meaning that if you have \$8 million                          |
| 11 | receivable that should be paid to the City of Pontiac,        |
| 12 | whomever drafted the contract with the income tax             |
| 13 | vendor left this thing out. So I'm not saying to add          |
| 14 | the staff. And I totally agree with Mr. Sawdon that we        |
| 15 | have three alternatives, A, collection agency, B our          |
| 16 | credit vendor, C, an employee of the City of Pontiac.         |
| 17 | Whichever option makes more financial and                     |
| 18 | logical sense, we'll go with that. But this is not a          |
| 19 | an additional staff or allocation of staff, you know,         |
| 20 | with the City Hall. This has been a function of the We've had |
| 21 | 1000 when we have the weince We                               |
| 22 | have the income tax ordinance.                                |
| 23 | THE CHAIRPERSON: The position I left, it was                  |
| 24 | not filled.   |
| 2: | MR. NAZARKO: Yes.   |

| 1  | THE CHAIRPERSON: Thanks. We will move on                |
|----|---|
| 2  | now to Mr. Sobota's very short report.                  |
| 3  | MR. SOBOTA: Speaking of positions that you              |
| 4  | left Mr. Schimmel that were unfilled, as you recall     |
| 5  | just before your departure, we were that (indicating)   |
| 6  | close to hiring a full-time City Treasurer and we were  |
| 7  | unable to close the deal. So what you did is you        |
| 8  | provided us an alternative staffing plan for the        |
| 9  | Treasurer's office. Instead of having a three-person    |
| 10 | staff with a full time treasurer, a full-time deputy    |
| 11 | treasurer and a cashier, we will have a four-person     |
| 12 | staff with a full-time deputy treasurer, a full-time    |
| 13 | treasury analyst and a two staff members to assist with |
| 14 | the cashiering and the telephones.                      |
| 15 | The individual that was serving as the                  |
| 16 | treasury analyst resigned her position back in          |
| 17 | February, I believe it was. And since this time,        |
| 18 | Mr. Nazarko and I and actually, quite honestly, prior   |
| 19 | to that when he was first hired, we have been           |
| 20 | discussing about the potential staffing in the          |
| 21 | Treasurer's office and what the benefits and the        |
| 22 | detriments were to the current staffing situation and   |
| 23 | what the benefits and the detriments would be to the    |
| 24 | preferred staffing situation, which was Mr. Schimmel    |
| 25 | original plan.  |

# STORM REPORTING

| 1  | And prior to Mr. Schimmel's departure, he did           |
|----|---|
| 2  | authorize that we have a full-time City Treasurer with  |
| 3  | a total compensation package of \$75,000, provided that |
| 4  | there was a three-person staff.                         |
| 5  | We are aware that there will be some                    |
| 6  | resignations from staff upcoming before the end of the  |
| 7  | year. And taking that into consideration and the fact   |
| 8  | that we really truly believe that we need a full-time   |
| 9  | cash management person to be able to invest the surplus |
| 10 | cash that we have on hand in interest-bearing accounts, |
| 11 | monitoring the cash flow on a regular basis and         |
| 12 | essentially being an on-site City Treasurer in the      |
| 13 | Treasurer's Office to address the concerns of the       |
| 14 | public as they come in, we have decided that we would   |
| 15 | like to proceed with the original staffing of the       |
| 16 | Treasurer's office and implement that three-member      |
| 17 | staff and, therefore, go out to search for a full-time  |
| 18 | City Treasurer for a total compensation package not to  |
| 19 | exceed \$75,000.  |
| 20 | I do not believe that this action to                    |
| 21 | advertise and to revert to the original staffing plan,  |
| 22 | as Mr. Schimmel had left us in his financial and        |
| 23 | operating plan, requires any action by the TAB.         |
| 24 | However, what it will require is final confirmation of  |

| 1  | A job description was previously approved by            |
|----|---|
| 2  | the TAB several months ago with the other job           |
| 3  | descriptions in the City. So that is an avenue that we  |
| 4  | are going to be exploring relatively soon.              |
| 5  | Mr. Nazarko will has identified an account              |
| 6  | that we will be able to deposit some of the City's      |
| 7  | surplus funds in to gain in some interest revenue. But  |
| 8  | overall, we honestly believe that, although we will be  |
| 9  | able to cover this position in the existing budget and  |
| 10 | in the future budgets, that is a cost neutral because   |
| 11 | of the changing in the staffing, this person will more  |
| 12 | than pay for themselves with the additional income that |
| 13 | the City will be receiving. So hopefully, this is some  |
| 14 | additional revenue for the City.                        |
| 15 | Second, we met with the Court in the first              |
| 16 | quarterly meeting a couple of weeks ago to discuss some |
| 17 | issues that we have. We asked the courts to examine     |
| 18 | their approved leave policy and justify some of the     |
| 19 | accruals that are being presented on the City's         |
| 20 | financial statements.                                   |
| 21 | We have reason to believe that there are some           |
| 22 | errors in terms of the calculation of the accrued time  |

- and that was identified by our auditors in the last
  audit. So we've asked the Court to examine those
- 25 long-term liabilities.

| 1  | Second, we have presented to the Court an               |
|----|---|
| 2  | option to use the Treasury Department as a collection   |
| 3  | service for outstanding fines and forfeitures owed to   |
| 4  | the City under Public Act 316 of 1993. The Court        |
| 5  | presented to us that they are presently under the       |
| 6  | agreement but I think it was an old agreement that they |
| 7  | were under and these are the residuals. But that's      |
| 8  | something more that they're going to be looking into.   |
| 9  | Number three, we also discussed some other              |
| 10 | financial management procedures to try and bring the    |
| 11 | financial management procedures more in line with othe  |
| 12 | communities that have a court of the same class as the  |
| 13 | City of Pontiac. We have a strange situation here in    |
| 14 | Pontiac where our court operates out of a separate      |
| 15 | fund. They keep their own books, they provide us        |
| 16 | checks once or twice a year, in terms of the revenue    |
| 17 | collections. So we're trying to normalize those         |
| 18 | procedures. So those discussions are occurring.         |
| 19 | And finally, we discuss the impact of the               |
| 20 | ruling in of the holding in People versus               |

| 21 | Cunningham. The Court decided in that the Supreme       |
|----|---|
| 22 | Court decided in that particular case that the district |
| 23 | courts are not allowed to assess costs to defendants    |
| 24 | who are convicted unless the ordinance or law that the  |
| 25 | Defendant was convicted under authorizes those costs to |
|    |   |
|    | STORM REPORTING   |

| 1  | be assessed.   |
|----|--|
| 2  | The City stands to lose, as this happened                |
| 3  | last year, \$75,000 in collected revenue and another     |
| 4  | and with a possible 125,000 that had been assessed. So   |
| 5  | you've got about a \$50,000 discrepancy between what was |
| 6  | assessed and what was actually collected by the City.    |
| 7  | There has been some talk of considering                  |
| 8  | changing some of the City's ordinances in prosecuting    |
| 9  | ordinances under City or prosecuting violations          |
| 10 | under City ordinance so that the City could recover      |
| 11 | those costs.   |
| 12 | I know that, when Mr. Schimmel was here, he              |
| 13 | was presented with that same option and decided against  |
| 14 | amending City ordinances and prosecuting because of the  |
| 15 | cost that the City would be incurring that may or may    |
| 16 | not have been recoverable. But that is a discussion      |
| 17 | that the City Council will be engaging with us this      |
| 18 | evening.   |

| 19 | I know they have a list of ordinances that              |
|----|---|
| 20 | they would like the City to begin or a list of          |
| 21 | crimes they would like the City to begin prosecuting so |
| 22 | that we could potentially collect these additional      |
| 23 | fees. But before those ordinance are presented, a full  |
| 24 | cost benefit analysis will be conducted.                |
| 25 | There are some crimes at this point in time             |
|    | STORM REPORTING<br>(810) 441-0898                       |
|    | 59  |
| ٠  | •   |
| 1  | where I would really need to have solid arguments made  |
| 2  | and there's others that I'm definitely open to, in      |
| 3  | terms of considering.                                   |
| 4  | The third item is that we have made a                   |
| 5  | significant change on the City's web page. We now have  |
| 6  | a page a link off the home page for business and        |
| 7  | development that goes directly to all of the            |
| 8  | information that a business will need to consider       |
| 9  | opening in the City of Pontiac.                         |
| 10 | We have added the map of our Opra districts.            |
| 11 | And, once the IDD that was just approved by the TAB is  |
| 12 | formally reestablished and amended, we will have a map  |
| 13 | of all of the existing IDDs in the City of Pontiac. So  |
| 14 | any developer that wants to come in and is looking for  |
| 15 | a tax abatement would know exactly where the            |
| 16 | permissible districts are.                              |

| 17       | We have added flow charts, permanent   |
|----------|--|
| 18       | applications have been online. And before the end of   |
| 19       | the calendar year, we fully anticipate having the  |
| 20       | ability for the developers to both apply for and pay   |
| 21       | for permits online. So that one-step shop is really  |
| 22       | going to be working here in the City of Pontiac.   |
| 23       | Along the same lines, I have asked the   |
| 24       | Building Department, since we just received the check  |
| 25       | and lift last week Monday from the Liquor Control  |
|          | STORM REPORTING<br>(810) 441-0898  |
| 1        | Commission, to begin a thorough review of all  |
| 2        | businesses that have a liquor license in the City of   |
| 3        | Pontiac.   |
| 4        | And the preliminary report this morning  |
| . 5      | indicated that we have a handful of businesses that are  |
| 6        | operating without a business license and we have either  |
| 7        | four or five businesses that are selling liquor in   |
| 8        | violation of the City's Zoning Ordinance.  |
| 9        |  |
|          | Now, the Liquor Control Commission changed   |
| 10       | Now, the Liquor Control Commission changed their procedures a couple of years ago and now they |
| 10<br>11 |  |

has been issued.

local community must enforce after the liquor license

13

| engaging in some costly legal action with these           |      |
|---|------|
|   |      |
| businesses that have been issued a liquor license by      |      |
| 18 the LCC but are improperly operating in the district   |      |
| 19 that they have established themselves.                 |      |
| 20 And finally, from an administrative                    |      |
| 21 standpoint, I have asked all of the department heads   | to   |
| 22 identify a list of what our considered open items that | t    |
| they are working on. I have also compiled a list of       |      |
| 24 items that I believe each department needs to be pay   | /ing |
| attention to. So we will be consolidating those lists     |      |

| 1  | over the after the Labor Day weekend and I'm           |
|----|--|
| 2  | thinking that this number is now between 125 to 150    |
| 3  | different projects that are either short-term or       |
| 4  | long-term that we need to continue to concentrate on   |
| 5  | and to address. Granted, that list will always         |
| 6  | probably be around that number and constantly changing |
| 7  | But at least we'll have an idea what's out there so    |
| 8  | that nothing falls off the course and the track like   |
| 9  | had happened in previous years.                        |
| 10 | In regards to the staffing for the income tax          |
| 11 | administrator position, we did have a discussion with  |
| 12 | the Mayor a couple of months ago regarding this        |

| 13 | position and information had been shared with the City |
|----|--|
| 14 | Council. There was also a discussion that we had on    |
| 15 | Friday regarding this and I believe there was a        |
| 16 | misunderstanding in some direction and the             |
| 17 | recommendation that Mr. Nazarko and I had made to the  |
| 18 | Board. So that final discussion was conducted this     |
| 19 | past week.   |
| 20 | So unless anyone has any other questions,              |
| 21 | that concludes my report.                              |
| 22 | THE CHAIRPERSON: Okay. Thank you. Any                  |
| 23 | questions?   |
| 24 | MR. SAWDON: None.                                      |
| 25 | THE CHAIRPERSON: Okay. We'll move into                 |
|    | STORM REPORTING<br>(810) 441-0898                      |
|    |  |
| 1  | Public Comment.  |
| 2  | Mr. Cline will be the timekeeper. Do we have           |
| 3  | a list of the names?                                   |
| 4  | MR. CLINE: Yes, we do. Right here.                     |
| 5  | THE CHAIRPERSON: All right. We have three              |
| 6  | individuals.   |
| 7  | And Linda Hasson, we'll start with you.                |
| 8  | MS. HASSON: Hi. I'm here today because I               |
| 9  | have some concerns. I'm wondering I'm reading here     |
| 10 | in the Constitution under Section 24. Financial        |

| 11 | Benefits, Annual Funding. "Financial benefits arising   |
|----|---|
| 12 | on accounts of service rendered in each fiscal year     |
| 13 | shall be funded during the year and such funding shall  |
| 14 | not be used for financing unfunded accrued              |
| 15 | liabilities."   |
| 16 | I'm wondering if they want to do this 420 for           |
| 17 | accrued liabilities. Because right now we have a lot    |
| 18 | less employees to put into this fund. And so I was      |
| 19 | wondering because I keep hearing, you know, that we're  |
| 20 | responsible for this. But I thought that it was         |
| 21 | supposed to be accrued that year. The money should be   |
| 22 | there.  |
| 23 | That is one of the reasons why I am                     |
| 24 | interested in looking into the City lacking into        |
| 25 | MERS because that may help to balance this out, to make |
|    |   |

### S T O R M R E P O R T I N G (810) 441-0898

63

| 1 | sure things are done a certain way. I example, the   |
|---|--|
| 2 | Board, you, the TAB, turned around and stated, "No   |
| 3 | study." It turned around the GERS Board changed it   |
| 4 | did the study anyway, stating that they believe they |
| 5 | could do it.   |
| 6 | I don't have the money to pay for people who         |
| 7 | were laid off in 2009, retroactive, for early        |
|   |  |

retirement -- or retirement. So we need to get

| 9  | something going on better than what we have going on    |
|----|---|
| 10 | now. And so I'm asking, also, our my Councilman         |
| 11 | wanted to change an ordinance. Who has the power, if    |
| 12 | you could show me, in Act 436 to change the ordinances, |
| 13 | who has the EM's power, if you could show that to me.   |
| 14 | Thank you.  |
| 15 | THE CHAIRPERSON: Thank you, Ms. Hasson.                 |
| 16 | And our next individual is Billie Swazer.               |
| 17 | MS. SWAZER: I choose not to speak at this               |
| 18 | time. Thank you.  |
| 19 | THE CHAIRPERSON: Okay.                                  |
| 20 | MS. SWAZER: I have nothing to say. Thank                |
| 21 | you.  |
| 22 | THE CHAIRPERSON: And Councilman Carter.                 |
| 23 | MR. CARTER: Good afternoon. I have a few                |
| 24 | questions. One was I believe the solution was already   |
| 25 | hand-delivered, the MERS issue, that I believe that if  |
|    |   |

- we with the MERS and I believe somebody in this TAB
  Board should be able to inform the citizens how much
  the retirees would benefit and save by going with MERS
  than -- than not.

  Also, I believe going with MERS -- even
- 6 though I don't like the idea but I believe going with

| 7  | MERS would also save the taxpayers from fraudulent      |
|----|---|
| 8  | lawsuits that could actually be generated.              |
| 9  | The other thing I'm looking at is that I                |
| 10 | looked into it. My basic discovery is that GERS has     |
| 11 | only performed four times in the last eleven years.     |
| 12 | And during that time, I don't believe any               |
| 13 | profit-sharing checks or 13 checks should be issued on  |
| 14 | years that no revenue will be generated, no profits     |
| 15 | were generated.   |
| 16 | Also, I looked into the dealing with the AG,            |
| 17 | Frank Kelly's, opinion about the 420 transfer. And      |
| 18 | through my conclusions, it did appear that the          |
| 19 | employees and the City had to be involved in the        |
| 20 | planning the year of. If ironically, the City           |
| 21 | hasn't been involved in the last 15 years. So I         |
| 22 | believe it's a mute subject that is that it's not       |
| 23 | even viable to even talk about a 420, it shouldn't even |
| 24 | be allowed to happen, it can't happen.                  |
| 25 | The other thing I looked at is is it possible           |
|    | STORM REPORTING<br>(810) 441-0898                       |

- 1 that, since the GERS Board utilized some public revenue
- 2 in the very beginning to fund their activity, by moving
- 3 out to Auburn Hills, are they no longer a public entity
- 4 that the City of Pontiac should be -- or the citizens

| 5  | should be liable for?                                   |
|----|---|
| 6  | It appeared to me that they got involved in             |
| 7  | high-risk investment and not and not sensible           |
| 8  | interest ratings like bonds and infrastructure like     |
| 9  | most people would do. So by involving themselves in     |
| 10 | high-interest investment and deciding to relocate to    |
| 11 | another City, I believe the public should not be        |
| 12 | responsible for any lawsuits or anything that they want |
| 13 | to bring up. With that, that is all my comments.        |
| 14 | Thank you.  |
| 15 | THE CHAIRPERSON: Thank you. That ends the               |
| 16 | comment period.   |
| 17 | Councilman Carter, I guess                              |
| 18 | MR. CARTER: Yes?  |
| 19 | THE CHAIRPERSON: I've said this so many                 |
| 20 | times before. But, as you know, my plan on healthcare   |
| 21 | was that go to MERS and nobody would have missed a      |
| 22 | nickel of getting their healthcare. Don't seem to have  |
| 23 | ever have been able to get that message across. I'm in  |
| 24 | agreement with you, 420 will never work. All the time   |
| 25 | and money that's being spent on that is a total waste,  |
|    |   |

- in my opinion. And I'm concerned that the -- the local
- 2 Pension Board passed a resolutions to meet with MERS

| 3  | and has never done so, to my knowledge, never was      |
|----|--|
| 4  | serious. It was it was very disturbing. And but        |
| 5  | we don't seem to be able to get to the retirees. I     |
| 6  | think they're being fed a whole lot of misinformation. |
| 7  | PATRICE WATERMAN: I think you are, too.                |
| 8  | THE CHAIRPERSON: So that's my comment on               |
| 9  | that. Maybe others have a comment as well.             |
| 10 | MR. CARTER: One point of clarification I ask           |
| 11 | is, coming up in October, the Obama-Care comes up. Is  |
| 12 | there anyone who is not entitled to Medicare, eligible |
| 13 | to be within the Obama-Care, since it is a national    |
| 14 | law?   |
| 15 | THE CHAIRPERSON: Well, I'm don't drag me               |
| 16 | into that area.  |
| 17 | MR. CARTER: Thank you.                                 |
| 18 | THE CHAIRPERSON: I don't think I know the              |
| 19 | answer.  |
| 20 | MR. CARTER: Thank you.                                 |
| 21 | THE CHAIRPERSON: I think I responded.                  |
| 22 | PATRICE WATERMAN: Did you speak?                       |
| 23 | MS. SWAZER: I didn't have nothing to say.              |
| 24 | THE CHAIRPERSON: So I believe that concludes           |
| 25 | the comment period. And the next Board Comments        |

| 1  | would be next. I guess I made mine. Do you have any? |
|----|--|
| 2  | MR. SAWDON: I have none.                             |
| 3  | MR. BURGESS: I have none.                            |
| 4  | THE CHAIRPERSON: You have none. That ends            |
| 5  | Board Comments. I'll entertain a motion to adjourn.  |
| 6  | MR. SAWDON: So move.                                 |
| 7. | MR. BURGESS: Second.                                 |
| 8  | THE CHAIRPERSON: All in favor, say "Aye".            |
| 9  | BOARD MEMBERS: Aye.                                  |
| 10 | THE CHAIRPERSON: Meeting is adjourned.               |
| 11 | (Meeting adjourned at 2:24 p.m.)                     |
