REVENUE ADMINISTRATIVE BULLETIN 1990-18

Approved: July 12, 1990

DEPARTMENT OF TREASURY FIELD OFFICES

RAB-90-18. This bulletin is issued to provide an up-to-date listing of Treasury Department field offices, together with current addresses and telephone numbers. In the past, several Revenue Administrative Bulletins have been issued with a list of the field offices attached. Those bulletins become dated and inaccurate when any of the field offices move or other changes are made. In addition, many tax forms are printed with a list of field offices, giving rise to the same problem. This bulletin will be replaced as addresses, telephone numbers, or other information concerning the field offices change. This bulletin, or its most current replacement, should be consulted prior to contacting a field office listed in a specific Revenue Administrative Bulletin or on a tax form.
