

## How Can I Volunteer to Prevent Child Abuse and Neglect?

There are many ways that you can make a difference in the prevention of child abuse and neglect in your community. Donations make it possible for us to serve more children and families, but volunteers are always the backbone of service.

The best first step is to contact the Child Abuse and Neglect Local Council in your area. They can tell you what programs and services are happening, where volunteers are most needed and ways that you can advocate on the local level for programs and services for children.

Or call us at (517) 373-4320 and tell us a little bit about how you would like to volunteer.

We will be happy to connect you with the local council or direct service program in your area.
