Background:

The State of Michigan has determined a 21-day time frame will allow for MWAs to assess, evaluate, and more effectively prepare FIP applicants to attain employment, meet federal work participation requirements, and work toward self-sufficiency through PATH. FIP applicants who are more effectively prepared to attain employment and achieve self-sufficiency through Michigan's demand-driven workforce development system are better able to fulfill employers' needs for skilled and competent workers.

This policy issuance rescinds and replaces WDASOM PI 12-20, Change 2 to clarify Family Automated Screening Tool (FAST) compliance and participation requirements for two-parent families. In addition, incarceration has been added as a reason to grant extensions to complete the 21-Day AEP.

Sections of the policy have also been reorganized without change to the content.

Policy:**21-Day AEP Overview**

FIP applicants are required to successfully complete a 21-Day AEP at a MWA, as a condition of eligibility for FIP benefits. MWAs are required to provide employment-related services, training and supportive services for all FIP applicants and recipients. The AEP participants are FIP applicants, therefore supportive services provided during the AEP are allowable cost expenditures. Supportive services are to be entered in the One-Stop Management Information System (OSMIS). Upon successful completion of the 21-Day AEP, applicants continue with PATH participation.

Note: FIP applicants participating in the AEP at MWAs will not be included in the State of Michigan's measurement and reporting of TANF work participation rates.

The 21-Day AEP consists of three weeks' worth of assignments individualized for each applicant's needs. Week one begins the day the applicant attends PATH orientation at the MWA. If PATH orientation is held on Tuesday, week one goes from Tuesday to Monday.

- **Weeks 1 & 2:** Assignments are for barrier identification and resolution activities, work readiness instruction, and Core and Non-Core Allowable Activities appropriate to the applicant's circumstances.
- **Week 3:** Assignments are for Core and Non-Core Allowable Activities, plus any further barrier resolution activities and work readiness instruction.

FIP applicants need to complete all weekly assignments to fulfill the requirements of the AEP. The quantity and extent of applicants' weekly assignments need to be at levels which will simulate the expectations of PATH (20, 30, 35, or 55 federally required hours per week).

Note: Federal required hours are only to be used for planning purposes to provide a basis for numbers of weekly assignments. Weekly assignments during AEP must provide effective opportunities to resolve applicants' barriers and prepare them for success in PATH and permanent employment. Therefore, completion of all weekly assignments is the requirement for AEP; and the tracking, recording, or otherwise measuring actual hours of participation is not necessary.

Goals of the 21-Day AEP at the MWAs:

- Identify barriers and facilitate barrier resolution activities for individuals who are not job-ready by providing effective case management, necessary supportive services, work readiness instruction and job search skills for the individuals to obtain employment;
- Familiarize applicants with PATH and work participation requirements; and,
- Prepare applicants for stable attachment to the labor force while steering them toward sustainable employment which can provide self-sufficiency.

MWAs are required to:

- Familiarize applicants with the AEP and PATH
- Assess applicants' competencies, skills and interests
- Meet weekly with applicants
- Identify barriers and initiate barrier resolution activities
- Develop, update and sign weekly assignment plans
- Determine the need for and provision of supportive services
- Monitor and document progress, as well as define achievements, and
- Record weekly outcomes and the AEP completion in the OSMIS.

Weekly Assignment Plan Requirements

The MWA must use the "PATH Week 1, Week 2, and Week 3 Assignment Plan 21-Day Application Eligibility Period" forms attached to this policy (Attachments A, B and C) for all applicants. Both the MWA and FIP applicants must jointly develop and sign weekly assignment plans based on assessments of the applicant's skills and abilities, as well as the

goals agreed to in the Individual Service Strategy (ISS). Weekly assignment plans are to include activities which foster continuous progress toward becoming work-ready.

Throughout the weeks of the AEP, the applicant must document completion of assignments as directed by the MWA. Applicants need to use PATH participation forms to document assignment completion whenever practical. Additional and/or supplemental documentation is encouraged, especially for barrier resolution assignments (i.e., letters, appointment schedules, payment notices, receipts, and office visit records, etc.)

The MWA must provide the FIP applicant with copies of all signed weekly assignment plans and the originals must be maintained in the applicant's case file.

Unsigned Weekly Assignment Plans

If the applicant refuses to sign any weekly assignment plan, then the applicant must be offered the opportunity to speak with a supervisor for managerial review. If the applicant still refuses to sign, it will be determined that the applicant did not satisfactorily complete the weekly assignment and thus the client did not complete the AEP. The MWA is to fill out the weekly assignment plan indicating the refusal to sign and detailing the issues surrounding the refusal. The MWA must offer the applicant a copy of the form which reflects the applicant's refusal to sign, and document the applicant's refusal in the OSMIS Case Notes.

Considerations when creating all Weekly Assignment Plans

The MWA must recognize the time the following FIP applicants spend in the activities described below as part of their weekly assignment plans:

- Applicants who are employed,
- Applicants who are enrolled in vocational education and/or training programs, including GED preparation,
- 18 & 19-year-old grantee applicants that are attending high school full time, a high school completion program, or a GED program. The High School/GED for 18 & 19-year-olds activity is the assigned activity for such applicants, and
- Applicants who are the non-participating parent in a 2-parent family not using federally-funded child day care (*35 required hours*). The

MWA must document “providing family childcare” on the non-participating parent’s weekly assignment plan under “Other.”

Applicants’ weekly contact with the MWA must be scheduled with consideration for their involvement in these activities. Both the MWA and applicant need to develop and sign weekly assignment plans which incorporate these activities and any additional assignments necessary and appropriate for the applicant. The MWA may accept applicant signature by fax, e-mail or U.S. postal mail.

Weekly Review Meetings and Weekly Completion Determinations

Weekly review meetings are to be held upon completion of each week. The weekly review meetings may occur at the end of a completed week or at the beginning of the next week, as appropriate. Applicants must submit documentation and/or verification of assignments completion at each weekly review meeting.

Note: With approval from MWAs, applicants may have the opportunity to finish assignments not completed in Week 1 or Week 2 during the next week. The option to complete unfinished assignments is only available for Week 1 and Week 2 assignments, meaning a Week 1 assignment may be completed during Week 2, and a Week 2 assignment may be completed during Week 3. Assignments carried over for completion into the next week are additional assignments for that week, and must be done along with the week’s regular assignments. MWAs and applicants must jointly agree to carry over an incomplete assignment to the next week. MWAs and FIP applicants must jointly develop and sign new or revised weekly assignment plans which incorporate carried over assignments.

During the weekly review meeting, the MWAs must determine whether the applicant satisfactorily completed the week’s assignments. The MWA must fill out the weekly assignment plan, provide a copy to the applicant, and return the original to the case file.

If the MWA determined that the applicant did not satisfactorily complete any weekly assignment plan, the applicant must be informed they did not complete the week’s assignments. If applicants disagree with a “did not complete determination,” they must be offered the opportunity to speak with a supervisor for managerial review.

Note: MWAs are not required to inform applicants of their completion status or provide copies of documentation, if applicants fail to attend the weekly review meeting.

OSMIS Case Notes are required for the instances when applicants do not satisfactorily complete any weekly assignment plan.

Applicant Misconduct

Applicants will immediately fail to complete the AEP for the following reasons:

- Threatening, or physically abusing anyone conducting or participating in an employment and/or self-sufficiency-related activity; and
- Falsifying documentation related to the AEP assignments.

The MWA must document the misconduct on the weekly assignment plan, and offer a copy to the applicant informing them they did not complete the week's assignments, which results in failure to complete the 21-Day AEP. The applicant's misconduct and failure to complete the AEP needs to be recorded in the OSMIS Case Notes.

MWAs must also inform the local Department of Human Service (DHS) of the applicant's misconduct.

Medical Excuse from the 21-Day AEP

When applicants present medical documentation from their medical provider which supports their inability to participate in the AEP for more than 14 days, the MWA must:

- On the OSMIS, enter "No" for "AEP Completed?" status and select "Did not complete due to Medical" in the "Reason Failed to Complete AEP:" field;
- Notify the local DHS of the applicant's need for a deferral determination; and,
- Enter an OSMIS Case Note regarding submission of medical documentation and the contact with DHS.

The applicant's participation in the AEP will immediately end and the OSMIS will transmit the AEP Completed status to Bridges that night.

Applicant Transfers during 21-Day AEP

An applicant may transfer to a different MWA during the AEP. Transfers are done with the "Transfer Registration to Different MWA" in the

Administrative Utilities section on the OSMIS. Please reference Policy Issuance 06-30 for the participant transfer guidelines.

All weekly assignment plans, supporting documentation, and case file records need to be sent to the new MWA, so the applicant may continue with their current assignments. Both MWAs involved in the transfer must facilitate the file and record transfer process.

Extensions of the Last Date to Complete (LDTTC) the 21-Day AEP

When applicants notify the MWA that they are unable to participate in or complete their AEP weekly assignments due to unforeseen circumstance lasting fourteen days or less, the MWA may offer the applicants the opportunity to extend their LDTTC the AEP.

Unforeseen circumstances which warrant an extension include:

- Temporary medical emergencies of the applicant, their spouse or their dependents
- Death in the applicant's family
- Immediate relocation of the applicant's primary residence, and
- Incarceration.

MWAs need to make applicants aware that extension of the LDTTC AEP assignments will affect their receipt of FIP benefits.

The LDTTC AEP may first be extended for one week (seven days) when applicants are unable to participate in or complete their weekly assignments. If the applicant's inability to participate continues beyond the first week extension, an additional, second week (seven more days, fourteen days total) extension may be granted.

The "Extension Request Form" (Attachment D) is required to extend the LDTTC for the AEP. Completion of two extension request forms is required when an additional seven-day extension (fourteen days total) is granted. Signature is required on all extension request form(s); applicants who requested an extension over the phone must sign the completed extension request form(s) upon their return to the MWA to continue the AEP assignments. Extension request form(s) must be kept in case files and applicants must be provided with completed copies.

- **Example:** An applicant has a LDTTC of 11/21/2012 and is offered a one-week extension. The applicant's LDTTC AEP would be changed to

11/28/2012 on the OSMIS. If the applicant is offered a second one-week extension, the LDTC AEP would be changed to 12/5/2012.

MWAs need to complete the following actions on the OSMIS for extensions:

- Enter applicant's new LDTC AEP (OSMIS will automatically display the dates available for one and two week extensions), and
- Enter Case Notes regarding the extension request.

Applicants are to resume participation at the point of their last completed weekly assignment. Both the MWA and the applicants must jointly make any necessary modifications to existing weekly assignment plans, so that applicants may continue the AEP upon the end of their approved extension.

Week 1 Assignments for Applicants' Required Hours (20, 30, 35, or 55)

- Familiarize applicants with the AEP and PATH
- Assess applicants' skills and interests
- Identify barriers and initiate barrier resolution activities, as necessary
- Determine the need for, and provision of, supportive services, and
- Provide work readiness instruction and begin job search activities.

Barrier resolution activities: These assignments must be made on a case-by-case basis depending on the barriers applicants identify and resources available for assistance. Reasonable, but realistic, time should be allowed to adequately address barrier issues. (Barriers may include but are not limited to transportation, childcare, housing, nutrition needs, legal matters, utility services, counseling, etc.)

Assignments: MWAs must provide the following minimum activities for all applicants:

- AEP introductory presentation providing the purpose, goals and requirements
- PATH Orientation presentation with goals, requirements, work participation, and the noncompliance process
- Family Automated Screening Tool (FAST) completion opportunity

Note: Failure to complete the FAST is not a reason to indicate the applicant "Did Not Complete AEP." MWAs are requested to

allow the applicant time to complete the FAST during AEP and DHS will address any noncompliance.

- Individual Service Strategy (ISS)
- Assessment tests such as Test for Adult Basic Education (TABE) and WorkKeys, as needed and appropriate
- Weekly meeting with applicant and MWA to:
 - Identify barriers and assess barrier resolution progress
 - Review & finalize the ISS plan
 - Review FIP applicant's progress for week one and determine weekly completion status
 - MWA needs to sign the completed Week 1 Assignment Plan, and
 - Collaborate to develop and sign the Week 2 Assignment Plan
- Vocational education and/or training activities for those already enrolled
- As appropriate and feasible, the applicant may also be assigned to, and credited for, the following activities:
 - Workshops
 - Researching Community Service and/or Work Experience opportunities
 - Job Search
 - Employment
 - High School completion/GED preparation
 - High School/GED for 18 & 19-year-old grantees

Week 2 Assignments for Applicants' Required Hours (20, 30, 35, or 55)

- Review previously identified barriers and progress made in barrier resolution activities and determine if any potential new barriers are occurring

- Determine the need for and provision of supportive services
- Monitor progress and define achievements

Barrier resolution activities: These assignments must be made on a case-by-case basis depending on the barriers applicants identify and resources available for assistance. Reasonable, but realistic, time should be allowed to adequately address barrier issues. (Barriers may include, but are not limited to: transportation, childcare, housing, nutrition needs, legal matters, utility services, counseling, etc.)

Assignments: The MWA must offer the following minimum activities for all applicants, as appropriate:

- Workshops, such as:
 - Job Search/Job Readiness
 - Resume writing
 - Interviewing skills
 - Computer skills
 - Career/life skills
 - Assessment tests (if not already completed)

- FAST and ISS (if not already completed)

Note: Failure to complete the FAST is not a reason to indicate the applicant “Did Not Complete AEP.” MWAs are requested to allow the applicant time to complete the FAST during AEP and DHS will address any FAST noncompliance issues.

- Weekly meeting with applicant and MWA to:
 - Review FIP applicant’s progress for week two and determine weekly completion status.
 - The MWA needs to sign the completed Week 2 Assignment Plan
 - Collaborate to develop and sign the Week 3 Assignment Plan

- Vocational education and/or training activities for those already enrolled
- As appropriate and feasible, the applicant may also be assigned to and credited for the following activities:
 - Researching Community Service and/or Work Experience opportunities
 - Job Search
 - Employment
 - High School completion/GED preparation, and
 - High School/GED for 18 & 19-year-old grantees.

Week 3 Assignments for Applicants' Required Hours (20, 30, 35, or 55)

- Review previously identified barriers and progress made in barrier resolution activities and determine if any potential new barriers are occurring
- Determine the need for and provision of supportive services
- Monitor progress and define achievements
- Review the requirements of PATH and work participation requirements.

Assignments: To prepare the applicant for entry into PATH, the applicant must be assigned to one, or a combination, of the following Allowable Activities, as appropriate for the applicant's needs:

- Federal Core and Non-Core Allowable Activities:
 - Employment
 - Job Search/Job Readiness
 - Vocational Educational Training
 - Job Skills Training Directly Related to Employment
 - Education Directly Related to Employment

- High School Completion/GED preparation
- High School/GED for 18 and 19-year old grantees
- Researching Community Service and/or Work Experience opportunities
- As appropriate, and if necessary, the applicant may also be assigned to and credited for the following additional activities:
 - Job Search/Job Readiness workshop(s)
 - Resume writing workshop(s)
 - Interviewing skills workshop(s)
 - Continued assistance with barrier resolution activities
- Weekly meeting with applicant and MWA to:
 - Review FIP applicant's progress for week three and determine weekly completion status, and
 - The MWA needs to sign the completed Week 3 Assignment Plan.

Note: Week 3 Assignments need to prepare applicants for success in PATH and with work participation requirements; however, completion of the Week 3 Assignments is still the requirement for the AEP and tracking actual hours of participation is not necessary.

Example AEP Assignment and Workshop Curriculum Model

MWAs are suggested to have standard curriculums and estimated hours to complete values for each of the assignments offered in their service delivery areas. In order to establish plausible standards for their areas, MWAs should develop their own customized curriculums and estimated values for hours to complete curriculum components based on locally available opportunities and service delivery capacities.

Attachment E provides an example of a general AEP curriculum and the suggested hour assignment values potentially needed to complete each assignment.

OSMIS Field Parameters:

AEP Participant?: OSMIS will fill this read-only field with “Yes” or “No” based on the Bridges referral file. The field indicates whether or not participants are required to complete the AEP.

AEP Begin Date: OSMIS will fill this read-only field with the Date Attended Orientation because the date attended orientation is the first day of the 21-Day AEP.

Last Date to Complete (LDTA) AEP: OSMIS will set this date when the “AEP Begin Date” is filled. The LDTA is first set to 20 days from the “AEP Begin Date.”

Prior Participation Denied in Error?: OSMIS will fill this read-only field with “Yes” or “No” based on the Bridges referral file. The field may indicate those clients for whom a previous case denial/closure was sent in error.

Completed Week #1?: “Yes” or “No” is used to indicate whether or not applicants completed their week one assignments.

Completed Week #2?: “Yes” or “No” is used to indicate whether or not applicants successfully completed their week two assignments.

Completed Week #3?: “Yes” or “No” is used to indicate whether or not applicants successfully completed their week three assignments.

AEP Completed?: “Yes” or “No” is used to record whether applicants successfully completed their 21-Day AEP requirements.

Reason Failed to Complete AEP: A reason is required for an entry of “No” in the “AEP Completed” field. The following options are available:

- “Did Not Complete AEP”
- “Did Not Complete Due to Medical”

AEP Transmitted to DHS on: OSMIS will automatically display the date when the “AEP Completed?” Status (“Yes” or “No”) is transmitted to Bridges via the system interface files. The “AEP Transmitted to DHS on:” field will be null until the transmission occurs.

Data Entry for Weekly Assignments

MWAs must enter in the OSMIS the completion status of the weekly assignments by selecting “Yes” or “No” in the Completed Week 1, 2, and 3 fields, as indicated above.

When applicants complete and turn in their missing weekly assignments, the MWA can change the status from “No” to “Yes” in any previously entered “Completed Week #1 or #2” fields. MWAs can also change a “Yes” status to “No” upon receipt of proof that assignments were not actually completed.

Data Entry and Transmission of Completed 21-Day AEP

Data entry for all completion status fields must be within **two days** of the LDTC because of the potential effects on the applicants' FIP benefit eligibility.

MWAs must enter the "AEP Completed?" status field by selecting "Yes" or "No."

The OSMIS will not transmit the “AEP Completed?” status to Bridges prior to the LDTC, except when the “Did not complete due to Medical” status and reason is entered. In the case below, the “AEP Completed: No” status and “Did not complete due to Medical” reason will be transmitted to Bridges after midnight following the data entry.

Original LDTC was 12/02/2013. Upon transmission of data, the LDTC is changed to match the 'Did not complete due to Medical' date.

MWAs have two days following the LDTC to enter the “AEP Completed” status on the OSMIS. If the “AEP Completed” status is not entered by the second day, OSMIS will determine the completion status as described below.

If any of the weekly assignment completion status fields are blank or “No,” OSMIS will set the “AEP Completed” status to “No” and transmit the “No” to Bridges. If all three weekly assignment completion status fields are “Yes,” the OSMIS will set the “AEP Completed” status to Yes and transmit it to Bridges.

AEP transmitted to DHS on: 04/10/2013 12:07:25 AM

At the conclusion of the 2nd day, OSMIS determined AEP had not been completed (3rd week was blank), updated status and transmitted data.

Once the “AEP Completed” status has been transmitted to Bridges, it will become read-only in the OSMIS.

AEP Completed Transmissions in Error

If an “AEP Completed?” “Yes” or “No” status is sent to Bridges in error, the MWA needs to do the following:

- Notify the local DHS and the local DHS PATH Coordinator of the error and correction required, and
- Document the situation in the OSMIS Case Notes.

FIP Applications Denied in Error

For FIP applications denied in error, OSMIS will receive new referrals from Bridges. When Bridges sends a new referral for a FIP applicant who had a previous application that was “Denied in Error,” the OSMIS may display an indicator for “Denied in Error” on the Welfare Participant History Screen. If the “Denied in Error” indicator is sent from Bridges, a “Yes” will display next to the “Prior Participation Denied in Error?” field. However, Bridges may also send new referrals after a “Denial in Error” without the “Prior Participation Denied in Error?” indicator.

MWAs need DHS staff to verify a denial was in error on new referrals received without the “Denied in Error” indicator before any corrective actions occur on the OSMIS. All FIP applicants whose applications were denied in error (as verified by DHS) can resume their AEP at their last completed assignment and do not need to restart at Week 1. When MWAs are aware of a “FIP Application Denied in Error” occurrence before the OSMIS receives any new referrals from Bridges, FIP applicants may be allowed to continue their participation in the AEP assignments.

In order to allow appropriate completion of AEP for clients whose FIP applications were denied in error, MWAs need to complete the following actions on the new referral:

- Verify with DHS staff the FIP denial/closure is in error and document this contact in OSMIS Case Notes.
- Allow FIP applicants to continue participation in their AEP assignments.
- Enter a “Date Attended Orientation” in OSMIS that is the new referral date for clients who have stayed engaged in AEP assignments, or enter the actual date Orientation was attended for clients who did not stay engaged in AEP assignments.
- Re-enter in OSMIS previously recorded AEP Week 1, Week 2, and Week 3 completion status data.
- An OSMIS administrative user **must** change an applicant’s LDTC to an appropriate date which recognizes previously completed assignments and facilitates AEP completion promptly.

Action: MWA officials shall take the appropriate actions necessary to implement the directives of this policy issuance.

Inquiries: Questions regarding this policy issuance should be directed to your Welfare Reform state coordinator.

This policy issuance is available for downloading from the internet system. Please contact Ms. Pam Vance at (517) 373-6234 for details. The information contained in this policy issuance will be made available in alternative format (large type, audio tape, etc.) upon special request to this office.
