Subject: Local Workforce Development Board (WDB) Workforce Innovation and Opportunity Act (WIOA) Membership Recertification

Programs Affected: All Programs Administered by the MWAs

Rescissions: PI 15-04, Change 1

References: WIOA of 2014
WIOA Final Rules, issued August 19, 2016

Training and Employment Guidance Letter 27-14, issued April 15, 2015

Background: The WIOA, which supersedes the Workforce Investment Act (WIA) of 1998, presents an extraordinary opportunity to improve job and career options for our nation's workers and job seekers through an integrated, job-driven public workforce system that links diverse talent to businesses. The WIOA supports the development of strong, vibrant regional economies where businesses thrive, and people want to live and work. This revitalized workforce system will be characterized by three critical hallmarks of excellence:

- (1) The needs of business and workers drive workforce solutions;
- (2) One-Stop Centers provide excellent customer service to workers, job seekers and employers, and focus on continuous improvement;
- (3) The workforce system supports strong regional economies and plays an active role in community, economic and workforce development.

One of the first steps in implementing the WIOA was reestablishing WDBs in all local areas to meet the law's new provisions. The WIOA Section 107(a) prescribes that

there shall be established in each local area (certified by the Governor) a local WDB to lead workforce investment and development activities for the area. The purpose of the Local WDB is explained at 20 CFR 679.300. The Local WDB represents a wide variety of individuals, businesses, and organizations throughout the local area. The Local WDB serves as a strategic convener to promote and broker effective relationships between the Chief Elected Officials (CEOs) and economic, education, and workforce partners. The Local WDB must develop a strategy to continuously improve and strengthen the workforce development system through innovation in, and alignment and improvement of, employment, training, and education programs to promote economic growth. Local WDB members must establish a platform in which all members actively participate and collaborate closely with the required and other partners of the workforce development system, including public and private organizations. This is crucial to the Local WDB's role to integrate and align a more effective, job-driven workforce investment system.

The WIOA Section 107(c)(2)(A) prescribes: The Governor shall, once every two years, certify one local board for each local area in the State. Such certification shall be based on criteria established under subsection (b) – Board Membership, and for a second or subsequent certification, the extent to which the local board has ensured that workforce investment activities carried out in the local area have enabled the local area to meet the corresponding performance accountability measures and achieve sustained fiscal integrity, as defined in Section 106(e)(2).

Policy: This policy provides requirements for the submission of all documentation necessary for recertification of the membership of each local WDB under the WIOA for Program Years 2017 and 2018, the time period July 1, 2017 thru June 30, 2019. All required forms and instructions are attached to this policy.

Current local WDB memberships certified in accordance with PI 15-04, Change 1 for Program Years (PYs) 2015 and 2016 will expire effective June 30, 2017.

Action: In order to certify a local WDB, MWAs must submit the required documentation listed below.

Certification Components

A complete local WDB recertification submission requires the following documents:

- (1) WDB CEO Conflict of Interest Attestation (Attachment A)
- (2) WDB Member Conflict of Interest Attestation (Attachment B)
- (3) WDB Composition Summary (Attachment C)
- (4) WDB Membership Roster (Attachment D)
- (5) WDB Alternates Roster (Attachment E)
- (6) Copy of CY 2017 Meeting Schedule

All local WDB recertification materials must be submitted electronically via email by August 1, 2017, to WDB@michigan.gov. Earlier submissions are encouraged.

Adherence to Established Procedures

Until updated policy is issued, all local WDBs must continue to comply with established procedures for the submission of local WDB meeting minutes, local WDB Disclosure Report Forms, and roster changes. These items should be submitted to WDB@michigan.gov. Adherence to open meetings and other requirements previously implemented under the WIA and continued under the WIOA must also be followed.

Inquiries: Questions regarding this policy change should be addressed to Mr. Frank Ferro at 517-335-5552 or e-mailed to ferrof1@michigan.gov.

I. WORKFORCE DEVELOPMENT BOARDS (WDBs)

Appointment of Board Members

The Workforce Innovation and Opportunity Act (WIOA) Section 107(b) outlines the required composition of local Workforce Development Boards (WDBs) and the process for nominating and appointing members. Until the Governor, in partnership with the State Board, establishes criteria for use by the Chief Elected Official (CEO) for appointment of local WDB members, the following process shall be followed: Business representatives shall be appointed from among individuals nominated by local business organizations and business trade associations and representatives of labor organizations shall be appointed from among individuals who have been nominated by local labor federations. For members representing these two categories, the CEO must establish a formal policy to facilitate nominations. When there is more than one local area provider of adult education and literacy activities under Title II, or multiple institutions of higher education providing workforce investment activities, the CEO must solicit nominations from those providers and institutions, respectively, prior to appointing the required representatives. The CEO shall make all appointments to the local WDB.

Note: All representatives appointed to the local WDB must have "optimum policymaking authority," that is the individual may reasonably be expected to speak affirmatively on behalf of the entity he or she represents and to commit that entity to a chosen course of action.

A majority of the members of each local board shall be representatives of business in the local area. At a minimum, two business sector members must represent small businesses as defined by the U.S. Small Business Administration. All business representatives shall be individuals who:

- (1) Are owners of businesses, chief executives or operating officers of businesses, or other business executives or employers with optimum policymaking or hiring authority;

AND

Represent businesses, including small businesses, or organizations representing businesses, **that provide employment opportunities in in-demand industry sectors or occupations**, as those terms are defined in the WIOA Section 3(23); and provide high-quality, work-relevant training and development opportunities to its workforce or the workforce of others (in the case of organizations representing business);

AND

- (2) Are appointed from among individuals nominated by local business organizations and business trade associations.

Members of the local board that represent organizations, agencies, or other entities shall be individuals with optimum policymaking authority within the organizations, agencies, or entities. The members of the board shall represent diverse geographic areas within the local area and represent employers whose employment opportunities reflect existing and emerging employment opportunities in the region. Board members are required to be employed by the sector they represent, with exceptions noted in the WDB Composition section.

Members may have alternates attend meetings on their behalf, as long as they are from the same sector and go through the same nomination/appointment process as regular members.

WDB Chairperson

All local WDBs must have a board chair. The WDB chair is elected by the WDB and must be a business sector member of the board (WIOA Section 107(b)(3)). The WDB may also choose to elect a vice-chair who can carry out the chair's functions should the chair be unavailable. The vice-chair must also be elected by the WDB and represent the business sector.

Change in Status, Reappointment, and Terms

Any WDB member who no longer holds the position or status that made them eligible to represent a specific sector on the WDB must resign or be removed by the CEO immediately as a representative of that sector (e.g., they no longer work in the business sector, are no longer affiliated with an educational institution, etc.). A resignation is not effective until it has been accepted by the CEO or a successor appointed.

Reappointments must be initiated through a nomination by the same sector and be reappointed by the CEO following an established formal policy when applicable. All members serve staggered and fixed terms.

To best allow for comprehensive nominations, review, and appointment, board vacancies must be filled within 120 days from the time the vacancy was created. The WDBs with vacancies exceeding 120 calendar days will be considered not in compliance.

Other Members

Per the WIOA Section 107(b)(2)(E), each local board may include such other individuals or representatives of entities as the CEO in the local area may determine to be appropriate. Representatives in this category will be voting members and subsequently will impact the percentage composition requirements for the Business and Labor Organizations sectors.

If the local board chooses to include a Talent Investment Agency (TIA) member on the board, the member shall be Ex-Officio and non-voting. The local board shall indicate on their roster, under "Other," that they would like the TIA to nominate a TIA staff member to the local board.

Notes

- (1) In Michigan, services under Wagner-Peyser are delivered at the local level by the WDB staff or contracted staff. Local boards will not be required to appoint a member in this category due to the agreement resulting from the State of Michigan v. U.S. Department of Labor, U.S. District Court No. 5:98-CV-16.
- (2) The CEO shall appoint business sector members from employers that represent existing and emerging in-demand industry sectors in the local area. Representatives must be from the business sector. Private not-for-profit entities and public entities that operate as businesses and are employers may be considered business sector members on the local WDB. Such entities should align with the key industry sectors for the state and the local area (e.g., a not-for-profit hospital, prison, etc.) as identified in the WDB's local plan. Organizations whose functions align with other represented sectors must be classified in that sector and cannot be classified as a Business Sector Representative. Examples include:
 - (a) Chambers of Commerce and Visitors and Conventions Bureaus may be appointed to local boards as a representative of a Community-Based Organization or, if they function as the local economic development agency, as an economic development representative.
 - (b) Representatives from proprietary schools cannot be considered a business sector member.

MWAs must document how board members in this sector qualify as representatives of businesses that provide employment opportunities in in-demand industry sectors or occupations (ex. LMI, hiring history, etc.). Documentation must be retained on file at the MWA.

- (3) An organized labor representative can be a member of a labor organization or steward without being employed by a labor organization. Should a representative, as described in paragraph (ii) under Labor Organizations, not be available in the local area as attested to by the CEO, any combination of eligible representatives will be acceptable.
- (3) "Demonstrated experience and expertise" means an individual who is a workplace learning advisor as defined in the WIOA Section 3(70); contributes to the field of workforce development, human resources, training and development, or a core program function; or who the Local Board recognizes for valuable contributions in education or workforce development related fields.
- (4)

Multiple Entity Representation

Members of the local board may be appointed as a representative of more than one entity if the individual meets all the criteria for representation for each entity represented, including: nomination (following a formal process, if applicable), “optimum policymaking authority” for both entities and “demonstrated experience and expertise”, if applicable. The expectation is for this to be a rare occurrence and that all submissions will be addressed on a case-by-case basis.

Nominations

Nominations to the WDB are required under the WIOA for the following sectors:

- (a) All Business Sector members.
- (b) Labor Organizations - For a local area in which employees are represented by labor organizations; nominated by local labor federations.
- (c) Adult Education/Literacy and Higher Education - If there are multiple eligible providers serving the local area by administering adult education and literacy activities under title II, or multiple institutions of higher education serving the local area by providing workforce investment activities, the CEO must solicit nominations from those providers and institutions, respectively; each representative shall be appointed from among the individuals nominated by such providers or institutions, or by the TDCC.

Notification of Membership Change

When there is an appointment or resignation of a board member or a new board Chairperson or Vice-Chair (if applicable) is elected, an updated Membership Roster (Attachment D) must be submitted, with the change highlighted, to the TIA within 30 days.

Standing Committees

The WDB may designate and direct the activities of standing committees to provide information and to assist the WDB in carrying out their required responsibilities. Such standing committees shall be chaired by a member of the WDB (Committees should be Business Sector led), may include other members of the WDB, and shall include other individuals appointed by the WDB who are not members of the WDB and who the WDB determines have appropriate experience and expertise. The WDB may designate each of the following standing committees:

- (1) Operations - to provide information and assist with operational and other issues relating to the one-stop delivery system, which may include members representing one-stop partners.
- (2) Youth - to provide information and to assist with planning, operational, and other issues relating to the provision of services to youth which shall include community-based organizations with a demonstrated record of success in serving eligible youth. The TDCC may serve in this capacity, provided they meet the requirements outlined above.
- (3) Disability Concerns - to provide information and to assist with operational and other issues relating to the provision of services to individuals with disabilities, including issues relating to compliance with Section 188, if applicable, and applicable

- (4) provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) regarding providing programmatic and physical access to the services, programs, and activities of the one-stop delivery system, as well as appropriate training for staff on providing supports for or accommodations to, and finding employment opportunities for, individuals with disabilities.

The local board may designate standing committees in addition to the standing committees specified above.

WDB Meetings

A minimum of one official meeting of the WDB shall be held each quarter (four meetings each year). No official WDB business may be conducted in the absence of a quorum. To constitute a quorum, a majority of the total membership must be in attendance at the time of the meeting. Vacancies do not count toward a quorum.

Note: Michigan's Open Meetings Act defines a meeting in Section 15.262. "Meeting" means the convening of a public body at which a quorum is present for the purpose of deliberating toward or rendering a decision on a public policy.

Additional Requirements

- (1) A yearly meeting schedule must be submitted to the TIA and posted to the MWA's website by January 15th of each year.
- (2) Approved minutes must be made available for public inspection within five days after formal approval. All approved meeting minutes shall be posted not more than five business days after the meeting at which they are approved on the MWA's website and a copy submitted electronically to the TIA at WDB@michigan.gov.
- (3) WDB Disclosure Report Forms noting WDB member abstentions from voting must be submitted to WDB@michigan.gov at the same time as the meeting minutes.

WDB By-Laws

The WDB by-laws must be updated to reflect WDB composition requirements outlined in this policy and any other changes associated with the implementation of the WIOA. The WDBs should use this opportunity to thoroughly review and update their by-laws.

The WDBs should pay particular attention to participation options made possible by advancements in electronics and telecommunications, provisions for conflict of interest, and outline the representative nomination process. Submit revised by-laws, if necessary, by August 1, 2017.

**WORKFORCE DEVELOPMENT BOARD (WDB)
CHIEF ELECTED OFFICIAL
CONFLICT OF INTEREST ATTESTATION FORM INSTRUCTIONS**

Chief Elected Officials shall not appoint an individual to serve on a local WDB if he or she has an ownership interest in or is employed by an organization that receives money under the direct control of the board, or if the individual engages in any other activity that creates a conflict of interest or what would appear to a reasonable person to be a conflict of interest.

Exception - An individual who has an interest in or is employed by an entity that receives money under the partial or complete control of the local WDB may be appointed to, or continue to serve on, the board if the individual does not hold a policymaking position with the entity and would not receive other than a remote or incidental benefit from the board's decisions.

The exception applies to allow local WDB representation from entities such as a school that enrolls students with tuition paid from funds under the control of the board, a government agency from which representation is required, and an employer that accepts compensation for the extraordinary costs of providing Employer-Based Training from funds under the board's control.

The Conflict of Interest Attestation Form must be signed by the Chief Elected Official and submitted to the Michigan Talent Investment Agency (TIA) to ensure certification of the local board. This form is an attestation that a conflict of interest does not exist in regard to all WDB members.

This form must be completed, signed by the Chief Elected Official, and submitted to the TIA by August 1, 2017, as part of the recertification package.

The following WDB Composition Summary, indicating the actual number and percentage of representatives by sector, must be completed and submitted as part of the recertification package. Minimum composition requirements are noted. A majority shall be Business Sector representatives and Labor Organizations shall constitute a minimum 20 percent of total membership. Community-Based Organizations may be counted towards the 20 percent requirement if conditions outlined in this policy issuance are met.

Do not count ex-officio representatives in the percentage calculations, unless the representative is explicitly designated as a voting member.

Labor Organizations/Apprenticeship Check Box – Check this box if the Chief Elected Official (CEO) attests there are no organizations meeting the requirements of this sector in the local area.

Required - shall include one or more representatives of a joint labor- management, or union affiliated, registered apprenticeship program within the area who must be a training director or a member of a labor organization.
