Background: The United States Department of Labor, Employment and Training Administration (USDOL/ETA) mandates annual TAA DV to maintain and demonstrate system integrity, ensure completeness of data, and assess the accuracy of participant data records.

Accordingly, the TIA, Workforce Development, TAA Section will conduct DV for the TAA program on an annual basis (unless canceled by the USDOL). This policy provides local areas with the guidelines and procedures associated with the TAA DV process.

Policy: For the purpose of this policy, TAA DV will cover the TAA Reform Act of 2002, the TGAAA of 2009, the TAAEA of 2011 and the TAARA of 2015. The TAA DV process is conducted by comparing participant records collected by the One-Stop Management Information System (OSMIS) against source documentation collected and maintained in the participant's case file. Participant records will be validated against source documentation maintained in the participant's case files to ensure compliance with federal definitions and data collection standards for source documentation.

Detailed Information Regarding the DV Process

The following processes will be observed when administering TAA DV:

Timelines

The annual TAA DV process will commence during the first quarter of the fiscal year (October 1, 2016 through December 31, 2016) and will conclude no later than February 15, 2017.

Selection Process

All MWAs are subject to selection for TAA DV. The TIA will use software provided by the USDOL/ETA in combination with the OSMIS to randomly select the MWAs that will be subject to review in accordance with the federally-mandated TAA DV process.

The software will also randomly select the number and composition of participants and elements selected for each MWA. Participants that exited from the TAA program during previous Fiscal Years (FYs) are subject to selection for TAA DV. The exit period for FY 2016 TAA DV is April 1, 2014 through March 31, 2015.

Notification

The TIA will utilize a two-step notification process when informing the MWAs they have been selected for review:

Step 1:   The MWAs selected for review under TAA DV will be electronically notified of their selection and the date of the

review. Participant records will be reviewed on-site at the MWA unless otherwise noted.

Step 2: As required by the USDOL/ETA, the MWAs with 49 or fewer files selected for DV will be permitted four **(4)** business days to collect all selected files into a central location for on-site review. The MWAs with 50 or more files selected for DV will be permitted five **(5)** business days to collect all selected files into a central location for on-site review.

Should an MWA not be selected for on-site review, one additional day will be allowed to ship the records to the TIA office in Lansing. Additional information will be provided when the MWA is notified of their selection for DV.

Data Element Validation

Participant records must meet the federal definitions for source documentation for all elements selected. **NOTE:** If any one of the selected elements fail to meet the federal definitions for source documentation, the entire record fails the DV process. The remaining elements are still subject to validation and will be included in the statewide DV results.

At the conclusion of the DV process, cumulative error rates for each element, by program, will be calculated based on all of the participant records reviewed by the TIA. This data will be provided to the USDOL/ETA, as mandated under the federal TAA DV requirements.

The TIA will also calculate the error rate for each element for each of the selected MWAs. Local results will be provided, along with a written summary of trends and observations no later than 45 days after the conclusion of the DV process.

Technical Assistance/Corrective Action

The MWAs who fail to demonstrate an appropriate use of the federal definitions and data collection standards for source documentation when generating participant data records will be subject to technical assistance and/or corrective action, as determined by the TIA.

Action: All MWAs must electronically submit the names and email addresses of all staff that should receive communications regarding TAA DV. This includes notification of selection for DV, potential scheduling instructions, and the list of specific participant files selected for review.

The DV contacts should be submitted electronically to Ms. Tammy Flynn, TAA Manager, by email at flynnt@michigan.gov within 10 days of the issue date of this policy issuance.

It is the responsibility of the MWAs to notify the TIA of any changes or updates made to the names or email addresses provided.

Inquiries: Questions regarding this policy issuance should be directed to your TAA state coordinator.

The information contained in this policy issuance will be made available in alternative format (large type, audio tape, etc.) upon special request to this office.

Additional resources regarding TAA DV, including applicable TEGLs and Training and Employment Notices, can be found at the USDOL/ETA Government Site.
