Re: WARN Act notification from Laboratory Partners, Inc. and its affiliates

In compliance with its obligations under the WARN Act, Laboratory Partners, Inc., along with its direct and indirect subsidiaries listed on Appendix A (collectively, the "Company"), are providing this notice of potential plant closings and/or mass layoffs. If the Company is unable to complete certain contemplated transactions for the sale of its business divisions in a timely manner, the Company may be ceasing or scaling back operations at some or all of its facilities listed on Appendix B, commencing on or about December 23, 2013.

If the plant closings and/or mass layoffs occur, they will involve the permanent elimination of some or all of the positions of the Company's approximately 1,034 employees. None of the employees are represented by a union, and no bumping (seniority) rights exist. Additional information concerning the job titles of the positions affected and the number of affected employees in each job classification, as required under 20 C.F.R. 639.7(e), is available upon request.
