

Procedure for Replacing GED Testing Service® Demographic Survey Forms

Testing centers that have previously purchased GED Testing Service demographic forms will be notified in November 2008 concerning replacing their existing stock. GED Testing Service will replace – at no cost – the estimated number of forms they will have left at the end of the current contract year (December 31, 2008). All forms will be replaced in late November and early December 2008. Any demographic forms ordered on the 2009 contract year order forms will automatically receive the new demographic forms.

The new forms will be easy to distinguish at first glance as their color has changed.

- U.S. English forms become GREEN
- U.S. Spanish forms become DARK BLUE
- U.S. French forms become BLUE
- Canadian English forms become ORANGE
- Canadian French forms become PURPLE

Other changes on the first page that distinguish the new forms are: new title formats and the addition of the GED® logo.

Old demographic forms are not returned to GEDTS and must be disposed as of January 1, 2009.

If you have any questions about the replacement of the demographic forms, please contact Kati Niemi (kati_niemi@ace.nche.edu) or Jacci Newton (jacqueline_newton@ace.nche.edu) or call 202-939-9490.
