General Information

- DTMB Cybersecurity & Infrastructure Protection (CIP), Office of Infrastructure Protection (OIP) manages the security of DTMB-managed facilities. OIP

DTMB CIP, OIP manages security guards and other physical security measures, installs, and monitors video surveillance systems and monitors life safety systems to ensure the safety of employees, contractors, and visitors in DTMB-managed facilities.

- DTMB CIP, OIP also governs rules and policies that apply to emergencies occurring in DTMB-managed facilities and on DTMB-managed property.
