SUMMARY

Security Alert: A notification issued to State Security personnel on behalf of a State of Michigan (SOM) Department's Human Resources Director or their designee, the DTMB OIP, or the Michigan State Police (MSP) providing information (name, description, etc.) regarding a person believed to be a threat to state assets, employees or visitors and the action(s) required should the individual attempt to gain access at specified DTMB-managed facilities.

A Security Alert will be posted only when a person is believed to be a threat to state assets, employees or visitors based on credible, verifiable information.

Security Alerts shall be posted at security stations in impacted buildings.

Security Alerts shall be posted in such a manner they are only accessible to State Security personnel.

Security Alerts shall remain posted for a maximum of 1 calendar year from date of request and must be resubmitted if necessary.

Security Alerts shall be shredded upon expiration.

The DTMB OIP shall maintain a computerized database for Security Alerts.

General Information

DTMB-managed facilities are accessible by the public for conducting business; therefore, security alerts will be posted only when a person is believed to be a

threat to state assets, employees or visitors based on credible, verifiable information.

Requesting agencies will detail the desired actions by State Security in the event the individual enters the facility, (i.e., deny access, contact agency representative, contact HR, etc.).

When submitting a security alert request ([DTMB-0133](#)), applicable documentation such as personal protection orders, relevant emails, recorded messages, etc., should be provided.
