PROCEDURES

Requesting Agency

- Determines whether Ad Board approval is required prior to execution of the new grant or grant amendment regardless of the source of funding or duration, according to the following requirements:

General Requirements

- Legislatively-authorized grants which describe the purpose, grantee name(s) and amount for each grantee do not require Ad Board approval.

- Until the value of a new grant reaches \$500,000 or \$500,000 for a grant amendment, grants and their amendments do not require Ad Board approval.
- If the proposed action is a new grant or grant amendment that requires Ad Board approval, a Grant Abstract must be submitted to the Ad Board Secretary.
- A request for retroactive approval of a grant made without Ad Board prior approval must be accompanied by a letter from the Agency's director or designee explaining the reason the grant was made without prior Ad Board approval and how the Agency's procedures have been modified to prevent award of grants without prior Ad Board approval in the future.

New Grant Requirements

Grant award requirements between state departments and grantees, between state departments and educational institutions, or between state departments and other governmental units are as follows:

- All grants of \$500,000 or more require Ad Board approval prior to execution except for legislatively-authorized grants.
- All grants whose dollar values are not fixed but which are estimated to be \$500,000 or more require Ad Board approval prior to execution except for legislatively-authorized grants.

Grant Amendment Requirements

All grant award requirements between state departments and grantees, between state departments and educational institutions, or between state departments and other governmental units are as follows:

- Once a grant reaches \$500,000, any amendment(s) that takes the total amendment amount to \$500,000 or more requires Ad Board approval prior to execution.
- Once \$500,000 in subsequent amendments have been approved for a grant, amendments may accumulate up to \$500,000 again before amendments require Ad Board approval prior to execution.
- An Option is an additional length of time allowed under the current grant language and does not require Ad Board approval unless money to fund the option is also being added and that funding requires Ad Board approval.
- An Extension is an additional length of time not allowed under the current grant language and requires Ad Board approval no matter the dollar amount being added, if any.
- Once the Ad Board approves the term of a grant, Ad Board approval of different start and end dates is not required as long as the grant term length remains the same.

- Emails submissions to the Ad Board Secretary for each F&C meeting as follows:
 - A PDF file containing the signed Grant Abstracts for the Agency's submissions.
