**Records Disposal or Disposition** – The process of either destroying records, or transferring records to the Archives of Michigan for permanent preservation at

the end of their retention period in compliance with an approved Retention and Disposal Schedule.

**Records** – Recorded information in physical or electronic formats, made or received by a Michigan government agency or employee. Records document the performance of government business, and serve as evidence of the organization, functions, policies, decisions, procedures, operations, or other activities.

**Records Management Officer (RMO)** – The person within a department who is designated by the department director in accordance with MCL 18.1287(3)(f) with the responsibility of coordinating the records management activities of that department.

**Retention Period** – The length of time a record must be retained to satisfy administrative, legal, financial, audit and historical requirements.

**System of Record** – A system that is used to store, maintain, and provide for the retrieval of records and data of a business function, and serves as the primary source for said records. (A system is not a system of record if it is used only to process information.)
