Connecting Michigan Communities Grant Comment and Objection Form

Please read through the entire Connecting Michigan Communities Grant Comment and Objection Instructions document before you begin to respond to the questions. This will help ensure you understand the full scope of the process as well as the details you will need to provide to complete the form.

Submission Deadline: All grant comments and objections are due by 4:00PM EST, July 27, 2020.

Submission Guidelines: Completed Comment and Objection Form(s) and supporting documentation must be received by the Department of Technology, Management, and Budget (DTMB), Center for Shared Solutions by 4:00 p.m. on July 27, 2020, to be considered. Anyone interested in submitting a comment or objection is required to email their completed form and all attachments in PDF format to DTMB-CMICGrant@michigan.gov. Submitters will receive an email confirmation of their submission. Call (517) 335-3727 if you have not received a confirmation receipt within 48 business hours of submitting your comment or objection. Please fill out the appropriate sections of the Comment and Objection Form and clearly label any attachments with the question/statement number from the form.

Confidentiality: Any materials submitted to DTMB as part of a comment or objection are subject to public disclosure via Freedom of Information Act requests.

Questions and Contact: If you have questions after reviewing the Comment and Objection Instructions, please see the Frequently Asked Questions (FAQ) document available on the grant website at: www.michigan.gov/CMICGrant. The FAQ will be updated throughout the comment and objection process. Questions and comments can also be submitted via email to: DTMB-CMICGrant@michigan.gov.

I acknowledge:

1. Any materials submitted to DTMB as part of a comment or objection are subject to public disclosure via Freedom of Information Act requests.
2. If an objection submitted is determined to contain information that results in an investigation and the objection is found to be inaccurate, the objector shall reimburse the department for the cost of verifying the objection information.
3. If a grant award recommendation is rejected because the proposed project includes an area where the construction of a network to provide broadband service by the objector is to be completed no later than three years from the date of the original grant application, the internet service provider installing the broadband service in lieu of the grant award recommended applicant shall provide notice to the department when the construction of the broadband service is completed. If no notice is received, or if the completion date is later than the three years, the internet service provider shall reimburse the department for the cost of verifying the status of the provider's construction.

By way of signature, I affirm the information provided is true, complete and accurate to the best of my knowledge.
