GRANT OF EASEMENT

11. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET (DTMB), CITY OF JACKSON, JACKSON COUNTY: A recommendation and request that the State Administrative Board grant to The MICHIGAN DEPARTMENT OF TRANSPORTATION (MDOT), acting independently under its own agency name and authority, whose address is 425 W. Ottawa Street, P.O. Box 30050, Lansing, Michigan 48909 (Grantee), a permanent and exclusive easement for the purposes of demolishing and removing existing parking infrastructures and landscaping and then constructing, operating, repairing and maintaining, roadway and/or bridge infrastructures, including related utility lines, a non-motorized pathway running adjacent and parallel to Cooper Street and associated landscaping, as MDOT deems necessary to serve as functional parts of the adjacent Cooper Street (M-50/US-127 BR) State roadway, non-motorized path and bridge on land which is part of a State-owned parking lot serving the Jackson State Office Building located at 301 E Louis Glick Hwy, Jackson, MI

49201. The subject land which is under the jurisdiction of the Department of Technology, Management and Budget (DTMB) and is described as follows:

A parcel of land in part of the Southwest 1/4 of Section 35, Town 2 South, Range 1 West, City of Jackson, Jackson County, Michigan, and part of the Northwest Fractional 1/4 of Section 2, Town 3 South, Range 1 West, City of Jackson, Jackson County, Michigan, being part Hupp Street (as platted) and part of Lot 1, Block 41 of an Extension of the Village of Jacksonburgh on the East side of Grand River (known as Ford's Extension), per the recorded plat thereof, as recorded in Liber 3 of Plats, Page 11, Jackson County Records, and more particularly described as: COMMENCING at the Southwest corner of said Section 35; Thence along the South line of said Section 35, South 89°55'05" East (recorded as South 89°54'24" East) 601.83 feet; Thence South 04°46'04" West (recorded as South 04°46'45" West) 30.46 feet; Thence South 85°13'56" East (recorded as South 85°13'15" East) 147.91 feet; Thence South 88°58'27" East (recorded South 88°57'46" East), 139.32 feet to the POINT OF BEGINNING; Thence 20.24 feet along the arc of a 432.65 feet radius non-tangential curve to the left (said curve having a central angle of 02°40'47", subtending a chord bearing and distance of North 02°44'59" West 20.23 feet); Thence South 85°54'37" West 5.00 feet; Thence 48.44 feet along the arc of a 427.65 feet radius non-tangential curve to the left (said curve having a central angle of 06°29'25", subtending a chord bearing and distance of North 07°20'06" West 48.42 feet); Thence South 89°04'05" East (recorded as South 89°03'24" East) 17.40 feet; Thence South 00°47'53" West (recorded as South 00°48'38" West) 67.68 feet; Thence North 88°58'27" West (recorded as North 88°57'46" West) 4.32 feet to the POINT OF BEGINNING.

The permanent easement area described above contain 744 square feet, more or less.

DTMB further requests and recommends that the State Administrative Board similarly grants to MDOT an exclusive but temporary easement on additional land for purposes of removing Grantor's existing parking lot infrastructures and landscaping and then regrading the land as MDOT deems necessary to support a temporary water main relocation and provide a temporary staging area for all construction and related activities permitted by this easement. The temporary easement is granted for a maximum of thirty (30) consecutive months from the effective date of this easement above unless Grantor and Grantee agree to extend that term by amending this easement in writing and with like approvals. Prior to the end date of this temporary easement, Grantee shall remove all of its equipment and fixtures from the temporary easement area, restore the original grade thereof and replace all of Grantor's original parking lot infrastructures and landscaping to as-found condition or better and to the satisfaction of Grantor's DTMB Design and Construction Division. This temporary easement area is also on land under the jurisdiction of the Department of Technology, Management and Budget (DTMB) and is described as follows:

A parcel of land in part of the Southwest 1/4 of Section 35, Town 2 South, Range 1 West, City of Jackson, Jackson County, Michigan, and part of the Northwest Fractional 1/4 of Section 2, Town 3 South, Range 1 West, City of Jackson, Jackson County, Michigan, being part Hupp and Columbus Street (as platted) and part of Lot 1, Block 41 of an Extension of the Village of Jacksonburgh on the East side of Grand River (known as Ford's Extension), per the recorded plat thereof, as recorded in Liber 3 of Plats, Page 11, Jackson County Records, and more particularly described as: COMMENCING at the Southwest corner of said Section 35; Thence along the South line of said Section 35, South 89°55'05" East (recorded as South 89°54'24" East) 601.83 feet to the POINT OF BEGINNING; Thence South 04°46'04" West (recorded as South 04°46'45" West) 30.46 feet; Thence South 85°13'56" East (recorded as South 85°13'15" East) 147.91 feet; Thence South 88°58'27" East (recorded South 88°57'46" East), 139.32 feet; Thence 20.24 feet along the arc of a 432.65 feet radius

non-tangential curve to the left (said curve having a central angle of 02°40'47", subtending a chord bearing and distance of North 02°44'59" West 20.23 feet); Thence South 85°54'37" West 5.00 feet; Thence 48.44 feet along the arc of a 427.65 feet radius non-tangential curve to the left (said curve having a central angle of 06°29'25", subtending a chord bearing and distance of North 07°20'06" West 48.42 feet); Thence North 89°04'05" West (recorded as North 89°03'24" West) 130.41 feet; Thence North 85°13'56" West (recorded as North 85°13'15" West) 139.08 feet; Thence South 04°46'04" West (recorded as South 04°46'45" West) 36.54 feet to the POINT OF BEGINNING.

The temporary easement area described above contains 4,880 square feet, more or less.

The Office of the Attorney General has approved this easement agreement as to legal form.

Purpose:

Granting of this easement will allow MDOT to make important and widely desired improvements to the Cooper Steet roadway, including a bridge and an adjacent non-motorized path which will be of substantial benefit to all commuters on a key section of the downtown Jackson Road network.

Benefit:

State employees based at the adjacent Jackson State Office Building will certainly be among the many commuters benefitting from the improved Cooper Steet roadway and bridge infrastructures and traffic flow near their office. Further, DTMB gets to facilitate this MDOT road improvement project at only a negligible loss of only 3 to 4 parking spaces from a parking lot which is rarely, if ever, used to capacity.

Commitment:

The easement to MDOT for roadway improvements recommended here will be permanent and exclusive, the construction support easement also recommend here will be temporary, lasting up to thirty months, culminating with MDOT's restoration of all disturbed parking lot surfaces and fixtures to DTMB's satisfaction. Both easements would be subject to existing easements and restrictions of record, if any. If the permanent easement remains unused by MDOT for any period of two years, it may revert back to DTMB on behalf of the State of Michigan.

Risk Assessment:

Failure to grant this easement will preclude MDOT from making important and widely desired improvements to the Cooper Steet roadway, including a bridge and an adjacent non-motorized path, to the benefit of all commuters on this key section of the downtown Jackson Road network. Again, the cost to DTMB in terms of permanently lost parking spaces is negligible.
