RESOLUTION 2003-1

REDUCE THRESHOLD FOR CONTRACT APPROVAL

WHEREAS, under Section 3 of 1921 PA 2, MCL 17.3, the State Administrative Board ("Board") exercises general supervisory control over the functions and activities of all administrative departments, boards, commissioners, and officers of this State, and of all State institutions;

WHEREAS, under Section 2 of 1921 PA 2, MCL 17.2, the Board may adopt rules governing its procedures and providing for the general conduct of its business and affairs;

WHEREAS, exercising its power to adopt rules, the Board adopted a resolution on February 15, 1983 and amended that resolution on May 2, 1995 to require that all contracts and grants of \$250,000 or more for the purchase of materials or services, and all contract and grant amendments of \$125,000 or more, be approved by the Board prior to execution, unless specifically approved by the Governor;

WHEREAS, the current state budget crisis increases the need for the Board to monitor state contract and grant expenditures and reinforces the Board's duty to promote the efficiency of State Government;

NOW THEREFORE, the State Administrative Board reduces the threshold for State contracts and grants from \$250,000 to \$25,000 and the threshold for State contract and grant amendments from \$125,000 to \$25,000 regardless of the source of funding or duration. All State contracts and grants of \$25,000 or more, except statutory State grants, and contract and grant amendments of \$25,000 or more, shall be approved by the Board prior to execution. Prior approval by the Board is not required in emergency cases involving threats to public health or safety. All grants and contracts of \$25,000 or more and contract and grant amendments of \$25,000 or more executed in the event of an emergency shall be reported to the Board as soon as practicable.

This Resolution is effective March 25, 2003.

Mark Murray, Director of the Department of Management and Budget, requested that the Board's resolution of October 15, 1996, requiring Administrative Board approval for all contracts of \$50,000 to \$250,000 and contract amendments of \$50,000 to \$125,000, be temporarily suspended until further court action concerning the Durant case is taken. Ms. McKennon moved the Board approve this request. Mr. Young supported the motion and it was unanimously adopted.

This appears to be backwards since the threshold was lowered to \$50,000 on 10-15-1996.

AMENDS THRESHOLD FOR STATE ADMINISTRATIVE BOARD
CONTRACT APPROVAL

WHEREAS pursuant to the provisions of Act No. 2 of the Public Acts of 1921, the State Administrative Board was created to promote efficiency of State Government; and

WHEREAS pursuant to the powers and duties vested by law to the State Administrative Board, the Board in the exercising of its powers and duties conferred and imposed by virtue of the Act creating it, adopted rules and regulations which provided for all awarding contracts for professional services and construction and making changes thereto in the most efficient and expedient manner; and

WHEREAS the Board adopted a resolution on May 2, 1995 which resolved that all state contracts of \$250,000 or more for the purchase of materials or services be approved by the Board prior to execution, unless specifically approved by the Governor; and

WHEREAS the need to monitor state contract and grant expenditures has temporarily increased and recognizing the Board's duty to promote the efficiency of State Government;

NOW THEREFORE BE IT RESOLVED that the State Administrative Board shall temporarily change the threshold for state contracts and grants from \$250,000 to \$50,000 and the threshold for state contract and grant amendments to \$50,000 regardless of the source of funding or duration. Unless grants are statutory state grants to other units of government or unless contracts are specifically approved by the Governor, all State contracts and grants of \$50,000 or more, and contract or grant amendments of \$50,000 or more, for the purchase of materials or services shall be approved by the State Administrative Board prior to execution. Provided, however, that prior approval is not required in emergency cases involving public health or safety. All grants and contracts of \$50,000 or more executed in response to such emergency shall be reported to the Board as soon as practicable. Provided, however, in addition that subsequent action by the State Administrative Board may exempt certain classes of contract and grant expenditures in amounts between \$50,000 and \$250,000 from prior approval based on recommendations of the Department of Management and Budget. All contracts and grants executed in such exempted classes shall be reported to the Board as soon as practicable. This temporary adjustment in the threshold shall last until such time as the director of the Department of Management and Budget notifies the Board that the temporary need for enhanced monitoring of state contract and grant expenditures has ended.

Upon approval by the State Administrative Board, this Resolution shall be effective as of October 15, 1996.
