7. **Reserved.**

8. **Reserved.**

9. **Independent Contractor.** Contractor is an independent contractor and assumes all rights, obligations and liabilities set forth in this Contract. Contractor, its employees, and agents will not be considered employees of the State. No partnership or joint venture relationship is created by virtue of this Contract. Contractor, and not the State, is responsible for the payment of wages, benefits and taxes of Contractor's employees and any subcontractors. Prior performance does not modify Contractor's status as an independent contractor. Contractor hereby acknowledges that the State is and will be the sole and exclusive owner of all right, title, and interest in the Contract Activities and all associated intellectual property rights, if any. Such Contract Activities are works made for hire as defined in Section 101 of the Copyright Act of 1976. To the extent any Contract Activities and related intellectual property do not qualify as works made for hire under the Copyright Act, Contractor will, and hereby does, immediately on its creation, assign, transfer and otherwise convey to the State, irrevocably and in perpetuity, throughout the universe, all right, title and interest in and to the Contract Activities, including all intellectual property rights therein.

10. **Subcontracting.** Contractor may not delegate any of its obligations under the Contract without the prior written approval of the State. Contractor must notify the State at least 90 calendar days before the proposed delegation, and provide the State any information it requests to determine whether the delegation is in its best interest. If approved, Contractor must: (a) be the sole point of contact regarding all contractual matters, including payment and charges for all Contract Activities; (b) make all payments to the subcontractor; and (c) incorporate the terms and conditions contained in this Contract in any subcontract with a subcontractor. Contractor remains responsible for the completion of the Contract Activities, compliance with the terms of this Contract, and the acts and omissions of the subcontractor. The State, in its sole discretion, may require the replacement of any subcontractor.

11. **Staffing.** The State's Contract Administrator may require Contractor to remove or reassign personnel by providing a notice to Contractor.
12. **Background Checks.** Upon request, Contractor must perform background checks on all employees and subcontractors and its employees prior to their assignment. The scope is at the discretion of the State and documentation must be provided as requested. Contractor is responsible for all costs associated with the requested background checks. The State, in its sole discretion, may also perform background checks.
13. **Assignment.** Contractor may not assign this Contract to any other party without the prior approval of the State. Upon notice to Contractor, the State, in its sole discretion, may assign in whole or in part, its rights or responsibilities under this Contract to any other party. A change of control does not include any consolidation or merger effected exclusively to change the domicile of Contractor, or any transaction or series of transactions principally for bona fide equity financing purposes.

In the event of a change of control, Contractor must require the successor to assume this Contract and all of its obligations under this Contract.
15. **Ordering.** Contractor is not authorized to begin performance until receipt of authorization as identified in Schedule A.
16. **Acceptance.** Contract Activities are subject to inspection and testing by the State within 30 calendar days of the State's receipt of them ("**State Review Period**"), unless otherwise provided in Schedule A. If the Contract Activities are not fully accepted by the State, the State will notify Contractor by the end of the State Review Period that either: (a) the Contract Activities are accepted, but noted deficiencies must be corrected; or (b) the Contract Activities are rejected. If the State finds material deficiencies, it may: (i) reject the Contract Activities without performing any further inspections; (ii) demand performance at no additional cost; or (iii) terminate this Contract in accordance with Section 23, Termination for Cause.
Within 10 business days from the date of Contractor's receipt of notification of acceptance with deficiencies or rejection of any Contract Activities, Contractor must cure, at no additional cost, the deficiency and deliver unequivocally acceptable Contract Activities to the State. If acceptance with deficiencies or rejection of the Contract Activities impacts the content or delivery of other non-completed Contract Activities, the parties' respective Program Managers must determine an agreed to number of days for re-submission that minimizes the overall impact to the Contract. However, nothing herein affects, alters, or relieves Contractor of its obligations to correct deficiencies in accordance with the time response standards set forth in this Contract.
If Contractor is unable or refuses to correct the deficiency within the time response standards set forth in this Contract, the State may cancel the order in whole or in part. The State, or a third party identified by the State, may perform the Contract Activities and recover the difference between the cost to cure and the Contract price plus an additional 10% administrative fee.

Contractor is responsible for filing, processing, and collecting all damage claims. The State will record and report to Contractor any evidence of visible damage. If the State rejects the Contract Activities, Contractor must remove them from the premises within 10 calendar days after notification of rejection. The risk of loss of rejected or non-conforming Contract Activities remains with Contractor. Rejected Contract Activities not removed by Contractor within 10 calendar days will be deemed abandoned by Contractor, and the State will have the right to dispose of it as its own property. Contractor must reimburse the State for costs and expenses incurred in storing or effecting removal or disposition of rejected Contract Activities.

- 19. Warranty Period.** The warranty period, if applicable, for Contract Activities is a fixed period commencing on the date specified in Schedule A. If the Contract Activities do not function as warranted during the warranty period the State may return such non-conforming Contract Activities to the Contractor for a full refund.
- 20. Terms of Payment.** Invoices must conform to the requirements communicated from time-to-time by the State. All undisputed amounts are payable within 45 days of the State's receipt. Contractor may only charge for Contract Activities performed as specified in Schedule A. Invoices must include an itemized statement of all charges. The State is exempt from State sales tax for direct purchases and may be exempt from federal excise tax, if Services purchased under this Agreement are for the State's exclusive use. Notwithstanding the foregoing, all prices are inclusive of taxes, and Contractor is responsible for all sales, use and excise taxes, and any other similar taxes, duties and charges of any kind imposed by any federal, state, or local governmental entity on any amounts payable by the State under this Contract.

The State has the right to withhold payment of any disputed amounts until the parties agree as to the validity of the disputed amount. The State will notify Contractor of any dispute within a reasonable time. Payment by the State will not constitute a waiver of any rights as to Contractor's continuing obligations, including claims for deficiencies or substandard Contract Activities. Contractor's acceptance of final payment by the State constitutes a waiver of all claims by Contractor against the State for payment under this Contract, other than those claims previously filed in writing on a timely basis and still disputed.

The State will only disburse payments under this Contract through Electronic Funds Transfer (EFT). Contractor must register with the State at <http://www.michigan.gov/cpexpress> to receive electronic fund transfer payments. If Contractor does not register, the State is not liable for failure to provide payment.

Without prejudice to any other right or remedy it may have, the State reserves the right to set off at any time any amount then due and owing to it by Contractor against any amount payable by the State to Contractor under this Contract.

- 21. Liquidated Damages.** Liquidated damages, if applicable, will be assessed as described in Schedule A.
- 22. Stop Work Order.** The State may suspend any or all activities under the Contract at any time. The State will provide Contractor a written stop work order detailing the suspension. Contractor must comply with the stop work order upon receipt. Within 90 calendar days, or any longer period agreed to by Contractor, the State will either: (a) issue a notice authorizing Contractor to resume work, or (b) terminate the Contract or purchase order. The State will not pay for Contract Activities, Contractor's lost profits, or any additional compensation during a stop work period.
- 23. Termination for Cause.** The State may terminate this Contract for cause, in whole or in part, if Contractor, as determined by the State: (a) endangers the value, integrity, or security of any location, data, or personnel; (b) becomes insolvent, petitions for bankruptcy court proceedings, or has an involuntary bankruptcy proceeding filed against it by any creditor; (c) engages in any conduct that may expose the State to liability; (d) breaches any of its material duties or obligations; or (e) fails to cure a breach within the time stated in a notice of breach. Any reference to specific breaches being material breaches within this Contract will not be construed to mean that other breaches are not material.

If the State terminates this Contract under this Section, the State will issue a termination notice specifying whether Contractor must: (a) cease performance immediately, or (b) continue to perform for a specified period. If it is later determined that Contractor was not in breach of the Contract, the termination will be deemed to have been a Termination for Convenience, effective as of the same date, and the rights and obligations of the parties will be limited to those provided in Section 24, Termination for Convenience.

The State will only pay for amounts due to Contractor for Contract Activities accepted by the State on or before the date of termination, subject to the State's right to set off any amounts owed by the Contractor for the State's reasonable costs in terminating this Contract. The Contractor must pay all reasonable costs incurred by the State in terminating this Contract for cause, including administrative costs, attorneys' fees, court costs, transition costs, and any costs the State incurs to procure the Contract Activities from other sources.

- 24. Termination for Convenience.** The State may immediately terminate this Contract in whole or in part without penalty and for any reason, including but not limited to, appropriation or budget shortfalls. The termination notice will specify whether Contractor must: (a) cease performance of the Contract Activities immediately, or (b) continue

to perform the Contract Activities in accordance with Section 25, Transition Responsibilities. If the State terminates this Contract for convenience, the State will pay all reasonable costs, as determined by the State, for State approved Transition Responsibilities.

25. Transition Responsibilities. Upon termination or expiration of this Contract for any reason, Contractor must, for a period of time specified by the State (not to exceed 180 calendar days), provide all reasonable transition assistance requested by the State, to allow for the expired or terminated portion of the Contract Activities to continue without interruption or adverse effect, and to facilitate the orderly transfer of such Contract Activities to the State or its designees. Such transition assistance may include, but is not limited to: (a) continuing to perform the Contract Activities at the established Contract rates; (b) taking all reasonable and necessary measures to transition performance of the work, including all applicable Contract Activities, training, equipment, software, leases, reports and other documentation, to the State or the State's designee; (c) taking all necessary and appropriate steps, or such other action as the State may direct, to preserve, maintain, protect, or return to the State all materials, data, property, and confidential information provided directly or indirectly to Contractor by any entity, agent, vendor, or employee of the State; (d) transferring title in and delivering to the State, at the State's discretion, all completed or partially completed deliverables prepared under this Contract as of the Contract termination date; and (e) preparing an accurate accounting from which the State and Contractor may reconcile all outstanding accounts (collectively, "**Transition Responsibilities**"). This Contract will automatically be extended through the end of the transition period.

26. General Indemnification. Contractor must defend, indemnify and hold the State, its departments, divisions, agencies, offices, commissions, officers, and employees harmless, without limitation, from and against any and all actions, claims, losses, liabilities, damages, costs, attorney fees, and expenses (including those required to establish the right to indemnification), arising out of or relating to: (a) any breach by Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable) of any of the promises, agreements, representations, warranties, or insurance requirements contained in this Contract; (b) any infringement, misappropriation, or other violation of any intellectual property right or other right of any third party; (c) any bodily injury, death, or damage to real or tangible personal property occurring wholly or in part due to action or inaction by Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable); and (d) any acts or omissions of Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable).

The State will notify Contractor in writing if indemnification is sought; however, failure to do so will not relieve Contractor, except to the extent that Contractor is materially prejudiced. Contractor must, to the satisfaction of the State, demonstrate its financial ability to carry out these obligations.

The State is entitled to: (i) regular updates on proceeding status; (ii) participate in the defense of the proceeding; (iii) employ its own counsel; and to (iv) retain control of the defense if the State deems necessary. Contractor will not, without the State's written consent (not to be unreasonably withheld), settle, compromise, or consent to the entry of any judgment in or otherwise seek to terminate any claim, action, or proceeding. To the extent that any State employee, official, or law may be involved or challenged, the State may, at its own expense, control the defense of that portion of the claim.

Any litigation activity on behalf of the State, or any of its subdivisions under this Section, must be coordinated with the Department of Attorney General. An attorney designated to represent the State may not do so until approved by the Michigan Attorney General and appointed as a Special Assistant Attorney General.

27. Infringement Remedies. If, in either party's opinion, any piece of equipment, software, commodity, or service supplied by Contractor or its subcontractors, or its operation, use or reproduction, is likely to become the subject of a copyright, patent, trademark, or trade secret infringement claim, Contractor must, at its expense: (a) procure for the State the right to continue using the equipment, software, commodity, or service, or if this option is not reasonably available to Contractor, (b) replace or modify the same so that it becomes non-infringing; or (c) accept its return by the State with appropriate credits to the State against Contractor's charges and reimburse the State for any losses or costs incurred as a consequence of the State ceasing its use and returning it.

28. Limitation of Liability. The State is not liable for consequential, incidental, indirect, or special damages, regardless of the nature of the action.

29. Disclosure of Litigation, or Other Proceeding. Contractor must notify the State within 14 calendar days of receiving notice of any litigation, investigation, arbitration, or other proceeding (collectively, "**Proceeding**")

This Section survives the termination of this Contract.
- c. Extraction of State Data. Contractor must, within five (5) business days of the State's request, provide the State, without charge and without any conditions or contingencies whatsoever (including but not limited to the payment of any fees due to Contractor), an extract of the State Data in the format specified by the State.
- d. Backup and Recovery of State Data. Unless otherwise specified in Schedule A, Contractor is responsible for maintaining a backup of State Data and for an orderly and timely recovery of such data. Unless otherwise described in Schedule A, Contractor must maintain a contemporaneous backup of State Data that can be recovered within two (2) hours at any point in time.
- e. Loss of Data. In the event of any act, error or omission, negligence, misconduct, or breach that compromises or is suspected to compromise the security, confidentiality, or integrity of State Data or the physical, technical, administrative, or organizational safeguards put in place by Contractor that relate to the protection of the security, confidentiality, or integrity of State Data, Contractor must, as applicable: (a) notify the State as soon as practicable but no later than twenty-four (24) hours of becoming aware of such occurrence; (b) cooperate with the State in investigating the occurrence, including making available all relevant records, logs, files, data reporting, and other materials required to comply with applicable law or as otherwise required by the State; (c) in the case of PII or PHI, at the State's sole election, (i) notify the affected individuals who comprise the PII or PHI as soon as practicable but no later than is required to comply with applicable law, or, in the absence of any legally required notification period, within 5 calendar days of the occurrence; or (ii) reimburse the State for any costs in notifying the affected individuals; (d) in the case of PII, provide third-party credit and identity monitoring services to each of the affected individuals who comprise the PII for the period required to comply with applicable law, or, in the absence of any legally required monitoring services, for no less than twenty-four (24) months following the date of

This Section survives the termination of this Contract.

32. Non-Disclosure of Confidential Information. The parties acknowledge that each party may be exposed to or acquire communication or data of the other party that is confidential, privileged communication not intended to be disclosed to third parties. The provisions of this Section survive the termination of this Contract.

- a. Meaning of Confidential Information. For the purposes of this Contract, the term "**Confidential Information**" means all information and documentation of a party that: (a) has been marked "confidential" or with words of similar meaning, at the time of disclosure by such party; (b) if disclosed orally or not marked "confidential" or with words of similar meaning, was subsequently summarized in writing by the disclosing party and marked "confidential" or with words of similar meaning; and, (c) should reasonably be recognized as confidential information of the disclosing party. The term "Confidential Information" does not include any information or documentation that was: (a) subject to disclosure under the Michigan Freedom of Information Act (FOIA); (b) already in the possession of the receiving party without an obligation of confidentiality; (c) developed independently by the receiving party, as demonstrated by the receiving party, without violating the disclosing party's proprietary rights; (d) obtained from a source other than the disclosing party without an obligation of confidentiality; or, (e) publicly available when received, or thereafter became publicly available (other than through any unauthorized disclosure by, through, or on behalf of, the receiving party). For purposes of this Contract, in all cases and for all matters, State Data is deemed to be Confidential Information.
- b. Obligation of Confidentiality. The parties agree to hold all Confidential Information in strict confidence and not to copy, reproduce, sell, transfer, or otherwise dispose of, give or disclose such Confidential Information to third parties other than employees, agents, or subcontractors of a party who have a need to know in connection with this Contract or to use such Confidential Information for any purposes whatsoever other than the performance of this Contract. The parties agree to advise and require their respective employees, agents, and subcontractors of their obligations to keep all Confidential Information confidential. Disclosure to a subcontractor is permissible where: (a) use of a subcontractor is authorized under this Contract; (b) the disclosure is necessary or otherwise naturally occurs in connection with work that is within the subcontractor's responsibilities; and (c) Contractor obligates the subcontractor in a written contract to maintain the State's Confidential Information in confidence. At the State's request, any employee of Contractor or any subcontractor may be required to execute a separate agreement to be bound by the provisions of this Section.
- c. Cooperation to Prevent Disclosure of Confidential Information. Each party must use its best efforts to assist the other party in identifying and preventing any unauthorized use or disclosure of any Confidential Information. Without limiting the foregoing, each party must advise the other party immediately in the event either party learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Contract and each party will cooperate with the other party in seeking injunctive or other equitable relief against any such person.
- d. Remedies for Breach of Obligation of Confidentiality. Each party acknowledges that breach of its obligation of confidentiality may give rise to irreparable injury to the other party, which damage may be inadequately compensable in the form of monetary damages. Accordingly, a party may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies which may be available, to include, in the case of the State, at the sole election of

the State, the immediate termination, without liability to the State, of this Contract or any Statement of Work corresponding to the breach or threatened breach.

- e. Surrender of Confidential Information upon Termination. Upon termination of this Contract or a Statement of Work, in whole or in part, each party must, within 5 calendar days from the date of termination, return to the other party any and all Confidential Information received from the other party, or created or received by a party on behalf of the other party, which are in such party's possession, custody, or control; provided, however, that Contractor must return State Data to the State following the timeframe and procedure described further in this Contract. Should Contractor or the State determine that the return of any Confidential Information is not feasible, such party must destroy the Confidential Information and must certify the same in writing within 5 calendar days from the date of termination to the other party. However, the State's legal ability to destroy Contractor data may be restricted by its retention and disposal schedule, in which case Contractor's Confidential Information will be destroyed after the retention period expires.

33. Data Privacy and Information Security.

- a. Undertaking by Contractor. Without limiting Contractor's obligation of confidentiality as further described, Contractor is responsible for establishing and maintaining a data privacy and information security program, including physical, technical, administrative, and organizational safeguards, that is designed to: (a) ensure the security and confidentiality of the State Data; (b) protect against any anticipated threats or hazards to the security or integrity of the State Data; (c) protect against unauthorized disclosure, access to, or use of the State Data; (d) ensure the proper disposal of State Data; and (e) ensure that all employees, agents, and subcontractors of Contractor, if any, comply with all of the foregoing. In no case will the safeguards of Contractor's data privacy and information security program be less stringent than the safeguards used by the State, and Contractor must at all times comply with all applicable State IT policies and standards, which are available to Contractor upon request.
- b. Audit by Contractor. No less than annually, Contractor must conduct a comprehensive independent third-party audit of its data privacy and information security program and provide such audit findings to the State.
- c. Right of Audit by the State. Without limiting any other audit rights of the State, the State has the right to review Contractor's data privacy and information security program prior to the commencement of Contract Activities and from time to time during the term of this Contract. During the providing of the Contract Activities, on an ongoing basis from time to time and without notice, the State, at its own expense, is entitled to perform, or to have performed, an on-site audit of Contractor's data privacy and information security program. In lieu of an on-site audit, upon request by the State, Contractor agrees to complete, within 45 calendar days of receipt, an audit questionnaire provided by the State regarding Contractor's data privacy and information security program.
- d. Audit Findings. Contractor must implement any required safeguards as identified by the State or by any audit of Contractor's data privacy and information security program.
- e. State's Right to Termination for Deficiencies. The State reserves the right, at its sole election, to immediately terminate this Contract or a Statement of Work without limitation and without liability if the State determines that Contractor fails or has failed to meet its obligations under this Section.

STATE OF MICHIGAN

Contract No. 071B7700071
Annual Reports and Audits for Disproportionate Share Hospital Medicaid Program

SCHEDULE A STATEMENT OF WORK CONTRACT ACTIVITIES

PROJECT REQUEST

This is a Contract for audits and reports of designated Medicaid state plan rate years of the Michigan Medicaid Program Disproportionate Share Hospital (DSH) payments to Michigan hospitals.

BACKGROUND

Title XIX of the Social Security Act (Act) authorizes federal grants to states for Medicaid programs that provide medical assistance to low-income families, the elderly and persons with disabilities. Section 1902(a)(13)(A)(iv) of the Act requires that states make Medicaid payment adjustments for hospitals that serve a disproportionate share of low-income patients with special needs.

Section 1923 of the Act contains more specific requirements related to such Disproportionate Share Hospital (DSH) payments, including aggregate annual state-specific limits on federal financial participation under section 1923(f), and hospital-specific limits on DSH payments under section 1923(g). Under those hospital specific limits, a hospital's DSH payments may not exceed the costs incurred by that hospital in furnishing services during the year to Medicaid patients and the uninsured, less other Medicaid payments made to the hospital, and payments made by uninsured patients ("uncompensated care costs"). In addition, section 1923(a)(2)(D) requires states to provide an annual report to the Secretary describing the payment adjustments made to each DSH.

In addition to these reporting requirements, under section 1923(j) of the Act, federal matching payments are contingent upon a state's submission of the annual DSH report and independent certified audit.

The Center for Medicare and Medicaid Services (CMS) published a final rule on December 19, 2008 implementing the reporting and auditing requirements for state DSH payments under the state Medicaid program in the Federal Register (73 Fed. Reg. 77904). The final rule was effective on January 19, 2009.

This final rule sets forth the data elements necessary to comply with the requirements of section 1923(j) of the Act related to auditing and reporting of DSH payments under state Medicaid programs. These requirements were added by section 1001(d) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA).

The rule required states to verify their methodology for computing the hospital specific DSH limit and the DSH payments made to hospitals. As required by section 1923(j)(2) of the Act, the five items identified in statute would provide independent verification that state Medicaid DSH payments comply with the hospital-specific DSH limit in section 1923(g) of the Act, and that such limits are accurately computed.

The rule added section 455.304(a) to reflect section 1923(j) of the Act's requirement that each state submit annually the independent certified audit of its DSH program as a condition for receiving federal payments under section 1903(a)(1) and 1923 of the Act.

The rule also added section 455.304(b) to reflect the requirement that states must obtain an independent certified audit, beginning with an audit of its state fiscal year 2005 DSH program.

The rule required that in the audit report, the auditor must verify whether the state's method of computing the hospital-specific DSH limit and the DSH payments made to the hospital comply with the five items required by section 1923(j)(2) of the Act.

SCOPE

The Contractor must provide an annual report of the State of Michigan's (State) DSH program.

Section 1001(d) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) (Pub. L. 108-173, enacted on December 8, 2003) added section 1923(j) to the Act to require states to report additional information about their DSH programs. Section 1923(j)(1) of the Act requires states to submit an annual report that includes the following:

- Identification of each DSH facility that received a DSH payment under the state's Medicaid program in the preceding fiscal year and the amount of DSH payments paid to that hospital in the same year.
- Such other information as the Secretary of Health and Human Services determines necessary to ensure the appropriateness of DSH payments.

The Contractor must conduct independent, certified audits of designated Medicaid State plan rate years of the Michigan Medicaid Program that provide DSH Payments to Michigan hospitals eligible for such payments.

These independent, certified audits will be submitted by the State, in accordance with section 1923(j)(2) of the Act, to the Secretary of Health and Human Services. The certified independent audit must verify:

1. The extent to which hospitals in the State have reduced uncompensated care costs to reflect the total amount of claimed expenditures made under section 1923 of the Act.
2. DSH payments to each hospital comply with the applicable hospital-specific DSH payment limit.
3. Only the uncompensated care costs of providing inpatient hospital and outpatient hospital services to Medicaid eligible individuals and uninsured individuals as described in section 1923(g)(1)(A) of the Act are included in the calculation of the hospital-specific limits.
4. The State included all Medicaid payments, including supplemental payments, in the calculation of such hospital-specific limits.
5. The State has separately documented and retained a record of all its costs under the Medicaid program, claimed expenditures under the Medicaid program, uninsured costs in determining payment adjustments under section 1923 of the Act, and any payments made on behalf of the uninsured from payment adjustments under section 1923 of the Act.

1. General Requirements

Contractor must provide Deliverables/Services and staff, and otherwise do all things necessary for or incidental to the performance of work as follows.

1. The Contractor must provide a report and conduct an audit of the Medicaid State plan rate year for the period October 1, 2013 through September 30, 2014. Draft report and audit must be completed and submitted to MDHHS no later than September 30, 2017, and final report submitted prior to December 15, 2017.
2. The Contractor must provide a report and conduct an audit of the Medicaid State plan rate year for the period October 1, 2014 through September 30, 2015 (Medicaid State fiscal year 2015). Draft report and audit must be completed and submitted to MDHHS no later than September 30, 2018, and final report submitted prior to December 15, 2018.
3. The Contractor must provide a report and conduct an audit of the Medicaid State plan rate year for the period October 1, 2015 through September 30, 2016 (Medicaid State fiscal year 2016). Draft report and audit must be completed and submitted to MDHHS no later than September 30, 2019, and final report submitted prior to December 15, 2019.
4. The Contractor must review State's methodology for estimating hospital's Omnibus Budget Reconciliation Act (OBRA) 1993 hospital-specific DSH limit and the State's DSH payment methodologies in the approved Medicaid State plan for the State plan rate year under audit.
5. The Contractor must review State's DSH audit protocol to ensure consistency with inpatient/outpatient Medicaid reimbursable services in the approved Medicaid State plan and to ensure that only costs eligible

for DSH payments are included in the development of the hospital specific DSH limit. Please see the Hospital Reimbursement Appendix, which starts on page 820 of the Medicaid Provider Manual, located at: <http://www.mdch.state.mi.us/dch-medicaid/manuals/MedicaidProviderManual.pdf>

6. The Contractor must compile hospital specific inpatient/outpatient cost report data and inpatient/outpatient revenue data to measure hospital specific DSH limit in the auditable year. In determining this limit, the auditor must measure both components of the hospital specific DSH limit. To determine the existence of a Medicaid shortfall, Medicaid inpatient/outpatient hospital costs (including Medicaid managed care costs) must be measured against Medicaid inpatient/outpatient revenue received for such services in the audited State plan rate year (including regular Medicaid rate payments, add-ons, supplemental and enhanced payments and Medicaid managed care revenues). Costs associated with patients with no source of third party coverage must be reduced by applicable revenues and added to any Medicaid shortfall to determine total eligible DSH costs.
7. The Contractor must compile total DSH payments made in the auditable year to each qualifying hospital (including DSH payments received by the hospitals from other states).
8. The Contractor must compare hospital specific DSH costs limits against hospital specific total DSH payments in the audited Medicaid State plan rate year and summarize findings identifying any overpayments/underpayments to particular hospitals.
9. The Contractor may be required to travel on-site to Michigan DSH hospitals for additional information at no additional cost to the State.
10. The Contractor must provide an annual onsite introductory kick-off session for hospitals and State staff regarding the audit process.
 - 10.1.1 The Contractor must develop and receive Program Manager approval for annual onsite introductory kick-off sessions.

1.1. Transition

The Contractor must work with the State and/or the previous contractor during implementation of the transition plan to effect an orderly transition to the new contractor. The Contractor must allow as many personnel as practicable to attend meetings and receive hardcopy and/or electronic files to help maintain the continuity and consistency of the services required by the Contract.

The Contractor agrees to receive reasonable detailed specifications for all Services/Deliverables previously provided to the State to properly provide the Services/Deliverables required under the Contract. The Contractor must be able to receive and work with comma-delineated files, unless otherwise requested by the State, reports and documentation from previous Contractor.

The Contractor must acquire any software required to perform the Services and deliver the Deliverables under the Contract. This must include any documentation being used by the Contractor to perform the Services under the Contract. If the State transfers any software licenses to the Contractor, those licenses must, upon expiration of the Contract, transfer back to the State at their current revision level. Upon notification by the State, Contractor may be required to freeze all non-critical changes to Deliverables/Services.

1. The approval process of work and deliverables requires formal, written approval, according to the following procedures:
 - a. The approval process will be facilitated by ongoing consultation between the parties, inspection of interim and intermediate work and deliverables and collaboration on key decisions.
 - b. The Program Manager will approve, in writing, work and deliverables after confirming that it conforms to and performs according to its specifications without material deficiency. The Program Manager may, but is not required to, conditionally approve, in writing, work and deliverables that contain material deficiencies if the Program Manager elects to permit the Contractor to rectify them post-approval. In any case, the Contractor will be responsible for working diligently to correct, within a time frame mutually agreed upon by both parties at the Contractor's expense, all deficiencies in the work and deliverables that remain outstanding at the time of the Program Manager approval.

Once the Program Manager approves the deliverables, invoices will be forwarded for additional review and payment via the approval path. Approvals are tiered by signature authority congruent with the dollar amount of the invoice.

The State may require a 30-calendar day training period for replacement personnel.
6. Contractor will not remove any Key Personnel from their assigned roles on this Contract without the prior written consent of the State. The Contractor’s removal of Key Personnel without the prior written consent of the State is an unauthorized removal (“Unauthorized Removal”). An Unauthorized Removal does not include replacing Key Personnel for reasons beyond the reasonable control of Contractor, including illness, disability, leave of absence, personal emergency circumstances, resignation, or for cause termination of the Key Personnel’s employment. Any Unauthorized Removal may be considered by the State to be a material breach of this Contract, in respect of which the State may elect to terminate this Contract for cause under Termination for Cause in the Standard Terms. It is further acknowledged that an Unauthorized Removal will interfere with the timely and proper completion of this Contract, to the loss and damage of the State, and that it would be impracticable and extremely difficult to fix the actual damage sustained by the State as a result of any Unauthorized Removal. Therefore, Contractor and the State agree that in the case of any Unauthorized Removal in respect of which the State does not elect to exercise its rights under Termination

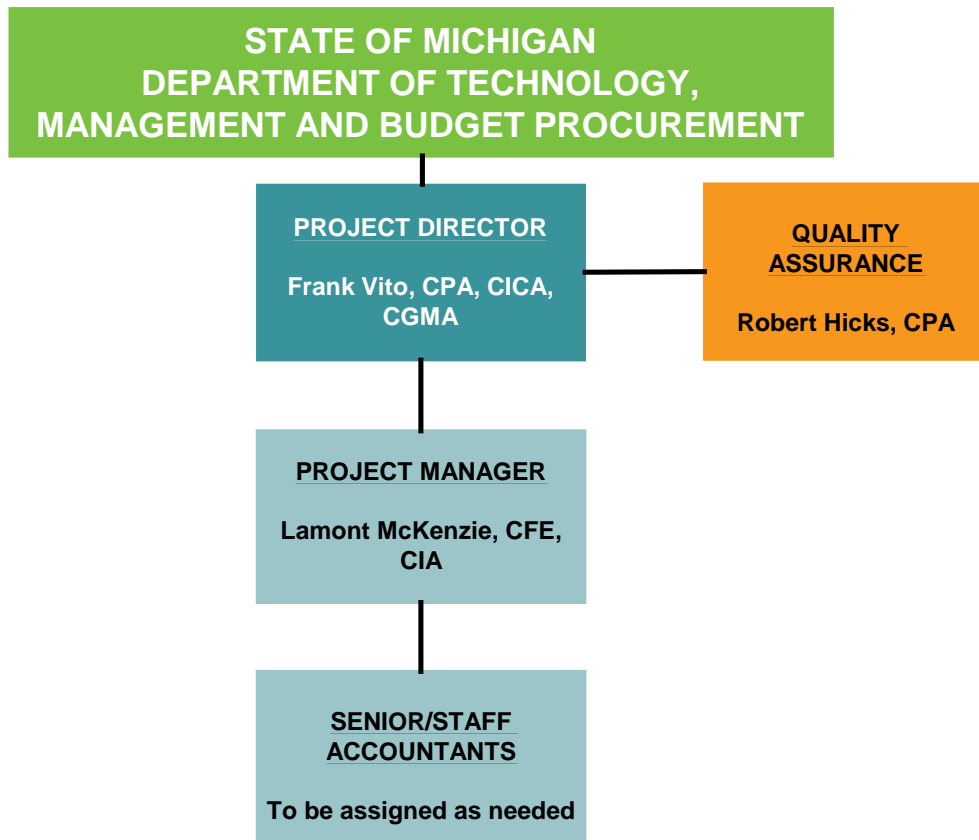

for Cause, Contractor will issue to the State the corresponding credits set forth below (each, an "Unauthorized Removal Credit"):

(i) For the Unauthorized Removal of any Key Personnel designated in the applicable Statement of Work, the credit amount will be \$10,000.00 per individual if Contractor identifies a replacement approved by the State and assigns the replacement to shadow the Key Personnel who is leaving for a period of at least 30 calendar days before the Key Personnel's removal.

The total Unauthorized Removal Credits that may be assessed per Unauthorized Removal and failure to provide 30 calendar days of shadowing will not exceed \$50,000.00 per individual.

Contractor acknowledges and agrees that each of the Unauthorized Removal Credits assessed above: (i) is a reasonable estimate of and compensation for the anticipated or actual harm to the State that may arise from the Unauthorized Removal, which would be impossible or very difficult to accurately estimate; and (ii) may, at the State's option, be credited or set off against any fees or other charges payable to Contractor under this Contract.

6.3. Procedure

The Contractor must register with the State electronically at <http://www.cpexpress.state.mi.us>.

7. Liquidated Damages

Late or improper completion of the Contract Activities will cause loss and damage to the State and it would be impracticable and extremely difficult to fix the actual damage sustained by the State. Therefore, if there is late or improper completion of the Contract Activities the State is entitled to collect liquidated damages in the amount of \$5,000.00 and an additional \$100.00 per day for each day Contractor fails to remedy the late or improper completion of the Work in Schedule A, Section 1.

Except as otherwise limited by this Addendum, Associate may Use and Disclose Protected Information as follows:

- i. Associate may Use Protected Information for the proper management and administration of the Associate or to carry out the legal responsibilities of the Associate.
- ii. - iii. Associate may Use Protected Health Information to provide Data Aggregation services to CE for the Health Care Operations of CE, as permitted by 45 CFR §164.504(e)(2)(i)(B). Associate agrees that said services shall not be provided in a manner that

would result in Disclosure of Protected Health Information to another CE who was not the originator or lawful possessor of said information. Further, Associate agrees that any such wrongful Disclosure of Protected Health Information constitutes a Breach and shall be reported to CE in accordance with this Addendum.

- iv. Associate may Use Protected Health Information to report violations of law to appropriate federal and state authorities, consistent with 45 CFR §164.502(j)(1).

b. Appropriate Safeguards. Associate must implement appropriate safeguards to protect against the Use or Disclosure of Protected Information other than as permitted by this Addendum so as to comply with the HIPAA Rules, the HITECH Act, and applicable state laws and maintain written policies concerning the same. Associate must implement and maintain administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of Protected Information, including specifically Electronic PHI, as provided for in the Security Rule and as mandated by Section 13401 of the HITECH Act. These safeguards shall include, at minimum:

- i. Achieving and maintaining compliance with the HIPAA Security Rule, as necessary in conducting operations on behalf of CE under this Addendum.
- ii. Providing a level and scope of security that is at least comparable to the level and scope of security established by the National Institute of Standards and Technology (NIST) in NIST 800-53, Recommended Security Controls for Federal Information Systems, Annex 2: Consolidated Security Controls-Moderate Baseline. The oldest acceptable version is the most recently approved version of NIST that has been approved for 6 months or more; however, Associate is encouraged to adopt newly approved versions of NIST as soon as practicable. If Associate chooses to use the Control Objectives for Information and Related Technology (COBIT), Information Systems Audit and Control Association (ISACA), or International Organization for Standardization (ISO) standards, Associate must demonstrate and document how each aspect of the chosen standard comports with the applicable version of NIST and make such documentation available to CE upon request. If Associate uses a standard other than those described in this subsection,

Associate must demonstrate and document how each aspect of the chosen standard comports with the appropriate version of NIST and present to CE for review and approval. Additionally, whichever standard is chosen must comport with HIPAA Rules, including specifically the Security Rule and Privacy Rule.

- iii. Achieving and maintaining compliance with the Michigan Information Technology Security Policies set forth by the Office of Michigan Cyber Security and Infrastructure Protection.
- iv. In case of a conflict between any of the security standards contained in any of these enumerated sources, the most stringent shall apply. Further, Associate must comply with changes to these standards that occur after the effective date of this Addendum.
- v. Upon request, Associate must provide CE with all information security and privacy policies, disaster recovery and business continuity policies, network connectivity diagrams, and all other security measures implemented by Associate.

c. Security Incidents. Associate must notify and report to CE in the manner described herein any Security Incident, whether actual or suspected, and any Use or Disclosure of Protected Information in violation of this Addendum, and take the following actions:

- i. Notice to CE. Associate must notify CE, via e-mail and telephone, within five (5) business days of the discovery of any Security Incident or any Use or Disclosure of Protected Information in violation of this Addendum. Associate must follow its notification to CE with a report that meets the requirements outlined immediately below.
- ii. Investigation; Report to CE. Associate must promptly investigate any Security Incident. Within ten (10) business days of the discovery, Associate must submit a preliminary report to CE identifying, to the extent known at the time, any information relevant to ascertaining the nature and scope of the Security Incident. Within fifteen (15) business days of the discovery of the Security Incident and unless otherwise directed by CE in writing, Associate must provide a complete report of the

investigation to CE. Such report shall identify, to the extent possible: (a) each individual whose Protected Information has been, or is reasonably believed by Associate to have been accessed, acquired, Used or Disclosed; (b) the type of Protected Information accessed, Used or Disclosed (e.g., name, social security number, date of birth) and whether such information was Unsecured; (c) who made the access, Use, or Disclosure; and (d) an assessment of all known factors relevant to a determination of whether a Breach occurred under applicable provisions of HIPAA, the HIPAA Rules, the HITECH Act, or a Breach of Security under the Identity Theft Protection Act, and any other applicable federal or state regulations. The report shall also include a full, detailed corrective action plan, including information on measures that were taken to halt and contain any improper Use or Disclosure. If CE requests information in addition to that listed in the report, Associate shall make reasonable efforts to provide CE with such information. Associate agrees that CE reserves the right to review and recommend changes to any corrective action plan and make a final determination as to whether a Breach of PHI or PII occurred and whether any notifications may be required under applicable state or federal regulations, including Section 13402 of the HITECH Act. In the event of a Breach of Unsecured PHI, as determined by CE, Associate agrees, consistent with 45 CFR §164.404(c), Section 13402 of the HITECH Act and Section 12 of the Identity Theft Protection Act, as applicable, to provide CE with information and documentation in its control necessary to meet the requirements of said sections, and in a manner and format to be reasonably specified by CE.

- iii. Mitigation. Associate agrees to mitigate, to the extent practicable, any harmful effect that is known to Associate of a Security Incident or a Use or Disclosure of Protected Information in violation of the requirements of this Addendum. Associate must take: (a) prompt corrective action to cure any such violation and (b) any other action pertaining to such unauthorized Use or Disclosure required by applicable federal and state laws and regulations.

- d. Responsibility for Notifications. If the cause of a Breach of Protected Information is attributable to Associate or its Agents or Subcontractors, Associate is responsible for all required reporting and notifications of the Breach as specified in

and in accordance with Section 13402 of the HITECH Act and the Identity Theft Protection Act, as applicable, unless CE notifies Associate in writing that CE intends to be responsible for said reporting and notifications. In all cases, CE's authorized representative shall approve the time, manner, and content of any such notification and its approval must be obtained before the notification is made. In the event of such Breach, and without limiting Associate's obligations of indemnification as further described in this Addendum, Associate must indemnify, defend, and hold harmless CE for any and all claims or losses, including reasonable attorneys' fees, costs, and expenses incidental thereto, which may be suffered by, accrued against, charged to, or recoverable from CE in connection with the occurrence.

e. Associate's Agents and Subcontractors. If Associate uses one or more Subcontractors or Agents to provide services under the Agreement, and such Agents or Subcontractors receive or have access to Protected Information, each Subcontractor or Agent must sign an agreement with Associate containing substantially the same provisions as this Addendum and in conformance with 45 CFR §164.504(e)(2), and to assume toward Associate all of the obligations and responsibilities that the Associate, by this Addendum, assumes toward CE. Associate agrees to provide said Agents or Subcontractors PHI in accordance with the HIPAA Rules, the HITECH Act, and PII in accordance with applicable federal and state law and must: (i) implement and maintain sanctions against Subcontractors and Agents that violate such restrictions and conditions; and (ii) mitigate, to the extent practicable, the effects of any such violation.

f. Access to Protected Health Information. Associate agrees to make PHI regarding an Individual maintained by Associate or its Agents or Subcontractors in a Designated Record Set available to such Individual for inspection and copying in order to meet CE's obligations under 45 CFR §164.524. An Individual's request for access must be submitted on standard request forms available from Associate. If CE receives a request for access, CE, in addition to addressing the request on its behalf, will forward the request in writing to Associate in a timely manner. If Associate or its Agents or Subcontractors maintain Electronic Health Records for CE, then Associate must provide, where applicable, electronic access to the Electronic Health Records to CE.

g. Amendment of Protected Health Information. Associate agrees to make any amendment(s) to PHI in a Designated Record Set to meet CE's obligations under 45 CFR §164.526. An Individual's amendment request must be submitted on standard forms available from Associate. If CE receives a request for an amendment, CE, in addition to addressing the request on its behalf, will forward the request in writing to Associate in a timely manner.

h. Accounting Rights. Associate agrees to respond to a request by an Individual for an accounting of Disclosures of PHI in accordance with 45 CFR §164.528. Associate must maintain necessary and sufficient documentation of Disclosures of PHI and information related to such Disclosures as would be required for CE to respond to a request by an Individual for an accounting of Disclosures under 45 CFR §164.528. An Individual's request for a report of accounting must be submitted on standard request forms available from Associate. If CE receives a request for an accounting, CE, in addition to addressing the request on its own behalf, will forward the request in writing to Associate in a timely manner. Associate must also comply with the requirements of Section 13405(c) of the HITECH Act, as applicable.

i. Access to Records and Internal Practices. Unless otherwise protected or prohibited from discovery or Disclosure by law, Associate must make its internal practices, books, and records, including policies and procedures (collectively, Compliance Information), relating to the Use or Disclosure of PHI and PII and the protection of same, available to CE or to the Secretary of DHHS (Secretary) for purposes of the Secretary determining CE's compliance with the HIPAA Rules and the HITECH Act. Associate shall have a reasonable time within which to comply with requests for such access, consistent with this Addendum. In no case shall access be required in less than five (5) business days after Associate's receipt of such request, unless otherwise designated by the Secretary.

j. Minimum Necessary. Associate (and its Agents or Subcontractors) shall only request, Use and Disclose the minimum amount of Protected Information necessary to accomplish the purpose of the request, Use or Disclosure, in accordance with the Minimum Necessary requirements of the Privacy Rule, including, but not limited to 45 CFR §§ 164.502(b) and 164.514(d) and the HITECH Act.

k. Compliance.

- i. To the extent that Associate carries out one or more of CE's obligations under the HIPAA Rules, Associate must comply with all requirements that would be applicable to CE.
- ii. Associate must honor all restrictions consistent with 45 CFR §164.522 that CE or the Individual makes Associate aware of, including the Individual's right to restrict certain Disclosures of PHI to a health plan where the Individual pays out of pocket or in full for the healthcare item or service, in accordance with Section 13405(a) of the HITECH Act.

l. Data Ownership. Unless otherwise specified in this Addendum, Associate agrees that Associate has no ownership rights with respect to the Protected Information and that CE retains all rights with respect to ownership of such information. Associate further agrees not to receive remuneration, directly or indirectly, in exchange for Protected Information, except with the prior written consent of CE.

m. Retention of Protected Information. Notwithstanding Section 5(d) of this Addendum, Associate and its Subcontractors or Agents shall retain all Protected Information throughout the term of the Contract and shall continue to maintain the information required under Section 2(h) of this Addendum for a period of six (6) years from the date of creation or the date when it last was in effect, whichever is later, or as Required by Law. This obligation shall survive the termination of the Contract.

n. Destruction of Protected Information. Associate must implement policies and procedures for the final disposition of Protected Information, including electronic PHI, and the hardware and equipment on which it is stored, including but not limited to, removal before re-Use, in accordance with the Security Rule, the HITECH Act, and other applicable laws relating to the final disposition of Protected Information.

o. Audits, Inspection, and Enforcement. Within ten (10) days of a written request by CE, Associate and its Agents or Subcontractors must allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the Use or Disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether Associate has complied with this Addendum; provided, however, that: (i) Associate and CE shall mutually agree in advance upon the scope, timing and location of such an inspection; (ii) CE shall protect the confidentiality of all confidential and proprietary information of Associate to which CE has access during the course of such inspection; and (iii) CE or Associate shall execute a nondisclosure agreement, if requested by Associate or CE. The fact that CE inspects, or fails to inspect, or has the right to inspect, Associate's facilities, systems, books, records, agreements, policies and procedures does not relieve Associate of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify Associate or require Associate's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under this Addendum. If Associate is the subject of an audit, compliance review, or complaint investigation by DHHS that is related to the performance of its obligations pursuant to this Addendum, Associate must notify CE and provide CE with a copy of any PHI that Associate provides to DHHS concurrently with providing such information to DHHS. If, as a result of an audit or other

investigation of Associate, DHHS assesses any civil penalties, Associate shall pay such penalties.

p. Audit Findings. Associate must implement any appropriate Safeguards, as identified by CE in an audit conducted under paragraph 2(o).

q. Reserved.

r. Safeguards During Transmission. Associate must utilize safeguards that reasonably and appropriately maintain and ensure the confidentiality, integrity, and availability of Protected Information transmitted to CE under this Addendum, in accordance with the standards and requirements of the HIPAA Rules and other applicable federal or state regulations, until such Protected Information is received by CE, and in accordance with any specifications set forth in Attachment A.

s. Due Diligence. Associate must exercise due diligence and take reasonable steps to ensure that it remains in compliance with this Addendum and is in compliance with applicable provisions of HIPAA, the HIPAA Rules, the HITECH Act and other applicable laws or regulations pertaining to Protected Information, and that its Agents, Subcontractors and vendors are in compliance with their obligations as required by this Addendum.

t. Sanctions and Penalties. Associate understands that a failure to comply with the provisions of HIPAA, the HITECH Act, the HIPAA Rules or any other state or federal regulation that is applicable to Associate may result in the imposition of sanctions or penalties on Associate under HIPAA, the HIPAA Rules, the HITECH Act, or any other applicable laws or regulations pertaining to PHI and PII.

u. Indemnification. Associate shall indemnify, hold harmless and defend CE from and against any and all claims, losses, liabilities, costs and other expenses resulting from, or relating to, the acts or omissions of Associate or its Agents or Subcontractors in connection with the representations, duties, and obligations of Associate under this Addendum, including but not limited to any unauthorized Use or Disclosure of Protected Information. This includes credit-monitoring services, third party audits of Associate's handling and remediation of the Breach, and reimbursement for State employee time spent handling the Security Incident, as reasonably deemed appropriate by CE. The parties' respective rights and obligations under this subsection shall survive termination of the Agreement.

3. Obligations of CE.

a. Safeguards During Transmission. CE must utilize safeguards that reasonably and appropriately maintain and ensure the confidentiality, integrity, and availability of Protected Information transmitted to Associate under this Addendum, in accordance with the standards and requirements of the HIPAA Rules and other applicable federal or state regulations, until such Protected Information is received by Associate, and in accordance with any specifications set forth in Attachment A.

b. Notice of Limitations and Changes. CE must notify Associate of any limitations in its notice of privacy practices in accordance with 45 CFR §164.520, or any restriction to the Use or Disclosure of PHI that CE has agreed to in accordance with 45 CFR §164.528, to the extent that such limitation may affect Associate's Use or Disclosure of PHI. CE must also notify Associate of any changes in, or revocation of, permission by Individual to Use or Disclose PHI of which it becomes aware, to the extent that such changes may affect Associate's Use or Disclosure of PHI.

4. Term. This Addendum shall continue in effect as to each Contract to which it applies until such Contract is terminated or is replaced with a new contract between the parties containing provisions meeting the requirements of the HIPAA Rules and the HITECH Act, whichever first occurs. However, certain obligations will continue as specified in this Addendum.

5. Termination.

a. Material Breach. Except as otherwise provided in the Contract, a breach by Associate of any provision of this Addendum, as determined by CE, shall constitute a material breach of the Agreement and provide grounds for CE to terminate the Agreement for cause, subject to section 5(b):

i. Default. If Associate refuses or fails to timely perform any of the provisions of this Addendum, CE may notify Associate in writing of the non-performance, and if not corrected within thirty (30) days, CE may immediately terminate the Agreement. Associate agrees to continue performance of the Agreement to the extent it is not terminated.

ii. Duties. Notwithstanding termination of the Agreement, and subject to any reasonable directions from the CE, Associate agrees to take timely, reasonable and necessary action to protect and preserve property in the possession of the Associate in which CE has an interest.

iii. Erroneous Termination for Default. If after such termination it is determined, for any reason, that Associate was not in default, or that Associate's action or inaction was excusable, such termination shall be treated as a termination

for convenience, and the rights and obligations of the parties shall be the same as if the Contract had been terminated for convenience, as described in this Addendum or in the Contract.

b. Reasonable Steps to Cure Breach. If CE knows of a pattern of activity or practice of Associate that constitutes a material breach or violation of the Associate's obligations under the provisions of this Addendum or another arrangement and does not terminate the Agreement under Section 5(a), then CE shall take reasonable steps to cure such breach or end such violation, as applicable. If CE's efforts to cure such breach or end such violation are unsuccessful, CE shall either (i) terminate the Agreement, if feasible or (ii) if termination of the Agreement is not feasible, CE shall report Associate's breach or violation to the Secretary.

c. Reserved.

d. Effect of Termination.

(i) At the direction of CE, and except as provided in section 5(d)(ii), upon termination of the Agreement for any reason, Associate must return or destroy all Protected Information that Associate or its Agents or Subcontractors still maintain in any form, and shall retain no copies of such information. If CE directs Associate to destroy the Protected Information, Associate must certify in writing to CE that such information has been destroyed. If CE directs associate to return such information, Associate must do so promptly in any format reasonably specified by CE.

(ii) If Associate believes that returning or destroying the Protected Information is not feasible, including but not limited to, a finding that record retention requirements provided by law make return or destruction infeasible, Associate must promptly provide CE written notice of the conditions making return or destruction infeasible. Upon mutual agreement of CE and Associate that return or destruction of Protected Information is infeasible, Associate must continue to extend the protections of this Addendum to such information, and must limit further Use of such Protected Information to those purposes that make the return or destruction of such Protected Information infeasible.

6. Reserved.

7. No Waiver of Immunity. No term or condition of this Addendum shall be construed or interpreted as a waiver, express or implied, of any of the immunities, rights, benefits, protection, or other provisions of applicable laws, including the Michigan Governmental Immunity Act, MCL 691.1401, *et seq.*, the Court of Claims

Act, MCL 600.6401, *et seq.*, the Federal Tort Claims Act, 28 U.S.C. 2671, *et seq.*, or the common law, as applicable, as now in effect or hereafter amended.

8. Reserved.

9. Disclaimer. CE makes no warranty or representation that compliance by Associate with this Addendum, HIPAA, the HIPAA Rules, the HITECH Act or other applicable laws pertaining to Protected Information will be adequate or satisfactory for Associate's own purposes. Associate is solely responsible for all decisions made by Associate regarding the safeguarding of Protected Information.

10. Reserved.

11. Amendment.

a. Amendment to Comply with Law. The parties agree to take such action as is necessary to amend this Addendum from time to time as may be necessary for CE and Associate to comply with and implement the standards and requirements of HIPAA, the Privacy Rule, the Security Rule, the Breach Rule, the HITECH Act, the Identity Theft Protection Act, and other applicable laws relating to the security or privacy of PHI and PII. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the Privacy Rule, the Security Rule, the Breach Rule, the HITECH Act, the Identity Theft Protection Act, or other applicable laws. Either party may terminate the Agreement upon thirty (30) days written notice if (i) the other does not promptly enter into negotiations to amend this Agreement when requested by the requesting party under this Section or (ii) the non-requesting party does not enter into an amendment to this Agreement when requested providing assurances regarding the safeguarding of PHI and PII that the requesting party, in its sole discretion, deems sufficient to satisfy the standards and requirements of HIPAA, the HIPAA Rules, the HITECH Act, the Identity Theft Protection Act, and other applicable laws.

b. Amendment of Attachment A. Attachment A may be modified or amended by mutual agreement of the parties in writing from time to time without formal amendment of this Addendum.

12. Assistance in Litigation or Administrative Proceedings. Associate must make itself, and any Subcontractors, employees or Agents assisting it in the performance of its obligations under this Addendum available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against a party, its directors, officers or employees, departments,

agencies, or divisions based upon a claimed violation of HIPAA, the HITECH Act, the HIPAA Rules, the Identity Theft Protection Act, or other laws relating to security and privacy of Protected Information, except where the other party or its Subcontractor, employee or Agent is a named adverse party.

13. No Third Party Beneficiaries. Nothing express or implied in this Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, Associate and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

14. Effect on Contract. Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Contract shall remain in force and effect. This Addendum is incorporated into the Contract as if set forth in full therein. The parties expressly acknowledge and agree that sufficient mutual consideration exists to make this Addendum legally binding in accordance with its terms. Associate and CE expressly waive any claim or defense that this Addendum is not part of the Agreement between the parties under the Contract.

15. Interpretation and Order of Precedence. This Addendum is incorporated into and becomes part of each Contract identified herein. Together, this Addendum and each separate Contract constitute the Agreement of the parties with respect to their Business Associate relationship under HIPAA, the HIPAA Rules, and the HITECH Act. The provisions of this Addendum shall prevail over any provisions in the Contract that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Contract shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the HIPAA Rules, and applicable state laws. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, and the HIPAA Rules. This Addendum supersedes and replaces any previous separately executed HIPAA addendum between the parties. In the event of any conflict between the mandatory provisions of the HIPAA Rules and the HITECH Act and the provisions of this Addendum, the HIPAA Rules and the HITECH Act shall control. Where the provisions of this Addendum differ from those mandated by the HIPAA Rules or the HITECH Act, but are nonetheless permitted by the HIPAA Rules and the HITECH Act, the provisions of this Addendum shall control.

16. Effective Date. This Addendum is effective upon receipt of the last approval necessary and the affixing of the last signature required.

17. Survival of Certain Contract Terms. Notwithstanding anything herein to the contrary, Associate's obligations under Section 2(d) (Responsibility for

Notifications), Section 2(u) (Indemnification), Section 5(d) (Effect of Termination), Section 12 (Assistance in Litigation or Administrative Proceedings), Section 13 (No Third Party Beneficiaries), and applicable record retention laws shall survive termination of this Agreement and shall be enforceable by CE as provided herein in the event of such failure to perform or comply by the Associate.

18. Representatives and Notice.

a. Representatives. For the purpose of this Addendum, the individuals identified in the Contract shall be the representatives of the respective parties. If no representatives are identified in the Contract, the individuals listed below are hereby designated as the parties' respective representatives for purposes of this Addendum.
