Upon written agreement between the State and Contractor, this contract may also be extended to: (a) other states (including governmental subdivisions and authorized entities) and (b) State of Michigan employees.

If extended, Contractor must supply all Contract Activities at the established Contract prices and terms. The State reserves the right to impose an administrative fee and negotiate additional discounts based on any increased volume generated by such extensions.

Contractor must submit invoices to, and receive payment from, extended purchasing program members on a direct and individual basis.

- 9. Independent Contractor.** Contractor is an independent contractor and assumes all rights, obligations and liabilities set forth in this Contract. Contractor, its employees, and agents will not be considered employees of

the State. No partnership or joint venture relationship is created by virtue of this Contract. Contractor, and not the State, is responsible for the payment of wages, benefits and taxes of Contractor's employees and any subcontractors. Prior performance does not modify Contractor's status as an independent contractor

10. **Subcontracting.** Contractor may not delegate any of its obligations under the Contract without the prior written approval of the State. Contractor must notify the State at least 90 calendar days before the proposed delegation and provide the State any information it requests to determine whether the delegation is in its best interest. If approved, Contractor must: (a) be the sole point of contact regarding all contractual matters, including payment and charges for all Contract Activities; (b) make all payments to the subcontractor; and (c) incorporate the terms and conditions contained in this Contract in any subcontract with a subcontractor. Contractor remains responsible for the completion of the Contract Activities, compliance with the terms of this Contract, and the acts and omissions of the subcontractor. The State, in its sole discretion, may require the replacement of any subcontractor.
11. **Staffing.** The State's Contract Administrator may require Contractor to remove or reassign personnel by providing a notice to Contractor.
12. **Background Checks.** Pursuant to Michigan law, all agencies subject to IRS Pub. 1075 are required to ask the Michigan State Police to perform fingerprint background checks on all employees, including Contractor and Subcontractor employees, who may have access to any database of information maintained by the federal government that contains confidential or personal information, including, but not limited to, federal tax information. Further, pursuant to Michigan law, any agency described above is prohibited from providing Contractors or Subcontractors with the result of such background check. For more information, please see Michigan Public Act 427 of 2018. Upon request, Contractor must perform background checks on all employees and subcontractors and its employees prior to their assignment. The scope is at the discretion of the State and documentation must be provided as requested. Contractor is responsible for all costs associated with the requested background checks. The State, in its sole discretion, may also perform background checks.
13. **Assignment.** Contractor may not assign this Contract to any other party without the prior approval of the State. Upon notice to Contractor, the State, in its sole discretion, may assign in whole or in part, its rights or responsibilities under this Contract to any other party. If the State determines that a novation of the Contract to a third party is necessary, Contractor will agree to the novation and provide all necessary documentation and signatures.
14. **Change of Control.** Contractor will notify within 30 days of any public announcement or otherwise once legally permitted to do so, the State of a change in Contractor's organizational structure or ownership. For purposes of this Contract, a change in control means any of the following: (a) a sale of more than 50% of Contractor's stock; (b) a sale of substantially all of Contractor's assets; (c) a change in a majority of Contractor's board members; (d) consummation of a merger or consolidation of Contractor with any other entity; (e) a change in ownership through a transaction or series of transactions; (f) or the board (or the stockholders) approves a plan of complete liquidation. A change of control does not include any consolidation or merger effected exclusively to change the domicile of Contractor, or any transaction or series of transactions principally for bona fide equity financing purposes.

In the event of a change of control, Contractor must require the successor to assume this Contract and all of its obligations under this Contract.

15. **Ordering.** Contractor is not authorized to begin performance until receipt of authorization as identified in Schedule A.
16. **Acceptance.** Contract Activities are subject to inspection and testing by the State within 30 calendar days of the State's receipt of them ("**State Review Period**"), unless otherwise provided in Schedule A. If the Contract Activities are not fully accepted by the State, the State will notify Contractor by the end of the State Review Period that either: (a) the Contract Activities are accepted but noted deficiencies must be corrected; or (b) the Contract Activities are rejected. If the State finds material deficiencies, it may: (i) reject the Contract Activities without performing any further inspections; (ii) demand performance at no additional cost; or (iii) terminate this Contract in accordance with Section 23, Termination for Cause.

Within 10 business days from the date of Contractor's receipt of notification of acceptance with deficiencies or rejection of any Contract Activities, Contractor must cure, at no additional cost, the deficiency and deliver unequivocally acceptable Contract Activities to the State. If acceptance with deficiencies or rejection of the Contract Activities impacts the content or delivery of other non-completed Contract Activities, the parties' respective Program Managers must determine an agreed to number of days for re-submission that minimizes

the overall impact to the Contract. However, nothing herein affects, alters, or relieves Contractor of its obligations to correct deficiencies in accordance with the time response standards set forth in this Contract.

If Contractor is unable or refuses to correct the deficiency within the time response standards set forth in this Contract, the State may cancel the order in whole or in part. The State, or a third party identified by the State, may perform the Contract Activities and recover the difference between the cost to cure and the Contract price plus an additional 10% administrative fee.

17. Reserved.

18. Reserved.

19. Reserved.

20. Terms of Payment. Invoices must conform to the requirements communicated from time-to-time by the State. All undisputed amounts are payable within 45 days of the State's receipt. Contractor may only charge for Contract Activities performed as specified in Schedule A. Invoices must include an itemized statement of all charges. The State is exempt from State sales tax for direct purchases and may be exempt from federal excise tax, if Services purchased under this Agreement are for the State's exclusive use. All prices are exclusive of taxes, and Contractor is responsible for all sales, use and excise taxes, and any other similar taxes, duties and charges of any kind imposed by any federal, state, or local governmental entity on any amounts payable by the State under this Contract.

The State has the right to withhold payment of any disputed amounts until the parties agree as to the validity of the disputed amount. The State will notify Contractor of any dispute within a reasonable time. Payment by the State will not constitute a waiver of any rights as to Contractor's continuing obligations, including claims for deficiencies or substandard Contract Activities. Contractor's acceptance of final payment by the State constitutes a waiver of all claims by Contractor against the State for payment under this Contract, other than those claims previously filed in writing on a timely basis and still disputed.

The State will only disburse payments under this Contract through Electronic Funds Transfer (EFT). Contractor must register with the State at <http://www.michigan.gov/SIGMAVSS> to receive electronic fund transfer payments. If Contractor does not register, the State is not liable for failure to provide payment. Without prejudice to any other right or remedy it may have, the State reserves the right to set off at any time any amount then due and owing to it by Contractor against any amount payable by the State to Contractor under this Contract.

21. Liquidated Damages. Liquidated damages, if applicable, will be assessed as described in Schedule A.

22. Stop Work Order. The State may suspend any or all activities under the Contract at any time. The State will provide Contractor a written stop work order detailing the suspension. Contractor must comply with the stop work order upon receipt. Within 90 calendar days, or any longer period agreed to by Contractor, the State will either: (a) issue a notice authorizing Contractor to resume work, or (b) terminate the Contract or delivery order. The State will not pay for Contract Activities, Contractor's lost profits, or any additional compensation during a stop work period.

23. Termination for Cause. The State may terminate this Contract for cause, in whole or in part, if Contractor, as determined by the State: (a) endangers the value, integrity, or security of any location, data, or personnel; (b) becomes insolvent, petitions for bankruptcy court proceedings, or has an involuntary bankruptcy proceeding filed against it by any creditor; (c) engages in any conduct that may expose the State to liability; (d) breaches any of its material duties or obligations; or (e) fails to cure a breach within the time stated in a notice of breach. Any reference to specific breaches being material breaches within this Contract will not be construed to mean that other breaches are not material.

If the State terminates this Contract under this Section, the State will issue a termination notice specifying whether Contractor must: (a) cease performance immediately, or (b) continue to perform for a specified period. If it is later determined that Contractor was not in breach of the Contract, the termination will be deemed to have been a Termination for Convenience, effective as of the same date, and the rights and obligations of the parties will be limited to those provided in Section 24, Termination for Convenience.

The State will only pay for amounts due to Contractor for Contract Activities accepted by the State on or before the date of termination, subject to the State's right to set off any amounts owed by the Contractor for the State's reasonable costs in terminating this Contract. The Contractor must pay all reasonable costs incurred by the State in terminating this Contract for cause, including administrative costs, attorneys' fees, court costs, transition costs, and any costs the State incurs to procure the Contract Activities from other sources.

24. Termination for Convenience. The State may immediately terminate this Contract in whole or in part without penalty and for any reason, including but not limited to, appropriation or budget shortfalls. The termination notice will specify whether Contractor must: (a) cease performance of the Contract Activities immediately, or (b) continue to perform the Contract Activities in accordance with Section 25, Transition Responsibilities. If the State terminates this Contract for convenience, the State will pay all reasonable costs, as determined by the State, for State approved Transition Responsibilities.

25. Transition Responsibilities. Upon termination or expiration of this Contract for any reason, Contractor must, for a period of time specified by the State (not to exceed 90 calendar days), provide all reasonable transition assistance requested by the State, to allow for the expired or terminated portion of the Contract Activities to continue without interruption or adverse effect, and to facilitate the orderly transfer of such Contract Activities to the State or its designees. Such transition assistance may include, but is not limited to: (a) continuing to perform the Contract Activities at the established Contract rates; (b) taking all reasonable and necessary measures to transition performance of the work, including all applicable Contract Activities, training, equipment, software, leases, reports and other documentation, to the State or the State's designee; (c) taking all necessary and appropriate steps, or such other action as the State may direct, to preserve, maintain, protect, or return to the State all materials, data, property, and confidential information provided directly or indirectly to Contractor by any entity, agent, vendor, or employee of the State; (d) transferring title in and delivering to the State, at the State's discretion, all completed or partially completed deliverables prepared under this Contract as of the Contract termination date; and (e) preparing an accurate accounting from which the State and Contractor may reconcile all outstanding accounts (collectively, "**Transition Responsibilities**"). This Contract will automatically be extended through the end of the transition period.

26. General Indemnification. Contractor must defend, indemnify and hold the State, its departments, divisions, agencies, offices, commissions, officers, and employees harmless, without limitation, from and against any and all actions, claims, losses, liabilities, damages, costs, attorney fees, and expenses (including those required to establish the right to indemnification), arising out of or relating to: (a) any breach by Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable) of any of the promises, agreements, representations, warranties, or insurance requirements contained in this Contract; (b) any infringement, misappropriation, or other violation of any intellectual property right or other right of any third party; (c) any bodily injury, death, or damage to real or tangible personal property occurring wholly or in part due to action or inaction by Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable); and (d) any acts or omissions of Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable).

The State will notify Contractor in writing if indemnification is sought; however, failure to do so will not relieve Contractor, except to the extent that Contractor is materially prejudiced. Contractor must, to the satisfaction of the State, demonstrate its financial ability to carry out these obligations.

The State is entitled to: (i) regular updates on proceeding status; (ii) participate in the defense of the proceeding; (iii) employ its own counsel; and to (iv) retain control of the defense if the State deems necessary. Contractor will not, without the State's written consent (not to be unreasonably withheld), settle, compromise, or consent to the entry of any judgment in or otherwise seek to terminate any claim, action, or proceeding. To the extent that any State employee, official, or law may be involved or challenged, the State may, at its own expense, control the defense of that portion of the claim.

Any litigation activity on behalf of the State, or any of its subdivisions under this Section, must be coordinated with the Department of Attorney General. An attorney designated to represent the State may not do so until approved by the Michigan Attorney General and appointed as a Special Assistant Attorney General.

27. Infringement Remedies. If, in either party's opinion, any piece of equipment, software, commodity, or service supplied by Contractor or its subcontractors, or its operation, use or reproduction, is likely to become the subject of a copyright, patent, trademark, or trade secret infringement claim, Contractor must, at its expense: (a) procure for the State the right to continue using the equipment, software, commodity, or service, or if this option is not reasonably available to Contractor, (b) replace or modify the same so that it becomes non-infringing; or (c) accept its return by the State with appropriate credits to the State against Contractor's charges and reimburse the State for any losses or costs incurred as a consequence of the State ceasing its use and returning it.

28. Limitation of Liability and Disclaimer of Damages. The parties agree that any damages relating to a breach of this **Section 31** are to be considered direct damages and not consequential damages. This section survives termination or expiration of this Contract.

- f. State's Governance, Risk and Compliance (GRC) platform. Contractor is required to assist the State with its security accreditation process through the development, completion and ongoing updating of a system security plan using the State's automated GRC platform and implement any required safeguards or remediate any security vulnerabilities as identified by the results of the security accreditation process.

32. Non-Disclosure of Confidential Information. The parties acknowledge that each party may be exposed to or acquire communication or data of the other party that is confidential, privileged communication not intended to be disclosed to third parties. The provisions of this Section survive the termination of this Contract.

- a. Meaning of Confidential Information. For the purposes of this Contract, the term "**Confidential Information**" means all information and documentation of a party that: (a) has been marked "confidential" or with words of similar meaning, at the time of disclosure by such party; (b) if disclosed orally or not marked "confidential" or with words of similar meaning, was subsequently summarized in writing by the disclosing party and marked "confidential" or with words of similar meaning; and, (c) should reasonably be recognized as confidential information of the disclosing party. The term "Confidential Information" does not include any information or documentation that was: (a) subject to disclosure under the Michigan Freedom of Information Act (FOIA); (b) already in the possession of the receiving party without an obligation of confidentiality; (c) developed independently by the receiving party, as demonstrated by the receiving party, without violating the disclosing party's proprietary rights; (d) obtained from a source other than the disclosing party without an obligation of confidentiality; or, (e) publicly available when received, or thereafter became publicly available (other than through any unauthorized disclosure by, though, or on behalf of, the receiving party). For purposes of this Contract, in all cases and for all matters, State Data is deemed to be Confidential Information.
- b. Obligation of Confidentiality. The parties agree to hold all Confidential Information in strict confidence and not to copy, reproduce, sell, transfer, or otherwise dispose of, give or disclose such Confidential Information to third parties other than employees, agents, or subcontractors of a party who have a need to know in connection with this Contract or to use such Confidential Information for any purposes whatsoever other than the performance of this Contract. The parties agree to advise and require their respective employees, agents, and subcontractors of their obligations to keep all Confidential Information confidential. Disclosure to a subcontractor is permissible where: (a) use of a subcontractor is authorized under this Contract; (b) the disclosure is necessary or otherwise naturally occurs in connection with work that is within the subcontractor's responsibilities; and (c) Contractor obligates the subcontractor in a written contract to maintain the State's Confidential Information in confidence. At the State's request, any employee of Contractor or any subcontractor may be required to execute a separate agreement to be bound by the provisions of this Section.
- c. Cooperation to Prevent Disclosure of Confidential Information. Each party must use its best efforts to assist the other party in identifying and preventing any unauthorized use or disclosure of any Confidential Information. Without limiting the foregoing, each party must advise the other party immediately in the

event either party learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Contract and each party will cooperate with the other party in seeking injunctive or other equitable relief against any such person.

- d. Remedies for Breach of Obligation of Confidentiality. Each party acknowledges that breach of its obligation of confidentiality may give rise to irreparable injury to the other party, which damage may be inadequately compensable in the form of monetary damages. Accordingly, a party may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies which may be available, to include, in the case of the State, at the sole election of the State, the immediate termination, without liability to the State, of this Contract or any Statement of Work corresponding to the breach or threatened breach.
- e. Surrender of Confidential Information upon Termination. Upon termination of this Contract or a Statement of Work, in whole or in part, each party must, within 5 calendar days from the date of termination, return to the other party any and all Confidential Information received from the other party, or created or received by a party on behalf of the other party, which are in such party's possession, custody, or control; provided, however, that Contractor must return State Data to the State following the timeframe and procedure described further in this Contract. Should Contractor or the State determine that the return of any Confidential Information is not feasible, such party must destroy the Confidential Information and must certify the same in writing within 5 calendar days from the date of termination to the other party. However, the State's legal ability to destroy Contractor data may be restricted by its retention and disposal schedule, in which case Contractor's Confidential Information will be destroyed after the retention period expires.

33. Data Privacy and Information Security.

- a. Undertaking by Contractor. Without limiting Contractor's obligation of confidentiality as further described, Contractor is responsible for establishing and maintaining a data privacy and information security program, including physical, technical, administrative, and organizational safeguards, that is designed to: (a) ensure the security and confidentiality of the State Data; (b) protect against any anticipated threats or hazards to the security or integrity of the State Data; (c) protect against unauthorized disclosure, access to, or use of the State Data; (d) ensure the proper disposal of State Data; and (e) ensure that all employees, agents, and subcontractors of Contractor, if any, comply with all of the foregoing. In no case will the safeguards of Contractor's data privacy and information security program be less stringent than the safeguards used by the State, and Contractor must at all times comply with all applicable State IT policies and standards, which are available to Contractor upon request.
- b. Audit by Contractor. No less than annually, Contractor must conduct a comprehensive independent third-party audit of its data privacy and information security program and provide such audit findings to the State.
- c. Right of Audit by the State. Without limiting any other audit rights of the State, the State has the right to review Contractor's data privacy and information security program prior to the commencement of Contract Activities and from time to time during the term of this Contract. During the providing of the Contract Activities, on an ongoing basis from time to time and without notice, the State, at its own expense, is entitled to perform, or to have performed, an on-site audit of Contractor's data privacy and information security program. In lieu of an on-site audit, upon request by the State, Contractor agrees to complete, within 45 calendar days of receipt, an audit questionnaire provided by the State regarding Contractor's data privacy and information security program.
- d. Audit Findings. Contractor must implement any required safeguards as identified by the State or by any audit of Contractor's data privacy and information security program.
- e. State's Right to Termination for Deficiencies. The State reserves the right, at its sole election, to immediately terminate this Contract or a Statement of Work without limitation and without liability if the State determines that Contractor fails or has failed to meet its obligations under this Section.

Contractor must retain and provide to the State or its designee and the auditor general upon request, all financial and accounting records related to the Contract through the term of the Contract and for 4 years after the latter of termination, expiration, or final payment under this Contract or

any extension (“**Audit Period**”). If an audit, litigation, or other action involving the records is initiated before the end of the Audit Period, Contractor must retain the records until all issues are resolved.

Within 10 calendar days of providing notice, the State and its authorized representatives or designees have the right to enter and inspect Contractor's premises or any other places where Contract Activities are being performed, and examine, copy, and audit all records related to this Contract. Contractor must cooperate and provide reasonable assistance. If any financial errors are revealed, the amount in error must be reflected as a credit or debit on subsequent invoices until the amount is paid or refunded. Any remaining balance at the end of the Contract must be paid or refunded within 45 calendar days.

A breach of this Section is considered a material breach of this Contract, which entitles the State to terminate this Contract under Section 23, Termination for Cause.
- 38. Conflicts and Ethics.** Contractor will uphold high ethical standards and is prohibited from: (a) holding or acquiring an interest that would conflict with this Contract; (b) doing anything that creates an appearance of impropriety with respect to the award or performance of the Contract; (c) attempting to influence or appearing to influence any State employee by the direct or indirect offer of anything of value; or (d) paying or agreeing to pay any person, other than employees and consultants working for Contractor, any consideration contingent upon the award of the Contract. Contractor must immediately notify the State of any violation or potential violation of these standards. This Section applies to Contractor, any parent, affiliate, or subsidiary organization of Contractor, and any subcontractor that performs Contract Activities in connection with this Contract.

Contractor and its subcontractors agree not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of race, color, religion, national origin, age, sex (as defined in Executive Directive 2019-09), height, weight, marital status, partisan considerations, any mental or physical disability, or genetic information that is unrelated to the person's ability to perform the duties of a particular job or position. Breach of this covenant is a material breach of this Contract.

45. **Non-Exclusivity.** Nothing contained in this Contract is intended nor will be construed as creating any requirements contract with Contractor. This Contract does not restrict the State or its agencies from acquiring similar, equal, or like Contract Activities from other sources.
46. **Force Majeure.** Neither party will be in breach of this Contract because of any failure arising from any disaster or acts of god that are beyond their control and without their fault or negligence. Each party will use commercially reasonable efforts to resume performance. Contractor will not be relieved of a breach or delay caused by its subcontractors. If immediate performance is necessary to ensure public health and safety, the State may immediately contract with a third party.
47. **Dispute Resolution.** The parties will endeavor to resolve any Contract dispute in accordance with this provision. The parties must submit the dispute to a senior executive if unable to resolve the dispute within 15 business days. The parties will continue performing while a dispute is being resolved, unless the dispute precludes performance. A dispute involving payment does not preclude performance.

Litigation to resolve the dispute will not be instituted until after the dispute has been elevated to the parties' senior executive and either concludes that resolution is unlikely or fails to respond within 15 business days. The parties are not prohibited from instituting formal proceedings: (a) to avoid the expiration of statute of limitations period; (b) to preserve a superior position with respect to creditors; or (c) where a party makes a determination that a temporary restraining order or other injunctive relief is the only adequate remedy. This Section does not limit the State's right to terminate the Contract.
48. **Media Releases.** News releases (including promotional literature and commercial advertisements) pertaining to the Contract or project to which it relates must not be made without prior written State approval, and then only in accordance with the explicit written instructions of the State.

NO TERMS ON CONTRACTOR'S INVOICES, ORDERING DOCUMENTS, WEBSITE, BROWSE-WRAP, SHRINK-WRAP, CLICK-WRAP, CLICK-THROUGH OR OTHER NON-NEGOTIATED TERMS AND CONDITIONS PROVIDED WITH ANY OF THE CONTRACT ACTIVITIES WILL CONSTITUTE A PART OR AMENDMENT OF THIS CONTRACT OR IS BINDING ON THE STATE FOR ANY PURPOSE. ALL SUCH OTHER TERMS AND CONDITIONS HAVE NO FORCE AND EFFECT AND ARE DEEMED REJECTED BY THE STATE, EVEN IF ACCESS TO OR USE OF THE CONTRACT ACTIVITIES REQUIRES AFFIRMATIVE ACCEPTANCE OF SUCH TERMS AND CONDITIONS.
52. **Severability.** If any part of this Contract is held invalid or unenforceable, by any court of competent jurisdiction, that part will be deemed deleted from this Contract and the severed part will be replaced by agreed upon language that achieves the same or similar objectives. The remaining Contract will continue in full force and effect.
53. **Waiver.** Failure to enforce any provision of this Contract will not constitute a waiver.
54. **Survival.** The provisions of this Contract that impose continuing obligations, including warranties and representations, termination, transition, insurance coverage, indemnification, and confidentiality, will survive the expiration or termination of this Contract.
55. **Contract Modification.** This Contract may not be amended except by signed agreement between the parties (a "**Contract Change Notice**"). Notwithstanding the foregoing, no subsequent Statement of Work or Contract Change Notice executed after the Effective Date will be construed to amend this Contract unless it specifically states its intent to do so and cites the section or sections amended.

Federal Provisions Addendum

This addendum applies to purchases that will be paid for in whole or in part with funds obtained from the federal government. The provisions below are required, and the language is not negotiable. If any provision below conflicts with the State's terms and conditions, including any attachments, schedules, or exhibits to the State's Contract, the provisions below take priority to the extent a provision is required by federal law; otherwise, the order of precedence set forth in the Contract applies. Hyperlinks are provided for convenience only; broken hyperlinks will not relieve Contractor from compliance with the law.

1. Equal Employment Opportunity

If this Contract is a "**federally assisted construction contract**" as defined in 41 CFR Part 60-1.3, and except as otherwise may be provided under 41 CFR Part 60, then during performance of this Contract, the Contractor agrees as follows:

- (1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

- (2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- (3) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.
- (4) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (5) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (6) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (7) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this Contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

- (8) The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

which prohibits the Contractor and subrecipients from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled, and during performance of this Contract the Contractor agrees as follows:

(b) In circumstances where the staffing plan is not complied with, the facility shall document and justify all deviations from the plan.
(c) Whenever necessary, but no less frequently than once each year, for each facility the agency operates, in consultation with the PREA coordinator required by § 115.11, the agency shall assess, determine, and document whether adjustments are needed to: (1) The staffing plan established pursuant to paragraph (a) of this section; (2) The facility's deployment of video monitoring systems and other monitoring technologies; and (3) The resources the facility has available to commit to ensure adherence to the staffing plan.
(d) Each agency operating a facility shall implement a policy and practice of having intermediate-level or higher-level supervisors conduct and document unannounced rounds to identify and deter staff sexual abuse and sexual harassment. Such policy and practice shall be implemented for night shifts as well as day shifts. Each agency shall have a policy to prohibit staff from alerting other staff members that these supervisory rounds are occurring, unless such announcement is related to the legitimate operational functions of the facility.

<i>Prevention Planning</i> § 115.14 Youthful inmates.
(a) A youthful inmate shall not be placed in a housing unit in which the youthful inmate will have sight, sound, or physical contact with any adult inmate through use of a shared dayroom or other common space, shower area, or sleeping quarters.
(b) In areas outside of housing units, agencies shall either: (1) maintain sight and sound separation between youthful inmates and adult inmates, or (2) provide direct staff supervision when youthful inmates and adult inmates have sight, sound, or physical contact.
(c) Agencies shall make best efforts to avoid placing youthful inmates in isolation to comply with this provision. Absent exigent circumstances, agencies shall not deny youthful inmates daily large-muscle exercise and any legally required special education services to comply with this provision. Youthful inmates shall also have access to other programs and work opportunities to the extent possible.
<i>Prevention Planning</i> § 115.15 Limits to cross-gender viewing and searches.
(a) The facility shall not conduct cross-gender strip searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening) except in exigent circumstances or when performed by medical practitioners.
(b) As of [INSERT DATE 3 YEARS PLUS 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER], or [INSERT DATE 5 YEARS PLUS 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER] for a facility whose rated capacity does not exceed 50 inmates, the facility shall not permit cross-gender pat-down searches of female inmates, absent exigent circumstances. Facilities shall not restrict female inmates' access to regularly available programming or other out-of-cell opportunities in order to comply with this provision.
(c) The facility shall document all cross-gender strip searches and cross-gender visual body cavity searches, and shall document all cross-gender pat-down searches of female inmates.
(d) The facility shall implement policies and procedures that enable inmates to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures shall require staff of the opposite gender to announce their presence when entering an inmate housing unit.
(e) The facility shall not search or physically examine a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. If the inmate's genital status is unknown, it may be determined during conversations with the inmate, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner.
(f) The agency shall train security staff in how to conduct cross-gender pat-down searches, and searches of transgender and intersex inmates, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs.
<i>Prevention Planning</i> § 115.16 Inmates with disabilities and inmates who are limited English proficient.
(a) The agency shall take appropriate steps to ensure that inmates with disabilities (including, for example, inmates who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities), have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. Such steps shall include, when necessary to ensure effective communication with inmates who are deaf or hard of hearing, providing access to interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. In addition, the agency shall ensure that written materials are provided in formats or through methods that ensure effective communication with inmates with disabilities, including inmates who have intellectual disabilities, limited reading skills, or who are blind or have low vision. An agency is not required to take actions that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity, or in undue financial and administrative burdens, as those terms are used in regulations promulgated under title II of the Americans With Disabilities Act, 28 CFR 35.164.

PREA STANDARDS – FINAL Adult Prisons and Jails

<p>(b) The agency shall take reasonable steps to ensure meaningful access to all aspects of the agency’s efforts to prevent, detect, and respond to sexual abuse and sexual harassment to inmates who are limited English proficient, including steps to provide interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary.</p>
<p>(c) The agency shall not rely on inmate interpreters, inmate readers, or other types of inmate assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the inmate’s safety, the performance of first-response duties under § 115.64, or the investigation of the inmate’s allegations.</p>
<p><i>Prevention Planning</i> § 115.17 Hiring and promotion decisions.</p>
<p>(a) The agency shall not hire or promote anyone who may have contact with inmates, and shall not enlist the services of any contractor who may have contact with inmates, who—</p> <p>(1) Has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997);</p> <p>(2) Has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or</p> <p>(3) Has been civilly or administratively adjudicated to have engaged in the activity described in paragraph (a)(2) of this section.</p>
<p>(b) The agency shall consider any incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor, who may have contact with inmates.</p>
<p>(c) Before hiring new employees who may have contact with inmates, the agency shall:</p> <p>(1) Perform a criminal background records check; and</p> <p>(2) Consistent with Federal, State, and local law, make its best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse.</p>
<p>(d) The agency shall also perform a criminal background records check before enlisting the services of any contractor who may have contact with inmates.</p>
<p>(e) The agency shall either conduct criminal background records checks at least every five years of current employees and contractors who may have contact with inmates or have in place a system for otherwise capturing such information for current employees.</p>
<p>(f) The agency shall ask all applicants and employees who may have contact with inmates directly about previous misconduct described in paragraph (a) of this section in written applications or interviews for hiring or promotions and in any interviews or written self-evaluations conducted as part of reviews of current employees. The agency shall also impose upon employees a continuing affirmative duty to disclose any such misconduct.</p>
<p>(g) Material omissions regarding such misconduct, or the provision of materially false information, shall be grounds for termination.</p>
<p>(h) Unless prohibited by law, the agency shall provide information on substantiated allegations of sexual abuse or sexual harassment involving a former employee upon receiving a request from an institutional employer for whom such employee has applied to work.</p>
<p><i>Prevention Planning</i> § 115.18 Upgrades to facilities and technologies.</p>
<p>(a) When designing or acquiring any new facility and in planning any substantial expansion or modification of existing facilities, the agency shall consider the effect of the design, acquisition, expansion, or modification upon the agency’s ability to protect inmates from sexual abuse.</p>
<p>(b) When installing or updating a video monitoring system, electronic surveillance system, or other monitoring technology, the agency shall consider how such technology may enhance the agency’s ability to protect inmates from sexual abuse.</p>
<p><i>Responsive Planning</i> § 115.21 Evidence protocol and forensic medical examinations.</p>
<p>(a) To the extent the agency is responsible for investigating allegations of sexual abuse, the agency shall follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions.</p>

(b) The protocol shall be developmentally appropriate for youth where applicable, and, as appropriate, shall be adapted from or otherwise based on the most recent edition of the U.S. Department of Justice's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents," or similarly comprehensive and authoritative protocols developed after 2011.
(c) The agency shall offer all victims of sexual abuse access to forensic medical examinations, whether on-site or at an outside facility, without financial cost, where evidentiarily or medically appropriate. Such examinations shall be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible. If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified medical practitioners. The agency shall document its efforts to provide SAFEs or SANEs.
(d) The agency shall attempt to make available to the victim a victim advocate from a rape crisis center. If a rape crisis center is not available to provide victim advocate services, the agency shall make available to provide these services a qualified staff member from a community-based organization, or a qualified agency staff member. Agencies shall document efforts to secure services from rape crisis centers. For the purpose of this standard, a rape crisis center refers to an entity that provides intervention and related assistance, such as the services specified in 42 U.S.C. 14043g(b)(2)(C), to victims of sexual assault of all ages. The agency may utilize a rape crisis center that is part of a governmental unit as long as the center is not part of the criminal justice system (such as a law enforcement agency) and offers a comparable level of confidentiality as a nongovernmental entity that provides similar victim services.
(e) As requested by the victim, the victim advocate, qualified agency staff member, or qualified community-based organization staff member shall accompany and support the victim through the forensic medical examination process and investigatory interviews and shall provide emotional support, crisis intervention, information, and referrals.
(f) To the extent the agency itself is not responsible for investigating allegations of sexual abuse, the agency shall request that the investigating agency follow the requirements of paragraphs (a) through (e) of this section.
(g) The requirements of paragraphs (a) through (f) of this section shall also apply to: (1) Any State entity outside of the agency that is responsible for investigating allegations of sexual abuse in prisons or jails; and (2) Any Department of Justice component that is responsible for investigating allegations of sexual abuse in prisons or jails.
(h) For the purposes of this section, a qualified agency staff member or a qualified community-based staff member shall be an individual who has been screened for appropriateness to serve in this role and has received education concerning sexual assault and forensic examination issues in general.
<i>Responsive Planning</i> § 115.22 Policies to ensure referrals of allegations for investigations.
(a) The agency shall ensure that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment.
(b) The agency shall have in place a policy to ensure that allegations of sexual abuse or sexual harassment are referred for investigation to an agency with the legal authority to conduct criminal investigations, unless the allegation does not involve potentially criminal behavior. The agency shall publish such policy on its website or, if it does not have one, make the policy available through other means. The agency shall document all such referrals.
(c) If a separate entity is responsible for conducting criminal investigations, such publication shall describe the responsibilities of both the agency and the investigating entity.
(d) Any State entity responsible for conducting administrative or criminal investigations of sexual abuse or sexual harassment in prisons or jails shall have in place a policy governing the conduct of such investigations.
(e) Any Department of Justice component responsible for conducting administrative or criminal investigations of sexual abuse or sexual harassment in prisons or jails shall have in place a policy governing the conduct of such investigations.
<i>Training and Education</i> § 115.31 Employee training.
(a) The agency shall train all employees who may have contact with inmates on:

<p>(1) Its zero-tolerance policy for sexual abuse and sexual harassment;</p> <p>(2) How to fulfill their responsibilities under agency sexual abuse and sexual harassment prevention, detection, reporting, and response policies and procedures;</p> <p>(3) Inmates' right to be free from sexual abuse and sexual harassment;</p> <p>(4) The right of inmates and employees to be free from retaliation for reporting sexual abuse and sexual harassment;</p> <p>(5) The dynamics of sexual abuse and sexual harassment in confinement;</p> <p>(6) The common reactions of sexual abuse and sexual harassment victims;</p> <p>(7) How to detect and respond to signs of threatened and actual sexual abuse;</p> <p>(8) How to avoid inappropriate relationships with inmates;</p> <p>(9) How to communicate effectively and professionally with inmates, including lesbian, gay, bisexual, transgender, intersex, or gender nonconforming inmates; and</p> <p>(10) How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities.</p>
<p>(b) Such training shall be tailored to the gender of the inmates at the employee's facility. The employee shall receive additional training if the employee is reassigned from a facility that houses only male inmates to a facility that houses only female inmates, or vice versa.</p>
<p>(c) All current employees who have not received such training shall be trained within one year of the effective date of the PREA standards, and the agency shall provide each employee with refresher training every two years to ensure that all employees know the agency's current sexual abuse and sexual harassment policies and procedures. In years in which an employee does not receive refresher training, the agency shall provide refresher information on current sexual abuse and sexual harassment policies.</p>
<p>(d) The agency shall document, through employee signature or electronic verification, that employees understand the training they have received.</p>
<p><i>Training and Education</i> § 115.32 Volunteer and contractor training.</p>
<p>(a) The agency shall ensure that all volunteers and contractors who have contact with inmates have been trained on their responsibilities under the agency's sexual abuse and sexual harassment prevention, detection, and response policies and procedures.</p>
<p>(b) The level and type of training provided to volunteers and contractors shall be based on the services they provide and level of contact they have with inmates, but all volunteers and contractors who have contact with inmates shall be notified of the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and informed how to report such incidents.</p>
<p>(c) The agency shall maintain documentation confirming that volunteers and contractors understand the training they have received.</p>
<p><i>Training and Education</i> § 115.33 Inmate education.</p>
<p>(a) During the intake process, inmates shall receive information explaining the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and how to report incidents or suspicions of sexual abuse or sexual harassment.</p>
<p>(b) Within 30 days of intake, the agency shall provide comprehensive education to inmates either in person or through video regarding their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents.</p>
<p>(c) Current inmates who have not received such education shall be educated within one year of the effective date of the PREA standards, and shall receive education upon transfer to a different facility to the extent that the policies and procedures of the inmate's new facility differ from those of the previous facility.</p>
<p>(d) The agency shall provide inmate education in formats accessible to all inmates, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as to inmates who have limited reading skills.</p>
<p>(e) The agency shall maintain documentation of inmate participation in these education sessions.</p>
<p>(f) In addition to providing such education, the agency shall ensure that key information is continuously and readily available or visible to inmates through posters, inmate handbooks, or other written formats.</p>

<i>Training and Education</i> § 115.34 Specialized training: Investigations.
(a) In addition to the general training provided to all employees pursuant to § 115.31, the agency shall ensure that, to the extent the agency itself conducts sexual abuse investigations, its investigators have received training in conducting such investigations in confinement settings.
(b) Specialized training shall include techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral.
(c) The agency shall maintain documentation that agency investigators have completed the required specialized training in conducting sexual abuse investigations.
(d) Any State entity or Department of Justice component that investigates sexual abuse in confinement settings shall provide such training to its agents and investigators who conduct such investigations.
<i>Training and Education</i> § 115.35 Specialized training: Medical and mental health care.
(a) The agency shall ensure that all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in: (1) How to detect and assess signs of sexual abuse and sexual harassment; (2) How to preserve physical evidence of sexual abuse; (3) How to respond effectively and professionally to victims of sexual abuse and sexual harassment; and (4) How and to whom to report allegations or suspicions of sexual abuse and sexual harassment.
(b) If medical staff employed by the agency conduct forensic examinations, such medical staff shall receive the appropriate training to conduct such examinations.
(c) The agency shall maintain documentation that medical and mental health practitioners have received the training referenced in this standard either from the agency or elsewhere.
(d) Medical and mental health care practitioners shall also receive the training mandated for employees under § 115.31 or for contractors and volunteers under § 115.32, depending upon the practitioner's status at the agency.
<i>Screening for Risk of Sexual Victimization and Abusiveness</i> § 115.41 Screening for risk of victimization and abusiveness.
(a) All inmates shall be assessed during an intake screening and upon transfer to another facility for their risk of being sexually abused by other inmates or sexually abusive toward other inmates.
(b) Intake screening shall ordinarily take place within 72 hours of arrival at the facility.
(c) Such assessments shall be conducted using an objective screening instrument.
(d) The intake screening shall consider, at a minimum, the following criteria to assess inmates for risk of sexual victimization: (1) Whether the inmate has a mental, physical, or developmental disability; (2) The age of the inmate; (3) The physical build of the inmate; (4) Whether the inmate has previously been incarcerated; (5) Whether the inmate's criminal history is exclusively nonviolent; (6) Whether the inmate has prior convictions for sex offenses against an adult or child; (7) Whether the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender nonconforming; (8) Whether the inmate has previously experienced sexual victimization; (9) The inmate's own perception of vulnerability; and (10) Whether the inmate is detained solely for civil immigration purposes.
(e) The initial screening shall consider prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the agency, in assessing inmates for risk of being sexually abusive.
(f) Within a set time period, not to exceed 30 days from the inmate's arrival at the facility, the facility will reassess the inmate's risk of victimization or abusiveness based upon any additional, relevant information received by the facility since the intake screening.

(g) An inmate's risk level shall be reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness.
(h) Inmates may not be disciplined for refusing to answer, or for not disclosing complete information in response to, questions asked pursuant to paragraphs (d)(1), (d)(7), (d)(8), or (d)(9) of this section.
(i) The agency shall implement appropriate controls on the dissemination within the facility of responses to questions asked pursuant to this standard in order to ensure that sensitive information is not exploited to the inmate's detriment by staff or other inmates.
<i>Screening for Risk of Sexual Victimization and Abusiveness</i> § 115.42 Use of screening information.
(a) The agency shall use information from the risk screening required by § 115.41 to inform housing, bed, work, education, and program assignments with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive.
(b) The agency shall make individualized determinations about how to ensure the safety of each inmate.
(c) In deciding whether to assign a transgender or intersex inmate to a facility for male or female inmates, and in making other housing and programming assignments, the agency shall consider on a case-by-case basis whether a placement would ensure the inmate's health and safety, and whether the placement would present management or security problems.
(d) Placement and programming assignments for each transgender or intersex inmate shall be reassessed at least twice each year to review any threats to safety experienced by the inmate.
(e) A transgender or intersex inmate's own views with respect to his or her own safety shall be given serious consideration.
(f) Transgender and intersex inmates shall be given the opportunity to shower separately from other inmates.
(g) The agency shall not place lesbian, gay, bisexual, transgender, or intersex inmates in dedicated facilities, units, or wings solely on the basis of such identification or status, unless such placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting such inmates.
<i>Screening for Risk of Sexual Victimization and Abusiveness</i> § 115.43 Protective custody.
(a) Inmates at high risk for sexual victimization shall not be placed in involuntary segregated housing unless an assessment of all available alternatives has been made, and a determination has been made that there is no available alternative means of separation from likely abusers. If a facility cannot conduct such an assessment immediately, the facility may hold the inmate in involuntary segregated housing for less than 24 hours while completing the assessment.
(b) Inmates placed in segregated housing for this purpose shall have access to programs, privileges, education, and work opportunities to the extent possible. If the facility restricts access to programs, privileges, education, or work opportunities, the facility shall document: (1) The opportunities that have been limited; (2) The duration of the limitation; and (3) The reasons for such limitations.
(c) The facility shall assign such inmates to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged, and such an assignment shall not ordinarily exceed a period of 30 days.
(d) If an involuntary segregated housing assignment is made pursuant to paragraph (a) of this section, the facility shall clearly document: (1) The basis for the facility's concern for the inmate's safety; and (2) The reason why no alternative means of separation can be arranged.
(e) Every 30 days, the facility shall afford each such inmate a review to determine whether there is a continuing need for separation from the general population.

<i>Reporting</i> § 115.51 Inmate reporting.
(a) The agency shall provide multiple internal ways for inmates to privately report sexual abuse and sexual harassment, retaliation by other inmates or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents.
(b) The agency shall also provide at least one way for inmates to report abuse or harassment to a public or private entity or office that is not part of the agency, and that is able to receive and immediately forward inmate reports of sexual abuse and sexual harassment to agency officials, allowing the inmate to remain anonymous upon request. Inmates detained solely for civil immigration purposes shall be provided information on how to contact relevant consular officials and relevant officials at the Department of Homeland Security.
(c) Staff shall accept reports made verbally, in writing, anonymously, and from third parties and shall promptly document any verbal reports.
(d) The agency shall provide a method for staff to privately report sexual abuse and sexual harassment of inmates.
<i>Reporting</i> § 115.52 Exhaustion of administrative remedies.
(a) An agency shall be exempt from this standard if it does not have administrative procedures to address inmate grievances regarding sexual abuse.
(b)(1) The agency shall not impose a time limit on when an inmate may submit a grievance regarding an allegation of sexual abuse. (2) The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse. (3) The agency shall not require an inmate to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse. (4) Nothing in this section shall restrict the agency's ability to defend against an inmate lawsuit on the ground that the applicable statute of limitations has expired.
(c) The agency shall ensure that— (1) An inmate who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint, and (2) Such grievance is not referred to a staff member who is the subject of the complaint.
(d)(1) The agency shall issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance. (2) Computation of the 90-day time period shall not include time consumed by inmates in preparing any administrative appeal. (3) The agency may claim an extension of time to respond, of up to 70 days, if the normal time period for response is insufficient to make an appropriate decision. The agency shall notify the inmate in writing of any such extension and provide a date by which a decision will be made. (4) At any level of the administrative process, including the final level, if the inmate does not receive a response within the time allotted for reply, including any properly noticed extension, the inmate may consider the absence of a response to be a denial at that level.
(e)(1) Third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, shall be permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse, and shall also be permitted to file such requests on behalf of inmates. (2) If a third party files such a request on behalf of an inmate, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process. (3) If the inmate declines to have the request processed on his or her behalf, the agency shall document the inmate's decision.
(f)(1) The agency shall establish procedures for the filing of an emergency grievance alleging that an inmate is subject to a substantial risk of imminent sexual abuse. (2) After receiving an emergency grievance alleging an inmate is subject to a substantial risk of imminent sexual abuse, the agency shall immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken, shall provide an initial response within 48 hours, and shall issue a final agency decision within 5 calendar days. The initial response and final agency decision shall document the agency's determination whether the inmate is in substantial risk of imminent sexual abuse and the action taken in response to the emergency grievance.

(g) The agency may discipline an inmate for filing a grievance related to alleged sexual abuse only where the agency demonstrates that the inmate filed the grievance in bad faith.
<i>Reporting</i> § 115.53 Inmate access to outside confidential support services.
(a) The facility shall provide inmates with access to outside victim advocates for emotional support services related to sexual abuse by giving inmates mailing addresses and telephone numbers, including toll-free hotline numbers where available, of local, State, or national victim advocacy or rape crisis organizations, and, for persons detained solely for civil immigration purposes, immigrant services agencies. The facility shall enable reasonable communication between inmates and these organizations and agencies, in as confidential a manner as possible.
(b) The facility shall inform inmates, prior to giving them access, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws.
(c) The agency shall maintain or attempt to enter into memoranda of understanding or other agreements with community service providers that are able to provide inmates with confidential emotional support services related to sexual abuse. The agency shall maintain copies of agreements or documentation showing attempts to enter into such agreements.
<i>Reporting</i> § 115.54 Third-party reporting.
The agency shall establish a method to receive third-party reports of sexual abuse and sexual harassment and shall distribute publicly information on how to report sexual abuse and sexual harassment on behalf of an inmate.
<i>Official Response Following an Inmate Report</i> § 115.61 Staff and agency reporting duties.
(a) The agency shall require all staff to report immediately and according to agency policy any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility, whether or not it is part of the agency; retaliation against inmates or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation.
(b) Apart from reporting to designated supervisors or officials, staff shall not reveal any information related to a sexual abuse report to anyone other than to the extent necessary, as specified in agency policy, to make treatment, investigation, and other security and management decisions.
(c) Unless otherwise precluded by Federal, State, or local law, medical and mental health practitioners shall be required to report sexual abuse pursuant to paragraph (a) of this section and to inform inmates of the practitioner's duty to report, and the limitations of confidentiality, at the initiation of services.
(d) If the alleged victim is under the age of 18 or considered a vulnerable adult under a State or local vulnerable persons statute, the agency shall report the allegation to the designated State or local services agency under applicable mandatory reporting laws.
(e) The facility shall report all allegations of sexual abuse and sexual harassment, including third-party and anonymous reports, to the facility's designated investigators.
<i>Official Response Following an Inmate Report</i> § 115.62 Agency protection duties.
When an agency learns that an inmate is subject to a substantial risk of imminent sexual abuse, it shall take immediate action to protect the inmate.
<i>Official Response Following an Inmate Report</i> § 115.63 Reporting to other confinement facilities.
(a) Upon receiving an allegation that an inmate was sexually abused while confined at another facility, the head of the facility that received the allegation shall notify the head of the facility or appropriate office of the agency where the alleged abuse occurred.

(b) Such notification shall be provided as soon as possible, but no later than 72 hours after receiving the allegation.
(c) The agency shall document that it has provided such notification.
(d) The facility head or agency office that receives such notification shall ensure that the allegation is investigated in accordance with these standards.
<i>Official Response Following an Inmate Report § 115.64 Staff first responder duties.</i>
(a) Upon learning of an allegation that an inmate was sexually abused, the first security staff member to respond to the report shall be required to: (1) Separate the alleged victim and abuser; (2) Preserve and protect any crime scene until appropriate steps can be taken to collect any evidence; (3) If the abuse occurred within a time period that still allows for the collection of physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating; and (4) If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating.
(b) If the first staff responder is not a security staff member, the responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence, and then notify security staff.
<i>Official Response Following an Inmate Report § 115.65 Coordinated response.</i>
The facility shall develop a written institutional plan to coordinate actions taken in response to an incident of sexual abuse, among staff first responders, medical and mental health practitioners, investigators, and facility leadership.
<i>Official Response Following an Inmate Report § 115.66 Preservation of ability to protect inmates from contact with abusers.</i>
(a) Neither the agency nor any other governmental entity responsible for collective bargaining on the agency's behalf shall enter into or renew any collective bargaining agreement or other agreement that limits the agency's ability to remove alleged staff sexual abusers from contact with any inmates pending the outcome of an investigation or of a determination of whether and to what extent discipline is warranted.
(b) Nothing in this standard shall restrict the entering into or renewal of agreements that govern: (1) The conduct of the disciplinary process, as long as such agreements are not inconsistent with the provisions of §§ 115.72 and 115.76; or (2) Whether a no-contact assignment that is imposed pending the outcome of an investigation shall be expunged from or retained in the staff member's personnel file following a determination that the allegation of sexual abuse is not substantiated.
<i>Official Response Following an Inmate Report § 115.67 Agency protection against retaliation.</i>
(a) The agency shall establish a policy to protect all inmates and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other inmates or staff, and shall designate which staff members or departments are charged with monitoring retaliation.
(b) The agency shall employ multiple protection measures, such as housing changes or transfers for inmate victims or abusers, removal of alleged staff or inmate abusers from contact with victims, and emotional support services for inmates or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.
(c) For at least 90 days following a report of sexual abuse, the agency shall monitor the conduct and treatment of inmates or staff who reported the sexual abuse and of inmates who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by inmates or staff, and shall act promptly to remedy any such retaliation. Items the agency should monitor include any inmate disciplinary reports, housing, or program changes, or negative performance reviews or reassignments of staff. The agency shall continue such monitoring beyond 90 days if the initial monitoring indicates a continuing need.
(d) In the case of inmates, such monitoring shall also include periodic status checks.
(e) If any other individual who cooperates with an investigation expresses a fear of retaliation, the agency shall take appropriate measures to protect that individual against retaliation.
(f) An agency's obligation to monitor shall terminate if the agency determines that the allegation is unfounded.

<i>Official Response Following an Inmate Report § 115.68 Post-allegation protective custody.</i>
Any use of segregated housing to protect an inmate who is alleged to have suffered sexual abuse shall be subject to the requirements of § 115.43.
<i>Investigations § 115.71 Criminal and administrative agency investigations.</i>
(a) When the agency conducts its own investigations into allegations of sexual abuse and sexual harassment, it shall do so promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports.
(b) Where sexual abuse is alleged, the agency shall use investigators who have received special training in sexual abuse investigations pursuant to § 115.34.
(c) Investigators shall gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; shall interview alleged victims, suspected perpetrators, and witnesses; and shall review prior complaints and reports of sexual abuse involving the suspected perpetrator.
(d) When the quality of evidence appears to support criminal prosecution, the agency shall conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.
(e) The credibility of an alleged victim, suspect, or witness shall be assessed on an individual basis and shall not be determined by the person's status as inmate or staff. No agency shall require an inmate who alleges sexual abuse to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation.
(f) Administrative investigations: (1) Shall include an effort to determine whether staff actions or failures to act contributed to the abuse; and (2) Shall be documented in written reports that include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings.
(g) Criminal investigations shall be documented in a written report that contains a thorough description of physical, testimonial, and documentary evidence and attaches copies of all documentary evidence where feasible.
(h) Substantiated allegations of conduct that appears to be criminal shall be referred for prosecution.
(i) The agency shall retain all written reports referenced in paragraphs (f) and (g) of this section for as long as the alleged abuser is incarcerated or employed by the agency, plus five years.
(j) The departure of the alleged abuser or victim from the employment or control of the facility or agency shall not provide a basis for terminating an investigation.
(k) Any State entity or Department of Justice component that conducts such investigations shall do so pursuant to the above requirements.
(l) When outside agencies investigate sexual abuse, the facility shall cooperate with outside investigators and shall endeavor to remain informed about the progress of the investigation.
<i>Investigations § 115.72 Evidentiary standard for administrative investigations.</i>
The agency shall impose no standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated.
<i>Investigations § 115.73 Reporting to inmates.</i>
(a) Following an investigation into an inmate's allegation that he or she suffered sexual abuse in an agency facility, the agency shall inform the inmate as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded.
(b) If the agency did not conduct the investigation, it shall request the relevant information from the investigative agency in order to inform the inmate.
(c) Following an inmate's allegation that a staff member has committed sexual abuse against the inmate, the agency shall subsequently inform the inmate (unless the agency has determined that the allegation is unfounded) whenever: (1) The staff member is no longer posted within the inmate's unit; (2) The staff member is no longer employed at the facility; (3) The agency learns that the staff member has been indicted on a charge related to sexual abuse within the facility; or (4) The agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility.

(d) Following an inmate's allegation that he or she has been sexually abused by another inmate, the agency shall subsequently inform the alleged victim whenever: (1) The agency learns that the alleged abuser has been indicted on a charge related to sexual abuse within the facility; or (2) The agency learns that the alleged abuser has been convicted on a charge related to sexual abuse within the facility.
(e) All such notifications or attempted notifications shall be documented.
(f) An agency's obligation to report under this standard shall terminate if the inmate is released from the agency's custody.
<i>Discipline</i> § 115.76 Disciplinary sanctions for staff.
(a) Staff shall be subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies.
(b) Termination shall be the presumptive disciplinary sanction for staff who have engaged in sexual abuse.
(c) Disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) shall be commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories.
(d) All terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, shall be reported to law enforcement agencies, unless the activity was clearly not criminal, and to any relevant licensing bodies.
<i>Discipline</i> § 115.77 Corrective action for contractors and volunteers.
(a) Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with inmates and shall be reported to law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies.
(b) The facility shall take appropriate remedial measures, and shall consider whether to prohibit further contact with inmates, in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer.
<i>Discipline</i> § 115.78 Disciplinary sanctions for inmates.
(a) Inmates shall be subject to disciplinary sanctions pursuant to a formal disciplinary process following an administrative finding that the inmate engaged in inmate-on-inmate sexual abuse or following a criminal finding of guilt for inmate-on-inmate sexual abuse.
(b) Sanctions shall be commensurate with the nature and circumstances of the abuse committed, the inmate's disciplinary history, and the sanctions imposed for comparable offenses by other inmates with similar histories.
(c) The disciplinary process shall consider whether an inmate's mental disabilities or mental illness contributed to his or her behavior when determining what type of sanction, if any, should be imposed.
(d) If the facility offers therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for the abuse, the facility shall consider whether to require the offending inmate to participate in such interventions as a condition of access to programming or other benefits.
(e) The agency may discipline an inmate for sexual contact with staff only upon a finding that the staff member did not consent to such contact.
(f) For the purpose of disciplinary action, a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation.
(g) An agency may, in its discretion, prohibit all sexual activity between inmates and may discipline inmates for such activity. An agency may not, however, deem such activity to constitute sexual abuse if it determines that the activity is not coerced.

<i>Medical and Mental Care</i>
<i>§ 115.81 Medical and mental health screenings; history of sexual abuse.</i>
(a) If the screening pursuant to § 115.41 indicates that a prison inmate has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening.
(b) If the screening pursuant to § 115.41 indicates that a prison inmate has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is offered a follow-up meeting with a mental health practitioner within 14 days of the intake screening.
(c) If the screening pursuant to § 115.41 indicates that a jail inmate has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening.
(d) Any information related to sexual victimization or abusiveness that occurred in an institutional setting shall be strictly limited to medical and mental health practitioners and other staff, as necessary, to inform treatment plans and security and management decisions, including housing, bed, work, education, and program assignments, or as otherwise required by Federal, State, or local law.
(e) Medical and mental health practitioners shall obtain informed consent from inmates before reporting information about prior sexual victimization that did not occur in an institutional setting, unless the inmate is under the age of 18.
<i>Medical and Mental Care</i>
<i>§ 115.82 Access to emergency medical and mental health services.</i>
(a) Inmate victims of sexual abuse shall receive timely, unimpeded access to emergency medical treatment and crisis intervention services, the nature and scope of which are determined by medical and mental health practitioners according to their professional judgment.
(b) If no qualified medical or mental health practitioners are on duty at the time a report of recent abuse is made, security staff first responders shall take preliminary steps to protect the victim pursuant to § 115.62 and shall immediately notify the appropriate medical and mental health practitioners.
(c) Inmate victims of sexual abuse while incarcerated shall be offered timely information about and timely access to emergency contraception and sexually transmitted infections prophylaxis, in accordance with professionally accepted standards of care, where medically appropriate.
(d) Treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident.
<i>Medical and Mental Care</i>
<i>§ 115.83 Ongoing medical and mental health care for sexual abuse victims and abusers.</i>
(a) The facility shall offer medical and mental health evaluation and, as appropriate, treatment to all inmates who have been victimized by sexual abuse in any prison, jail, lockup, or juvenile facility.
(b) The evaluation and treatment of such victims shall include, as appropriate, follow-up services, treatment plans, and, when necessary, referrals for continued care following their transfer to, or placement in, other facilities, or their release from custody.
(c) The facility shall provide such victims with medical and mental health services consistent with the community level of care.
(d) Inmate victims of sexually abusive vaginal penetration while incarcerated shall be offered pregnancy tests.
(e) If pregnancy results from the conduct described in paragraph (d) of this section, such victims shall receive timely and comprehensive information about and timely access to all lawful pregnancy-related medical services.
(f) Inmate victims of sexual abuse while incarcerated shall be offered tests for sexually transmitted infections as medically appropriate.
(g) Treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident.
(h) All prisons shall attempt to conduct a mental health evaluation of all known inmate-on-inmate abusers within 60 days of learning of such abuse history and offer treatment when deemed appropriate by mental health practitioners.

<i>Data Collection and Review</i> <i>§ 115.86 Sexual abuse incident reviews.</i>
(a) The facility shall conduct a sexual abuse incident review at the conclusion of every sexual abuse investigation, including where the allegation has not been substantiated, unless the allegation has been determined to be unfounded.
(b) Such review shall ordinarily occur within 30 days of the conclusion of the investigation.
(c) The review team shall include upper-level management officials, with input from line supervisors, investigators, and medical or mental health practitioners.
(d) The review team shall: (1) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse; (2) Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility; (3) Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse; (4) Assess the adequacy of staffing levels in that area during different shifts; (5) Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff; and (6) Prepare a report of its findings, including but not necessarily limited to determinations made pursuant to paragraphs (d)(1)-(d)(5) of this section, and any recommendations for improvement and submit such report to the facility head and PREA compliance manager.
(e) The facility shall implement the recommendations for improvement, or shall document its reasons for not doing so.
<i>Data Collection and Review</i> <i>§ 115.87 Data collection.</i>
(a) The agency shall collect accurate, uniform data for every allegation of sexual abuse at facilities under its direct control using a standardized instrument and set of definitions.
(b) The agency shall aggregate the incident-based sexual abuse data at least annually.
(c) The incident-based data collected shall include, at a minimum, the data necessary to answer all questions from the most recent version of the Survey of Sexual Violence conducted by the Department of Justice.
(d) The agency shall maintain, review, and collect data as needed from all available incident-based documents, including reports, investigation files, and sexual abuse incident reviews.
(e) The agency also shall obtain incident-based and aggregated data from every private facility with which it contracts for the confinement of its inmates.
(f) Upon request, the agency shall provide all such data from the previous calendar year to the Department of Justice no later than June 30.
<i>Data Collection and Review</i> <i>§ 115.88 Data review for corrective action.</i>
(a) The agency shall review data collected and aggregated pursuant to § 115.87 in order to assess and improve the effectiveness of its sexual abuse prevention, detection, and response policies, practices, and training, including by: (1) Identifying problem areas; (2) Taking corrective action on an ongoing basis; and (3) Preparing an annual report of its findings and corrective actions for each facility, as well as the agency as a whole.
(b) Such report shall include a comparison of the current year's data and corrective actions with those from prior years and shall provide an assessment of the agency's progress in addressing sexual abuse.
(c) The agency's report shall be approved by the agency head and made readily available to the public through its website or, if it does not have one, through other means.
(d) The agency may redact specific material from the reports when publication would present a clear and specific threat to the safety and security of a facility, but must indicate the nature of the material redacted.

<i>Data Collection and Review</i> <i>§ 115.89 Data storage, publication, and destruction.</i>
(a) The agency shall ensure that data collected pursuant to § 115.87 are securely retained.
(b) The agency shall make all aggregated sexual abuse data, from facilities under its direct control and private facilities with which it contracts, readily available to the public at least annually through its website or, if it does not have one, through other means.
(c) Before making aggregated sexual abuse data publicly available, the agency shall remove all personal identifiers.
(d) The agency shall maintain sexual abuse data collected pursuant to § 115.87 for at least 10 years after the date of the initial collection unless Federal, State, or local law requires otherwise.
<i>Audits</i> <i>§ 115.93 Audits of standards.</i>
The agency shall conduct audits pursuant to §§ 115.401–.405.
<i>Auditing and Corrective Action</i> <i>§ 115.401 Frequency and scope of audits.</i>
(a) During the three-year period starting on [INSERT DATE ONE YEAR PLUS 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER], and during each three-year period thereafter, the agency shall ensure that each facility operated by the agency, or by a private organization on behalf of the agency, is audited at least once.
(b) During each one-year period starting on [INSERT DATE ONE YEAR PLUS 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER], the agency shall ensure that at least one-third of each facility type operated by the agency, or by a private organization on behalf of the agency, is audited.
(c) The Department of Justice may send a recommendation to an agency for an expedited audit if the Department has reason to believe that a particular facility may be experiencing problems relating to sexual abuse. The recommendation may also include referrals to resources that may assist the agency with PREA-related issues.
(d) The Department of Justice shall develop and issue an audit instrument that will provide guidance on the conduct of and contents of the audit.
(e) The agency shall bear the burden of demonstrating compliance with the standards.
(f) The auditor shall review all relevant agency-wide policies, procedures, reports, internal and external audits, and accreditations for each facility type.
(g) The audits shall review, at a minimum, a sampling of relevant documents and other records and information for the most recent one-year period.
(h) The auditor shall have access to, and shall observe, all areas of the audited facilities.
(i) The auditor shall be permitted to request and receive copies of any relevant documents (including electronically stored information).

(n) Inmates, residents, and detainees shall be permitted to send confidential information or correspondence to the auditor in the same manner as if they were communicating with legal counsel.
(o) Auditors shall attempt to communicate with community-based or victim advocates who may have insight into relevant conditions in the facility.

<i>Auditing and Corrective Action</i> <i>§ 115.402 Auditor qualifications.</i>
(a) An audit shall be conducted by: (1) A member of a correctional monitoring body that is not part of, or under the authority of, the agency (but may be part of, or authorized by, the relevant State or local government); (2) A member of an auditing entity such as an inspector general's or ombudsperson's office that is external to the agency; or (3) Other outside individuals with relevant experience.

(c) No audit may be conducted by an auditor who has received financial compensation from the agency being audited (except for compensation received for conducting prior PREA audits) within the three years prior to the agency's retention of the auditor.
(d) The agency shall not employ, contract with, or otherwise financially compensate the auditor for three years subsequent to the agency's retention of the auditor, with the exception of contracting for subsequent PREA audits.

(e) Auditors shall redact any personally identifiable inmate or staff information from their reports, but shall provide such information to the agency upon request, and may provide such information to the Department of Justice.
(f) The agency shall ensure that the auditor's final report is published on the agency's website if it has one, or is otherwise made readily available to the public.

(c) The auditor shall take necessary and appropriate steps to verify implementation of the corrective action plan, such as reviewing updated policies and procedures or re-inspecting portions of a facility.
(d) After the 180-day corrective action period ends, the auditor shall issue a final determination as to whether the facility has achieved compliance with those standards requiring corrective action.
(e) If the agency does not achieve compliance with each standard, it may (at its discretion and cost) request a subsequent audit once it believes that it has achieved compliance.
<i>Auditing and Corrective Action</i> <i>§ 115.405 Audit appeals.</i>
(a) An agency may lodge an appeal with the Department of Justice regarding any specific audit finding that it believes to be incorrect. Such appeal must be lodged within 90 days of the auditor's final determination.

Overview of the Michigan Department of Corrections

THE MICHIGAN DEPARTMENT OF CORRECTIONS RESPONSIBILITY

The goal of the Michigan Department of Corrections is to provide the greatest amount of public protection while making the most efficient use of the State's resources. It meets its goal by ensuring that the state's judges and other criminal justice administrators have the broadest possible array of viable sentencing and sanctioning options, and by ensuring that appropriate supervision is maintained so that Michigan's neighborhoods, families and citizens can be protected.

Our vision is to protect the public and build trust within Michigan communities.

Our mission is to create a safer Michigan through effective offender management and supervision in our facilities and communities while holding offenders accountable and promoting their rehabilitation.

THE STRUCTURE

The Department gets its authority and the sources of influence on Department operations through the U.S. Constitution; Michigan Constitution and Michigan Compiled Law.

The Departments structure and direction for operations is provided through:

Administrative Rules, which interpret the laws for State Agencies.

Policy Directives (PD), which provide the Departments direction and focus.

Director's Office Memorandum (DOM), which are implemented as temporary policies when an immediate response is necessary in providing direction.

Operating Procedures (OP), which are written statements on how the policies are to be implemented.

The Director is the chief administrative officer of the Department and thus is responsible for the overall operation of the Department. The Director is appointed by the Governor.

The Department of Corrections is divided into Administrations. All correctional institutions operated by the Department are under the Correctional Facilities Administration (CFA), which is headed by a Deputy Director, who reports to the Chief Deputy Director and is responsible for the operation of all correctional institutions.

Each institution within the Correctional Facilities Administration (CFA) is administered by a Warden. The Warden is responsible for the overall operation of their institution.

In the absence of the Warden a designee will maintain responsibility over the operation of the institution.

For the purposes of this training we will refer to the Warden and their designee as the Facility Head.

Throughout this training we will frequently refer to the facility head, and policies. You know now that we are referring to the Warden or designee and the documents that give us our direction.

Approval Prior to Entering A Correctional Facility

APPROVAL PRIOR TO ENTERING A CORRECTIONAL FACILITY

Regardless of the purpose for entering a correctional facility, entry is only allowed when explicit approval has been given by the facility head.

Paperwork should be filled out prior to coming on site.

Training must be completed in accordance with PD 02.05.100 New Employee Training Program and the current New Employee Training Plan.

The business that is being conducted, along with the type of contact that you will have with the offenders at a CFA facility will determine the necessary training that is required.

This program (Program A) is orientation training which is required for all contractors, vendors, skilled trades, construction workers, student interns and volunteers providing intermittent services.

Law Enforcement Information Network (LEIN) application and personal information is necessary in order to complete the approval process.

When applicable, an ID card is generated after being LEIN cleared by using the information from the form.

Regardless of the purpose for entering a correctional facility, only allowable items will be carried into and out of the facility. See OP

04.04.100 Gate Manifests and Attachment A, Allowable Items Without Gate Manifest.

According to PD 04.04.110, Contraband is property (items) which is not allowed on facility grounds by State law, Administrative Rule or Department policy or procedure.

Proper dress and equipment for duty while inside of a correctional facility is just as important as what is brought onto facility grounds and when left unattended can become contraband. Be sure not to leave items unattended and take everything out with you that you brought in.

Drugs and Alcohol are not to be brought onto state property, whether it is intended to be left in a vehicle or not.

Individuals who staff have a reasonable suspicion of their being under the influence of drugs and/or alcohol will not be allowed to enter into the facility.

Being “under the influence” is any behavior, actions, words, odor or other evidence which is indicative of an individual who is or has been using drugs and/or alcoholic beverages.

Reasonable suspicion is suspicion based on a specific fact or facts and rational inferences drawn from those facts, based upon the knowledge and experience of corrections staff.

Prescription and/or over the counter medications may be authorized to bring onto facility grounds as follows:

The allowable items list (Attachment A, OP 04.04.100) will describe what and how much over the counter medications are authorized.

Prescription medications may be allowable on facility grounds, but only with authorization as given by the facility head and an Administrative Manifest is required (See OP 04.04.100 – Gate Manifests).

Prescribed medical marijuana is not an allowable item even though it is prescribed.

All individuals entering onto correctional facility property are subject to search (See PD 04.04.110 Search and Arrests in Correctional Facilities). Anyone refusing to be searched will not be allowed entrance into the facility and will be asked to leave the property.

The Department's responsibility to manage and control the State's correctional facilities includes the duty to prevent contraband from entering those facilities.

Pursuant to MCL 800.281 et seq., it is a felony to bring any of the following items into a correctional facility or onto facility property where prisoners may have access to them without prior written permission of the Warden:

Any weapon, including a pocket knife, or other implement which may be used to injure another person or which may be used in aiding a prisoner to escape;

Any alcoholic beverage or poison, except that not more than two ounces of wine may be brought into a facility for use by a clergy member during religious ceremonies;

Any prescription drug or controlled substance without written certification of need from a licensed physician, except that prescription drugs and controlled substances may be brought into a correctional facility as medical supplies for that facility. The physician's written certification must include the name of the person prescribed the drug or controlled substance, the prescribed dosage and frequency, and the reason it was prescribed.

Controlled Substance is defined as a drug, substance, or immediate precursor as set forth in MCL 333.7201 to 333.7231, including heroin, cocaine, LSD, and marijuana.

In addition to those items prohibited by State law, Department policy prohibits other items from being brought into a correctional facility or on facility grounds.

Personal cellular telephones and pagers are prohibited.

Personal cellular telephones (PD 04.04.100 paragraph L.) are not permitted on facility grounds or regional offices except in a locked motor vehicle in designated parking areas and in secured areas designated by the Warden or the highest ranking supervisor of the regional office for this purpose (e.g., locked locker).

In the State of Michigan it is a felony to provide a cell phone to a prisoner under MCL 800.283a.

Audio or visual recording devices, including cameras, are prohibited unless approved by the Warden.

Tobacco products also are prohibited both inside a correctional facility and on facility grounds.

Visitors also are prohibited from bringing money into a correctional facility, except where allowed for use of vending machines.

Wardens may prohibit other items from being brought into their respective facilities; however, items may not be prohibited that are otherwise specifically allowed pursuant to Department policy.

Members of the public entering a correctional facility are subject to search in order to prevent the introduction of contraband. If a member of the public refuses to be searched, s/he will not be forced to submit unless a search warrant has been obtained, but entry into the secured area of the facility on that occasion shall be denied and s/he may be???????? of the mouth, ears, and nasal cavity. The only clothing items that may be required to be removed are outerwear (e.g., coats, jackets, hats), shoes, and socks; however, all items shall be removed from pockets.

All members of the public shall be required to walk through a screening device or submit to the use of a hand-held screening device prior to entering a CFA institution; however, this requirement may be waived by the Warden for anyone personally escorted by the Warden or his/her designee. Any personal property which is taken inside the security perimeter of a CFA institution shall be searched.

Vehicles on CFA Facility Property

VEHICLES ON CFA FACILITY PROPERTY

All vehicles that enter the property of a CFA facility must be properly licensed and registered.

All vehicles that enter the property and that are operated while at a CFA facility must be operated only by properly licensed and certified individuals.

All vehicles that are brought onto CFA facility grounds must be parked in authorized areas only.

If a vehicle is discovered in an area of the facility grounds which has been posted against trespassing, the vehicle and its occupants may be detained while the appropriate law enforcement agency is summoned.

All vehicles must be properly secured.

No keys left inside or outside of the vehicle. Lockable doors

and compartments.

Securable windows.

Vehicles entering in the security perimeter must have the steering wheel secured with a “Club” security device or similar device in accordance with the CFA facility operating procedure.

No unauthorized items are to be stored in the vehicle.

The appropriate law enforcement agency shall be called whenever a person is found to be in possession of a non-authorized alcoholic beverage, poisonous substance, controlled substance, prescription drug, or weapon(s).

Absolutely no weapons are to be carried onto facility grounds or left in a vehicle regardless of whether a valid CCW allows the weapon to be carried.

Vehicles are subject to search as follows:

If it is suspected that there is contraband in a vehicle on facility grounds that does not belong to an employee, the matter shall be referred to the appropriate law enforcement agency. Employees shall not search the vehicle.

Tools and Equipment

TOOLS AND EQUIPMENT

Each Correctional Facilities Administration (CFA) institution is required to control items transported through all pedestrian and vehicle entrances in order to reduce the risk of contraband being brought into the institution, to prevent theft of state property, and to provide a record system for all packages, supplies, and materials brought into or out of the institution.

Employees, vendors, contractors, and individuals engaged in official business carrying items not listed on the list of allowable items must obtain a Gate Manifest (CSJ-404) in order to bring those items through the gates of an institution. This gate manifest is intended for a one time through use.

In the event an item is authorized to be brought through the gates on a daily basis, an Administrative Manifest (CSJ-127) shall be used for this purpose.

A Warden/Deputy Warden may issue an Administrative Manifest to employees carrying authorized items through the gates of his/her facility.

No manifest will be issued for an item specifically prohibited by Department policy or procedure (e.g. cellular telephones, personal pagers, pocket knives).

All items being brought through the gates into the facility will be searched. This includes items carried in, and those being removed, from the secure perimeter.

The person to whom the manifest is issued must present it along with the transported items when entering or departing the secure perimeter.

The Department has a specific policy for tool control which categorizes tools into two categories, critical and dangerous tools. Tools must be used, accounted for, secured, and stored in accordance with PD

4.4.120 Tool Control.

Tools, tool boxes, and equipment of contract workers performing services inside an institution shall be inventoried and inspected prior to entry into and exit from the institution. Staff designated to escort workers within the facility shall ensure tools are controlled with proper security and safety procedures and work activities are confined to authorized areas.

Critical tools are as follows: Metal cutting tools, including hacksaws, metal cutting blades, chisels, files, bolt cutters, and pipe cutters.

Powered hand tools, drills and drill bits. Portable jacks and hoists. Wrenches 14" in length or longer. Acetylene torches, cutting tips, gauges, torch parts, arc welders, plasma cutting equipment. Grinders, emery wheels and abrasive discs. Tubing, pipe and conduit benders. Utility and carpet knives. Explosively driven tools (e.g., ramset guns) and

ammunition. Ladders nine feet in height or higher. Wire cutters and other hand tools primarily designed to cut wire.

Dangerous tools are as follows: Hand tools readily usable or adaptable as weapons, escape equipment or to defeat locking or security systems. Examples include screwdrivers and pliers. Wrenches less than 14" in length. Ladders less than 9' in length. Emery cloth and sandpaper.

Electric grinders not in use shall be locked in place with power positively locked out.

Safe handling of tools and equipment by authorized, licensed and certified users is necessary to ensure everyone's safety.

OSHA/MIOSHA standards must be maintained.

Tools must be properly removed from a CFA facilities secured perimeter if storage is not available inside of the facility.

It is the responsibility of a company contracted to perform work at CFA facilities to provide MSDS for all chemicals that will be utilized while working at a facility.

Entrance Into and Exit Out of the CFA Facility

ENTRANCE INTO AND EXIT OUT OF THE CFA FACILITY

The facility head will ensure all individuals who are authorized entry into a correctional facility are advised of rules that they must follow while in the facility. The facility head may order any individual who disregards facility rules or the conditions under which entry was approved to immediately leave the facility.

Access is allowable only during approved days and hours of operation for contractors and their employees.

Access that is necessary outside of the approved days and times established for conducting business or completing the work requires special authorization from the facility head.

Use only authorized entrance and exit points into and out of the facility. Individuals who enter into and out of a CFA facility should use the main gate entrance.

Vehicle traffic that enters into and out of a CFA facility will use a sally port entrance. It is at these entrances that you will be registered and/or identified for entry. You and the items you take in or are bringing out will be searched at these points as well.

Staff escorts will be assigned, when necessary, at the point of entrance. You are to remain with the escort until you exit the facilities secured perimeter.

All areas of a CFA facility are restricted access areas except those which are specifically designated and authorized to complete the work you are there to do.

Utilizing authorized entrances/exits when entering or leaving buildings and work locations will aid in keeping workers out of restricted areas.

Consequences for non-compliance include being escorted off of the facility property and possibly having authorization for future access revoked by the facility head.

Persons found in restricted areas, on CFA facility property, without authorization may be arrested for trespassing under the trespassing laws relevant to corrections.

All workers who are expected on site should be present when they are expected. In the case of a no call/no show of expected workers, access may be denied.

Contact information will be provided when it is necessary for announcing delay's or absence of workers or work crews.

Overtime that is accrued by the facility to provide escorts for expected work within the facility may be charged to the contracted company when the schedule is not adhered to.

Personal Protection Devices (PPD)

PERSONAL PROTECTION DEVICES (PPD)

The purpose of a PPD is to offer access to an alarm system that alerts staff in the Control Center of the CFA facility that there is a problem and also provides a general location of where the PPD has been activated.

There are some facilities within CFA that do not require a PPD.

When a CFA facility provides a PPD, you will receive information on how to properly operate the PPD.

Generally a PPD has push button alert activation, a pull-pin alert activation or both.

Depending on the facilities operating procedure a PPD may or may not be issued.

CFA facilities require that the PPD be properly worn so that it does not become lost and so that it is accessible by the user.

A PPD is not to be left lying around any where inside or outside of the facility.

The PPD is issued at a designated point within a facility and is returned usually at the same point where it was issued.

PPD's are considered sensitive items and are accounted for on each shift; therefore, a PPD should not be removed from facility grounds for any reason.

Proper use of a PPD requires that it is only activated when staff assistance is necessary.

An emergency type situation can occur at any time while inside of a CFA facility. The following is a list of examples which constitutes an emergency:

Injury or illness, Assault by a

prisoner,

Becoming disoriented inside of the facility.

Areas covered with the PPD's ability to activate an alarm are determined by each facilities physical plant. Not all areas may be covered by PPD access. Information of this nature will be shared with each person that is required to wear a PPD.

When Authorized Items Become Contraband

WHEN AUTHORIZED ITEMS BECOME CONTRABAND

Any item that you bring into a CFA facility, which is either on the allowable items list or has been properly authorized using a Gate Manifest/Administrative Manifest, is considered contraband when accessed by an offender.

There are specific items which are brought into the facility for offenders only by using proper channels. Consequences of improper security and control of tools and equipment can include serious physical injury and in the most extreme case even death.

Tools and equipment can be utilized by offenders to commit assaults, attempt escapes or for use in conducting unauthorized activities.

Careful cleanup and accountability of ALL items, including residual parts and pieces that occur as a result of performing proper work procedures, is essential for everyone's safety.

Pick up all nails, screws, wires. Clean up any

broken glass.

Remove and discard binding straps.

Remove every item or properly discard all items in approved disposal containers that are brought inside of a secured perimeter.

Prisoner Contact – Sexual Abuse,
Sexual Harassment, Overfamiliarity
and
Unauthorized Contact

***Prison Contact - Sexual Abuse, Sexual Harassment, Overfamiliarity and
Unauthorized Contact***

The Michigan Department of Corrections is committed to ensuring the safe and humane treatment of prisoners and a safe environment for all prisoners. An important part of a safe and humane environment includes being free from sexual abuse and sexual harassment.

The Department enforces a zero tolerance standard for staff, contractual employees, and volunteers to engage in sexual abuse, sexual harassment and overfamiliarity with prisoners.

Sexual abuse is a term used to describe certain kinds of prohibited behavior. Sexual abuse includes non-consensual sexual acts and sexual harassment. Based upon an imbalance of power, sexual relationships between staff, contractual employees, and volunteers with a prisoner are NEVER consensual.

Sexual abuse of a prisoner by a staff member, contractor, or volunteer includes any of the following acts, with or without consent of the prisoner:

***Sexual Conduct with Offender or Overly-Familiar or Unauthorized
Conduct/Sexual Relationship***

- (1) Contact between the penis and the vulva or the penis and the anus, including penetration, however slight;
- (2) Contact between the mouth and the penis, vulva, or anus;

- (3) Contact between the mouth and any body part where the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire;**
- (4) Penetration of the anal or genital opening, however slight, by a hand, finger, object, or other instrument, that is unrelated to official duties or where the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire;**
- (5) Any other intentional contact, either directly or through the clothing, of or with the genitalia, anus, groin, breast, inner thigh, or the buttocks, that is unrelated to official duties or where the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire;**
- (6) Any attempt, threat, or request by a staff member, contractor, or volunteer to engage in the activities described in paragraphs (1) through (5) of this section;**
- (7) Any display by a staff member, contractor, or volunteer of his or her uncovered genitalia, buttocks, or breast in the presence of a prisoner, detainee, or resident, and (8) Voyeurism by a staff member, contractor, or volunteer which means an invasion of privacy of a prisoner for reasons unrelated to official duties, such as peering at a prisoner who is using a toilet in his or her cell to perform bodily functions; requiring a prisoner to expose his or her buttocks, genitals, or breasts; or taking images of all or part of a prisoner=s naked body or of a prisoner performing bodily functions.**

Sexual Harassment

Verbal comments or gestures of a sexual nature to a prisoner by a staff member, contractor, or volunteer, including demeaning references to gender, sexually suggestive or derogatory comments about body or clothing, or obscene language or gestures.

Reporting Requirements

Anyone who observes sexual abuse/sexual harassment or receives an allegation of sexual abuse/sexual harassment, must report it to the appropriate supervisor immediately.

In addition to the Department's policy requirement that all allegations of sexual abuse, including sexual harassment, must be reported the Department is also required by federal and state law to report sexual abuse to outside authorities.

Sexual activity against a prisoner which may constitute a felony shall be reported to appropriate law enforcement authorities. For example, Michigan law MCL 750.520c provides that employees, contractual employees, or volunteers who engage in sexual contact with prisoners can be charged with a felony, Criminal Sexual Conduct in the second degree.

All reported allegations of sexual abuse/sexual harassment, shall be referred to the Internal Affairs section for investigation. All allegations shall also be referred to the Michigan State Police or other appropriate

law enforcement agency for investigation in accordance with policy and law.

In addition to reporting incidents of sexual abuse to the Michigan State Police, the Department must report all allegations of sexual abuse to the county department of social services of the county in which the abuse is suspected of having or believed to have occurred.

A contractual employee or volunteer who engages in sexual abuse/sexual harassment will be prohibited from providing services within any Department correctional facility.

Remember:

Treat any suggestion or allegation of sexual assault, abuse, or contact as serious.

A report of sexual abuse by a prisoner is to be kept confidential and shared only according to policy and law.

Overfamiliarity or Unauthorized Contact

The Department also enforces a zero tolerance standard for staff, contractual employees, and volunteers to engage in overfamiliarity with prisoners.

Overfamiliarity involves staff, contractual employees, and volunteers engaging in, or attempting to engage in conduct likely to result in intimacy or a close personal relationship with a prisoner. The following

behavior between staff, contractual employees, and volunteers and prisoners is prohibited:

- a. **Exchanging personal letters or gifts.**
- b. **Requesting or granting special favors.**
- c. **Discussing personal matters, unless specifically related to a prisoners case.**
- d. **Engaging in horseplay.**
- e. **Flirting.**
- f. **Addressing each other by first name or a nickname.**

Overfamiliarity or Unauthorized Contact with an offender includes the following types of relationships and behaviors:

Engaging in overfamiliarity with an offender, or a family member or listed visitor of an offender.

Having a personal relationship with an offender, the offender's family, or visitors at the facility you are working. Where such cases arise that there is already a personal relationship established prior to working at the facility, this information must be disclosed to include the name, number and location of the offender.

Making contact with any offender, family member of an offender or a listed visitor of an offender outside the regular performance of the job.

Giving or receiving letters, money, personal mementos, telephone numbers, legal or other services to or from an offender or a family member or a listed visitor of an offender.

Conversation of a sexual or romantic nature. Sexual abuse or sexual harassment of an offender's family members or listed visitors.

Financial involvement with offenders, family members of offenders, or listed visitors.

Giving or receiving messages, pictures or goods.

If unavoidable contact is made with an offender, a family member of an offender or a listed visitor of an offender, such contact must be reported in writing to the facility head through proper channels.

Allowable contact is defined based on the type of work you are conducting at the CFA facility. Any contact outside of the work you are doing could be inappropriate contact.

Offenders may try to have a conversation with you through a fence or by yelling across the yard. DON'T DO IT.

Generally an offender will not attempt to have an inappropriate conversation when staff are around.

Reporting contact or attempts to contact is required at any time an offender attempts to have a conversation, asks you to do something for them, asks you to bring something to them or asks you to contact someone for them.

Consequences of unauthorized contact or overfamiliarity will lead to being escorted out of the facility and possibly not being able to work at any other Department facility.

If the overfamiliarity is deemed a felony, the case will be turned over to the Michigan State Police or other appropriate Law Enforcement Agency and could lead to prosecution and incarceration for up to 15 years in prison.

Do's and Don'ts of working in a CFA facility are as follows:

DO stay with your escorting staff member. DO dress appropriately for your job:

-Clean shirt and pants

Emergencies

EMERGENCIES

Sirens sounding inside of a CFA facility indicate a number of situations depending on what the siren sounds like.

The procedures to follow when a siren is sounded will be issued to you from the facility you are working.

Staff will direct you on what to do and where to go.

Each CFA facility is required to conduct a siren test monthly which may require non-employee's of the facility to exit the secured perimeter. This will cause a "work stop" for a couple of hours when this occurs.

When medical emergencies occur you should report it verbally to the nearest staff member, activate your PPD or use a nearby telephone. Do not attempt to leave the area unless none of the options mentioned are available.

Work Site Protocols

WORKSITE PROTOCOLS

Harassment of any kind is not tolerated at any Department facility.

The definition that the Department recognizes as being discriminatory harassment is: Unwelcome advances, requests for favors, and other verbal or non-verbal communication or conduct (e.g., comments, innuendo, threats, jokes, pictures, and gestures) based on race, color, national origin, disability, sex, sexual orientation, age, height, weight, marital status, religion, genetic information or partisan considerations.

Forms of harassment include but are not limited to: discriminatory harassment and sexual harassment.

Consequences of harassment are both personal and professional. Such actions can lead to civil suits as well as felony convictions.

Reporting harassment (i.e. victim of or witness to) should be done through proper channels. Any supervisor at a CFA facility is trained in proper reporting of complaints.

Authorized break areas/restrooms are to be the only areas utilized by non-employees of CFA facilities. This will help to ensure that restricted areas are not visited by unauthorized personnel.

Telephones for personal and business use will be as directed by the facility head.

Health care staff is not available for the purpose of providing care to anyone at CFA facilities except offenders.

Onsite care is not authorized for use unless it is a life or death emergency.

Locations that are available within the community can be utilized in accordance with their policies and ambulance services, if necessary, will be utilized in accordance with their policies as well.

CFA facilities have a Warden and Administrators assigned to act as facility heads. The Warden is the facility head and when absent assigns their designee.

The facility head has full rights to the facility. Some of those rights include and are not limited to:

Revoking permissions. Adjusting

authorities.

Alter working hours and days.

All items and personnel that are allowed inside. Tours are not allowed without

explicit authorization.

Proper authority is necessary for all activities and items as well as personnel for entrance into, exit out of and while on the grounds of any facility.

The facility Inspector is the person of contact for all questions, concerns and approvals.

Contact information for key personnel of the facility should be made available while you are working at the CFA facility.

Work place safety is covered by Civil Service Commission Rule 2-20.

Rule 2-20 prohibits employees from (1) engaging in acts of violence and threats of violence and (2) possessing or carrying firearms or explosives unless expressly authorized by the appointing authority.

Rule 2-20 requires employees to report violations involving acts or threats of violence or possessing or carrying firearms or explosives. If an employee becomes aware of an act of violence or a threat of violence, the employee shall immediately report the act or threat to the appointing authority or the appointing authority's designee.

Consequences of violating Rule 2-20 will include being escorted from facility grounds, possibly not being approved for work at any Department facility and may be referred to the Michigan State Police or other appropriate Law Enforcement Agency which could lead to a felony conviction.

Health and Safety requirements.

The Department is required by OSHA/MIOSHA standards to ensure the safety of its employees be maintained in accordance with applicable standards.

Reporting violations, hazards, emergencies and concerns should be done through proper channels which begins with the CFA facility head.

Consequences of non-compliance to MIOSHA standards, Department rules and any other applicable entity will be determined based on the circumstances and the issue at hand as well as in accordance with the stated standards.

Conclusion

CONCLUSION

After completing this training it may seem as if there are so many rules to working inside a CFA facility that it may be intimidating. To simplify things remember these keys:

You are working inside of a correctional facility (a prison) where everything you say and do will be observed.

If you have contact with offenders, offender's families etc. outside of your regular job duties report it to your supervisor.

If you are unsure about anything ask a staff member for assistance.

Don't give or leave anything for an offender and don't take anything from an offender.

The remainder of the orientation program should be used to answer and/or clarify any questions and to address other issues which may be specific to a particular work site.

ACKNOWLEDGMENT

I acknowledge that I have received a copy of, have read, understand and agree to abide by the CFA Security Regulations and PREA Federal Register. If I have any questions, I will ask my supervisor/manager.
