## TASER 10 Appendix

This TASER 10 Appendix applies to Agency's TASER 10, OSP 10, OSP Plus, or OSP 10 Plus Premium purchase from Axon, if applicable.

1. **Duty Cartridge Replenishment Plan**. If the Quote includes "Duty Cartridge Replenishment Plan", Agency must purchase the plan for each CEW user. A CEW user includes officers that use a CEW in the line of duty and those that only use a CEW for training. Agency may not resell cartridges received. Axon will only replace cartridges used in the line of duty.
2. **Training**. If the Quote includes a training voucher, Agency must use the voucher within 1 year of issuance, or the voucher will be void. Axon will issue Agency a voucher annually beginning on the start of the TASER Subscription Term. The voucher has no cash value. Agency cannot exchange it for another device or service. Unless stated in the Quote, the voucher does not include travel expenses and will be Agency's responsibility. If the Quote includes Axon Online Training or Virtual Reality Content Empathy Development for Autism/Schizophrenia (collectively, "Training Content"), Agency may access Training Content. Axon will deliver all Training Content electronically.
3. **Extended Warranty**. If the Quote includes an extended warranty, the extended warranty coverage period warranty will be for a 5-year term, which includes the hardware manufacturer's warranty plus the 4-year extended term.
4. **Trade-in**. If the Quote contains a discount on CEW-related line items, including items related to OSP, then that discount may only be applied as a trade-in credit, and Agency must return used hardware and accessories associated with the discount ("Trade-In Units") to Axon. Agency must ship batteries via ground shipping. Axon will pay shipping costs of the return. If Axon does not receive Trade-In Units within the timeframe below, Axon will invoice Agency the value of the trade-in credit. Agency may not destroy Trade-In Units and receive a trade-in credit.

<b><u>Agency Size</u></b>	<b><u>Days to Return from Start Date of TASER 10 Subscription</u></b>
Less than 100 officers	60 days
100 to 499 officers	90 days
500+ officers	180 days

5. **TASER 10 Subscription Term**. The TASER 10 Subscription Term for a standalone TASER 10 purchase begins on shipment of the TASER 10 hardware. The TASER 10 Subscription Term for OSP 10 begins on the OSP 10 Start date.
  6. **Access Rights**. Upon Axon granting Agency a TASER 10 Axon Evidence subscription, Agency may access and use Axon Evidence for the storage and management of data from TASER 10 CEW devices during the TASER 10 Subscription Term. Agency may not exceed the number of end users than the Quote specifies.
  7. **Agency Warranty**. If Agency is located in the US, Agency warrants and acknowledges that TASER 10 is classified as a firearm and is being acquired for official Agency use pursuant to a law enforcement agency transfer under the Gun Control Act of 1968.
  8. **Purchase Order**. To comply with applicable laws and regulations, Customer must provide a purchase order to Axon prior to shipment of TASER 10.

These TASER 60 Unlimited / Unlimited Cartridge Plan (UCP) Terms and Conditions (**Agreement**) apply only to Michigan State Police's (**MSP**) purchase from Axon Enterprise, Inc. (**Axon**) under TASER 60 Unlimited in quote Q-166745-43283.623RB. TASER 60 Unlimited provides CEW hardware extended warranty coverage, CEW Products, and CEW accessories. The initial delivery, and each year thereafter, will also include 3 training cartridges per user (one user per CEW handle). For the initial delivery of duty cartridges, X26P users will receive 2 duty cartridges per user (one user per CEW handle). One PPM battery per user will be delivered to MSP in Year 3 of this Agreement, unless otherwise requested. In the event MSP is purchasing TASER 60 Unlimited for use with TASER CAM, MSP will not receive the PPM or a substitute.

- Term.** The warranty term start date is based upon the initial shipment date of the hardware covered under TASER 60 Unlimited / UCP (**Start Date**). TASER 60 Unlimited / UCP will end 5 years after the Start Date (**Term**). Axon invoices for the TASER 60 Unlimited / UCP on an annual basis. MSP will be invoiced upon the Start Date and then upon the anniversary of the Start Date for the remainder of the Term. If TASER 60 Unlimited / UCP is terminated for any reason, except in the case of a termination due to Axon's breach or for non-appropriation or budget shortfall, then MSP will be invoiced and obligated to pay for the remainder of the agreed upon amount as listed in Axon's Quote document for TASER 60 Unlimited / UCP Products received prior to the termination date.
- Hardware Limited Warranty.** Axon warrants that its law enforcement hardware products are free from defects in workmanship and materials for a period of ONE (1) YEAR from the Start Date. Extended warranties run from the date of purchase of the extended warranty through the balance of the 1-year limited warranty term plus the term of the extended warranty measured after the expiration of the 1-year limited warranty and for Axon CEW Handles continues for 5 years from the Start Date as long as MSP pays the required annual fees for TASER 60 Unlimited under quote Q-166745-43283.623RB. CEW cartridges and Smart cartridges that are expended are deemed to have operated properly. Axon-Manufactured Accessories are covered under a limited 90-DAY warranty from the date of receipt. Non- Axon manufactured accessories are covered under the manufacturer's warranty. If Axon determines that a valid warranty claim is received within the warranty period, Axon agrees to repair or replace the Product with the same or like Product, at Axon's option. TASER 60 Unlimited includes extended warranty coverage for the TASER CEW handle and as described in the Hardware Limited Warranty. TASER 60 Unlimited warranty coverage starts at the beginning of the Term and continues as long as MSP continues to pay the required annual fees for TASER 60 Unlimited during the Term.
- Extended Warranty for Model X26P Tasers currently owned by the State.** Axon agrees to extend the above Hardware Limited Warranty to the Model X26P Taser's purchased by the State under this Contract. This extended warranty will begin immediately and continue as long as MSP continues to pay the required annual fees for TASER 60 Unlimited during the Term. This extended warranty will apply to all 465 units purchased by MSP under this Contract regardless of the date of purchase and expiration of any previous warranty in place at the time of purchase. Axon agrees to replace, at no additional charge to the State, any and all Model X26P Taser's that either become defective during the Warranty period or are no longer supported by Axon or otherwise become obsolete, meaning the CEW Hardware is past its useful life, during the warranty period.

4. **UCP Requirements.** MSP may request additional PPMs and duty cartridges as PPMs and duty cartridges are consumed in the line of duty, for new and existing CEW hardware purchased by MSP under the Contract, including but not limited to Model X26P Tasers. If MSP orders more cartridges or batteries than is customary compared to an MSP of similar size, then Axon reserves the right to audit MSP's use of force records. The audit will consist of Axon sending MSP a questionnaire which MSP must complete and certify. In the event the audit, in the reasonable opinion of Axon, determines MSP's use of force records do not support MSP's reported cartridge and battery use, MSP agrees to pay the MSRP of each cartridge and battery delivered to the MSP beyond what was supported by MSP's use of force records. This remedy will be the exclusive remedy available to Axon for any use beyond what was supported by the MSP. The MSP may dispute the audit findings, such dispute will be handled in the manner established by the Dispute Resolution procedure set forth in Section 37 of the Contract.
5. All other terms of the Contract and applicable terms of the Statement of Work will apply.

MiDEAL members include local units of government, school districts, universities, community colleges, and nonprofit hospitals. A current list of MiDEAL members is available at [www.michigan.gov/mideal](http://www.michigan.gov/mideal). Upon written agreement between the State and Contractor, this Contract may also be extended to: (a) State of Michigan employees and (b) other states (including governmental subdivisions and authorized entities).

If extended, Contractor must supply all Contract Activities at the established Contract prices and terms. The State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

Contractor must submit invoices to, and receive payment from, extended purchasing program members on a direct and individual basis. Upon request, Contractor must submit annual reports to the State as to the volume of purchases made through extended purchasing arrangements.

- 7. Independent Contractor.** Contractor is an independent contractor and assumes all rights, obligations and liabilities set forth in this Contract. Contractor, its employees, and agents will not be considered employees of the State. No partnership or joint venture relationship is created by virtue of this Contract. Contractor, and not the State, is responsible for the payment of wages, benefits and taxes of Contractor's employees and any subcontractors. Prior performance does not modify Contractor's status as an independent contractor.
- 8. Subcontracting.** Contractor may not delegate any of its obligations under the Contract without the prior written approval of the State. Contractor must notify the State at least 90 calendar days before the proposed delegation, and provide the State any information it requests to determine whether the delegation is in its best interest. If approved, Contractor must: (a) be the sole point of contact regarding all contractual matters, including payment and charges for all Contract Activities; (b) make all payments to the subcontractor; and (c) incorporate the terms and conditions contained in this Contract in any subcontract with a subcontractor. Contractor remains responsible for the completion of the Contract Activities, compliance with the terms of this Contract, and the acts and omissions of the subcontractor. The State, in its sole discretion, may require the replacement of any subcontractor.
- 9. Staffing.** The Contract Administrator may require Contractor to remove or reassign personnel by providing good-faith reasons in a notice to Contractor.
- 10. Background Checks.** Upon request, Contractor must perform background checks on all employees and subcontractors and its employees prior to their assignment. The scope is at the discretion of the State and documentation must be provided as requested. Contractor is responsible for all costs associated with the requested background checks. The State, in its sole discretion, may also perform background checks.
- 11. Assignment.** Contractor may not assign this Contract, to any other party, without the prior approval of the State except in the event of a change in control as defined in Section 13. Upon notice to Contractor, the State, in its sole discretion, may assign in whole or in part, its rights or responsibilities under this Contract to any other party.

A change of control does not include any consolidation or merger effected exclusively to change the domicile of Contractor, or any transaction or series of transactions principally for bona fide equity financing purposes.

In the event of a change of control, Contractor must require the successor to assume this Contract and all of its obligations under this Contract.

13. **Ordering.** Contractor is not authorized to begin performance until receipt of an authorizing document as identified in Exhibit A, Statement of Work.
14. **Acceptance.** Contract Activities are subject to inspection and testing by the State within 30 calendar days of the State's receipt of them ("**State Review Period**"), unless otherwise provided in Exhibit A. If the Contract Activities are not fully accepted by the State, the State will notify Contractor by the end of the State Review Period that either: (a) the Contract Activities are accepted, but noted deficiencies must be corrected; or (b) the Contract Activities are rejected. If the State finds material deficiencies, it may: (i) reject the Contract Activities without performing any further inspections; (ii) demand performance at no additional cost; or (iii) terminate this Contract in accordance with Section 16, Delivery.

Within 10 business days from the date of Contractor's receipt of notification of acceptance with deficiencies or rejection of any Contract Activities, Contractor must cure, at no additional cost, the deficiency and deliver unequivocally acceptable Contract Activities to the State. If acceptance with deficiencies or rejection of the Contract Activities impacts the content or delivery of other non-completed Contract Activities, the parties' respective Program Managers must determine an agreed to number of days for re-submission that minimizes the overall impact to the Contract. However, nothing herein affects, alters, or relieves Contractor of its obligations to correct deficiencies in accordance with the time response standards set forth in this Contract.

If Contractor is unable or refuses to correct the deficiency, within the time response standards set forth in this Contract, the State may cancel the order in whole or in part. The State, or a third party identified by the State, may perform the Contract Activities and recover the difference between the cost to cure and the Contract price plus an additional 10% administrative fee.

15. **Delivery.** Contractor must deliver all Contract Activities F.O.B. destination, within the State premises with transportation and handling charges paid by Contractor, unless otherwise specified in Exhibit A. All containers and packaging becomes the State's exclusive property upon acceptance.
16. **Risk of Loss.** Until final acceptance, risk of loss or damage remains with Contractor. Contractor is responsible for filing, processing, and collecting all damage claims. The State will record and report to Contractor any evidence of visible damage. If the State rejects the Contract Activities, Contractor must remove them from the premises within 10 days after notification of rejection. The risk of loss of rejected or non-conforming Contract Activities remains with Contractor. Rejected Contract Activities not removed by Contractor within 10 days will be deemed abandoned by Contractor, and the State will have the right to dispose of it as its own property. Contractor must reimburse the State for costs and expenses incurred in storing or effecting removal or disposition of rejected Contract Activities.
17. **Terms of Payment.** Invoices must conform to the requirements communicated from time-to-time by the State. All undisputed amounts are payable within 30 days of the State's receipt. Contractor may only charge for Contract Activities performed as specified in Exhibit A. Invoices must include an itemized statement of all charges. The State is exempt from State sales tax for direct purchases and may be exempt from federal excise tax, if Contract Activities purchased under the Contract are for the State's exclusive use.

The State has the right to withhold payment of any reasonably disputed amounts until the parties agree as to the validity of the disputed amount. The State will notify Contractor of any dispute within a reasonable time. Payment by the State will not constitute a waiver of any rights as to Contractor's continuing obligations, including claims for deficiencies or substandard Contract Activities. Contractor's acceptance of final payment by the State constitutes a waiver of all claims by Contractor against the State for payment under this Contract, other than those claims previously filed in writing on a timely basis and still disputed.

The State will only disburse payments under this Contract through Electronic Funds Transfer (EFT). Contractor must register with the State at <http://www.michigan.gov/cpexpress> to receive electronic fund transfer payments. If Contractor does not register, the State is not liable for failure to provide payment.

Any reference to specific breaches being material breaches within this Contract will not be construed to mean that other breaches are not material.

If the State terminates this Contract under this Section, the State will issue a termination notice specifying whether Contractor must: (a) cease performance immediately or (b) continue to perform for a specified period. If it is later determined that Contractor was not in breach of the Contract, the termination will be deemed to have been a Termination for Convenience, effective as of the same date, and the rights and obligations of the parties will be limited to those provided in that Section.

Contractor must pay all reasonable costs incurred by the State in terminating this Contract for cause, including administrative costs, attorneys' fees, court costs, transition costs (other than costs identified in Section 23(a), Transition Responsibilities), and any costs the State incurs to procure the Contract Activities from other sources. The State will only pay costs described in Section 23(a), Transition Responsibilities, and amounts due to Contractor for Contract Activities accepted by the State, on or before the date of termination.

20. **Termination for Convenience.** The State may immediately terminate this Contract in whole or in part without penalty and for any reason including but not limited to appropriation or budget shortfalls. The termination notice will specify whether Contractor must: (a) cease performance of the Contract Activities immediately or (b) continue to perform the Contract Activities in accordance with Section 23, Transition Responsibilities. The State will only pay costs described in Section 23(a), Transition Responsibilities, and amounts due to Contractor for Contract Activities accepted by the State, on or before the date of termination.
21. **Transition Responsibilities.** Upon termination or expiration of this Contract for any reason, Contractor must, for a reasonable period of time specified by the State (not to exceed 180 days), provide all reasonable transition assistance requested by the State, to allow for the expired or terminated portion of the Contract Activities to continue without interruption or adverse effect, and to facilitate the orderly transfer of such Contract Activities to the State or its designees. Such transition assistance may include but is not limited to: (a) continuing to perform the Contract Activities under the established Contract rates; (b) taking

all reasonable and necessary measures to transition performance of the work, including all applicable Contract Activities, training, equipment, software, leases, reports and other documentation, to the State or the State's designee; (c) taking all necessary and appropriate steps, or such other action as the State may direct, to preserve, maintain, protect, or return to the State all materials, data, property, and confidential information provided directly or indirectly to Contractor by any entity, agent, vendor, or employee of the State; (d) transferring title in and delivering to the State, at the State's discretion, all completed or partially completed deliverables prepared under this Contract as of the Contract termination date; and (e) prepare an accurate accounting from which the State and Contractor may reconcile all outstanding accounts. This Contract will automatically be extended through the end of the transition period.

22. **General Indemnification.** Contractor must defend, indemnify and hold the State, its departments, divisions, agencies, offices, commissions, officers, and its employees harmless, without limitation, from and against any and all actions, claims, losses, liabilities, damages, costs, attorney fees, and expenses (including those required to establish the right to indemnification), arising out of or relating to: (a) any breach by Contractor (or any of its employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable) of any of the promises, agreements, representations, or warranties contained in this Contract; (b) any bodily injury, death, or damage to real or tangible personal property occurring wholly or in part due to action or inaction by Contractor (or any of its employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable); and (c) any acts or omissions of Contractor (or any of its employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable).

The State will notify Contractor in writing if indemnification is sought; however, failure to do so will not relieve Contractor, except to the extent that Contractor is materially prejudiced. Contractor must, to the satisfaction of the State, demonstrate its financial ability to carry out these obligations.

The State is entitled to: (a) regular updates on proceeding status; (b) participate in the defense of the proceeding; (c) employ its own counsel; and (d) retain control of the defense if the State deems necessary. Contractor will not, without the State's written consent (not to be unreasonably withheld), settle, compromise, or consent to the entry of any judgment in or otherwise seek to terminate any claim, action, or proceeding. To the extent that any State employee, official, or law may be involved or challenged, the State may, at its own expense, control the defense of that portion of the claim.

Any litigation activity on behalf of the State, or any of its subdivisions under this Section and Section 25, Intellectual Property Indemnification, must be coordinated with the Department of Attorney General. An attorney designated to represent the State may not do so until approved by the Michigan Attorney General and appointed as a Special Assistant Attorney General.

23. **Intellectual Property Indemnification.** Contractor must defend, indemnify and hold the State, its departments, divisions, agencies, offices, commissions, officers, and its employees harmless, without limitation, from and against any claims arising out of or relating to copyright, patent, trademark, or trade secret infringement. If, in either party's opinion, any piece of equipment, software, commodity or service supplied by Contractor or its subcontractors, or its operation, use or reproduction, is likely to become the subject of a copyright, patent, trademark, or trade secret infringement claim, Contractor must, at its expense: (a) procure for the State the right to continue using the equipment, software, commodity, or service, or if this option is not reasonably available to Contractor, (b) replace or modify the same so that it becomes non-infringing; or (c) accept its return by the State with appropriate credits to the State against Contractor's charges and reimburse the State for any losses or costs incurred as a consequence of the State ceasing its use and returning it.

24. **Limitation of Liability.** The State is not liable for consequential, incidental, indirect, or special damages, regardless of the nature of the action.
25. **Disclosure of Litigation, or Other Proceeding.** Contractor must notify the State within 14 calendar days of receiving notice of any litigation, investigation, arbitration, or other proceeding (collectively, "**Proceeding**") involving Contractor, a subcontractor, or an officer or director of Contractor or subcontractor, that arises during the term of the Contract, including: (a) a criminal Proceeding; (b) a parole or probation Proceeding; (c) a Proceeding under the Sarbanes-Oxley Act; (d) a civil Proceeding involving: (1) a claim that might reasonably be expected to adversely affect Contractor's viability or financial stability; or (2) a governmental or public entity's claim or written allegation of fraud; or (e) a Proceeding involving any license that Contractor is required to perform under this Contract.
