Timeline:

10:00 – 12:00 and 1:00 – 2:00 PM ET

10:00-10:30 AM

Announcements and introductions – It has been 2-years since we've met in-person! Please consider sharing if you've hired new staff or started a new position. Those of you who are new to the meeting can introduce yourself.

To help alleviate some of the confusion that we've all experienced in virtual meetings, send me an email (roote@michigan.gov) in advance and I'll call on you.

The IMAGIN & MiCAMP organizations will also provide updates during this time.

10:30 AM-12:00 PM

Effectively Utilizing the ArcGIS System – Presented by Esri staff

We will cover the different deployment patterns for ArcGIS and the ways in which ArcGIS Enterprise and ArcGIS Online can support your workflows. This topic will touch on best practice deployment patterns, authentication, and collaboration workflows. It will also demonstrate capabilities in the new map viewer and how to choose the right configurable web app for your project.

12:00-1:00 PM

Lunch

1:00-2:00 PM

New Ways to Utilize ArcGIS – Presented by Esri staff

This topic will touch on new and exciting ways ArcGIS can be used to support your GIS workflows. We'll cover real-time GIS capabilities in the cloud with ArcGIS Velocity and touch on what it takes to use artificial intelligence and machine learning to extract data from imagery.
