

## Poster Contest

The Michigan Department of Environment, Great Lakes, and Energy (EGLE) invites **Kindergarten – 5<sup>th</sup> Grade** students to participate in the

### Michigan Earth Day 2023 Poster Contest!

#### Rules!

- ✓ Poster content must be Michigan-themed. Students will need to include wildlife, plants, land, or freshwater ecosystems native to **Michigan** in their **Earth Day 2023 Poster**. They can be hand-drawn or created on a computer. If fashioned by hand, the submitter must take a photo of it and save it to a PDF (portable document format) file. For judging purposes, a horizontal or landscape orientation is recommended for the poster because it presents better in a Microsoft PowerPoint slide.
- ✓ Each school will hold their own contest and submit only **the top three (3)** posters per grade (K-5) for each school.
- ✓ The PDF poster inserted into the PowerPoint template provided will be submitted electronically by **March 3, 2023** to [EGLE-EarthDay@Michigan.gov](mailto:EGLE-EarthDay@Michigan.gov).
  - The PowerPoint template contains designated lines for the student's name, grade, school, city, teacher's name, and an email address. The template is also available online at [Michigan.gov/EarthDay](http://Michigan.gov/EarthDay).
  - Posters will be judged based on the student's creative use of native **Michigan** wildlife, plants, land, or freshwater ecosystems. Winners of the contest will be notified by **April 7, 2023**. The winners will be honored in an online ceremony that will be posted the week of **April 16, 2023**, on the **Earth Day** webpage, [www.Michigan.gov/EarthDay](http://www.Michigan.gov/EarthDay).

**Questions?** Contact Pam Howd (EGLE) at 517-282-8357 or [HowdP@Michigan.gov](mailto:HowdP@Michigan.gov).
