PERMIT APPROVAL IS REQUIRED FOR SECONDARY TREATMENT

GENERAL INSTRUCTIONS:

1. Applying for a permit to install a Secondary Treatment requires the facility to have an established Water Management Program. Submit documented evidence with this application.
2. This form is for designating the facility as a Public Water Supply (PWS) and is the first step in the application process of a permit to install secondary treatment.
3. A treatment application form must be submitted to the Michigan Department of Environment, Great Lakes, and Energy (EGLE) for approval of the water treatment system.
4. After completing and submitting this form, if the facility is designated as a noncommunity water supply, complete the Capacity Development Plan form and submit both forms to EGLE by one of the following methods:

Email: EGLE-ST@Michigan.gov

Mailing Address: Michigan Department of Environment, Great Lakes, and Energy
Drinking Water and Environmental Health Division – Secondary Treatment
P.O. Box 30817
Lansing, Michigan 48909-8311

5. After this form is submitted and evaluated, EGLE will assign a Water Supply Serial Number (WSSN) to the system. This WSSN must be included in all subsequent documentation the facility sends to EGLE.
6. For licensed facilities such as a hospital, please include a copy of the license.

People with disabilities may request this material in an alternate format by emailing EGLE-Accessibility@Michigan.gov or calling 800-662-9278.

EGLE does not discriminate on the basis of race, sex, religion, age, national origin, color, marital status, disability, political beliefs, height, weight, genetic information, or sexual orientation in the administration of any of its programs or activities, and prohibits intimidation and retaliation, as required by applicable laws and regulations.

This form and its contents are subject to the Freedom of Information Act and may be released to the public.
