**INITIAL FIXTURE INVENTORY WORKSHEET**

Use this worksheet to record all the water outlets at a school or child care center. This information may be transferred to or used for the Drinking Water Management Plan. Begin at the first water outlet where the water enters the building (record this as sequence 1) and work outward to the farthest water outlet by following the flow of cold water through the building. Check the box in one of the last four columns for the current use of the fixture.
