

## TMF LSLR Grant Program Update

### July 31, 2024

EGLE and the Water Infrastructure Funding and Financing Section (WIFFS) received a total of 172 applications for funding to the Community Technical, Managerial, and Financial Support for Lead Service Line Replacement (TMF LSLR) Grant program. Applications have been ranked following the established project prioritization as described in the [TMF Grant Program Overview Document](#).

Applications were separated into two priority groups: 1) those who have not previously received funding from a Drinking Water Asset Management (DWAM) grant or Drinking Water State Revolving Fund (DWSRF) within the last five years, and 2) those that had received funding from one or both. There were originally 107 applicants in the first priority group, all of which have been contacted by the WIFFS Grants Team regarding their applications. Seven applicants have declined funding to date and have been removed from the lists below. The WIFFS Grants Team has begun reaching out to applicants in the second priority group and will continue moving down the list according to MAHI ranking until funding is exhausted.

**TOTAL AWARDED: \$38,125,054**

#### Priority Group 1 Grants Awarded

Applicant	Date Executed	Grant Award
Portland, City of	3/14/2024	\$256,500
Caseville, City of	3/15/2024	\$143,998
New Buffalo Township	3/15/2024	\$106,000
