The document is pretty close to final. We are missing feedback from a company for tribal engagement and the tax portion. The other sections are complete.

Matt is making changing to Mining Methods. He will connect with Adam with the tax portion and will get with Evelyn regarding the tribes.

Mike will put the final document in SharePoint once he is finished with it.

If you have any changes, please send them to Matt. He will send them to Mike. Mike will compile the final document and have it ready for the committee on the whole for the May 25, 2021, meeting.

Amanda Bright-McClanahan will take over and deal with any graphics.

Don't delete anything from the main document. Notations can be made, and decisions will be made at the May 25 meeting.

Matt has two sections to flush out yet.
